Would Sell Chaffin Estate To The City

Trustees Of Educational Fund So Inform Mayor Weeks

The following is a copy of a letter sent to Mayor Weeks by the trustees of the John C. Chaffin Educational Fund:

Hon. Sinclair Weeks,
City Hall,
West Newton, Mass.

Dear Mayor Weeks:

The Trustees of the John C. Chaffin Educational Fund have carefully considered the disposition of the real estate, and are reluctant to offer it for sale until the City of Newton and the Eliot Church shall first have had the opportunity to consider its acquisition, jointly or severally.

Located at 124 Vernon street, this property is nearly one acre in size, is bounded by Eliot Church, Chaffin Park, and by Farlow Park, both parks being owned by the city. The Trustees feel that this lot logically should become a part of Farlow Park, or be acquired by Eliot Church, thus preserving the entire city square for public or semi-public use. If sold to private parties, it is easily conceivable that the beauty and attractiveness of the entire section might be adversely affected.

As Trustees we have a responsibility to dispose of the property to the best financial advantage. After consultation with real estate authorities we feel that Twenty-five Thousand (25,000) Dollars should be realized. However, before offering it for sale we have unanimously voted to place these facts before you, and the proper officials of the Eliot Church, and to take no further action until November 1, 1930, believing in the meantime that if the City of Newton, and the Eliot Church are interested, that sufficient time is thus given for their due consideration.

In compliance with your request we are sending copy of this letter to the members of the Board of Aldermen.

Very truly yours,
EDWIN O. CHILDS,
Secretary.

TRIPLE CRASH AT NEWTONVILLE

Tuesday evening, at 6:05, an automobile driven by Patrick Bowen of Fair Oaks avenue, Newtonville, while proceeding westerly on Washington street, near Beach street, collided with a light truck driven by Leslie Brown of Somerville. The Bowen car then hit an automobile operated by Vincent Marchese of 25 Hermon terrace, Newton. The truck was able to proceed but both cars were so badly wrecked that they had to be towed away. Marchese received an injury to his shoulder and was taken to the Newton Hospital. Bowen was cut on his chin and left leg and received an injury to his chest.

RALLY DAY AT FIRST M. E. CHURCH

Rally Day at the First M. E. Church, Upper Falls, will begin at 10:45 a. m. Sunday, October 5, with a sermon by the pastor, Rev. G. Vaughan Shedd and special music by the choir.

Sunday School will open at 12:15 a. m. by the Supt. Mr. James Tully with music by the orchestra and a double quartette followed by a special message by Mr. O. E. Nutter, Asst. Supt.

At the evening service the pastor will have as his message the topic, "The Supreme Glory of Youth." The church orchestra and choir will furnish the music.

To Dedicate New Dickinson Stadium

At Annual Thanksgiving Day Game With Brookline

The Committee recently chosen to make plans for the dedication of the new Newton High School stadium, consisting of His Honor, Mayor Sinclair Weeks, and Messrs. Joseph F. Lockett (chairman), Elliott B. Church and Walter Amesbury representing the School Committee; Alfred H. Stafford and Maynard Hutchinson representing the alumni; Supt. of Schools U. G. Wheeler, and Principal of the Newton High School Irving O. Palmer, has met and decided as follows:

1. To name it the Dickinson Stadium in honor of the late Alfred E. Dickinson, for many years the beloved coach of Newton High School football teams.

2. To dedicate it with appropriate exercises upon the occasion of the annual game between the elevens representing the Brookline High School and the Newton High School on the morning of Thanksgiving Day, November 27th.

The officials of the Brookline School Department have been invited to participate in these exercises and have accepted. The details of the affair will be announced later.

NEWTON COUNCIL ACTIVITIES

A large number of members of Newton Council participated in the parade in connection with the dedication of the K. of C. hut at Commonwealth avenue and Centre street last Tuesday night. The Council has erected a large sign at Weston Centre directing Legionnaires to the hut.

At the meeting of the Council next Tuesday night arrangements will be made for a visit to Lawrence Council, Knights of Columbus, the latter part of this month. Members of Newton Council will contest with Lawrence members in pool, bowling, bridge and forty-five. The trip to Lawrence will be made in automobiles and a parade will be held in Lawrence.

SEEK STATE CONTROL OF CHARLES RIVER

Conferences have been held at Waltham between representatives of that city, Newton, Weston and Wellesley seeking ways and means to correct the condition existing where the Charles River used to be between Newton Lower Falls and Moody street bridge at Waltham. Because of the attitude of the Boston Manufacturing Company receivers and the owners of the Waltham Bleachery in lowering the water level of the river basin until just a trickle of water remains where the attractive river basin heretofore was mud flats abound and the views are unsightly. It is proposed to ask the Legislature to take over control of the river.

Welcome, American Legion

Official Greeting To Legionnaires

Members Of Local Post Hand Out Greeting Cards

Members of the American Legion passing through Newton in out-of-State cars are being handed greeting cards by members of the Newton police force. One side of the card has printed on it:

NEWTON "THE GARDEN CITY"
Population 65,295

The City of Newton welcomes the American Legion and visitors to the American Legion Convention. You may expect every courtesy from our officials and citizens.

Sinclair Weeks, Mayor.

We invite you to drive through our park-like residence districts—visit our schools, attend our churches inspect our hospital. Make yourselves at home in our city, of which we are so proud.

Plan to visit the following places of interest:

—at Kenrich street and Waverley avenue. Memorial to John Eliot, preacher to the Indians. After much study, he translated the Bible into the Indian language. As early as 1646 he established the first Christian community of Indians in the English colonies.

—at 1181 Centre street, the former home of Rev. S. F. Smith, author of the words for our National hymn, "America."

—at 384 Beacon street, the former home of Mary Baker Eddy, founder of Christian Science.

—at Commonwealth avenue, Hammond and Beacon streets, the beautiful grounds and buildings of Boston College.

—near Boylston street, and Chestnut street, Newton Upper Falls, Echo Bridge and the Charles River Reservation.

The reverse side of the card reads—

NEWTON POST 48
American Legion
Department of Massachusetts

Newton Post 48 of the American Legion, Department of Massachusetts, cordially greets our visiting Comrades from far and near. Let us know how we can be of service to you.

Yours in Comradeship,
R. John Henderson,
Commander.

There were 2,200 men in service from Newton, of whom eighty-five made the supreme sacrifice. Thirty-six of them are buried in the six American cemeteries in France.

Newton Post boasts of 700 members and a 75 piece one hundred per cent. Legion Post Band. Watch us in the Big Parade.

WELCOME TO NEWTON

ANNOUNCEMENT

Miss Ella B. Smith has returned from Williamstown and will be at home on Friday afternoons, in her studio, 15 Vista avenue, Auburndale.—Advertisement.

Old Company C To March In Big Parade

Are Asked To Form Unit For Next Tuesday's Legion Affair

The members of old Company C as it existed in 1917 are urged in the following letter which has been sent out by Col. Henry D. Comerais to march as a unit in the big Legion Parade in Boston on October 7th

COMPANY C, NEWTON
5th. Mass. 101st Infantry, 3rd Pioneer Infantry

ORDERS
(is orders!)

1. The members of this old Company have not assembled for more than ten years. It is about time we got together. Let's have a permanent organization again.

2. Tuesday, October 7th, the American Legion parade takes place. I would like to lead the old bunch over the route.

3. Send a postal to Captain (Sergeant) George P. Hennrikus, State Armory, Newton, that you will be on the line and pass the word along to anyone you can think of as our Alarm List is shot to ——!

4. Add your own address to your postal.

5. Uniform: O. D. or Legion or Civies or raincoats and rubber boots—or what have you?

6. Watch papers for information. Company C will be in the Newton Post, Middlesex County, Department of Massachusetts.

7. I don't care whether or not you are a Legionnaire. Turn out and hear Leo Taffe call the Old Roll again—and hear the Old Man give the command "Squads Right!"

8. 100 per cent attendance. Absentees will get "10 days."

HENRY D. COMERAIS,
The Skipper.

Veterans of old Company C are requested to get in touch with Captain Hennrikus, present commander of Company C at the State Armory, West Newton.

PREPARING FOR LEGIONNAIRES

Preparations to billet 800 delegates and visitors to the Legion Convention are being made in this city. Among those who will be quartered in Newton are all the Governors of outside States and the Indiana delegation of Legionnaires. To provide accommodations for this number, rooms will be provided in 150 private homes, the Brae Burn Club, the Newton Club, and other visitors will be quartered at the State Armory.

Newton Post, American Legion, has arranged with the Philomathea Club for the use of its club house on Commonwealth avenue as a rest room for members of the American Legion Auxiliary. A large beacon is being erected at the Weston bridge, near Norumbega Park and this will be flood lighted nights. It will greet the Legion visitors who enter Newton over this route.

Newton K. of C. and Legion Dedicate Hut

Information Bureau for Legionnaires Coming To Convention

The small building at the corner of Commonwealth avenue and Centre street, Newton Centre, to be used as an information bureau and K. of C. Hut for the benefit of Legionnaires attending the convention in Boston, was dedicated Tuesday night in the presence of several thousands of persons. The expense of providing and maintaining this hut is contributed by Newton Council, Knights of Columbus.

The exercises Tuesday night were preceded by a parade of automobiles from the Elks Building at Newton Corner to the location of the hut. Over 100 cars were in this parade as it proceeded along Centre street, and red fire flares were profusely burned. The parade was led by the recently organized Legion Band of Newton Post, comprised of 77 men.

Near the hut a portable platform had been placed and from this the speakers of the evening were introduced to the audience. J. Edward Theriault of Newton Post, chairman of the K. of C. committee in charge of the hut, opened the exercises by giving a brief resume of the purpose of the hut. He presented as the first speaker Rev. William M. Mick, Commander of Charles Ward Post, G. A. R. who brought the greetings of the survivors of the Civil War and commended the activity of the K. of C. in co-operating with the Legion. The second speaker was Rev. Albert E. Leroy of Auburndale, State Chaplain of the Spanish War Veterans who referred to the friendly relations which were manifested between the missionaries of the Catholic and Protestant missions in Africa where he had been stationed for 24 years. R. John Henderson, commander of Newton Post American Legion, was the next speaker and told of the work which has been and is being accomplished by the Legion. He urged all ex-service men in Newton to join the Legion before the convention.

Chairman Theriault introduced Charles E. Coyne, Grand Knight of Newton Council, K. of C. and turned the meeting over to Mr. Coyne who referred briefly to the fact that Newton Council, K. of C., in conducting the hut, is endeavoring to emulate, in a small way, the welfare work done by the organization in the World War. Mr. Coyne presented Mayor Weeks who told of the assistance rendered by the K. of C. and other welfare organizations in France. The Mayor praised the efforts Newton Council is making to assist the Legion convention and urged all citizens of Newton to decorate their business places and homes and extend hospitality to the Legionnaires who will visit this city.

Joseph Kirby of Belmont, State Deputy of the K. of C. told of the activities of that order and read commendations from distinguished Americans in praise of it. Stephen Garrity of Lowell, Vice Commander of the State Department, American Legion, voiced his approval of the friendly co-operation being shown by Newton Council and asked the veterans of this city to join the Legion. Three members of Newton Council who served as overseas secretaries in France were introduced. They were Edward J. Healy of Auburndale, John E. Riley of West Newton and Edward H. Powers of Newton. The exercises concluded with the playing of the "Star Spangled Banner" by the band.

The hut will be in charge of Charles McCarthy of Quincy, a member of Newton Post, American Legion. "Ed" Healy, who served as a war secretary in France, will again hand out "smokes" to the visiting Legionnaires who may pass by the hut in journeying through Newton.

Notable Services At West Newton Church

Dr. Herrick Makes Address At Lincoln Park Edifice

Nature seemed to join in the rejoicing of the Lincoln Park Baptist church folk in their dedicatory services Sunday. Splendid crowds of worshippers were in attendance throughout the day and all agreed that the interior of the West Newton church had been verily transformed.

At the morning service, Rev. E. C. Herrick, D.D., president of the Newton Theological Institution, preached on the text, "Sirs, we would see Jesus." His message stressed the fact that the Christian church must show Jesus to the world and that it was urge the world to see Jesus. Dr. Herrick's presence was particularly appropriate in that it was a Newton graduate who first ministered to the church now known as the Lincoln Park Baptist Church. Of twenty pastors settled here, fourteen have been "Newton" men and of the seventy-five years of actual service given, sixty-three were rendered by men from the school of which Dr. Herrick is now leader.

In the evening, the Rev. Boynton Merrill, D.D., minister of the Second Church, preached on the text, "Make Me a Sanctuary." In a quiet and beautiful manner he described the efforts of men from earliest history to make a dwelling place for the Most High where they could commune with Him more perfectly. The climax of his message came in the exhortation that we should pray individually for God to "make me a sanctuary" of His Spirit. Dr. Merrill's presence as the evening preacher was an additional expression of the cordial and helpful relations that exist between the churches of West Newton.

The music for the day was varied and well-rendered. At the 10:45 service the Vested Junior Choir sang "Above the Clear Blue Sky" by Emerson, Miss Olive K. Burrison sang Knapp's "Open the Gates of the Temple" and Mr. William K. Bowers played a violin solo as offertory accompanied by Mrs. Hugo D. Sharp, organist.

At 7:45 o'clock the Chorus Choir sang "O Give Thanks" by Maker and Miss Lillian Chandler used Schnecker's "Still, Still With Thee" as an offertory solo.

The concluding dedicatory services were on Wednesday evening after the big Harvest Supper by Mrs. Curry's Group, when Dr. Herbert Johnson, formerly pastor of the Warren Ave. Baptist Church and now honorary pastor of the Dudley St. Baptist Church, Boston, gave a timely address. Musical numbers, with community singing, added to the effectiveness of the occasion. Throughout the week friends in surrounding communities have joined with the citizens of West Newton in congratulating the Rev. John Shade Franklin and his people upon the achievements thus celebrated and the fine quality of the work done by the contractors who remodelled the building.

APPOINTED SECRETARY

Mrs. Frances E. Cannon, Vice President of the American Legion Auxiliary to Newton Post No. 48, has been appointed Secretary of the Gold Star Mother's Tea Committee of the 1930 American Legion National Convention to be held in Boston Oct. 6 to 9th, Inc.

The Tea will be given in the Salada Tea Salon, 155 Berkeley street, Boston, on the afternoon of October 6th, and an effort is being made to have every Gold Star Mother of Massachusetts attend.

The hostesses are the wives of all Past State Commanders of Mass.

Important Hearing On Commonwealth Ave.

City May Eliminate Part of Curve Opposite Prince St.

At the meeting of the Board of Aldermen next Monday night a public hearing will be given on the matter of altering Commonwealth avenue opposite Prince street, West Newton, and lessening the curve at this point. This proposition is the result of a petition, presented some months ago to the Board of Aldermen by a New Jersey corporation which seeks to establish a sort of nursery business on the property near 1266 Commonwealth avenue, opposite Prince street. The petitioners stated that the business would not be a nursery, no trees or shrubs would be raised there; the trees and shrubs would be brought there from other places and transplanted for exhibition purposes. It would not be a nursery. It would be a collection of trees and plants for demonstration purposes by this company which collects—and sells—rare and valuable trees and shrubs.

Objection was raised to the petition on the ground that the location is on a dangerous curve. To remove this objection, the petitioners made a proposal to give the city land to remove some of the curve. A filling station of the Beacon Oil Company is located next to the locus of the proposed outdoor show site of the nursery company. If the street were altered, it would probably necessitate alterations in the filling station.

There is another objection to the establishment of a nursery (or show area for trees and shrubs) in this residential zone on Commonwealth avenue. Not only would it divert to such a purpose a considerable area of land which otherwise would be used in future years for residential purposes, but it would have an important bearing on a similar petition which is before the Aldermen for a permit to conduct a nursery on Beacon street: this petition having been entered some months ago by G. Howard Frost of the Brae Burn Nurseries. These petitions, if granted, would cause large parcels of land in the area affected by the Cold Spring Drain to be used for other than development for house lots. It was argued when the city constructed Cold Spring drain under the General law that the city would be reimbursed largely within a few years by the tax revenues produced by the erection of many costly dwellings on the area in this vicinity.

WANT WATER BILLS QUARTERLY

Water Commissioner Ellis has requested the Board of Aldermen for authority to send out water bills quarterly instead of annually. A change in the ordinances of the city will be necessary. The City of Newton has lost much money in past years by unpaid water bills and the new method would lessen such losses. It would also redound to the benefit of the public by enabling the Water Department to keep in closer touch with consumers of water in this city and thus acquaint them with any increases in the amount of water used by property owners and residents here, permitting knowledge of any waste and affording opportunities to repair leaks and prevent wastage. The Finance and Claims and Rules Committees of the Aldermen conferred on this matter last night.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

NEWTON LOSES TO MALDEN 14-0

The inexperienced Orange and Black team lost to a stronger and more aggressive Gold and Blue team 14-0 at the Pearl St. Stadium, Malden, last Saturday.

Johnny Kelley was the outstanding star for Malden accounting for both touchdowns, the first came in the second period. After receiving the ball on a criss-cross Kelley raced around left-end for 35 yards, paving the way for the score which soon followed. The second came in the third period on the same play. Walter Blackler and Litchfield were the outstanding players for Newton.

Newton was without the help of Perry Elrod, its best running back and the gentleman who punts and passes.

First Period

Newton won the toss and chose to receive. Tupper kicked to Blackler on his 30-yard line who ran it back 5 yards. Blackler hit the center of the line for 2 yards. On the next play Shorten sliced off tackle for 6 yards, then Litchfield made 2 yards, giving Newton a first down on their own 45-yard line. Shorten went off tackle for 5 yards. Blacker on a fake line buck threw a pass to Layton for a gain of 5 yards. Blacker on a fake line buck Harding the quarterback on his own 20-yard line. Tupper, the fullback, made 4 yards through center. Mulrey, one of Malden's best backs, sliced off tackle for 10 yards and a first down. Harding hit the line for 2 yards, and again for 2 yards more. Mulrey broke through for another first down, putting the ball on his own 48-yard line. Tupper on a reverse, broke away for 15 yards around right end. Mulrey hit the line for no gain. Newton was penalized 5 yards for offside on the next play. Mulrey tried the center of the line again and fumbled but recovered for a seven-yard loss. A pass, Tupper to Lutes was incomplete. On the next play Tupper was hurried and Gowell, the Newton left-tackle, broke through to block the punt, recovering it on 45-yard line.

Second Period

Shorten found a hole at left tackle and gained 8 yards before he was stopped by Mulrey. Layton on a criss cross skirted left end for 10 yards and a first down. Blackler was stopped at the line for no gain. Layton fumbled on the next play but recovered for no gain. Blackler tried a pass to Hildreth but it was grounded by Moberg, the ball going to Malden. Malden was held for three downs and no gains. Tupper kicked to Layton on his 35-yard line. Blackler could only make 2 yards at left end. Shorten was smothered at center. Blackler kicked outside on Malden's 30-yard line. Moberg was thrown for no gain by Vassalotti. Mulrey added 5 yards on a criss-cross around right end. Johnny Kelley replaced Moberg at left-half back and on a criss-cross play which completely fooled Newton, skirted left end for 35 yards, the longest run of the day and the most spectacular. This put Malden in position for a touchdown. After three straight rushes at the line and no gain Kelley was again given the ball on a fake and he broke through the line for the first score of the game. Gordon rushed the ball for the extra point. Score 7-0.

Newton received the kick-off on the 10-yard line. Blackler ran it back 10 yards to end the half.

Third Period

Tupper kicked off for Malden to open the second half. Layton received it on his 15-yard line and carried it to the 23-yard line. Shorten added 2 yards at left-tackle. Again Shorten tired the same play but was hit at the line. Blackler kicked on the next down but was hurried and the ball went only 15 yards to the 40-yard line. Mulrey was held for no gain. Newton was penalized 5 yards for offscale. Mulrey sliced off tackle for 10 yards and Tupper added 2 yards more at right tackle. Three plays added nothing to Malden's yardage and Newton took the ball on downs.

Blackler made no gain around right-end. Blackler then kicked but was again hurried and the ball went only 10 yards. Malden then tried to smash its way to another touchdown on straight line bucks for three downs but with no success. Kelley was then substituted for Moberg and on another criss-cross, completely fooling the Newton warriors, raced around left-end for the second touchdown of the game. Etchings place-kicked the extra point. Malden 14, Newton 0.

4th Period

Shorten received the kick-off on his own 20-yard line and ran it back 9 yards. Blackler carried the ball 4 yards around left end. Huston replaced Litchfield at half-back and punted to Malden's 47-yard line, the longest kick of the day. Tupper made no gain at center. Kelley smashed through tackle for 12 yards. He again tried the same hole but was downed in his tracks. Tupper found a hole through tackle, netting him 2 yards. Mahoney hit the line for three more. Gordon couldn't make it first down so the ball went to Newton.

Newton started to open up and Huston's pass to Sutcliffe was incompleted. Litchfield gained 2 yards at center. Huston kicked to Malden's 25-yard line. Mulrey was smothered at left-tackle for no gain. Kelley on a line buck fumbled and Vassalotti recovered for Newton. Malden was then penalized 5 yards for offside. Strombom was held for no gain at right guard. Huston's pass to Sutcliffe gained 2 yards. Again Newton tried a pass but it failed and the ball went to Malden. Kelley was hit hard by Huston and he fumbled, allowing Newton to recover. Huston's pass to Sutcliffe was incomplete. Again he passed to Sutcliffe, who ran away out to the left-flank, receiving the ball on the dead run skirted the end for 15 yards, and carrying the ball to Malden's 10-yard line before being thrown offside. Two more passes were incompleted and Newton was penalized 5 yards. Huston was hurried in throwing his next pass and he threw it into the arms of Kelley who was waiting to intercept it. Kelley was dropped in his tracks by Gulian on Malden's 25-yard line to end the game.

Newton—Sostillio le, Gowell lt, Vassalotti lg, Patterson c, Gulian rg, Colligen rt, Bartley re, Layton qb, Blackler lh, Litchfield fb, Shorten rh.

MARTIN REELECTED LEAGUE PRESIDENT

Dr. Oscar Martin, faculty manager of athletics at Newton High School, was re-elected president of the Suburban League for the fourth consecutive year last Tuesday night at a meeting of the league in Cambridge. Garrett Foley, faculty manager of athletics at Cambridge High and Latin School, was re-elected secretary-treasurer.

Plans for the football season of 1931 were discussed. An effort will be made to arrange the schedule so that all six teams will open the league on the same date. This year, as in the past, Newton and Cambridge Latin and Everett and Rindge, will commence the league festivities tomorrow. Another year and Somerville and Brookline will probably be scheduled instead of on their usual date in the middle of November.

The league officials also voted to pass any American Legion man in uniform within the gates at either of tomorrow's games or the three on October 13th.

NEWTON COACH SHAKES TEAM UP

Following the 14 to 0 defeat at the hands of Malden last Saturday Coach Sullivan of the Newton high eleven this week has made several important changes in the local line-up. Tomorrow's contest with Cambridge Latin in a Suburban league opening game will undoubtedly prove the shifts to be of value and with the faults uncovered in the Malden game corrected as fully as possible the orange and black is expected to put up a far better game. At times last Saturday the Newton team looked good, on three or four occasions they held Malden for downs and took the ball in their own territory. Twice they were within scoring distance but either faulty judgment by the quarterbacks of poor execution of assignments ruined their chances. One of the principal reasons for defeat was the lack of a good consistent punter. With Elrod on the sidelines Walter Blackler was given the task of punting and he tried to get his punts away too quickly with the result that they traveled high in the air and but little in distance. When Warren Huston came in the game in the final period he got away several long punts.

This was one of the principal reasons in the change in line-up. Against Cambridge Latin the Newton mentor will probably start Litchfield at fullback, Elrod and Blackler at the halfback positions and Huston at quarterback. Litchfield will call the plays and Huston will give the starting signals. There is some doubt as to whether or not Elrod will be able to play tomorrow as his hip injury, which he received in scrimmage with Wellesley ten days ago and which kept him out of the Malden game, has failed to heal as rapidly as expected. If he is forced to remain idle Shorten will replace him. Bernard Litchfield, whose play against Malden was outstanding from the Newton viewpoint, has an ankle that is bothering him somewhat and in case he needs relief Blackler will shift to fullback, Huston to halfback and either Layton or Captain Harold Strombom will go in at quarterback.

Along with these changes in the backfield Coach Sullivan has made several in the line. Charles Butler and Bill Giles have earned the right to start as the tackles. Against Malden Jim Colligen and Bill Gowell were the starters but in the practice sessions this week both have been playing in the guard positions. Three sets of guards have been staging such a close race for the starting berths that the Newton mentor is still undecided as to which pair will start. George Gulian and Anthony DeMaio played excellently against Malden while Frank Vassilotti and Kosrof Kosrofian are in the running along with Colligen and Gowell. Another lad, Bray, is hanging on waiting for the opportunity to take up the battle when any of the other five show signs of slipping.

To relieve Butler and Giles at the tackle positions are MacLellan and Richardson, two rangy youths with almost as much weight as the starting pair.

Robert Patterson, 135 pound centre, has shown his ability and aggressiveness and has the call as pivot. Tommy Lyons and Clement McCarthy have the second and third call respectively.

The wing positions are giving the Newton director more concern than any of the five berths in the middle of the line. In all probability Fred Perkins and Dick Bartley will be on the field at the opening kick-off. George Hildreth and Natoli Sostillio are both temporarily out of action with injuries. The former twisted his ankle while going down under a punt in practice this week while the latter is out with a bad knee from the Malden game. He will probably be on the sidelines for three or four weeks.

Cambridge Latin has been beaten in both of its starts to date. Two weeks ago tomorrow Salem ran up a big score on the Cantabs while last Friday Boston College High squeezed out a one touchdown win. Although Cambridge showed but little against Salem it showed a lot of fight against B. C. High and will prove a stubborn foe for the orange and black tomorrow.

PROFESSOR BOOTH

NEWTONVILLE SCHOOL OF RELIGIOUS EDUCATION

The Norumbega District School of Religious Education will open next Monday evening, October 6, at 7:30 P. M. at the Newtonville Methodist Episcopal Church.

Visitors as well as those planning to register for ten Monday evenings are invited to the opening night.

Young people as well as adults will be interested in the courses, and especially in "Personalities in Church History," for this is an interesting course for all, not merely for teachers in the church school. Professor Booth will give an appreciative biographical study of the outstanding leaders in church history, relating them to their age and helping his class to see the significance of the movements that have built up the church of today.

Prof. Frank W. Clelland is an authority on the subject assigned him, "The New Testament," which will include valuable material as to the relationships of the various books of the New Testaments, the conditions under which they came into being, and the growing religious experience of the early disciples. This course will be given in a way not before attempted in the Norumbega District.

Courses especially for teachers are those of Professor Berkeley, "Child Study" in the first period, and "Planning the Lesson" in the second period. Another course for teachers is that of "Handwork in Religious Education," in the 2nd period, taught by Miss Barker.

POLICE NEWS

Arnold Worth of Jamaica Plain and Natalie Whittaker of Bradford road, Newton Highlands, each was fined $5 in the Newton court on Monday for speeding. Edward L. McHugh of Walnut street, Newton Highlands was fined $10 for parking his automobile without proper lights.

John W. Smith of 45 Boyd street, Newton, was in the Newton court yesterday charged with parking without proper lights. His case was continued to October 10. Donald Walsh of 15 Commonwealth park, Newton Centre, was fined $10 for speeding and $25 for refusing to stop when ordered to do so by an officer. Joseph Varona of Dedham was fined $5 for speeding, and Flavel Shurtleff of Cambridge was fined $10 for a similar offence.

Domenico Mancuso of 100 Lexington street, West Newton, was arrested Tuesday night after he had made an alleged sale of liquor. His home was then raided by a squad of police headed by Sergeant Crowley who seized 5½ gallons of alcohol, 10 gallons of beer, and a quantity of empty bottles. Mancuso will be tried on October 10th for making an illegal sale and with keeping and exposing liquor for sale.

Michael Kennedy of 13 Winthrop avenue, Newton, was in the Newton court Wednesday charged with driving while under the influence of liquor and with drunkenness. He was fined $100 on the drunken driving charge and $10 for being drunk. Kennedy had been convicted on a similar charge last year in Dedham and given a suspended sentence. This suspension expired last Spring and the case was placed on file. Because of this, Judge Bacon ruled that the defendant could not be held as having a court record of two convictions within six years, and thus automatically sentenced to jail.

In the Newton Court Monday the First National Stores was fined $25.00 for selling improperly labelled eggs at its store, 989 Watertown street, West Newton. Inspector H. C. Mossman of the State Board of Health was the complainant.

MR. ATWATER KENT HONORED

"The week of September 29 marks an event unique in the history of radio, if not in American industry," said Joseph H. Burke, Boston distributor for the Atwater Kent Manufacturing Company of Philadelphia.

"In conjunction with eighty-two other distributors, we are joining in a 'Dealers' National Tribute' to Mr. A. Atwater Kent in celebration of the completion of his three millionth radio and the beginning of production of his fourth million."

The tribute has taken the form of congratulatory telegrams to Mr. Kent from distributors and dealers all over the country and it has been given more concrete expression in the presentation to the Philadelphia broadcaster and manufacturer of an elaborate gold watch and chain, appropriately engraved.

A unique feature of the gift is that each of Mr. Kent's eighty-three distributors sent one gold link for the chain, which was then welded together and presented as a whole by a committee representing its eighty-three donors. Atwater Kent radios are sold locally by Moore & Moore and the Kane Furniture Co., Newton, and George Brophy, West Newton.

AUTOMOBILE ACCIDENTS

A car driven by Boyd Chapman of Franklin, while opposite 479 Walnut street, Newtonville, on Monday, hit the rear of a Whiting Company milk wagon driven by John Cameron. The wagon was wrecked and Cameron injured. He was taken to the Newton Hospital.

As Albert Pfiefer of 235 California street, Nonantum, was backing his car into his yard on Tuesday, his 2-year old son, John, ran out of the house and in front of the backing car. He was hit by the rear wheel and received injuries to his head and face. The child was taken to the Newton Hospital for treatment.

ABBOT—PEIRCE

Miss Lillian Peirce, daughter of Mr. and Mrs. Carl Peirce was married to Leonard Harris Abbot, son of Stanley H. Abbott of Wilton, New Hampshire on Saturday evening, September 27th at the home of the bride's parents, 93 Eldredge street, Newton.

The Reverend Ray Anderson Eusden of Eliot Church, Newton performed the ceremony in the presence of the immediate relatives and a few intimate friends.

The bride was attended by Miss Edith Abbot, sister of the groom as maid of honor.

The best man was Sidney Abbot a brother of the groom, and the ushers were Howard S. Abbott and Charles M. Abbott, brothers of the groom, Mark King of Jamaica Plain.

The bride's gown was of white satin and her veil was of tulle with orange blossoms. She carried a shower bouquet of white roses and lily of the valley. The maid of honor wore peach color taffeta and carried butterfly roses.

Immediately after the ceremony a reception was held at which the couple were assisted in receiving by their parents and the bridal attendants.

The decorations were of snilax and mixed flowers and were in charge of Mrs. Harold Fernald of Waban, and Mrs. Frederick N. Peirce of Wellesley.

Mrs. Marie Chellins Phillips pianist played the wedding marches and music was furnished later by Miss Marjorie Brunton, harpist, and Miss Maria Therese Nixt, violinist.

The bride is a graduate of the Lucy Wheelock School, and the groom of Worcester Polytechnic Institute.

After a short wedding trip the couple will reside in Cambridge.

STIMETS—DAY

Miss Miriam L. Day, daughter of Mrs. Jessie Brown Day, was married Saturday evening, September 27, in the First Parish Church at Lexington to Mr. R. Alfred Stimets, son of Mr. and Mrs. Chauncy A. Stimets of West Newton. The ceremony was performed by the Rev. Edwin M. Slocombe and the bride given in marriage by her uncle, Mr. Albert H. Burnham of Lexington.

The bride's gown was of ivory satin with a tulle veil trimmed with old lace and orange blossoms. Her bouquet was of roses and lilies of the valley. Mrs. Laurence H. Burnham of Lexington was matron of honor, gowned in peach colored satin and carrying Talisman roses. The bridesmaids were Miss Betty Rankin and Mrs. Jon Dewey, who wore turquoise blue satin gowns and carried briarcliff roses.

Mr. J. Walter McQuiston was best man and the ushers included Mr. Elmer Stimets, brother of the groom, Mr. Royall B. Switzler, Mr. Jon Dewey, Mr. J. Henry Copeland, a cousin of the bridegroom, and Mr. William I. Burnham and Mr. Laurence H. Burnham, cousins of the bride. A small reception followed the church ceremony at the home of Mr. and Mrs. Albert H. Burnham in Lexington.

After a wedding trip through New Hampshire, Vermont and New York, Mr. and Mrs. Stimets will be at home at 117 Warwick road, West Newton.

OSBORNE—MILLS

Miss Eleanor Sylvester Mills, daughter of Mrs. Charles Mills of Upper Falls and Fitzwilliam, New Hampshire, and David Meskell Osborne, son of Mr. and Mrs. David E. Osborne of Boylston street, Newton Highlands, were united in marriage by the Rev. Fr. Donovan of the Mary Immaculate of Lourdes Church at four o'clock Saturday, September 27. The bride was attended by Miss Helena O'Hara of High street as bridesmaid and the groom was attended by Mr. Clark Sears of Danvers, Mass., as best man. A small reception and dinner followed the ceremony at the home of the bride's sister, Mrs. Donald Flinchbaugh of Rockland place for the immediate families. The wedding party were assisted in receiving by the bride's mother, Mrs. Charles Mills and the groom's parents, Mr. and Mrs. David E. Osborne. Mrs. Osborne is a graduate of the Newton High School and the Katharine Gibbs and Old Colony schools. Mr. Osborne is a graduate of the Newton High School, Stone school of Boston and Bowdoin College, Class of 1928 and is a member of the Psi Upsilon fraternity and the University Club.

Mr. and Mrs. Osborne will spend a wedding trip through Canada and upon their return will reside at 121c Holden Green, Cambridge, Mass.

TURNER—McGRAIL

Mr. Robert Bruce Turner, son of Mrs. Agnes Atwell of Indiana terrace, Upper Falls, and Miss Helena McGrail, daughter of Mrs. Margaret McGrail of 57 Akers avenue, Brookline, were married at the rectory of the St. Lawrence Church, Chestnut Hill, by the Rev. Fr. Cassidy on September 13. The bride was attended by her sister, Miss Ruth McGrail as bridesmaid and the groom's attendant was Mr. Edward Dooley of Newtonville.

The groom who has been a motorcycle officer on the Newton police force for many years is now night patrolman at Chestnut Hill.

After a wedding trip to Niagara Falls and Atlantic City Mr. and Mrs. Turner will make their home at 26 Reno street, West Newton.

BRYANT & STRATTON EVENING SCHOOL

The exceptionally large enrollment at Bryant & Stratton Evening School demonstrates that this popular institution continues in great favor with employed young men and women who are seeking to advance themselves by evening study during the fall and winter months. The prime reason for this favor is that each student enjoys the privilege of individual advancement and is granted every possible advantage arising from previous training and experience.

Recent Engagements

At a bridge party held last evening Mr. and Mrs. E. E. Forknall of 12 Rockwood terrace announced the engagement of their daughter Margaret Ida Forknall, Boston University '28 to Mr. Alister Fraser of this city. Miss Forknall is a secretary in the Engineering Department of Harvard College and Mr. Fraser is in the wool trade in Boston.

Mrs. George F. Ross of Brockton announces the engagement of her daughter, Miss Betsey O. Ross to William J. Doherty, Jr., son of Mr. and Mrs. William J. Doherty of Broadway, Newtonville.

McMULLIN—RAY

Mr. Earle Sprot McMullin, son of E. Ross McMullin of Cottage street, Upper Falls and Miss Alice Viola Ray of Grafton street, Newton Centre, were married at the Parsonage of the First M. E. Church, Upper Falls by the Rev. G. Vaughan Shedd, pastor of the church at 8 p. m. Friday evening, Sept. 26.

The bride was dressed in white satin and tulle veil caught with orange blossoms and carried a shower bouquet of bride's roses. Her attendant was Miss M. Etta McMullin who wore an orchid chiffon dress and carried a bouquet of pink roses. The groom was attended by Mr. James Barr of Newton Centre as best man. Following the ceremony a reception was given to the bridal party at the home of the groom's sister, Mrs. Ernest C. Hamilton and husband of 371 Cherry street, West Newton, attended by relatives and friends.

After an auto trip over the Mohawk Trail and New York City, Mr. and Mrs. McMullin will reside at No. 44 Harris road, West Newton.

NAZRO—GRANT

At a pretty home wedding on Monday evening, Sept. 29, Miss Dorothy Grant, daughter of Mr. and Mrs. Nathaniel L. Grant, of 206 Melrose street, Auburndale, became the bride of Mr. Winthrop B. Nazro, son of Mr. and Mrs. Charles G. Nazro of 205 Court road, Winthrop, Mass.

The marriage ceremony was performed by Rev. Edward Payson Drew of West Newton.

The bride was attended by Mrs. Marjorie McNeil of Winthrop as matron of honor and little Miss Carol Fisher of Belmont was flower girl.

The best man was Mr. Harold Nazro of Arlington, cousin of the groom.

The ushers were Mr. Wm. Fisher of Belmont and Mr. Frank Nazro of Arlington.

The bride wore a white crepe gown and her veil of real lace came from London, England.

The groom is a graduate of Dartmouth College Class of '24, where he was a member of the Alpha Chi Rho Fraternity and the track and cross country teams.

AMERICAN LEGION AUXILIARY

The National Convention will open on Monday morning, October 6, at 8:15 A. M. in Symphony Hall. All members are urged to attend any or all of the sessions as this is probably the only opportunity the majority of us will ever have to attend a National Convention. Music contests will be held on Monday afternoon in John Hancock Hall, St. James avenue, at four o'clock. Tuesday is Parade Day and in the evening the States Dinner will be held. On Wednesday the sessions will be held from 8:30 to 4:00. Thursday sessions will start at 8:15 and will continue until all business is finished. Members are requested to wear their American Legion Auxiliary pins at all times over their heart.

The Gold Star Mothers' Tea will be held at the Salada Tea Salon on Stuart street on Monday afternoon, October 6, from three to five o'clock. Arrangements for those wishing to attend may be made through the Unit President, Mrs. Agnes Hennrikus, Center Newton 1491.

Middlesex County Council will maintain Headquarters during the period of the Legion Convention at the Myles Standish Hotel, Beacon street and Bay State road, near Kenmore Station, Boston, from 9 a. m. to 10:30 p. m. daily. Members parading may leave wraps and dress in the room and all Auxiliary members are welcome to rest or visit friends from Sunday, October 5, to Thursday, October 9, at these headquarters.

The annual nomination of officers of this Unit will be held at a special meeting called at 7 o'clock on the evening of October 15. The election of officers will take place on the same evening at 8:30 o'clock. All officers and committee chairmen are expected to have a written report on their year's work to turn over to the Secretary for filing.

REAL ESTATE

John T. Burns & Sons report that they have sold for Elmer Ward his duplex twelve room home located 40 Bemis street, Newtonville, adjoining the Albemarle golf links. An open letter of congratulation to
A. ATWATER KENT
on the completion of his
3,000,000th RADIO

MR. KENT, you have passed a milestone which no other radio manufacturer has reached.

As merchants sharing your ideals of service and of progress, we wish to express our admiration of your achievement.

Your skill, your vision, your progressiveness, and above all your sincerity of workmanship, have accomplished more than words can say for the fullest enjoyment of radio in three million homes.

Your new 1931 set is a wonder. When you say it is by far the finest radio you have ever produced, we check with you absolutely. In fact, we are amazed that you have been able to combine *so many* improvements in a single year.

The richness and naturalness of its tone quality emphatically deserve the name you have given it—the Golden Voice.

Your perfected Tone Control is almost magical in its ability to let each listener shade the music exactly as he wants it.

The new Quick-Vision Dial, developed in your own laboratory, is an innovation of extraordinary merit.

Your new cabinets bring a note of distinction to any home.

We send you this message after a thorough trial of the new Atwater Kent in our stores, in our own homes and in the homes of our customers. It is a great radio. We are proud to sell it.

As you start your fourth million we congratulate you and extend to you our best wishes and our fullest confidence.

TEAM SHAKEN UP

(Continued from Page 2)

With its full strength Newton should score a victory in the Suburban league opener but will be forced to play heads-up football all the way. Coach Leander MacDonald of Cambridge High and Latin has never sent a team of his against Newton that proved to be a set-up.

SPORT NOTES

Clark Has Perfect Score

Len Clark played a prominent part in Dartmouth's one-sided 79 to 0 victory over Norwich last Saturday. In addition to scoring one of the touchdowns he made a perfect score on trys by place-kick after the touchdowns. With Wolff holding the ball the Newton Highlands youth place-kicked six points into the score, making good on every try while he was in the game. Henry Johnson scored twice, breaking through the line to start each half with a touchdown. Clark and Wolff did most of the ball-carrying with Johnson and Sutton, the fullbacks, finding holes in the line.

Linberg Playing End

Gordon Linberg, outstanding tackle on the 1929 Newton high football team is playing right end for the Tufts freshman eleven which opened its season last Saturday, defeating Andover, 7 to 0.

New University A. A. Wins

The newly organized University A. A. of Cambridge opened its season Sunday with a 12 to 0 win over the Lexington Town Team. Tommy Gilligan former Newton and Harvard athlete started at right halfback for the University team. Mike Gulian, former Newton and Brown star tackle, was the other local youth in the winner's line-up.

SPORT NOTES

Chamberlain Scores

The unusual feat of a centre scoring a touchdown was performed on Tuesday in a practice game between the Boston University varsity and freshman elevens. With the regulars taking a rest the varsity line-up was composed of second and third string players. Arthur Chamberlain, former Newton high centre, was at centre for the varsity. He intercepted a freshman forward pass and raced for one of the varsity's four touchdowns.

Country Day Loses

Thayer Academy defeated Country Day School of Newton last Saturday at Braintree, 6 to 0, in the first game of the season for both elevens. The score came in the second period. Many substitutes were used by both coaches with Country Day lining up as follows: Donovan, Bentley, re; S. Gleason, A. Brown, rt; Dana, Bower, rg; D. Gleason, c; Nilson, Bower, lg; Angier, Young lt; M. Brown, Minter, le; Waldingin, qb; Schmidt, Jenkins, rhb; Labouchere, lhb; K. Brown, Davis, fb.

Spain at Quarterback

Frank Spain, former Newton high and Exeter Academy star athlete in three sports, is playing quarterback on the Dartmouth freshman eleven. In a practice game with the freshman yesterday the varsity found the going rather tough and was forced to employ a forward passing attack to win 26 to 0, scoring but once while the first string freshmen players were in the game. The score was made by Len Clark on a pass from Shep Wolff. Spain was one of the most promising players on the yearling team.

Upper Falls Loses

The Codman A. A. of Dorchester opened its season last Sunday with a 25 to 0 win over the Upper Falls A. A. at the Norfolk Street grounds in Dorchester.

Cronin Winds Up With .251

With three hits in the final two games of the 1930 season Bill Cronin wound up with a batting average of .251 for the Boston Braves. His complete record follows: 65 games, 175 times at bat, 19 runs, 44 base hits for a .251 average, 204 putouts, 29 assists, 4 errors for a .983 fielding average, 9 two base hits, 1 triple and four sacrifice hits. In the final game of the season at Brooklyn on Sunday the Newton youth drove in one of the Braves' three runs on a timely single.

Survive Cut

The three local youths on the Harvard freshman football squad survived the first cut on Saturday last when the squad was reduced from 200 down to 70. Another cut is coming shortly when Coach French expects to retain about 45. The three local youths are Roger Greene and Francis Gleason, who formerly disported for Country Day school, the former as an end and the latter as a back, and Carl Pescosolido who once wore the orange and black of Newton high and last year played for Deerfield Academy.

McCullough Plays Well

Carleton McCullough was one of the outstanding players in the Boston University—West Point game last Saturday in which the Army team carried too many guns for the Hub eleven and won easily 39 to 0. The Terrier end was on the field throughout the game and recovered several fumbles for the Boston team. Dan Harrington played the entire game at guard and showed up very well in his first collegiate game.

Patrons of the motion pictures should look in our Women's Clubs column for advice regarding current programs. This advice is previewed by a committee of women of the General Federation who are giving their time to enable people to know what pictures are worth seeing, what pictures are a waste of time, vulgar or trashy and what pictures their children should not see.

With the coming election a test of President Hoover's administration, it is of the utmost importance that every potential Republican should be registered as a voter. Registration closes on October 15th. Do not delay.

And they said before the primary that Eben Draper was a "good sport."

That "Welcome American Legion" sign was on the OUTSIDE of police headquarters.

WORLD'S GREATEST MEETING

The great Boston Garden Meeting on Sunday, October 19th, at 2:30 o'clock is already setting the State on fire with enthusiasm and expectation. Senator Borah has pledged himself to be here; Woodcock the enforcement man in Washington has promised also to be here. Col. Patrick Calahan will be another speaker. The matchless Marathon winner, DeMar, will also be at the Garden and everything now is set for the greatest prohibition demonstration the United States has ever seen at any time or anywhere. Three eminent soloists have been engaged. One of the finest military bands in New England has also been engaged.

The twenty thousand people, sure to be in the Boston Garden, will tell the world that the slogan "Massachusetts There She Stands" still holds good. Organizations desiring reservations will have to hurry and make applications to Dr. Samuel Russell, 44 School street, Boston, at once, or they will get left. Churches and Prohibition Organizations in various Communities should combine and ask for reserved seats for their town. Many have already done this.

The Boston and Maine Railroad is splendidly cooperating with the Prohibition Loyalty League and has arranged a schedule of trains with practically half fare from all principal points on their system. Schedules are filed with all local station agents where full information can be secured. There is no doubt but what the impact of this magnificent demonstration of interest in the greatest moral reforms will be felt all over America, and indeed around the world. The Garden is wide open with free seats for everybody. Three hundred ushers will take care of people as they come, assigning them to their various locations. A chorus of one thousand voices will lead the music. The spectacle of twenty-five thousand people in this great auditorium will be something never to be forgotten. Don't fail to bring your young people to witness it, and hear the three notable speakers.

AUTOMOBILE REGISTRATION STARTS

The Automobile Registrar's office is about to release registration blanks for the first 10,000 numbers to be used for 1931. These blanks will be mailed directly to the registrant by the Registrar, and they should be completed and returned by mail to the Registrar's office prior to November 1st, 1930. The Registrar strongly suggests that insurance agents should require the registrants to mail their own registration applications and that they should use the self-addressed envelope furnished them by the Registrar's office. This will relieve the agent of responsibility in the event that the application goes astray in the mail, with the result that the registrant loses his low numbered plate.

The registration applications covering numbers from 10,001 to 100,000 will not be mailed directly from the registry to the registrants, but they must be obtained through the insurance companies and their agents. The registration applications covering these numbers should be mailed to the Registry between October 6th, 1930 and November 1st, 1930. Great care should be exercised to be sure that the answer to Item 7 is absolutely correct, because otherwise the registrant may lose his five figured plate. It is also a requirement that each application be accompanied by separate check to cover the registration fee unless there are two or more registrations with numbers running in sequence, in which event one check may be sent to cover all.

General registration of automobiles will start on October 27th, 1930 by mail and November 10th, 1930 by counter service.

There will be a new form registration application for 1931, and while this form must be used for the registration of trucks the Registrar will accept either the new 1931 form or the present registration form for the registration of pleasure vehicles. It is expected that the general supply of 1931 registration applications will be available on or about October 1st, 1930.

Rocky Mountains Given Their Name by Indians

In his diary while governor of York factory on Hudson bay in 1716, James Knight notes the arrival of a band of Mountain Indians with whom he had "a great deal of discourse." They told him their country was "very mountainous and of a prodigious height. . . . so they cannot see the topps without it be clear weather. . . . The sea lyes a little way to the westward of the mountains." This is the earliest reference to the Rocky mountains in the records of the Geographic board of Canada.

In 1730 Beauharnois, the French governor, transmitted to France a sketch which the Indian, Ochagach, had drawn for La Verendyre showing the Grand Portage route to western Canada from Lake Superior. This map indicates the "montagnes de Pierres Brillantes," a name which is found in translation "mountains of Bright Stones" on Jonathan Carver's map, 1778.

The mountains are referred to by their present name in Legardeur de St. Pierre's Journal of 1752. He calls them "montagnes de Roche." The name is a translation of the Indian name, which in Cree is assinwati, in Stoney niaha and in Blackfoot mistokis. Viewed from the prairies, the Rockies present a great wall of rock.

Glorious Chapters in History of Lifeboats

Devotion and courage are inseparably associated with the saving of life at sea, and even though the oar-propelled boat has largely given place to the motor lifeboat, the thrill of the launch and the excitement of the dash to the wreck still remain. The inhabtants of Tenby, in Wales, have witnessed many a thrilling and hazardous rescue, and they will have even greater confidence in future attempts now that their old motor lifeboat has been replaced by a new and up-to-date craft. The earliest lifeboat was designed by a Frenchman in 1765, but there is no record that it was ever put into service. The credit of having built the first practical lifeboat, in 1789, belongs to Henry Greathead. The Royal National Lifeboat institution, which provides British coastal towns with lifeboats and life-saving apparatus, was founded in 1824.—London Mail.

Bicycle Wheels

There are quite a few different factors which enter into the strength of a built-up bicycle wheel as well as the road conditions and the conditions of the tires. As far as we have been able to ascertain there have never been any definite tests made to determine this. An authority says he has known a bicycle to carry a weight of approximately 300 pounds on two wheels, but he does not know how long the bicycle could stand this weight nor whether it would have been possible over a rough, stony road surface. The condition of the tightness of the spokes, as well as the angle of the lacing and the strength of the spokes, also contributes to the serviceability and strength of the wheel.—Washington Star.

Canals of Bruges

The imaginative traveler will find new delights in the scenery of Bruges as seen from its canals. From a boat in these calm waterways new aspects of the old Belgian city can be discovered. The waters reflect their shores so beautifully that it is no exaggeration to say that on them one sees every sight twice—towers, houses, trees and cool arches of old bridges. The view from beneath the old Bridge of the Lions, built in 1627, frames the vista of nearby gables and the distant tower of St. Jacques in the soft green of trees. Swans float out in the twilight and add much to the idyllic quiet of the scene.

Defining "Gentleman"

Within the last few years the French academy has officially received the word "gentleman" into the French language and incorporated it into the famous dictionary of that institution. An interesting feature of this is the definition given, since there has always been more or less discussion as to just what constitutes a gentleman. In this dictionary he is definied as "one in whom are combined a certain elevation of character with a certain elegance of manners." This is believed by many authorities to be a most apt description.

Impeachment of Statesmen

Impeachment proceedings in England are quite similar to the same proceedings in our congress. The house of commons are the prosecutors and the house of lords are the judges. Should the accused be found guilty, judgment follows if the commons move for it, but not otherwise. The commons thus retain the power of pardon in their own hands, and this right they have in several cases expressly claimed by resolution. There is no such provision in connection with impeachment proceedings in congress.

Strange Fare

Little Billy was persuing the big animal book with interest, asking what each and every picture represented. "What's that?" was his query of an active-looking animal with horns. "That's an antelope," answered his aunt. The child looked genuinely astonished and exclaimed, "Oh, my land! I ate one once!"

ABOUT TOWN

By Edw. H. Powers

There will be an informal reunion of former members of the Fourth Division, A. E. F., at the Parker House, Tuesday evening, October 7. Those wishing to attend should wire or write, Chairman, Fourth Division, Reunion Committee, Parker House, Boston.

There will be a get-to-gether of the 78th division men during the Ameritcn Legion Convention in Boston. Those wishing to participate should communicate with Herbert Stephens, Room 1005, 185 Devonshire St., Boston.

Employees of the Middlesex & Boston Street Railway have been removing the old iron poles formerly used to support the trolley wires along Washington street. The south side of this street with the poles removed has a much improved appearance.

Public ownership of the electric light plant in Hudson is not a failure, if the recent reductions in rates in that town are indications.

A traffic expert from the Edison Company, Mr. Mosher, was in Nonantum Square yesterday observing the automatic operation of the traffic signals there. He found that while the red and yellow lights which signal pedestrians to cross the square are on but for 14 seconds at a time, it takes 21 seconds for an old person to cross the square, so the period on this signal will be extended. Several times in the past attention has been called in the GRAPHIC to the too short time which has been allowed for pedestrians to cross Nonantum Square and that old people were afraid to risk crossing this place. No action was taken to remedy this condition until Mr. Mosher and Mechanic Bert Stuart of the Street Department conferred on this matter yesterday at the request of Chief Michael Hughes, who is showing a commendable interest in traffic problems. There is a special committee on Street Traffic in the Board of Aldermen, but it has been dormant.

Another "out" which has been all too evident in the automatic operation of the traffic signals at Nonantum Square is the hazard caused by signals being given simultaneously which cause two lines of traffic to make left turns and cross each other. There are two ways to solve this difficulty, both of which have drawbacks. If the automatic signals are re-arranged to correspond with those given when the signals are manually operated, and the confusing left turns eliminated, an extra left turn period will be created in the cycle of the automatic operation which will necessitate automobiles being delayed longer for "Go" signals.

The other alternative would be to resume the detour around the Trust Company Building, and no person who recalls the inconvenience which this caused would desire to see this method renewed.

A committee of the Newton Business Associates held a meeting Wednesday night to confer on the best use to which the former site of the old engine house at Newton Corner may be put. There has been, and is, a demand that a convenience station be erected on this site. Should a public hearing be held, many residents in the vicinity of Nonantum square and businessmen of that section, would appear to testify as to the need of such a station. They have been annoyed for years by undesirable conditions prevalent about Nonantum Square.

Mayor Weeks deserves commendation for his decision to have the Edmunds Valley sewer and drain project done by city employees. This work will cost over $30,000 and will afford many weeks employment to a large number of Newton men. Had not this been done, nearly 100 employees of the Sewer Department would have been idle.

Newton is quite fortunate in having a fairly normal water supply despite the long continued drought which has created precarious conditions in most cities as regards water supplies. The Water Department has been obliged to obtain less than 25% of its supply from the Metropolitan System, the local supply providing about 80% of Newton's needs, notwithstanding a large increase in the amount of water used this summer because of dump fires. Incidentally, the growing nuisances occasioned by fires in city dumps should result in an incinerator being erected in this city in the near future.

Residents of the Newtons who care to enjoy a real good vaudeville show for which tickets can be purchased at low prices, and who will, at the same time be assisting a very worthy cause, should purchase a ticket for the benefit show to be given for the family of the late Patrolman George Tegan of the Newton police department. It will be a midnight show, starting at 11:30 p. m. on the night of October 10th in the Paramount Theatre, Newton.

ROTARY CLUB

The club was entertained by Mr. Paul E. Elicker, Assistant Principal of Newton High School, with a talk on his trip abroad this summer.

His description of the Passion Play, the people and the village along with costumes, carvings and pictures was most interesting and instructive.

There were many visitors from other states which always makes Rotary so interesting and worthwhile.

It is hoped every member has set aside October 6th for a 100% attendance to greet the District Governor.

HELP THE CHILDREN

We have just been advised from the National office of China Child Welfare of the receipt of a cable from China which reads:

"5000 famine children dying daily. War, communism further menacing homes. Despite disturbances work progressing."

We believe that many people of our city who have not yet helped this cause will desire to have a part in it. We made an appeal last spring with good results. We have, notwithstanding the present tragic conditions in China, advices which make it clear that the welfare and relief work for children is being safely carried on. People who have a desire to help China can do it now by helping the children, the innocent sufferers amid war, famine and pestilence.

Mr. William H. Rice is chairman of the Newton Committee with Mr. Frank L. Richardson acting as Treasurer—other members are William F. Chase, Frederic D. Fuller, Moses H. Gulesian, Seward W. Jones and Charles D. Kepner.

NEWTON HOSPITAL

During the week ending September 28th the number of patients in the hospital was only 126, and on the 29th it had dropped to 116. Of the former number 53 paid as much as cost of care or more, 28 paid less than cost of care, and 45, including babies, were treated free of charge. 12 babies were born, 5 boys and 7 girls. 136 visits were made to the out-patient department. 18 accident cases were admitted to the emergency ward, and 6 patients were transported by the Social Service car.

Of the 18 accident cases admitted during the past week only three were automobile accident cases. All of them were men: one with abrasions on his hand, one with abrasions of his forehead, and one with fractured ribs. Seven patients were treated for injuries caused from falls. Four of these were boys: one with a fractured wrist received when he fell from a bridge into a brook, one with a fractured wrist caused when he fell while playing leap frog, one with an injury to his neck caused when he fell from a tree, and one with a fractured wrist. Two girls were treated, one for a laceration of her chin, a fractured wrist, and a dislocated jaw caused when she fell twelve feet from a porch to the ground, and one with a laceration of her knee caused when she fell while playing. One man was treated for a laceration of his head caused when he fell from some steps. Eight patients were treated for various injuries, four were boys: one with severed tendons of his wrist caused by broken glass, one for suffocation, one for a puncture wound of his throat caused by a stick in his mouth, and one with a laceration over his eye caused when he hit his head against a chair. Four of them were men: one with a laceration of his neck, one with a laceration of his index finger, one with a laceration of his hand caused by ice tongs, and one for a laceration of his leg and arm caused when he was knocked from a milk cart.

On September 30th Miss Mary Alice O'Brien of Needham completed the six months' course for student dietitians. Miss M. Viola Cameron, of Wolfville, Nova Scotia, enters on October 1st to be here until the first of April.

On Wednesday, October 1st, the Alumnae of the School of Nursing held their first meeting of the year. The speaker was Mr. Edward A. Weeks of the Atlantic Monthly, who spoke on "My Friends, the Writers".

Beginning October first the ward services will be in charge of the following staff members: Surgical, Dr. D. G. Wilcox and Dr. N. P. Brackett; Medical, Dr. H. T. Baldwin and Dr. H. W. Thayer. Obstetrical, Dr. L. H. Jack and Dr. Hermon Norton, Nose and Throat, Dr Donald H. Macdonald, and Pediatric, Henry F. Keever.

In the semi-finals of the Inter-hospital tennis tournament, The Deaconess won from the Peter Bent Brigham, and Newton won from the Mass. General. On Monday afternoon, Sept. 30, the finals were played at Newton. Miss Constance Hart, playing for Newton won from Miss Mary Elizabeth Ham, of the Deaconess, 6—3, 4—6, 6—2. In the doubles Miss Constance Hart, and Miss Mary Ann Kay, for Newton, won from Miss Mary Elizabeth Ham and Miss Frances Lord, of the Deaconess, 6—2, 7—5. Cups were awarded the winners.

Recent Deaths

MRS. LILLIE F. STETSON

Mrs. Lillie Hall Stetson, wife of Charles T. Stetson, died on September 17 at her late home in Hemet, California. She was born in Newton on March 19, 1855, the daughter of George W. Hall and Adeline Fuller Trowbridge Hall. The Hall family had been residents of Newton since 1695, and the Fullers, Trowbridges, Jacksons and others from whom she was descended, were even earlier settlers of Newton. Her father conducted a dry goods store at Newton Corner, lived there all his life, dying in 1900.

In 1875 she married Charles T. Stetson and resided on Boyd street until 1881 when the family moved to Brighton. In 1902 Mr. and Mrs. Stetson and their three children moved to Hemet. She was a member of Hemet Rebekah Lodge. While in Newton she was a member of Channing Unitarian Church.

She is survived by her husband, two sons, Frank W. Stetson of Hemet and Fred R. Stetson of San Pedro, California, four grandsons, and a brother, Louis A. Hall of Harding. A sister, Mabel T. Hall, died several years ago.

Her funeral services were held on September 19 in Hemet. Rev. William Pearce officiated and the Hemet Rebekah Lodge conducted services at the grave in Valley Cemetery.

REV. MICHAEL F. BYRNE

Rev. Michael F. Byrne, S.J., died on September 26 at Boston College in his 86th year. He was a native of Ireland and came to this country when a youth and joined the Jesuit Order. For many years he was pastor of St. Mary's Church, North End, Boston. His funeral was held on Monday and burial was in the Jesuit Cemetery at Holy Cross in Worcester.

HERBERT A. HILDRETH

Herbert A. Hildreth of 44 Lombard street, Newton, head of the Hildreth Candy Company, died at his home yesterday. His funeral services will be held Sunday afternoon at his late home and burial will be in Forest Hills Cemetery. He is survived by his widow, Mrs. Alta Hildreth, and one son, Herbert A. Hildreth, Jr. Mr. Hildreth was born in Mount Vernon, Maine. He was affiliated with Joseph Webb Lodge of Masons, The Knights Templar, Mystic Shrine and various social organizations.

TIMOTHY PHILPOTT

Timothy Philpott of 19 Richardson street, Newton, died on Friday, September 26th in his 79th year. He was a native of Cork, Ireland, and had resided in this city for nearly 60 years. He was respected by many people in this city for whom he had worked as a landscape gardener. His funeral service was held Monday morning at the Church of Our Lady and burial was in Calvary Cemetery, Waltham. He is survived by three sons, William, Jeremiah and Luke Philpott and two daughters Nellie and Mary Philpott, all of Newton.

LUCILLE ROBINSON

Miss Lucille Robinson of 330 Central street, Auburndale, died on September 30th in her 96th year. She was a native of Cornville, Maine, and had resided in this city for 30 years. She is survived by a brother, Henry H. Robinson of Sharon and a nephew, Fred R. Miller of Auburndale. Her funeral was held yesterday afternoon at her late home, Rev. Cornelius Clark officiating. Burial was in Cedar Grove Cemetery, Dorchester.

Wire Cable With "Teeth" of Sand Cuts Out Slate

A saw with teeth of sand is used to saw out large blocks in the slate beds of Pennsylvania.

This ingenious device consists of a three-strand wire cable, which is built into an endless belt. The cable is guided by orienting pulleys, which adjust themselves to the face to be sawed. As it arrives at the point to be cut, sand is spilled over the cable by means of a stream of water, the particles of sand lodging in the twists of the cable.

The cable drags the sand, under considerable pressure and at high speed, against the bed of the slate and rapidly cuts its way through, the cutting being a trifle larger than the diameter of the cable.

The savings effected by this means run into a figure as much as 50 per cent of the usual amount of waste.

Experimenting is going on to work out a method of cutting the slate into the size of sheets to be shipped out by piling several slabs on top of each other and cutting them all at once with the wire saw.

Sand Frequently Trap for Traveling Snakes

Snakes, when not in a hurry, can climb a leaning tree or the slippery slope of a wet rock. They are brisk travelers on the levels, and can turn on an extraordinary speed when in chase or flight they slither downhill. But any wide stretch of loose sand or dust pulls them up. Between the scrubs of Poole's point and the mangroves of Tibbo beach, on the N. S. W. south coast, lies an expanse of drifting powdery sand, writes a Sydney Bulletin contributor. Sometimes a snake trying to cross from one cover to the other gets stranded. As the crawler advances upon the ashlike surface he pushes forward a wave of sand with every sinuous heave. Sickening of the heavy going, he turns back, scooping out of the yielding sand a basin, the rim of which affords no scale hold. He squirms frenziedly to escape but only deepens the depression. In the end he dies of exhaustion or is scooped up by a swamp hawk or a kookaburra.

Noted English Porcelain

Spode is the name of an English porcelain made at the pottery of Josiah Spode in Staffordshire, England. Spode was born in 1754 and died in 1827. He manufactured dessert services, Spode cups, and Spode jugs or pitchers, large and long-lipped with a capacity of a gallon. When sixteen years of age, he is credited with having begun to make feldspar porcelain at Stoke-upon-Trent, and introduced into his composition crushed bone which was a soft base giving a very transparent body. His pieces were highly decorated with floral and ornithological designs, and were highly gilded. Succeeded by his son, the firm he established became one of the leading houses in the industry.—Literary Digest.

Famous Police Quarters

Scotland Yard in London derives its name from the palace, which from the time of Edgar to Henry II, was assigned for the residence of Scottish kings whenever they visited that city. Scotland Yard in London is the headquarters of the Metropolitan police force. The first police office was located in Whitehall in Scotland Yard and from there removed in the autumn of 1890 to the new building on the Thames embankment, now known as New Scotland Yard, in which all the branches of the Metropolitan police force, including the famous criminal investigation department, are located.

Cattle Differentation

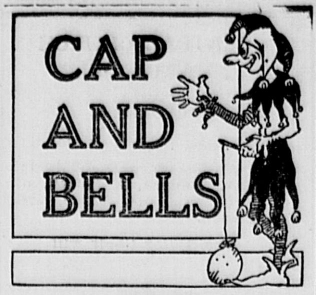
The Department of Agriculture says that it understands that in Holland there have been for many years both red-and-white and black-and-white Holstein-Friesians. A great many of the breed in this country carry recessive hereditary factors determining red color. Consequently, not infrequently red-and-white calves will be secured from registered black-and-white parents. The Holstein-Friesian association, however, will not register the red-and-white offspring in this country even though they come from registered Holstein-Friesian parents.—Washington Star.

Valuable Rubber Tree

The latex of Euphorbia intisy, which flows from any cut in the plant, coagulates in the air without further treatment. The bands of rubber thus formed are of very high quality. This shrub or small tree is native to Madagascar and with its discovery in 1891 and the following commercial exploitation the plant has been almost exterminated. The United States Department of Agriculture has secured specimens and is experimenting with them in a hope of adapting this remarkable rubber tree to growth in this country.

Actors Without Jealousy

The performers in the Oberammergau number about 700 persons, and it is said to be the only band of its kind where there is no professional jealousy and no exhibitions of artistic temperament. The actors receive only a very small sum for their efforts, the main proceeds going to charity. And as taking a part in the play is looked upon as an act of natural devotion, none of the 700 tries in the slightest way to outshine the rest.



WHANG!

A fraternity had sent its curtains to be laundered. It was the second day that the house had stood unveiled. One morning the following note arrived from a sorority across the street:

"Dear Sirs: May we suggest that your procure curtains for windows? We do not care for a course in anatomy."

The chap who left his shaving to read the note answered:

"Dear Girls: The course is optional."

Kept His Date

"Old man, I want to tell you how much I enjoyed your lecture last night —I certainly did."

"Thanks, but I thought you had a date over at your girl's house."

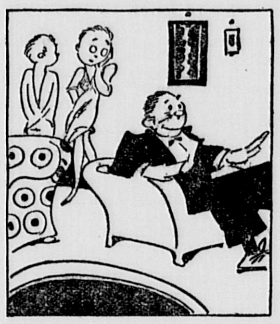
"I did—her parents went to hear you."

Theory Demonstrated

"Do you believe that anyone can put people to sleep by means of hypnotism?"

"Yes," answered Miss Cayenne. "Mr. Dulboy was talking about it yesterday. I felt sleepy before he had spoken twenty words."—Washington Star.

ON THE TRAIL



Maggie—He's a wild Indian, I'll say.

Madge—Why do you call him that?

Maggie—Aw, he's always on some girl's trail.

Compensation

When censure has unjustly raised
Its voice, don't quit the fight;
Some day, perhaps, you will be praised
With quite as little right.

Might Break Back

First Convict—Well, now that I've got this hole dug through the wall, I'm going home to my wife.

Second Convict—Better take your tools with you, in case you wanta break back in!

Easy for Him

Schoch—I was sorry to hear of the death of your wife. She was a good woman.

Friend—She was that, all right. She always hit me with the soft end of the broom.

Work of Burglars

Poet Pete—Burglars broke into my house last night.

Friend—Yes? What happened?

Poet Pete—They searched through every room, then left a $5 bill on my bureau.

Would Ask Wife

Billfuzz—I wonder if that fat old girl over there is really trying to flirt with me?

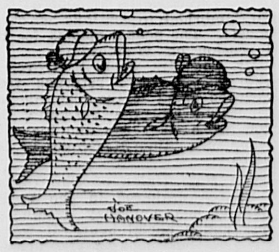
Goodman—I can easily find out by asking her; she is my wife.

His Hair Came Out

Ethyl—What happened to make all of your father's hair come out?

Methyl—He thought he was using hair tonic but got ahold of mother's hair remover by mistake.

WRONG SCALES



Miss Perch—Oh, dear, I'm three-quarters of a pound overweight.

Miss Trout—Perhaps your scales are wrong, my dear.

A Great Saving

Always think before you speak,
If this you will recall
You'll very oft discover that
You needn't speak at all.

Tells the Score Ahead

Smart Aleck—I can tell you the score of the game before it starts.

I. L. Bite—What is it?

Smart Aleck—Nothing to nothing—before it starts.

American Feels at Home in Great Chinese City

Shanghai, to a notable extent, has become Americanized. There, in the most polyglot city in Asia, the roving American finds all the comforts of home—the radio and jazz bands, cocktails and correspondence schools, night clubs and cabarets, neon lights and skyscrapers, chewing gum and wide trousers and long skirts, evangelists and the Salvation army.

And there, too, he finds such peculiarly American institutions as navy wives, shotgun weddings, Girl Scouts, Spanish-American war veterans, a board of censors, daylight holdups, immaculate barber shops, a short-story club, wheat cakes and a chamber of commerce.

All these things may be, as touring congressmen and other such idealists are fond of saying, the "splendid evidences of American influence in China." They may be the instruments of attaining confraternity between China and America. But I do not think so, says Edgar Snow, writing in the American Mercury. The fact is that nobody in Shanghai worries himself very much about Sino-American understanding. Both the Chinese and Americans are too busy making money.

Monastery Site Settled by "Sign From Heaven"

Klosternouburg owes its fame to the great monastery or "Kloster," which was founded in 1108 by Margrave Leopold IV, "the Holy." A quaint story is told of its founding. Leopold was thinking of erecting a monastery close to his castle on the summit of the Leopoldsberg, but could not make up his mind where to locate it. One evening, when he was discussing the question with his wife she leaned out the window to get a better view of the landscape and her white veil was carried away by a puff of wind and it could not be found. Three months later Leopold was boar hunting and his horse suddenly stopped in an alder plantation near the river and refused to move further. Leopold dismounted and his eyes fell upon the veil hanging in an alder tree. This was taken to be a sign from heaven and the monastery was built on this site. Leopold afterward became the patron saint of Austria and was buried in a chapel of the monastery church.

Presidential Changes

Technically a new Presidential administration starts at the beginning of March 4, namely, immediately after midnight March 3, and the President is paid his salary on this basis, says an article in Pathfinder Magazine. The same is true of a new congress. But since the beginning of the federal government it has been assumed for convenience that the Presidential and congressional terms do not expire until noon, March 4. Accordingly it is customary for the outgoing President to perform the functions of the office until his successor takes the oath at the formal inauguration on March 4, or March 5 when March 4 falls on Sunday. If congress does not complete its work by noon, March 4, the clock is set back. It is merely a legal fiction. Bills signed by the outgoing President on March 4 are dated March 3, and the outgoing President gets no salary for his services after midnight, March 3.

Settling Australia

The first grant of land in Australia was made on February 22, 1791, 139 years ago, to James Ruse, an emancipated convict, who received 30 acres near Parramatta. Ruse was a Cornishman who had arrived in Australia in the first fleet. In 1789 he completed his sentence, and Captain Philip, the governor, installed him in a hut on an acre of cleared land at Rose Hill. With spade and hoe Ruse dug his little patch, and, after two years, reported that he was able to maintain himself. Governor Philip fulfilled his promise to give Ruse 30 acres of land if his work were satisfactory. For 40 years the practice of making free grants was continued, and by 1831 4,000,000 acres of land had been given away.

The Proper Approach

A man who had been waiting patiently in the post office could not attract the attention of either of the girls behind the counter.

"The evening cloak," explained one of the girls to her companion, "was a redingote design in gorgeous lame brocade, with fox fur and wide pagoda sleeves."

At this point the long-suffering customer broke in with: "I wonder if you could provide me with a neat red stamp with a dinky perforated hem, the tout ensemble delicately treated on the reverse with gum arabic. Something about two cents."—Montreal Star.

Original "Tom Thumb"

Charles Stratton, known as "Tom Thumb," was born in 1837 of normal parents. He showed no peculiarity until the age of seven, when he ceased to grow normally. In 1842 he was discovered by Phineas Taylor Barnum. When he was twenty-five years old he had reached the height of only 31 inches. In 1844 he visited England and was an extraordinary success. After extensive travel he again visited England in 1855. In 1863 he married Lavinia Warren, the minute American. "Tom Thumb" was perfect in proportion, active and intelligent.

Christ's Many Titles

There were a great many titles applied to Christ. Among the best known are Emanuel, Wonderful, Counsellor, Mighty God, Everlasting Father, Prince of Peace (Isaiah, 9:6). At the time of the crucifixion Pontius Pilate bestowed the title upon Jesus of King of the Jews (Luke, 23:38). Jesus described Himself as the Way, the Truth and the Life, the Good Husbandman, the Light of the World, the Son of Man and the Son of God.

Foolscap

Paper in sheets 13 by 16 or 17 inches was watermarked, by old-time paper makers, with a fools' cap and bells. Hence the name. Why it was so marked is something else again. One account states that in the Cromwellian days, after the monarchy had been overthrown and the royal paper monopolies set aside, the foolscap watermark was ordered into the paper by parliament, in place of the royal arms, as a token of derision.

Charleston's History

Charleston, S. C., formerly Charlestown, was founded as an English city in 1670, and by 1775 was the third city of importance in America. It was incorporated as a city in 1783, under the Constitution, and until 1790 was the capital of the state. In 1786 the South Carolina legislature ordered Columbia to be laid out as a capital city on account of its more central position, and in January, 1790, the state legislature met in Columbia for the first time.

SIX CYLINDER SENTENCES

By DR JOHN W. HOLLAND

Every shirk misses earth's supreme joy—the pleasure of honest work.

There are no ideal jobs; the other fellow's board has as many knots as yours.

Wisdom is the life-long secretion from the glands of experience.

No man is under necessity to win; we are only expected to play well our hands.

What a humming world we would have if all the time-serving workers were put to work serving time.

Profanity is the language by which present-day actors raise a laugh.

TANK CAR WRECKED AT HIGHLANDS

A tank car containing 10,000 gallons of gasoline consigned to the Highland Oil Company was wrecked Sunday afternoon while on an elevated spur track near the Highland Mills near Easy street, Newton Highlands. On the track above the tank car were three freight cars loaded with hay. It is supposed that some boys released the brakes on these cars, causing them to coast down and knock the tank car off the track. The tank car toppled upside down. Much of the contents of the car leaked out. The other three cars were also derailed and the big gasoline tanks nearby were endangered. The firemen were notified and a piece of apparatus was stationed at the scene for several hours. A policeman stood on guard during the night. A wrecking crew from the New Haven railroad placed the cars on the track again.

ANOTHER BITTEN BY DOG

Edward Spaulding of Webster park, West Newton, complained to the police last Friday that a dog owned by Dr. Frank Putnam of Webster street, West Newton, had bitten his son, Leslie. The dog was ordered restrained and Dr. Boutelle notified to examine the animal.

POLICE NEWS

Charles Robbins of Harrisburg, Pennsylvania was arrested last Friday by Special Officers Feeley and Mullen for New Jersey police. He is wanted on a charge of forgery.

Mary Riley of Raven street, Dorchester was in the Newton Court on Saturday charged with stealing a dress valued at $150 from her former employer, Lillian A. Fallon of 29 Ashmont road, Waban. The Riley woman was given a suspended sentence of 30 days in the House of Correction. The dress was recovered by Inspector Good.

In the Newton court last Saturday fines of $10 for speeding were imposed on Matthew Shafferman of Cambridge and Roland Wingate of 14 Westchester street, Newton. Shafferman was arrested when he failed to appear on a summons.

In the Newton court on Saturday Carl Nelson of 129 Parmenter road, West Newton, charged with non-support of his wife and two children, was sentenced to serve three months in jail. Judge Frost offered to suspend this sentence if Nelson would agree to pay $18 each week for the support of his family. The defendant stated that he could not make such an agreement as he had been endeavoring unsuccessfully for months to obtain work. He remarked that he was discouraged and might as well serve the sentence.

Eli Raphael of Dorchester was fined $25 for speeding when he was found guilty in the Newton court last Saturday. He appealed. George Whitehouse of Brighton was fined $10 for driving without proper lights, $10 for violating a traffic ordinance and $5 for driving without his registration. Philip Scordamalya of 21 Harvey street, West Newton was fined $10 for speeding and $15 for driving without a license.

James York, Jr. of Atlantic was in the Newton court last Friday charged with forgery and sentenced to 30 days in jail. He appealed. York was sentenced the preceding Wednesday in the Concord court to six months in jail for larceny. He was arrested a few days before when he completed 22 months in the Vermont State Prison for having committed forgery. He is also wanted in Boston, Maine, and other places. So, the unemployment situation will not bother him.

Dr. Fred M. Lowe, City Physician, appeared in a new role Monday morning, when he acted as attorney for Walter Antropick in the Newton court. Antropick, 41 years old and a resident at 46 Mechanic street, Newton Upper Falls is an employee of the City of Newton. He was charged by Special Officers Feeley and Mullen with having made an illegal sale of liquor. Mullen testified that he had, while attired in citizen's clothes, purchased two pints of "splits" from Antropick and had given the latter two marked $1 bills in payment. Feeley testified that complaints had been received about Antropick selling liquor and this was the reason he was trapped.

Antropick testified that he was asked by Officer Mullen to procure some liquor and that he replied he had none but could get some. So, he went to a friend on the Needham side of the river and obtained the two pints of alki. He claimed to have made no money by the transaction, merely doing it as a favor. Asked by Judge Bacon, if he received anything for bringing the liquor, Antropick answered he had received a drink. Judge Bacon then asked the defendant if he had received anything else, and Antropick stated that he had been given the $2, but had turned it over to the man from whom he got the liquor. Dr. Lowe took the witness stand and told Judge Bacon that he had known Antropick for years, praised the defendant's character and commented that in his opinion Antropick was only doing a favor in getting the liquor and had been tricked into the transaction. He characterized the methods used as similar to those of the Watch and Ward Society and asked the judge to be lenient with the defendant.

Officer Mullen again took the stand and told the judge that he had received complaints that Antropick had been selling liquor to city employees. Judge Bacon fined Antropick $50 and sentenced him to 30 days in jail. He then suspended both these penalties and placed Antropick on probation.

AUBURNDALE BOY KILLED AT WORCESTER

Albert G. Shea, Jr., of 428 Wolcott street, Auburndale, was killed last Saturday when he fell from a third floor window at a dormitory at Worcester Academy where he was a student. Young Shea, who was a graduate of Levi Warren Junior High School, was about to play a prank on some of his fellow students, who roomed on the second floor. He started to descend from the third floor window by means of a rope. The rope broke as he started to make the descent and he dropped to the ground, fracturing his skull. He was dead upon his arrival at Worcester City Hospital. He had been at Worcester Academy only about a week.

He is survived by his father, a brother, William Shea, and a sister, Anna Shea. His mother died about a year ago. The funeral service was held Tuesday morning at Corpus Christi Church Auburndale and burial was in St. Joseph's Cemetery, West Roxbury. Classmates of the dead boy served as pallbearers.

NEWTON CENTRAL COUNCIL

With the renewal of interest in Community activities that the autumn brings the Newton Central Council in its turn begins its season's work. The office at 12 Austin street, Newtonville will be open daily, except Saturday. Appointments with the Secretary may be made by telephone at any time. (Newton North 7394).

Next week the Community Calendar will be published by the Council in the Newton newspapers. Let the office know as long ahead as possible your plans for meetings and entertainments. In this way you will save the disappointment of conflicting dates.

BRIGHAM FAMILY REUNION

Garbed in costumes of the earliest Colonial period, officials of the Brigham Family Association will welcome at Marlboro, Mass., on Monday, Oct. 13, Columbus Day, the descendants of of Thomas Brigham the Puritan, of Holme-on-Spalding-Moor, Yorkshire, England, who came to Watertown and Cambridge in 1635, one year before the founding of Harvard College, establishing a home whose site is now covered by one of the buildings of Radcliffe College. The B. F. A. was organized at Chicago in 1893, by attendants upon the Columbian Exposition of that year, upon the initiative of the late Dr. B. A. R. Brigham of that city, its first secretary. Its successive presidents have been Charles O. Brigham of Toledo, O., Dr. Johnson Brigham of Des Moines, State librarian of Iowa, and William E. Brigham of Newtonville (1896-1900 and 1928 to the present time). The association has published two volumes of "The History of the Brigham Family" and one pamphlet, and has a second pamphlet in preparation.

This probably will be the most picturesque of the many reunions held by the association, and the entertainment will include a costume party with dances, an illustrated lecture on Brigham personages and places and a dinner such, it is believed, as Thomas the Puritan would have served upon a gala day. The correspondence of the association is conducted by Miss Emma E. Brigham, 439 Washington street, Dorchester, Mass. The chairman of the reunion committee is Mrs. Ella Brigham Porter, 96 Shawmut avenue, Marlboro, Mass.

NOTED PROHIBITION WORKERS TO SPEAK HERE

The Woman's National Committee for Law Enforcement and the Woman's Christian Temperance Union have fortunately secured Mrs. Henry W. Peabody, and Prof. Thomas M. Carver, of Harvard University, to address our Newton citizens on the subject, "Shall We Help the Speakeasies to Stock Up?"

The meeting will be held in the Newton Centre Baptist Church, on Thursday, Oct. 9, at 7:45 p. m.

Patriotic songs will form part of the program.

All are invited to attend.

The President "Envisions"
Don't Buy Stingily
Young Minds, Untrained
Rays That Pierce Steel

Mr. Gilbert, who knows sometimes what goes on in Washington, says President Hoover, awaiting a report by his Dry Law Commission, "won't countenance repeal, but envisions modification."

The fact that he doesn't countenance repeal makes no difference, for it would be impossible to repeal the amendment. Seventeen States can prevent it, and more than seventeen are "Dry forever."

The use of the word "envisions" is something of which President Hoover was not guilty, needless to say.

Our crime wave is bad enough, without butchering the English language.

It would be interesting to know just what kind of modification the President "envisions," also what his "reaction" is on the "mass psychology" produced by wholesale and retail bootlegging, murder, racketeering and all around deviltry.

Gandhi, sixty-two years old, spends the morning writing, making cloth on his small hand loom in the afternoon.

His remedy for India's troubles is to make cloth by hand to hurt Britain's trade and passive disobedience to Britain's rule.

How far that will get 300,000,000 inhabitants of India, with Afghans on the north, eagerly waiting a chance to murder them, and 60,000,000 Mohammedans, living in India, also hoping for an opportunity to eliminate Hindus.

A marvelously sincere, earnest, self-starving little man is Gandhi. But something else is needed for the problem that confronts him.

Colonel Michael Friedsam, as every merchant in America knows, is one of the ablest business men in the country. And it would be better for the country if more of its ablest men felt, concerning business, as Colonel Friedsam does.

He said to his board of directors at the most recent meeting:

"Know what you want, don't be afraid to buy it, and don't buy stingily."

Everybody asks, "What is the matter with business?" One answer is, "Too much 'stingy' buying."

Thousands of merchants, some of the biggest and many of the smallest, walk into the new business year as boys walk out on the ice in the early skating season, afraid to put one foot ahead of the other.

Colonel Friedsam, wise with the wisdom of years, and young with the energy of youth, sets a good example when he says, "Know what you want, buy it, and don't buy stingily."

The Reverend Bernard I. Dell, dean of St. Stephen's College, Columbia University, says American education is on the down grade, because our public school system gives "smatterings of predigested information, instead of training young minds to function."

Pumping mental food into the human mind, like pumping mush into a Strasbourg goose, is not beneficial.

A boy turned loose on a farm, able to read and write, with some good books and little or no schooling, may have more education at twenty-one than nine-tenths of our school products.

He sees and thinks, and the majority of school children don't see and don't think.

Those still young remember the first announcement of X-rays. Pictures in Sunday newspapers showed, dimly outlined, skeletons of rats or cats revealed by X-ray penetration.

Next came X-ray pictures of broken bones. Now the X-ray is as much a part of industry as it is of surgery and medicine.

According to the latest amazing announcements the "Gamma ray" enables scientists to look through solid steel, beams of skyscrapers or the armor of battleships.

Thus weak spots can be detected, any defect inside of the metal being actually "seen." This reminds you that men can do whatever they can imagine.

George Russell, known as "AE," has arrived in America to lecture throughout the United States on agricultural life, possibilities of co-operation, and, above all, the art of making that life an ideal one of true happiness, as opposed to a life of sordid, endless labor.

Mr. Russell, an intensely patriotic Irishman, is a brilliant poet, and an artist of ability.

He comes, as he says: "To talk with us, not to teach us," and is much interested in the 89,000 abandoned farms in America, with their unused 19,000,000 acres, saying truly that the vitality of a nation "dies when its farms are brought to the point of exhaustion."

Good citizens, including Jane Addams, President Angell, of Yale; President Butler, of Columbia; Owen D. Young and Elihu Root, are interested in Mr. Russell's tour of the United States, arranged and underwritten by Mrs. Mary Harriman Rumsey, daughter of the late E. H. Harriman.

ONE THING AND ANOTHER
By L. D. G. BENTLEY

There has been frequent reference during the present political campaign to "threat of reprisals" on the part of the voters. This means in plain langauage that a group of people are determined to get back at somebody for what they appear to have done or failed to do. It is a severe indictment of the electorate to say that many a vote is based on a feeling of retaliation, but nevertheless it is true in many instances.

After the permanent 1931 schedule of automobile rates were promulgated by the State Insurance Commissioner, I heard several men say, "Allen is licked." They were brief in their statement but it was significant. What they sought to convey was that because Governor Allen had failed to reduce the rates on compulsory automobile liability insurance he should be defeated for reelection. The Governor has no such authority but his critics seem not to understand that.

I suppose that the exercise of suffrage is the right and privilege of every citizen. The constitution which gives each of us that right does not require that we use any intelligence in marking our ballots or even considering in advance the reason for our voting. If it did many people would be forced to think about such things as these very automobile insurance rates and their relation to the Governor of the State.

Let every Democrat vote for his candidate and let every Republican vote for his, but in mercy's name do not allow judgment to be biased by things of which one may be uninformed. The automobile insurance law is an experiment. It was created by the Legislature and that body has had several chances to amend it. The present Governor has never opposed improving it and for that matter has expressed the hope that it would be altered in order that the people would be benefited. But the Legislature has allowed the whole thing to ride, for what reason I do not know. How absurd then to take a wallop at the Governor, through the agency of the State election ballot, just because the slumbering General Court has overlooked a plain duty.

I sincerely hope that this will not be construed as a campaign document in behalf of any candidate or any party. What I do hope will be accomplished is the setting straight of some individuals who have been misled or misinformed. The readers of this column are not in that class, I am sure, but they can help spread the spirit of fair play by reminding people, who threaten vengeance on a candidate because of this or that circumstance, that common sense tells everyone of us to think a matter over before we hastily do something we may later regret.

Somehow or other every daily newspaper reader has become so familiar with the word "shake-up" in connection with a police department that he must think the whole police business is one of constant movement. You seldom read of "changes" in the administration of such a body. Instead it is invariably a "shake-up." It makes us wonder if there is anything else going on in police departments. Have they opportunity to perform their regular duties and how can the executives find time for much of anything except "shaking-up" their subordinates.

My very complete edition of Webster's does not help me in determining from whence comes this terrible word "shake-up." It is not contained anywhere in its pages. "Shake-down" I find has two meanings. .One is "an improvised bed" and the other "a boisterous dance." Nothing is said about the police. I am going to write to the editors of this dictionary and suggest they add to the next edition the following: "Shake-up—what happens every time transfers occur in a police department."

Happily Newton does not get much publicity because of its police department. That organization has grown but might well be larger if you ask my opinion. However, we are not going to get anywhere by asking for more policemen when the Board of Aldermen have such a tight grip on the city's purse strings. Newton's Police Department has a new head and associated with him are new ranking officers, at least experienced officers who have been promoted.

We learn that our new chief, the two new captains, lieutenants and sergeants were taken from the Civil Service eligible list in the order in which their names were certified by the Civil Service Commission. Supported by our own personal knowledge many of us are ready to commend this unbiased and unprejudiced selective system which we call Civil Service. We certainly can find no fault with the results and should commend Mayor Weeks for basing his appointments on the solid ground of merit and rating established by competitive examination.

Now then, Chief Hughes starts out with a proved capacity for his work. He has been appointed to run the department and should be permitted to do so without advice or interference.

The other evening I was chatting with some friends in a drug store and noticed that an elderly man was occupying one of those small chairs at what I supose may be called the ice cream tables. It seems he was waiting for a prescription to be compounded. When it was ready, he got up, carefully placed the chair where it belonged. In other words, instead of leaving it in the middle of the floor he tucked it under the table at which he had been sitting. He was merely considerate of other people—which means he was a gentleman.

At another table there were three people who, after they had been served, got up and left their chairs in the middle of the floor. It would have been a simple matter for them to do as the elderly gentleman had done. But no, these three gave no thought to the convenience of other patrons and allowed the chairs to remain where they would interfere with the movements of future customers.

It was only a small thing but it goes to show, in my opinion, that the ratio is about three to one in the matter of thinking of other folks. Three men will consult the telephone directory and leave it on the counter. A fourth will restore it to its proper place.

I recall that at a farm boarding place the owner provided his guests with copies of the Sunday newspapers. Some of the readers took their copies into the hammock, others to their chairs on the veranda. One or two carefully folded up each section as it had been read. Others, the majority, allowed the papers to fall as they would and made no pretence at picking them up.

The farmer's wife, one of those aggressively neat housekeepers, remarked to me, "How different folks are. Some of them don't seem to care where they leave newspapers and how much work they make for other people." She was merely facing one of those problems of daily life which many of us fail to understand. The thoughtless, indifferent person lets whatever he may be using drop when he is through with it. The careful, methodical soul remembers the maxim, "A place for everything and everything in its place." The latter is looked up as fussy and old-fashioned. The other as up-to-date. I have my own opinion. How about you?

There is a good deal of art about big parades. It takes somebody who knows his stuff to run one and it also requires a genuine appetite for this sort of thing to hang on to a place on the sidewalk for hours in order not to miss anything. There are many people who would walk miles to witness a marching spectacle and there are others who would run miles in the opposite direction to escape it.

Funny about this difference in tastes. The day of Boston's tercentenary procession I found one man in Newton who could barely wait for the time to pass. He had paid for grand stand seats and was all expectancy like a boy. A friend of his came near getting very much in bad by asking, "What parade?" and "first I've heard of it."

So, you see, what pleases some people doesn't impress others. I don't think that there is any aversion to parades, but that the presence of crowds is the chief dread. You will hear it said, "I wouldn't mind seeing it if I could have a front seat." That explains,, as I view it, a whole lot. Many do not like to be shoved and pushed and prefer to be allowed to remain in the quiet of their own domiciles. On the other hand I know others, not young folks either, who can't see too many parades. They will start out in the morning and seize an advantageous point, regardless of the number of hours they are obliged to wait for the head of the column.

These same folks will just sit and eat up "division after division." Six hours is none too long. Ten hours or more would in no way discourage them. I confess that as much as I like to view parades I am perfectly satisfied with an hour or two. However, I don't object to long processions for I look upon them as a sort of free show and holiday for everybody. The spirit of the people always proves that such spectacles are good for us.

During the most recent parade I happened to be standing in a group which included a mother and her nine-year-old daughter. The father was in the procession. The child was naturally eager to see her daddy and did her best to conceal her impatience. The parade was more than half over when "Daddy" came along. He waved and the little girl and her mother waved back. Everything turned out beautifully. There were nearly two hours or more of the parade yet to pass.

"I think it would be nice," sighed the nine-year-old, "if this was all."

Certain conversations seem to go with certain seasons of the year. It seems that for the past few weeks I have heard more discussion of roads and their conditions than during the previous eleven months. Here is a sample of things that I have been listening to:

"Where did you go in your car?"

"I went through Maine to Canada."

"How did you find the road?"

"Some places good and some places terrible."

As far as I have been able to observe most everybody had a fifty-fifty experience. One man said that he would never take advice again from a Canadian customs official. It appears that one of these dignitaries urged him to stick to a Dominion highway which he promised was ideal. "I could shoot that bird," said the indignant Newtonian. "He probably wanted us to remain in Canada and spend our money there so he lied like sin about the roads."

Similar protests have been made by drivers who went in all directions to get away from Massachusetts. Possibly they learned thereby to more fully appreciate the splendid road conditions of their home State. It often takes a good stiff object lesson to make some people grateful.

NORUMBEGA DISTRICT COUNCIL OF RELIGIOUS EDUCATION

The Fall Meeting of the District Council was held last week Tuesday evening, with a good attendance, representing many of the churches in the Norumbega District.

Dr. Mark H. Ward of Newton Highlands, President, called the meeting to order, introduced some of the newcomers to the District, called for reports from committees and then introduced Rev. Dwight Bradley of Newton Centre, who gave a talk on "Next Steps in Religious Education."

This talk gave a vision of some of the opportunities ahead of religious education. Mr. Bradley said the time must come when religious teaching in our church schools would be of a challenging type, dealing wtih the highest Christian ideals as they should actually be carried out in business, personal and world relationships.

The committee on Weekday Religious Education, of which Rev. E. L. Shaver is chairman, has been attempting by a questionnaire to find out what religious education outside of Sunday School is being provided for children of the Junior Department age (9 to 11) in the churches of this District. Only a partial report could be presented, as many churches have not yet responded. There seems to be considerable interest in having some more religious education for Juniors than can be accomplished in the church school hour on Sunday.

Mr. Lawrence Littlefield, president of the Young People's Cabinet, reported that the District Y. P. Conference will be held this Fall on November 28 and 29.

The treasurer and other officers and committees also presented reports. Facts concerning the District School of Religious Education, which begins its tenth season next Monday evening, will be found elsewhere in the Graphic.

WOMAN'S ASSOCIATION OF CENTRAL CHURCH

The first meeting of the fall was held on Wednesday, October first. At ten o'clock handwork was in readiness, Mrs. Charles R. Lynde directing the surgical dressings and Mrs. Fred W. Rust in charge of the sewing. A table of attractive children's dresses was displayed and orders taken by Mrs. Charles W. Stewart and her committee, who are working for the Bazaar to be held Nov. 13th and 14th. At one o'clock luncheon was served, Mrs. James L. Shattuck, chairman. The president, Mrs. R. E. Chambers, presided at the meeting which followed the luncheon. Mrs. Thomas Chalmers led the devotional exercises and Mrs. C. G. Edwards played for the singing of the hymn. Mrs. Chalmers spoke of companionship in its human and divine meaning. Sometimes tasks that seem insignificant to the individual worker take on new values when seen as a part of the whole. We all need the inspiration derived from companionship. It is through these contacts that our natures become "wells of water." And this is especially true in regard to the companionship with Christ.

In referring to the new year book, Mrs. Chambers noted the names of those who were held in memoriam: Mrs. William Henderson, Miss Susie Dickinson, Mrs. William Price, Miss Helen Smith, Mrs. Edwin Gardiner and Mrs. Bishop; also the former missionary of the Association, Miss Mary Kinney. Mrs. A. H. Decatur told of the plan to send a Christmas box to Miss Abbe Wallace, who has recently arrived at Madura, India, where she will teach at the Capron Hall School for girls, as the missionary from Central Church. This box will express a personal interest in Miss Kinney and later one will be sent to assist her in her work with the girls.

Most interesting reports were given by heads of the Bazaar committees, giving promise of a very successful occasion where household, and fancy articles, books, candy, men's furnishings and many other useful and artistic gifts will help solve the problem of what to select for Christmas. The enterprising Bazaar chairman, Mrs. Robert Whitehill, has already conducted a rummage sale to help supply needed funds for the various departments and will undertake another in the near future.

Dr. William L. Nute of Abana, Turkey, in speaking of his work said, "I would like to talk about the vision of what we are going to do." Though forbidden to teach religion in that country, Dr. Nute felt that in living it there was still greater potency. He noted the change in children through the introduction of the playground system and he had a vision of a more extended work in a school removed from the noisy and crowded center of the industrial city. He valued the hospital and nurses' training school where the young girls learned to do cheerfully the hard manual tasks, and through their hands manifest the spirit of loving service.

"Where cross the crowded ways of
life,
Where sound the cries of race and
clan,
Above the noise of selfish strife,
We hear Thy voice, O Son of Man."
ALICE K. TITUS.

ELIOT CHURCH WOMEN BEGIN ACTIVITIES

The Woman's Association of Eliot Church begins the work of the year on Tuesday, Oct. 7, and it will be an interesting day. At 9:30, there will be sewing for the Missionary barrels, and for the sale coming in November. Surgical dressings will be made for the Cagayan Hospital, Philippine Islands.

At 10:00 o'clock, the Executive Board will meet, to be followed at 11:00 by the business meeting when chairmen of committees will outline their plans of work for the coming year.

At 12:30, the Annual Membership luncheon will be served, and following this, through the courtesy of the Edison Electric Illuminating Co. of Boston, Mass., Sarah Harding Hunter of the Lecture Division will give the picture story of the "Evolution of the Home in New England."

Tickets for the luncheon may be secured from Group leaders.

THE CHILDREN'S MUSEUM

Talks scheduled for October week ends at the Children's Museum bid fair to be well attended for there are a variety of interesting subjects for Saturdays, Sundays and the holiday. This week bird-lovers will have a real treat in an illustrated talk titled, "The Birds Work Too!" True enough, when one glances at the services they render as shown on the brief outline of the talk! How they eat insects and even mice—how they sing for man's delight—how they flash about in gay plumage for his beauty-loving eye and, moreover, their habits of nesting, feeding and so forth will be explained by Miss Mildred Seymour in an afternoon of bird-lore. The talk is at three, as usual.

Spiders, Switzerland, The Emerald Isle—the program of talks for October carries one far afield. The complete list may be had on application at the Museum or by a mailed request.

The fall activities are well under way with classes trooping up the wide stairs to the lecture hall for School Talks on nature, geography, industry. Two talks proving extremely popular are on Trees and Sea Life.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

GREETINGS to the Clubwomen of Newton, who are about to begin a new season of interesting activities. There is probably no person, or group of persons, who has as many opportunities to celebrate a New Year as the Women's Clubs. They have individually, and as an organization, in the matter of parties, revues, plays, and a number of other clever and entertaining ways to raise money (which usually come in January) the New Year of January first. They have the annual closing of accounts and stocktaking of Club housekeeping of the spring, after which new officers hold the opening board meeting and formulate plans for the next year. And then there is yet a third opportunity for a New Year, when the fall season opens, and refreshed from a long possibly lazy, summer, they return with the vim and vigor of the snappy season to think up and carry forward brilliantly colored ideas and happy thoughts of progress, education, entertainment, and artistry. In the following of their events, and in their chronicling, the editor wishes them all success and progress, and will enjoy seeing in the official column the records of their splendid doings.

Christian Era Study Club

The Christian Era Study Club will hold the first meeting for 1930-1931 on Monday, October 6th, at 3 p.m. The president, Miss Ella B. Smith, will entertain at her home, 15 Vista avenue, Auburndale. A course of study has been arranged on "Wars, Statesmen, Inventors, Writers." Two papers will be read: one on "Italy in 1848—Mazzini," by Mrs. Edward P. Allen; and another on "Mrs. Browning," by Miss Blanche M. Noyes.

Newton Upper Falls Woman's Club

The first meeting of the Newton Upper Falls Woman's Club will be held in the Emerson School Kindergarten, Monday evening, October 6th. There will be a reception, followed by reports of the May meeting of the State Federation, and also a review of the Club's summer activities in the Newtons. In celebration of the Tercentenary, a trio from the Eighteenth Century Orchestra will furnish music. Mrs. Horace B. Gale, Twelfth District Director, and Mrs. Samuel Braman, president of the Newton Federation, will be the guests of the evening. Refreshments will be served.

Auburndale Review Club

The Auburndale Review Club is starting the year 1930-1931 on the forenoon of Tuesday, October 7th. As the topic for this year's study is to be "Literature," the Program Committee, consisting of Mrs. Eugene Ufford, Mrs. Susan Tuttle, and Miss Margaret Haskell, have planned an automobile trip for the first meeting, which will take in the homes of several of our American authors. All Club members are requested to meet promptly at the home of Mrs. Ufford, 231 Central street, at 10:30 o'clock.

There will be a short business meeting for the purpose of ratifying the program, conducted by the president, Mrs. Ernest F. Drew, after which, all who are willing to use their cars, are requested to see that all others are accommodated.

The first stop will be at the Hartwell Farm, in Concord, where luncheon will be served. At this time there will be the usual Roll Call, to which each is requested to respond with either a quotation from, or an incident in the lives of Emerson, Hawthorne or Louisa Alcott. As there are many places of interest to be seen in that vicinity, all will be free to choose those in which they will be the most interested. The return trip by way of Lake Walden will include the spot where Thoreau often wrote.

Woman's Club of Newton Highlands

The Newton Highlands Woman's Club, of which Mrs. Harry P. Forté is president, will hold their first meeting on Tuesday, October 7th, at 2.30 p. m., in the Parish House of the Congregational Church. It will be an informal re-union after vacation, with an opportunity to welcome new members during the tea hour.

Mrs. Samuel N. Braman, president of the Newton Federation, and guest of honor, will speak on Federation topics. Mrs. Charles G. Wetherbee, first president of the Club, and Mrs. Albert I. Mackintosh will also address the meeting.

In observance of the Tercentenary, an interesting program of music of Colonial and Revolutionary days, with a costumed chorus, has been arranged by Bessie Talbot Fosgate, assisted by Mrs. Raymond Simonds, chairman of the Music Committee.

Newtonville Woman's Club

The Annual Reception of the Newtonville Woman's Club, a most enjoyable social event which always opens their Club season, will be held on Tuesday afternoon, October 7th, from 3 to 5 o'clock, at the home of Mrs. Donald Eugene Rust, of 147 Highland avenue. Music will be furnished by Mr. Franklin G. Field, Baritone, with Miss Lillian West as accompanist.

Mrs. Gorham W. Harris and Mrs. J. Mace Andress will pour. The arrangements for the Reception have been under the direction of Mrs. A. William Krause, who has been assisted by her committee.

State Federation

RADIO. There is a change of day and station for the State Federation broadcasts.

Listen-in station WBZA every THURSDAY morning from 11:30 to 12 o'clock.

Next week, October 9th, Mr. Alton Hall Blackington will broadcast "The Romance of News Gathering," for the department of Press and Publicity. Laura Cobb Thompson, Soprano of the New England Conservatory of Music, accompanied by Miss Helen Wilson, will sing a group of songs at 11:40. At 11:50 Mrs. Arthur J. Crockett, Fifth District director, is sending out an air message on "Loose-leaved Minds." The title is especially catchy, promising an interesting talk.

STATE FEDERATION FOREST. The Forest of the State Federation is an accomplished memorial to the State Federation. Called the Forest and Wild Life Reservation of the State Federation of Women's Clubs it will be dedicated at 3 p. m. on Thursday, October 9th, on the day of the Thirteenth District Confeence. This will be held at Barre in the morning, and Clubwomen who wish to attend the dedication may do so by joining the Conference party at Petersham Centre at 2:30 o'clock. Transportation, also, will be provided from Barre, for the Clubwomen who attend the morning session. Luncheon tickets at 85 cents may be obtained from Mrs. Sherman Haight, of Barre, the luncheon taking place at one o'clock. The "State Forest" is of special interest to Clubwomen of Newton, as work for its success was under the chairmanship of a Newton woman, Mrs. Daniel M. Goodridge, former State chairman of Conservation.

Newton Community Club

The first meeting of the Newton Community Club will be held, Thursday afternoon, October 9th, at 2:30 o'clock, in Underwood School Hall.

A musical program by an outstanding group, The Anna Eichhorn Ensemble, will furnish a carefully arranged program. This group consists of Anna Eichhorn, violinist; Kathryn Perkins, harpist; Claramond Thompson, contralto; and Eulalia Buttleman, accompanist. The unique and interesting combination of instruments and voice, together with the high standard of the artists, should produce an exceptionally enjoyable concert.

A reception to Mrs. Henry P. Curtiss, president, and other officers, will follow, after which tea will be served by the Social Committee.

Auburndale Woman's Club

The Auburndale Woman's Club is opening the season of 1930-1931 on Thursday afternoon, October 9th, at 2:30 o'clock, in the Auditorium of the Auburndale Club. There will be the usual business session, at the opening of which a group of the Auburndale Girl Scouts will be on the platform, bearing the National emblem, as well as those of their organization, and will present them for the customary salute when a member of their Bugle Corps, Miss Dorothy Nicholls, gives the Call to the Colors.

The Club has made it a practice to send its president as a delegate to the Biennial Conventions, and as the Program Committee, under the chairmanship of Mrs. Charles B. Floyd, felt that an account of the one held at Denver last June would be of vital interest to the Club, the president, Mrs. Charles Carter Willson will review her trip, and give the "High Spots of the Convention."

A Food Sale has also been planned for this meeting, the proceeds to be used by the Auburndale Woman's Club Chorus, which has an enviable reputation all over the State. This will be held in the Club Lounge, and will be in charge of Mrs. Clifford P. Parcher, chairman of the Chorus for the coming year.

West Newton Women's Educational Club

The first meeting of the West Newton Women's Educational Club will be on October 10th in the form of a picnic, to be held at Nipemic Lake, Mendon, Mass. Mrs. William D. Keefe is chairman for this affair, which offers such possibilities for sociability and enjoyment of the country in its autumn colors.

MOVING PICTURES. The report of the National Committee of the General Federation that reviews moving pictures will be of service to Clubwomen who desire to see good pictures, and to save time and money in patronizing the cheap and vulgar. It also is a protection in advising parents as to the pictures they should permit their children to see. Comparison of the opinion of these earnest and honest Clubwomen who give their time to seeing these pictures with the commendatory comments of moving picture managers and advertising men will be interesting. Circulars with which citizens are deluged telling how excellent are certain pictures are far from agreeing with the comments of the Preview Committee, in fact one such circular stated that all who had seen a particular picture, including members of women's clubs, were unanimous in praise, and the Preview emphatically states of this same picture that the vulgarity and offensiveness is such that there seems no excuse for making the picture, since entertainment value is nil.

The following pictures are listed as FOR ADULTS ONLY, the statement being that children should not see them:

"What Men Want," "Animal Crackers," "Soup to Nuts," "A Devil With Women," "The Sea Wolf," "Dangerous Nan McGrew," "Little Accident," and "Follow Through," are not only NOT FOR CHILDREN, but have little to recommend them to the adult audience, either being of mediocre entertainment value, or of a positive coarseness and vulgarity that is not enjoyable even to adults.

The following are for ADULTS ONLY, and have some interesting feature, either in excellent production, good story, or good acting: "Lawful Larceny," "Eyes of the World," "The Conspiracy," "Outside the Law," "Our Blushing Brides," "Raffles," "On Your Back," "The Spoilers," and "Anybody's Woman."

Pictures that are for all ages, and have entertaining features are: "Abraham Lincoln," "Love in the Rough," "The Sea God," "Sap From Syracuse," "Spurs," "The Doughboy," "Queen High," "In the South Seas with Mr. and Mrs. Pinchot," "Love Among the Millionaires," "The Santa Fe Trail," "Monte Carlo," "Sons of the Saddle," "Lost Gods," "The Silent Enemy," "Singer of Seville," "'Trigger Tricks," "Pardon My Gun," and "Last of the Duanes."

Pictures that are recommended for ADULTS and ADOLESCENTS, but NOT for CHILDREN are: "Old English," "Inside the Lines," "Manslaughter," and "Romance."

EGYPTIAN THEATRE

"Let's Go Native" is the feature farce comedy at the Egyptian Theatre, Brighton, starting on Sunday. It is replete with action by such stars as Jack Oakie, Jeanette MacDonald and others.

Bulldog Drummond is back again in a mystery melodrama, "Temple Tower" the co-feature with "Let's Go Native." Kenneth MacKenna is the debonair Drummond in this latest and most thrilling story of the adventure of fiction's most popular detective.

"Queen High" is the feature for Thursday, Friday and Saturday. The story is based upon the musical comedy of the same name and is even funnier than the stage version with Charlie Ruggles playing the role of the inebriated butler. Ginger Rogers and Stanley Smith supply the love interest and render the snappy song hits in tuneful manner.

On the same bill vivacious Lupe Velex has a role that fits her like a glove; a tempestuous French-Canadian girl, snow bound in the white wilderness with two fighting men. "The Storm" will move you with its dramatic power and scenic beauty.

CHRISTIAN ENDEAVOR NEWS

At the Cabinet meeting of the Norumbega Christian Endeavor Union held last Tuesday evening at the home of the treasurer, Harry Woodman, in Watertown, plans for the year were discussed by the officers and committee chairmen. George Forbes, auditor of the Union, was appointed chairman of a committee to plan a decorated car for the parade at the State Convention in Lawrence on October 13th. It was the desire of the group to invite the Sagamore C. E. Union to meet with Norumbega Union on Tuesday, December 9th. The group also authorized the purchase of a new Union banner, the money for the same to be raised by public subscription. Following the business session, refreshments were served by the hostess; Eunice Woodman. Among the young people present from Newton were Dorothy Jones, Union vice-president; Newton Jones, president of the Lincoln Park Baptist C. E. Society; Rev. John Shade Franklin, Union counsellor; Mrs. Rose Kinney, Union Intermediate chairman; Walter Upham, Campaign chairman; Bessie McCassie, Union Missionary chairman.

At the Consecration Meeting next Sunday at the North Congregational Church, Miss Ruth House will conduct the meeting, taking as her subject "How May We Help Folks in Our Community?"

Several members of the Lincoln Park Baptist Church (West Newton) plan to attend the State Convention in Lawrence next week-end.

LAUNDRYMEN OF TWO NATIONS WITNESS DEDICATION

After thirty years of endeavor, one of the most outstanding achievements in the history of trade association activity has been attained on the completion of the beautiful new building at Joliet, Illinois, known as the American Institute of Laundering.

This great institution is dedicated to the purpose of creating higher ideals and greater perfection in laundering methods. Thousands of laundryowners throughout the United States and Canada are members of its Association, and it is to the Institute they turn when in need of advice and counsel concerning laundering ethics.

Massachusetts is fortunate in having a nationally known laundry leader in its midst, Arthur T. Downer, President of the New England Laundries, Inc., who is also Vice President of the American Institute of Laundering. Mr. Downer's leadership in all that pertains to the progress of an industry whose growth through the years has been amazing has brought him national recognition. In 1898 he first established the Winchester Laundry, later erecting another modern plant in Watertown, and adding a plant in Lowell. In 1926 these three laundries with five others in Massachusetts merged and became known as New England Laundries, Inc., now an important factor in New England's industries.

AMERICAN WAR MOTHERS

It was a great inspiration to the state organizer, Mrs. C. G. Francis, to have so many mothers respond to the invitation to meet together from local chapters in Boston, Cambridge, Dorchester, Gloucester and Worcester to assist in perfecting the Massachusetts Chapter. Mrs. Virgil McClure, the National President, will arrive in Boston Sunday as a distinguished guest of the American Legion Auxiliary and later will visit her war mothers in Maine and Rhode Island. Also will attend a meeting to be held on Friday evening, Oct. 10th, at Hotel Statler, Boston, at 8 o'clock to install the newly elected Massachusetts chapter officers to which all mothers eligible are invited.

GIRL SCOUTS

The first meeting of the new Court of Awards for the Newton Girl Scouts was held at the home of Mrs. Grosvenor Marcy on Wednesday of this week.

The work of the committee as outlined last spring was talked over and plans for making this committee a very active one were determined.

The Executive Committee will meet once a month to pass on special awards. The Committee is composed of: Mrs. Marcy, chairman, and Mrs. K. K. Karrick, secretary, both of Newton Highlands; Mrs. Albert Root of Waban; Mrs. Arthur Root, Jr. of Waban; Mrs. Roger Hodges of Newton; and Miss Caroline Freeman of West Newton, the local director.

The other members of the Court of Awards are Mrs. Ward I. Cornell of Newton Highlands, Mrs. John M. Gallagher of Newton Highlands, Mrs. Donald Williams of Auburndale, Mrs. William MacNaught of Auburndale, Mrs. Arthur Colby of Newton Upper Falls, Mrs. Edmund Ogeden of West Newton, Mrs. W. W. Bigelow of West Newton, Miss Marion Elliot of Newtonville, Mrs. Dale Brown of Newton, Mrs. Charles Riley of Newton Centre, Mrs. George Reinhardt of Waban, Miss Margaret Gould of Newton Upper Falls, and Miss Priscilla Ordway of Newton Centre, the representative from the Officers' Association.

Most of the Girl Scout Troops in our city have started their meetings and the attendance has been large and enthusiastic. Those who have not already begun will do so within the next two weeks.

Any girl ten years of age or over wishing to join the organization will please get in touch with Newton Girl Scout Headquarters at 297 Walnut treet, Newtonville for information about the troops.

WOMAN'S CLASS ENTERTAINS

The Woman's Bible Class of the Newtonville Methodist Episcopal Church gave a rally party to the adult members of the congregation in the assembly hall of the church on Tuesday evening of this week.

The evening's program was opened with a short devotional service conducted by the class teacher, Prof. W. J. Lowstuter. Throughout the remainder of the evening, here, as everywhere at the present time, the tercentenary spirit was manifest. Historical charades were presented by two groups, selected geographically with the B. & A. railroad tracks as the dividing line. The groups thus formed were almost uniform in numbers.

Some of the subjects portrayed were: "The Louisiana Purchase," "Salem," "The Armistice," "Miles Standish," "The Lewis and Clark Expedition," and "The Arbella."

Scenes from "The Courtship of Miles Standish" were given in pantomime by Mrs. Robert E. Bruce, Mr. George W. Taylor, and Mr. Frank E. Morris, who assumed the roles of Priscilla, Miles Standish, and John Alden respectively. The performers were fittingly attired in crepe paper costumes, made by the guests, who used materials which had been carefully selected by Mrs. Howell E. DuPuy. Mr. Henry W. Webster added further enjoyment to this feature of the program by an appreciative reading of selections from the poem.

Frankfurts and rolls with coffee and grapes and lollipops were served by the refreshments committee, with Mrs. Alfred A. Alexander in charge.

LASELL SEMINARY

The Old Girl—New Girl Dance will be held at Bragdon Hall on Saturday evening, October 4, under the auspices of the Student Council.

On Sunday evening, the Rev. Donald Horton, of the Leyden Congregational Church, Brookline, will be the Vesper Service Speaker.

KIWANIS CLUB

In observance of American Legion Day—October 7th—the Newton Kiwanis Club, at the suggestion of Attornew James P. Gallagher, past president, decided to hold its regular weekly meeting on Monday next week instead of Tuesday. The Kiwanians also voted to contribute $25.00 toward the upkeep of the "Casey" Hut which is maintained as an "outpost" of the American Legion Convention at Centre street and Commonwealth avenue.

Maxwell Hutchins of Auburndale, State Fire Warden, was the speaker of the day. He described the dry condition of the forest lands in Massachusetts, during the past summer as the worst in history, and predicted that the state's timber losses by fires—many of them carelessly started—will be greater than ever. He warned motorists against throwing matches and cigarette stubs away near forest lands pointing out that last year's Legislature enacted a law which makes such careless persons liable to a $25.00 fine for such offense.

Among interesting staitstics quoted by Mr. Hutchins were the facts that 200,000 citgarettes per minutes are discarded in United States; and 400 acres of spruce is used up every day of the year for the manufacture of the paper on which the newspapers of the United States are printed. One New York Sunday newspaper, he declared, uses 16 acres for a single issue.

James P. Gallagher, a delegate to the recent district convention of Kiwanians International at Worcester, reported on the activities of the various sessions there. This convention is believed to have been the largest ever held by any Kiwanis district, 1523 persons attending.

SHOWMAN SAYS REVIVAL'S HERE

Good times are merely a matter of feeling good, feeling joyous and optimistic, in the opinion of Manager J. N. Snider of the Paramount Theatre, Newton, who is suiting action to the thought by preparing plans that will make his house a sort of hub for the wheel of "Prosperity Week" in this city Oct. 5 to 11. As sponsor of the "Prosperity Week" program in which this community will participate, Manager Snider, with the support of the Business Men's Associates will revive "Dollar Day" this year and celebrate that event on Monday, October 6th. The Paramount Theatre will have a family matinee bargain on Monday afternoon whereby the entire family can see the afternoon show for $1.00 (limited to six people).

The Program for the first half of Prosperity Week will be Claudette Gilbert in "Manslaughter" with Fredric March. It is a picture that has been drawing big houses wherever it has been shown. On the same program will be Edward Everett Horton in "Wide Open" with Patsy Ruth Miller.

For the last half of the week the feature is "Social Lion" with Jack Oakie. The other half of the bill is Louis Mann in "Sins of the Children." The Saturday performance will be continuous from now on from 1.30 to 10.30.

Mr. Snider announces further several other forthcoming features including "All Quiet On the Western Front," "Follow Thru," "The Santa Fe Trail," "Monte Carlo," "Heads Up," "Laughter," "The Virtuous Sin," "Feet First," and "Her Wedding Night."

AUTOS CRASH AT NEWTON

A car driven by John Quigley of 261 Crescent street, Waltham, hit a car parked on Washington street near Walnut park, Newton, last Friday. In the parked car were Raymond Veduccio, Riverdale avenue, Nonantum, James Marchino, Nevada street, Newtonville, and Louis Cotone of Lexington street, Watertown. Veduccio complained that his back was injured and his companions complained of slight injuries. They were treated by Dr. Amendola.

RUMMAGE SALE

Contributions of clothing and household articles are urgently requested for the rummage sale to be held at 306 Centre street, Newton Corner, on October 8 and 9, from 10 a. m. to 5 p. m. Articles may be left at the store 306 Centre street, October 7. If necessary articles will be called for. Telephone Newton North 0086.

High School Football

Team To Be Strengthened For Game With Everett Next Monday

The Newton high school football team will be strengthened for the game on Monday afternoon at Everett in the second Suburban league encounter of the season for the local outfit. The game will be played on Monday, which this year is a holiday because of the fact that Columbus Day falls on Sunday. The return of Perry Elrod, who will be starting his first game of the year, and Bernard Litchfield, outstanding player for the orange and black against Malden in the opener, to the backfield is of considerable importance to the Newton team. Both are backs of proven ability who should bolster the Sullivan coached outfit both offensively as well as defensively. Elrod has been out of action since receiving a hip bruise in a scrimmage with Wellesley high school in preparation for the Malden game. He is Newton's best running back and with Warren Huston at quarterback gives the local team two triple threats as either of this pair can run, kick, or pass.

Litchfield made more tackles in the Malden game than any other player on the local team and his work in backing up the line doubtless saved a much higher score against Newton that day. He received an ankle injury that kept him out of the Cambridge game last Saturday where his loss was keenly felt. He can hit the line for consistent gains and is sure to make his presence known at all times against Everett.

Warren Huston, whose playing in the Cambridge game stood out, will quarterback the team on Monday. With the aid of Elrod and Litchfield he should be an important factor in the Newton offence. The fourth member of the local backfield will be John Shorten, at right halfback. Shorten works well with the other three players and has had the most experience of any of the other backs on the Newton squad, being a letter man from last year's eleven. He is being closely pressed for the starting berth by Walter Blackler. The five players mentioned above are Coach Sullivan's strongest and all of them will probably see considerable action. In addition the Newton mentor also has Captain Harold Strombom, Philip Layton, both 1929 letter winners, and Jim Sutcliffe, Bill Duane, and Willie Mullen to call upon as ball-carriers.

The Newton coaches have spent considerable time with the linemen this week in smoothing out the rough spots and giving them plenty of work in charging. In the two games to date the Newton forwards have been far from competent in this all-important phase of play and until the line does its part the backfield will consequently be slowed up. On Monday the starting line will be different than in the previous two contests. Robert Patterson retains his berth at centre. Although comparatively small and slight he makes up for this inadequacy with his aggressiveness and ability to pass. The Newton coach is not yet satisfied with the play of the guards. He has seven youths of more or less equal ability and in previous games has had to experiment with them all to a certain extent. Against Everett the probable starters will be Bill Gowell at left guard and either Jim Colligen or George Gulian at right guard. The two first named began the season as tackles but were changed over to guard candidates after the Malden game. If the starting pair of guards do not take care of their assignments on both the offence and defence in proper fashion they will be replaced in short order by the third mentioned above or any of the following quartet —Frank Vasalotti, Kosrof Kosrofian, Anthony DeMaio, or John Bray.

Charles Butler and Bill Giles have earned the starting berths as tackles but are being closely pressed all the time by MacLellan, Hodgkins, and Richardson.

The end positions, one of Coach Sullivan's biggest problems since the candidates first reported, are still perplexing the Newton director. With two of the end squad, George Hildreth and Natoli Sostillio, still on the injured list, Fred Perkins and Dick Bartley played almost throughout the Cantab game. Ten days ago Robert Bell, probably the fastest runner in the high school, reported for practice and was immediately assigned to the end squad. He played the last few minutes of the Cambridge game, relieving Perkins, and showed promise. In practice this week he has come along quickly and will probably start against Everett. On the other wing John Bruen, a converted back, is the likely starter. With the injuries to Hildreth and Sostillio the Newton coach looked his squad over for other possible ends and chose Bruen, who was assigned the role of substitute for Hartley although he did not get in against Cambridge.

It has been several years since Newton has been the victor over Everett and on the showing of the two teams to date Everett will probably be the favorite. But regardless of past performances when these two teams get together on the gridiron schoolboy fans know that a great game will be staged. Whether it is tradition that spurs the orange and black elevens on to greater things against Everett or whether because it takes the local youths a month of practice before they find themselves and begin to show results it is a matter of record that in recent years Newton's game against these ancient Suburban league rivals has been markedly superior to its earlier season contests. Therein lies the hope of a 1930 victory. In Monday's game the Newton eleven will be stronger in every way than at any time this season. Everett has yet to be scored upon, having won two of its

D. A. R. Meets

Lucy Jackson Chapter Discusses School Work in the South

State committee chairmen were guests at the meeting held in the chapter house on Monday afternoon, October sixth. A variety of interests were represented and worthy causes discussed, among them school work in sections of the south where outside help is needed in order to give the children in remote localities the opportunities which our American young people should have to prepare them for citizenship. Dr. Sloop spoke in a vivid way of the needs of the school at Crossnore. Why support such a school, might be asked. But when it is known that in this scattered and thinly populated community only $1200 in taxes are available for school purposes, one cannot wonder that outside help is needed to give a high school education. Dr. Sloop suggested the sending of used clothing as a great aid in providing finances for the school. This clothing can be sold very successfully and brings good prices. The school at Tomassee is a special object of interest in the D. A. R. organization and Massachusetts has paid for a room and hopes that the furnishing may be also supplied. It was stated that Henry Ford had been interesting himself in this phase of education and had given generously to another of these schools. The chairman of Student Loans made a plea for her department of work and urged that the fund which had been started should be completed. She felt that these loans are very helpful in aiding students who otherwise might be obliged to leave college before finishing their courses.

The work at the local chapter was reviewed by the various chairmen. Mrs. E. B. Parker reported the marking of several graves. At Everett the grave of Lydia Palfrey Bosson, great grandmother of Mrs. C. C. Rodman, has been marked with appropriate exercises. Other graves of the real daughters of the revolution were those of Olive Lovell Cushing and Ruth Cushing, buried at the Hull cemetery, relatives of Miss Florence Tower.

Members were reminded of the card party to be held October 21st and also of the course in contract bridge by Mrs. Prescott Warren, beginning October 23. Those desiring to join or obtain further information are requested to communicate with Mrs. Henry W. Newhall. By applying to Mrs. E. B. Parker arrangements may be made for renting the chapter house for entertaining. Mrs. Lewis R. Pike sang two groups of songs accompanied by Mrs. Harold Rich and Miss E. F. Jordan played the march for the standard bearers. Tea was served with Mrs. H. H. Haskell and Mrs. E. D. Dodge presiding at the table.

AUTO BREAKS GIRL'S LEG

Miss Margaret Worth of 17 Hunnewell avenue, Brighton, an employee at the Earnshaw Knitting Company at Nonantum, was seriously injured Saturday morning while walking on California street near the Watertown-Newton line. She was hit by a car operated by Alvin Young of Quincy, also an employee of the Earnshaw Company. The girl's left leg was fractured and she received cuts on her head. Young stated that he blew the horn on the car and the girl became confused and ran in front of the automobile.

Charles River

Legislative Action Necessary To Remedy Low Water Conditions

Attorney George P. Drury of Waltham, who is counsel for the Waltham interests seeking to correct conditions along the Charles River seeks the co-operation of all persons having riparian rights on the river in the area affected by the extreme low water level which has prevailed in recent months due to the alleged action of the Boston Manufacturing Company and Waltham Bleachery in causing excessive flowage of water from the basin above the Moody street dam at Waltham. At a meeting held Wednesday, Mr. Drury told of the apparent futility of attacking the more than century old flowage rights on the Charles of the now financially embarrassed Boston Manufacturing Company. He explained that any permanent relief must come through Legislative action and recommended that a petition be presented to the Legislature authorizing the Metropolitan District Commission to purchase or take the mill privileges and flowage rights of the two companies involved. Also that a special commission be appointed to study the diversion of waters that should be entering the Charles River. City Engineer Morse of Newton was present at the conference.

According to a report made by X. H. Goodnough, Chief Engineer of the State Department of Public Health, the condition prevalent in the Charles River is not caused by excessive flowage over the Moody street dam or through the sluiceway there. Rather, according to Mr. Goodnough, the long continued drought and the diversion of water from the river above the Waltham basin are the principal causes for the low level of the Charles between Waltham and Newton Lower Falls. Mr. Goodnough suggests in his report that to prevent recurrences of the existing nuisance in the river basin measures must be taken to limit the volume of water drawn from the Charles above Waltham, or build storage basins along the upper reaches of the river.

NEWTONVILLE MAN FOUND DEAD

Alfred G. Kenngott, 47, of 51 Otis street, Newtonville, was found dead yesterday afternoon at the rear of the city owned ledge off Lowell avenue, Newtonville. Mr. Kenngott departed from his home Wednesday afternoon accompanied by his dog. He did not return Wednesday night and yesterday the police were notified of his disappearance. Yesterday afternoon the small dog which had accompanied Mr. Kenngott returned home and the police were notified. Special Officers Feeley and Mullen and Patrolman Goddard, accompanied by sons of the missing man followed the dog which led the group to the secluded spot below Bigelow road where the body was found. Death was caused by a bullet wound in the temple.

Mr. Kenngott was a native of Buffalo, New York, and had been a resident of this city for about seven years. He was formerly prominently identified with the fire insurance business in Boston. He was a member of Norumbega Lodge of Masons, Syira Temple, Mystic Shrine of Pittsburgh, Newton Lodge of Elks. He had been active in Boy Scout Work in Newtonville. He is survived by his widow and three sons.

Veterans Dine

Annual Banquet of Claflin Guard Association a Great Success

The annual dinners of the Claflin Guard Association are always interesting and enjoyable and that held on Wednesday evening at the Brae Burn Club was no exception to the rule.

Capt. Frank L. Nagle, the president of the Association presided at the business meeting and also acted as toastmaster.

At the business meeting these officers were elected, president, Frank L. Nagle; vice presidents, H. Sinclair Weeks, Henry McCammon; secretary, Richard Cunningham and treasurer, F. L. G. Henderson.

The after dinner speakers included Hon. J. Weston Allen, former attorney general, Major General Mellville Barnes, U. S. A., Rev. Dr. Arthur M. Ellis of Central Church, Hon. H. E. Bothfeld, and Leon B. Rogers.

CHRISTIAN ENDEAVOR UNION

Dorothy Jones, vice-president of the Norumbega Christian Endeavor Union, will conduct the citizenship meeting next Sunday evening at the Lincoln Park Baptist Church, West Newton. Many of the Endeavorers of this society are planning to attend the State Convention at Lawrence on Monday accompanied by the society president, H. Newton Jones and the pastor, Rev. John Shade Franklin.

Former Mayor Edwin O. Childs of Newton will conduct the Senior Christian Endeavor meeting next Sunday at the North Congregational Church. Mr. Childs will take for his subject "Marks of a Good Citizen." Last Sunday evening Dorothy Jones and Mildred Isakson, officers of the Norumbega C. E. Union, attended the meeting and spoke about the State Convention. Over thirty-five young people were present at the meeting which was under the leadership of Ruth House. The singing was led by Robert Frye.

The annual election of officers took place last Sunday evening at the Newton Upper Falls Baptist Christian Endeavor Society, the following officers and committee chairmen being elected: Esther Marcy, president; Gilbert Marcy, vice-president; Mary Arbuckle, secretary; Douglas Hilliard, treasurer; Thaxter Lewis, music; Erville Morris, Ruth Hilliard, lookout; Louis Marcy, social.

Now is the time to join with these new officers as they start their year's program. All meetings are held each Sunday evening at 6:00 p. m. at the Newton Upper Falls Baptist Church.

CITY HALL NEWS

Street Commissioner George Stuart left Monday evening for Washington, D. C., to attend a convention of the American Society of Road Builders. He will represent the Massachusetts Highway Association and will be the only charter member of the association in attendance. An exhibition of the latest machinery for constructing and repairing roads will be held.

At the last meeting of the Board of Aldermen petitions received and referred to committees included the following:

FIRE RECORD

Box 241 at 1.24 a. m. last Sunday was for a blaze in a woodpile at the rear of the Brackett Coal Company, 564 Washington street, Newton.

Early Monday morning Box 95 called the Newton firemen to Christina street over the Wellesley line where a house owned by John Abrey was badly damaged.

Children's Portraits On View

Newton Children Win Prizes at Unique Exhibition At The Bachrach Studio

A Salon of Children's portraits was held in the Bachrach Studio, 44 Hunt street, Newton, on Thursday, Friday and Saturday of last week. This Salon was the culmination of months of planning and of photographing children of prominent families. While the parents of the children entered comprised the main part of the attendance, this Salon was of interest even to the casual observer for it gave an extremely comprehensive view of America's youth from babies of a few months to youths and maidens in their teens.

The Salon was divided into two classes; one group consisting of babies up to and including 6 years, another of children from 7 to 14 years of age.

Prizes of beautiful portraits in colour have been awarded. Bachrach portraits in Colour are made by an exclusive process perfected by Bachrach research artists and are made only by the Bachrach Studios.

BILLY TOWER

The judges of the Salon were Dr. Henry Keever, child specialist, Mrs. Melville D. Liming, President of the Parent Teacher Association of Newton Centre, and Miss Gertrude MacCallum, director of Pre-School work in the Community Centre, West Newton.

The prizes have been awarded as follows: Children up to six years of age, 1st prize, Billy Tower, son of Mr. and Mrs. Wm. R. Tower of 64 Greylock road, West Newton; 2nd prize, Phyllis Howe Salman, daughter of Mr. and Mrs. Philip C. Salman of Glenwood road, Needham, and honorable mention to Morgan Mahoney, son of Mr. and Mrs. Morgan Mahoney of 200 Harvard circle, Newtonville, Peggy Tyler, daughter of Mr. and Mrs. Roger B. Tyler of 35 Kenilworth road, Newton, and Ruth Collins Watson, daughter of Mr. and Mrs. Myron E. Watson of 15 Roberts avenue, Newtonville. In the group from six to 14 years, the first prize was awarded to William Bassett, son of Mr. and Mrs. Wm. M. Bassett of 15 Howland road, West Newton; 2nd prize to Elizabeth Drake, daughter of Mr. and Mrs. Jack Drake of 304 Otis street, West Newton, and honorable mention to Gilbert B. and Ruth K. Gould, son and daughter of Mr. and Mrs. Leroy B. Gould of 328 Brookline street, Newton Center, and Ralston Jones, son of Mr. and Mrs. Ralston P. Jones of 1801 Beacon street, Waban.

ELIZABETH DRAKE

ADMIT 24 BURGLARIES IN NEWTON

Raymond Carpenter, 19, of Pleasant street, Watertown, pleaded guilty yesterday in the Superior Court at Cambridge of having committed 24 burglaries in this city, 5 in Belmont and 1 in Watertown. Judge Sisk held him in $10,000 bail until today when sentence will be imposed. The Newton burglaries were committed during July and August. Young Carpenter had worked intermittently as a window cleaner and approached houses assumedly looking for this kind of work. Those he found unoccupied, he burglarized. His father, discovering evidences of his thieving, brought the youth to Newton police headquarters. Most of the loot stolen by Carpenter was not of much value.

Among the Newton homes broken into by Carpenter were those of Stanley W. Ferguson, Ferdinand Brigham, Hermon Norton, Constance Kemper, John T. Farrell, Marie Dalton, F. Russell Simpson, Ubrata Kohler, Ralph Riddle, E. H. Day, Robert Fyfe, Catherine Taylor, Stephen Donahue, Robert K. Robinson, Morey Seadler, Edward Noyes, Sylvester Bradolia, Herbert H. Lane, Abbey Conant, George Kirley, Eula Johnson, Edward Chapin, Sarah Smith and Harriet Kerr Breck.

NEWTON GIRLS' CLUB

The Newton Girls' Club will resume Club Activities on Tuesday October 14th, at the Stearns School, Newton, at 8 P. M. All members are requested to attend and invite a friend.

MAUD F. WARREN

Miss Maud F. Warren, daughter of the late Julia and John Warren of Upper Falls, died at the Holy Ghost Hospital, Cambridge, Sunday, October 6.

Funeral services were held from the home of her brother, Mr. William H. Warren and Mrs. Warren of 53 Linden street, Upper Falls, Wednesday, Oct. 8, followed by a solemn requiem mass at the Mary Immaculate of Lourdes Church, by the Rev. Fr. Donovan assisted by Fr. Lyons as deacon and Fr. Burke as sub-deacon. Seated within the sanctuary was Fr. Frederick Driscoll of Forest Hills, and formerly an assistant pastor of the parish. Burial was in St. Mary's Cemetery, Needham. The deceased is survived by her sister, Mrs. John Murphy of Newton and two brothers, Mr. J. Joseph Warren and Mr. William H. Warren of Linden street, Upper Falls. The deceased has been a resident of Upper Falls for many years. She was of a quiet and lovable disposition, and was a former employee of the Waltham Watch Co. having served that company for 18 yrs.

GUZZI TO RUN FOR ALDERMAN

Alfred Guzzi of 8 Mague place, West Newton, announced on Wednesday that he will be a candidate at the coming city election for the office of Ward Alderman from Ward 3, opposing Chester A. Prior, the present incumbent. Mr. Guzzi, who is 22 years of age, graduated from Newton High School in 1927.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

OPEN LEAGUE WITH SCORELESS TIE GAME

Newton high and Cambridge Latin School opened the 1930 Suburban league season last Saturday at Russell Field, Cambridge, with a scoreless tie game. The contest itself was a colorless affair that caused little excitement among the several hundreds of spectators present. Neither team showed a great deal on the offence while their defensive play was about equal. Cambridge threatened to score but once and failed on that occasion when a forward pass missed completion by inches, falling into the end zone and giving the ball to Newton on its 20-yard line. This advance of the Cantabs had started deep in their own territory and threw a scare into the Newton camp. From the local viewpoint the highlight of the game was the play of Warren Huston, sophomore quarterback who bids fair to make a name for himself within the next few years. Huston, who first obtained the chance to show his ability in the Malden game the Saturday previous, played the entire game and directed the local outfit better than it has been directed for several years. Had he been privileged to "second guess" it might have worked out better in several instances—his errors of judgment were far from costly. With experience he should develop. The Newton offence was sadly crippled by the loss of Perry Elrod, its best running back, and Bernard Litchfield, best line-plunger and defensive fullback, who were out of the game with injuries as were George Hildreth and Natoli Sostillio, ends. Had this quartet been available the orange and black would undoubtedly have presented a far better offence but as it was the Newton eleven was lucky to escape being beaten.

The game in detail:—

First Period

Coach Sullivan started the following line-up: Perkins, le; Giles, lt; Vasalotti, lg; Patterson, c; Gulian, rg; Butler, rt; Bartley, re; Huston, qb; Blackler, lhb; Shorten, rhb; Sutcliffe, fb. Newton won the toss and elected to defend the north goal with a strong wind at their backs. The Cambridge kickoff was short and Gulian ran it back to his 45-yard line. On second down Huston kicked to Cambridge and it was run back ten yards to their 30-yard mark. Vasalotti nailed Barry of Cambridge for a two-yard loss. On third down Swisher kicked to Huston and he ran it back eight yards to the Newton 40-yard stripe. Huston immediately kicked over the Cambridge goalline and the Cantabs put the ball in play on their 20-yard line. Two rushes by LaRonde, one by Barry and one by O'Keefe gave Cambridge their initial first down. On the next play Patterson got through and nailed the Cambridge ball carrier for a five-yard loss. Cambridge again kicked and Huston ran it back nine yards to his 45-yard mark. Three plays netted but five yards and Huston kicked from close formation. The kick was a beauty and catching Cambridge by surprise rolled outside at the four yard line to put Cambridge in a hole. The return kick gave Newton the ball on the Cantabs 33-yard line. The Newton offence failed to click and Cambridge took the ball on downs on their 25-yard stripe. Bartley nailed the ball carrier for a five-yard loss but O'Keefe made it up on the next play as the period ended.

Second Period

In the second period Newton was penalized twice, once for offside play and the other time for having a back in motion. For the early part of the period Newton was on the defensive in her own territory and once took the ball on downs on its 35-yard line. Blackler picked up seven yards at left tackle but a forward and a lateral were both incomplete so Huston kicked. Barry fumbled the punt and DeMaio, who had replaced Vasalotti, recovered for Newton on the Cambridge 35-yard line. On the next play Blackler fumbled and Cambridge recovered at midfield. A forward pass netted the Cantabs five yards but on the next pass the Newton secondary had the receivers covered so well that the tackles nailed the passer for a five yard loss. Sutcliffe intercepted the next pass at midfield. Time was growing short and after two incompleted passes Sutcliffe hit the line for nine yards. Huston kicked to Cambridge and the ball was run back to the 28-yard line to end the half.

Third Period

Blackler kicked off and after two rushes Cambridge kicked to Huston who ran the ball back fifteen yards. A line buck by Sutcliffe for two yards and another by Huston for three pulled the Cambridge ends in so that Huston tossed a pass to Sutcliffe for four yards. With less than a yard to go Huston kicked outside on the Cambridge 33-yard line. Cambridge came back with its second first down of the game in three plays. Two plays gained five more and then Butler stopped a spinner play for no gain and Cambridge kicked to Huston. On the next exchange of kicks Huston ran the ball back twenty-five yards to the Newton 43 to end the period.

Fourth Period

On second down Huston kicked again. Another exchange of kicks gained about twenty yards for Newton as the Newton punter's last one was from close formation and went outside at the Cambridge 20-yard stripe. Here the Cantabs began their extensive drive. Reeling off four first downs in a row they soon reached the Newton 15-yard line. During this time their largest gains were on a dash through right tackle for 25-yards by La Ronde and a ten yard forward pass from Barry to O'Keefe. Here Newton tightened and Cambridge resorted to the air route again. Two passes were incomplete and the Cantabs drew the customary five-yard penalty. The next pass was into the corner of the field where Shorten just managed to deflect the ball out of the Cantab receiver's hands as it passed over his head and fell incomplete in the end zone. Newton put the ball in play on its 20-yard line and Huston immediately kicked. Bell, who had replaced Perkins at left end, was down under the kick and nearly recovered it as the Cambridge safety man muffed it. He recovered it just as Bell swooped down upon him for the tackle on the Cambridge 40-yard line. Huston's kick was good for at least 50-yards. Gowell nailed the next play for a four yard loss and two plays later Cambridge kicked. Huston used his head and signalled a fair catch. He was interfered with and Cambridge drew a 15-yard penalty. A pass from Huston to Blackler was good for five yards for the final play of the game in which Newton did not make a first down and Cambridge managed to pick up six.

SPORT NOTES

Clark Out of Game Tomorrow

Len Clark, Dartmouth's star interfering back, will be out of the game with Boston University at Hanover tomorrow. The Newton Highlands youth received an injury in the Bates game last week that has put him on the shelf for a while but he is expected to be in shape for the Green's first major game with Columbia University on the 18th. Capt. Andres was among those receiving minor injuries in the Bates game but along with most of them he will be ready to go tomorrow.

Survive Final Cut

Coach Arthur French made the final cut in the Harvard freshman football squad last Saturday when he retained fifty-eight players. Of the four local youths on the squad three survived the last cut. They are Carl Pescosolido and Bill Sutcliffe former Newton high players and Francis Gleason former Country Day school star. Roger Greene, the sole local youth to be dropped was also a Country Day star in recent years. Last year Pescosolido starred for Deerfield Academy while Sutcliffe was an end for Bridgton Academy in 1929.

three games thus far this year. The Gildea coached outfit opened with Worcester Trade school in a scoreless battle, the following week triumphed over Providence Commercial High 22 to 0 and last Saturday went to the top of the Suburban league standing with a 9 to 0 victory over Rindge Technical school. This latter victory was not as impressive as the score might indicate. Everett scored a touchdown by blocking a kick in the second period and added a safety in the fourth when the pass from centre went over Tony Saurausky's head into the end zone where he had to fall on it. As far as actual play was concerned it was quite an even battle with Everett fumbling frequently and Rindge having nothing but Saurausky, who from all reports acted for Rindge similar to the way Huston did for Newton against Cambridge.

SPORT NOTES

Newton Jayvees Win

The Newton junior varsity eleven, coached by Abner Bailey, opened the 1930 season last week Thursday with a 2 to 0 victory over the Medford third team at Cabot Park. Jack Hendricks, Newton right end, tackled the Medford fullback behind the Medford goal on the next to the last play of the game to give Newton the victory. After the score Medford kicked the ball from its twenty yard line as the final whistle blew.

Hills Lose Title

Mr. and Mrs. Malcolm T. Hill lost their title in the mixed doubles of the annual fall tennis tournaments at Longwood this week when they were defeated by Mrs. Geo. W. Wightman and Wm. K. Porter. The local pair were the top seeded pair as they were defending the title they won in 1929. The Wightman-Porter team annexed the victory in three sets, 3—6, 6—4, 6—3.

Country Day Loses

Country Day School dropped its second game of the season when the eleven went down to defeat at the hands of Middlesex School of Concord, 20 to 6. All the scoring was done in the first half with the Concord team scoring two of its touchdowns on a 30-yard end run and a 95-yard run back of a punt. Waldinger, Country Day Quarterback, saved his team a shutout by plunging through the line for a touchdown in the second period.

Johnson and Clark Score

The three local youths on the Dartmouth varsity football team all took part in the scoring against Bates last Saturday which the Green won 20 to 0. In the second period Captain Hal Andres blocked a kick and his guard picked it up for a touchdown run. Later in the period passes put the ball on the three yard line from which point Henry Johnson plunged over. The first score came in the first period. Len Clark placekicked two points after touchdowns into the score.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

Still another of those "It happened in Newton" incidents.

The family had possessed a dog—now and then. The boys were always "crazy" about one, the girls thought them "cute," mother found them considerable care and father was always willing to pay for a license, though he frequently warned the household, "Some day that dog is going to get run over by an automobile." The situation was one that could be duplicated in hundreds of our Newton homes.

The fate of previous animals in this particular family was about the same, historically, as could be found in any of our villages. One dog they had lived until he became too feeble to resist the ravages of old age. Another was stolen and another was stricken with distemper and therefore was mercifully put to death. "It's no use getting attached to a pet and have something happen to it," all agreed. "We won't have another dog."

But, like many another family, a dog was brought into the home. It was a frolicsome puppy. The first owner, obliged to move to a distant State, hated to part with it, didn't want to see it destroyed and did want to feel that it had a good home. You know the setting and the situation.

The puppy had been given no name. The result was that there was a family conference. Some appropriate name had to be selected, one not too commonplace and yet not unsuitable, or shall we say not inappropriate. It required a great deal of deliberation and finally it was decided that the pup should be named "Bozo." He seemed to be a lively, happy-go-lucky canine, with not too much sense of responsibility. So "Bozo," a trampish sort of cognomen, was given him.

The next day or so the letter carrier, himself an efficient, obliging and invariably good natured official, casually remarked, as the door opened and the puppy shot past him, "What's his name?"

"O, we've had a long discussion about that," he was informed by the mistress of the house, "and we finally decided on 'Bozo.'"

"I object," declared the letter carrier in a manner much unlike his ordinary self.

"Why?" asked the astonished woman.

"Because there are three dogs of that name on my route now and two of them are the kind that don't want me to come near the house."

The dog will not be called "Bozo."

I am well aware that there are a number of people who feel that too much is made of pets. It isn't because they themselves are hard-hearted—at least I won't let myself think that—but because other people had acted in a silly manner towards their pets. You can overdo a lot of nice things such as coddling a dumb beast. It really isn't a bad failing and, for my own part, it doesn't get on my nerves in the least. However it does sort of hurt the cause of kindness to animals when some people make a fetish of waiting upon a dog which had much rather be allowed to enjoy a rough and tumble existence consistent with an appreciative and thoughtful ownership.

It strikes me then that whether one is a dog lover or not one will protest at what seems to be a growing practice. It is the getting rid of a cat or dog by driving way out in the country and shoving the animal out of the car in some fairly remote spot there to shift for itself. Reports are continually coming in to the newspaper offices and the police that dogs and cats and kittens have been dropped, roughly sometimes, from automobiles. Clearly these former pets were no longer desired.

One man states that instead of leaving a cat or dog behind at a Summer home the heartless owner drops it out of his car. This same writer contends that a lot of miserable beasts are thus cruelly abused. He says that a fine German police dog was pitched from a car on the lawn of a family whose members observed the affair. They took the dog in, found him getting old but decidedly a desirable acquisition to their family circle. One day a woman of their acquaintance drove some distance to make a call. She recognized the dog as having formerly been owned by a family in her city. She was able to throw light on the dog's treatment and said it had been gotten rid of because the woman of the house bought a tiny lap dog and the little fellow was jealous of the older one. Consequently the big animal had to be thrown from a car miles from home.

"You'll have to get rid of it, won't you?" the visitor asked.

"No," chorused the new owners, "we're going to keep him and you can't buy him for any price."

It was a lucky break for this particular dog but think of the number who are left to an unhappy fate.

I suppose that every candidate for public office is getting his fill of advice. If a candidate has a weary look you may reasonably believe that somebody has been "warming his ear," as the saying goes, with a lot of stuff they think of benefit to them or him. It must be difficult for a person who wants to get the votes of the people to decide on what course to pursue under certain circumstances. In a campaign like the present it certainly must be puzzling since any little thing may change the trend of affairs and switch voting strength from one direction to that entirely opposite.

Looking on at this very entertaining spectacle I find that there are two sets of candidates. One set is made up of men who listen to every report, alarming or otherwise, and get all fussed up. The other group comprises the men who know more than anybody else and who won't even consider suggestions. They prefer to be surrounded by "Yes" men who will applaud whatever they do regardless of their private reaction.

All this reminds me that a candidate who can avail himself of good advice, avoid that which is bad and yet stick to his course is the best kind to elect to public office. It may be your impression that the voters like a man who will agree to most anything. I thought that true myself until I learned that I was wrong.

I found that intelligent people like a man of firm opinion. They will even delight in supporting a man who tells them he thinks they're wrong. When a candidate refuses point blank to do this or that you will find that instead of becoming angry and sore, a great many supporters will say, "Well, you've got to hand it to him. He's on the level. You know where he stands."

For that reason a man who is willing to risk unpopularity and stick out for a principle commands far wider respect that you may imagine. It is as good a political asset, certainly it is far better than this old line of "Sure, I'll be glad to do that after I'm elected," which is nothing but applesauce.

Some of us, in our least commendable moments, have our favorite aversions. It is very wrong, I know, but lacking virility of character or qualities akin to that, we cherish a pet peeve and allow ourselves to become disturbed about what otherwise should be rated as a trifle.

There are persons, strangers for the most part, who may be properly termed "spreaders." It is not the gospel of goodwill or cheeriness which they disseminate, but their own selves. Since I have never found one that was particularly attractive I can say their spreading is not conducive to the enhancement of general happiness. On the contrary, the effect of their behavior is entirely the opposite.

One example of the best work of these spreaders is found often at the stamp window in the postoffice. You will observe they have come to mail some letters or a package and seem to possess the idea that they are the only people in the world and therefore have the right to take all the time they choose and all the attention they can get from an obliging clerk.

They first place themselves in such a position that nobody else can get near the window. If they happen to be carrying a purse or umbrella or some other article they put those on the counter. This keeps at a considerable distance the next person in line. The "spreader," having taken up all available room, inquires about the weight of the letters, how many stamps are required, how mail is weighed and what constitutes first, second and third class mail, etc. Then when it comes necessary to settle they figure out the total to make certain no mistake has occurred, fish around to see whether they have the right amount of change, finally decide to break a bill and then, after having completed the transaction, engage in a conversation with the clerk about the weather and other topics. They have not only spread themselves but also the waiting time of other people.

O, yes, you will find them in other places—as occupants of two seats in train or car when they are supposed to be content with one and in the line at a ticket window and various congested spots. I am not an efficiency expert and therefore I must leave to others the job of computing the amount of other people's time and energy these "spreaders" cause to be wasted.

Of course it was the only thing that could be done in the interest of safety on the highways—this general inspection of automobiles. Yet I am glad it is over. In the first place we all feel more secure in the knowledge that the many thousands of cars have been properly adjusted as to brakes and lights and other parts. And in the second we won't be forced to listen to so many fiendish noises caused by brakes that clearly demanded, yes, screeched for mechanical attention.

If you happen to live on one of those thoroughfares which are selected as desirable proving stations you will get my notion without delay. By proving I mean a drive at a fast clip and the sudden application of brakes to see how quickly or slowly the particular car may be brought to a halt. It seemed that about every car that was tested in front of whatever spot I may have been for the moment was badly in need of attention. I suppose those which were O. K. did not attract notice.

Well, I wasn't the only one who felt the reaction of this excellent requirement on the part of the authorities. I know where two ladies were sitting in the living room. One was the house-owner and the other a caller. The former, not so well at all times as might be desired, was listening to a friendly word of advice from the other on the matter of nerves.

The caller was explaining how one should obtain absolute command of one's nerves. It was sound reasoning, but at the height of the talk an automobile shot by and the operator took that moment to test the brakes. They were bad, if you know what that means. Up jumped the lecturer, with, "My goodness, what was that?"

The hostess, who apparently applied her friend's advice without delay, "O, one of those automobile tests. Does it bother your nerves?"

FIRE RECORD

Two old truck bodies owned by the Crystal Lake Ice Company were burned Monday afternoon on the premises of the company at Newton Centre. The fire scorched the side of a shed. Firemen responding to Box 73 quickly extinguished the blaze.

At 4.45 Tuesday morning Engine 1 was called on a still alarm to the corner of Washington and Crafts streets, Newtonville, where a truck load of furniture was on fire. The furniture was considerably damaged and the truck which was owned by Muller Brothers of North Adams was also damaged.

WOMEN'S WORK AT ELIOT CHURCH BEGINS

The opening meeting of the Woman's Association of Eliot Church began the year auspiciously, on Tuesday, October 7.

At the business meeting following the devotional service lead by the pastor, Rev. R. A. Eusden, chairman of various committees outlined the work planned for the year, and showed how far-reaching is the extent of interest.

A fine report of the financial standing of the association was read by Mrs. Fred L. Trowbridge and the attractive appearance of the Year Book, spoke volumes for the excellent work of Mrs. J. W. Gerrity and her corps of thirty-five group-leaders, and the Program Committee.

Mrs. W. L. Sampson, Mrs. Emmart LaCrosse, and Mrs. Albert Hinkle heading the Entertainment Committee mapped out a fine program of luncheons, receptions, and dinners to be enjoyed through the year.

The Work Department, Miss Florence Graves, chairman, told of the change to be made in the character of the work this year.

Surgical Dressings will be made this fall for the Red Cross under the supervision of Mrs. Sidney Smith and Miss Carrie Millett.

Some time in November, a sale of various articles will be held under the direction of Mrs. L. D. Towle and Mrs. B. F. Hinckley. More definite announcements regarding it will be made later.

Mrs. H. R. Mason, the corresponding secretary, read an interesting letter from the association missionary, Miss Annie E. Pinneo of Athens, Greece, which all enjoyed.

The Missionary Department under Mrs. Alden Clark, Mrs. W. K. Lewis and Mrs. J. G. Barnes, outlined a fine program of interesting meetings throughout the year, as did Mrs. Hubert C. Herring who heads the Social Welfare Department.

Following the business meeting, a delicious luncheon was served at which were entertained as guests the wives of the pastors of the Newton churches.

Those present were: Mrs. C. A. Drummond of Channing Church; Mrs. Laurens MacLure of Grace Church; Mrs. Richard G. Preston of Grace Church; Mrs. Newton A. Merritt of the Baptist Church; Mrs. Charles S. Otto of the Methodist Church; Mrs. Robert L. Rae of the No. Village Church; Mrs. Ray A. Eusden of Eliot Church, who was both guest and hostess.

Following the luncheon, Miss Sarah Harding Hunter of the Lecture Division of the Edison Electric Illuminating Co. of Boston, gave a fascinating account of the "Evolution of the Home in New England," illustrated by slides.

Miss Hunter's earnest but vivacious manner and her fine enunciation made the lecture exceedingly interesting, and the film added much to the enjoyment of all present.

RECENT ENGAGEMENTS

Prof. and Mrs. W. P. B. Lockwood of West Newton announce the engagement of their daughter, Miss Jean Horton Lockwood, to F. Gilbert Hills of Boston, son of Mrs. Kent Perkins of Boston, and the late Dr. Frederick L. Hills of Bangor, Me. Miss Lockwood is connected with the School of Fine Arts in Boston. Her fiance was graduated from the University of Maine in 1924.

BIRD—GREGORY

The wedding of Miss Hope Gregory, daughter of Mr. and Mrs. Warren Fenno Gregory of Newtonville and Mr. Courtney Freeland Bird, son of Mr. and Mrs. Mellen T. Bird of Brookline and Falmouth Heights, took place Saturday evening, October 4th, at the First Baptist Church in Newton Centre, Dr. Charles N. Arbuckle officiating. The bride was given in marriage by her father. This date was chasen for the wedding on account of it being the aninversary day of the marriage of Miss Gregory's parents.

The church was decorated with palms, white chrysanthemums and gladioli. The program of organ music was played by Rita Breault Paul and the soloist was Valerie Wrightmeyer Esty.

The bride wore a gown of white satin with full court train and veil of tulle. The gown had a bertha of old duchess rose point lace and the veil had a cap of the same lace held in place by orange blossoms. Both the lace and orange blossoms were from her mother's wedding gown.

Mrs. Frank Eugene Barton (Frances Ann Fuhrman) of Brookline was the matron of honor. She wore orchid satin and carried yellow gladioli and lavender delphinium. The other attendants were Mrs. Volney G. Finch of San Diego, California, Mrs. George Wm. St. Amant of Waban, Mrs. Harold J. Owen of Roxbury, and Miss Miriam Grosvenor of Brookline. They wore yellow satin and carried lavender and yellow gladioli. The ribbon bearers were Barbara Hubbard and Elaine Johnson and little Hope Johnson was the flower girl.

Roger P. Bird, brother of the groom, of New York was the best man. The corps of ushers headed by Philip H. Bird, another brother of the groom, were Dr. Frank Eugene Barton of Brookline, Otis A. Ward of Newton Centre, a cousin of the groom; Channing Smith of Worcester, George William St. Amant, Jr., of Waban, Donald Richardson, Philip Richardson, and Charles L. Hardy, all of Brookline.

A reception was held at the home of the bride's parents on Walnut street, Newtonville, following the ceremony.

The bride is a graduate of the Leland Powers School in Boston and for the past year was a member of the faculty of Lasell Seminary. The groom is in business in Boston.

After a wedding trip by motor, Mr. and Mrs. Bird will reside in West Newton.

PERKINS—GOULD

The marriage of Miss Dorothy Adelle Gould of Auburndale to Mr. Leon Hebert Perkins of Woodward street, Newton Highlands, took place on Friday evening, October third, at eight o'clock at the home of Mr. and Mrs. John I. Heibeck on Chaske avenue, Auburndale. Rev. Percival M. Wood performed the ceremony and the bride was given in marriage by Mr. Heibeck.

Mrs. Herbert Preble of Brighton was the matron of honor and the bridesmaids were Miss Marion Davis and Miss Mildred Beardsley, both of Auburndale. Mr. Herbert Preble of Brighton was the best man and the ushers were Robert Wagner of Brookline, Burton West of Waltham and Wilbur MacMillan of Brookline.

The bride's gown was of white duchess satin. She wore a veil of tulle and carried a shower bouquet.

The wedding march was played by Mrs. Windsor Sampson and Mrs. Charles Hector of Auburndale was the soloist.

Mr. and Mrs. Perkins will reside at the Commonwealth Gardens, Brookline.

HUGHES—NOYES

Miss Elinor Brooks Noyes, daughter of Rev. Frederick Brooks Noyes, D.D., and Mrs. Noyes of Newton Centre was married to Norman L. Hughes, son of Mr. and Mrs. Llewellyn Frederick Hughes of Belmont and Cuba, at Trinity Church, Newton Centre on Saturday afternoon, October fourth. The ceremony was performed by the father of the bride assisted by Rev. Edward T. Sullivan, D.D., rector of Trinity Church. The bride was given in marriage by her cousin, Frederick Kennett of Springfield, Mass.

Mrs. Wilfred Lloyd-Rees of Cuba, a sister of the bridegroom, was the matron of honor. The other attendants were Miss Helen Burgess and Miss Maria Eddy of Newton Centre, Mrs. Robert Treadwell of Cambridge and Mrs. Ellwood Sargent of Brookline, classmates of the bride at Wellesley College.

Morris Hughes, brother of the groom was the best man. The ushers were Wilfred Lloyd-Rees of Cuba, Ellwood Sargent of Brookline, Charles Dupee of Watertown and Frank Cram of New York.

The bride wore a gown of ivory satin in princess style, with a veil of tulle and cap of old rose point lace. She carried a sheaf of calla lilies. The matron of honor wore turquoise net with a matching hat and carried talisman roses. The bridesmaids wore peach color net and carried talisman roses.

A reception was held at the Brae Burn Country Club following the church ceremony.

On their return from a wedding trip by motor through Canada, Mr. and Mrs. Hughes will reside in Cambridge.

The bride attended Miss Mason's School and the Cambridge-Haskell School and graduated from Wellesley College with the class of 1926. The groom prepared at Milton Academy for Harvard, where he was a member of the class of 1925. In 1929 he received a degree from the Harvard School of Business Administration.

CENTRE AVENUE BRIDGE CLOSED

The bridge over the Boston & Albany railroad tracks at Centre avenue, Newton, has been closed to vehicular traffic this week and will remain closed for about six weeks longer while extensive repairs are being made to the iron work on the structure. The acids in the smoke from the locomotives make the item of keeping railroad bridges in repair an expensive matter.

NINETIETH BIRTHDAY

Mrs. George H. Williams, for many years a resident of Newton Center, celebrated her 90th birthday on Sunday afternoon at the home of her granddaughter, Mrs. Walter Lombard McGill, on 144 Gibbs street. Mrs. Williams' three sons, Francis H., George H. Jr., and Herbert Deland Williams with their wives, three grandchildren and three great grandchildren were with her and many relatives from near and far were present to congratulate her. Mrs. Williams was a member for many years of the Newton Centre Woman's Club, still retains membership in the First Baptist Church, and was associated with Rev. Everett Burr in the organization of the Mother's Rest. She served as secretary of that organization for many years.

Mrs. Williams is in excellent health and her mind and grasp of current events are as keen as when she was a young woman. When one sees a woman of ninety years typifying all that was best in the past and living up to all that is fine in the present it renews one's faith in humanity.

LASELL SEMINARY

The Connecticut Valley Lasell Club held its twenty-fourth annual meeting and luncheon on Saturday, October 4, at the Hab House, Glastonbury, Connecticut. The Club has over three hundred on its list. The President, Mrs. G. F. Barley of Hartford, presided. The Guests of Honor were Mrs. Statira McDonald, Assistant Dean of Lasell Seminary; Miss Maudie Stone, President of the New York Lasell Club and Mrs. Cornelia Hemingway Killam from the New Haven Lasell Club. Mrs. Edna Strickland Olson of Hartford was appointed President for the year 1930-31. Miss Lillian Grant of Manchester, Connecticut, continues as Secretary-Treasurer.

The Senior Class at Lasell have announced the following officers: President, Marjorie DuBois, Concord, N. H.; Vice President, Ruth Rohe, Winthrop, Mass.; Secretary, Karin Eliason, Ellsworth, Maine; Treasurer, Dotha Warner, West Hartford, Conn.; Cheer Leader, Marjorie Middleton, Edgewood, R. I.; Song Leader, Dorothy Brown, Lexington, Mass.

Dr. Ashley Day Leavitt of Harvard Street Congregational Church in Brookline will address the students at the Vesper Service on Sunday, October 12th.

The annual Plymouth-Duxbury trip is planned for Tuesday, October 14th. About 225 Lasell girls will avail themselves of the opportunity to visit the historic treasures at Plymouth. A clam-bake with opportunity for sailing and salt water bathing is planned at the summer home of Lasell's Treasurer, Mr. W. R. Amesbury.

CITY OF NEWTON

IN BOARD OF ALDERMEN
October 6, 1930

WHEREAS a vacancy exists in the Board of Aldermen occasioned by the resignation of Arthur J. Mansfield, Alderman-at-Large, Ward 1, it is hereby

ORDERED: That a meeting of the Board of Aldermen be held on Monday, October 20, 1930, at 7:45 o'clock P. M., at City Hall, for the purpose of filling said vacancy for the balance of the municipal year 1930, and that notice of said meeting be published in the Newton Graphic, Newton Journal and Town Crier, and by giving notice to each member of the Board of Aldermen one week at least before said meeting.

ROTARY CLUB

There was an unusually large attendance of members and visitors at the weekly luncheon of the Newton Rotary Club held on Monday at the Woodland Golf Club.

The interest manifested was due in a large measure in the official visit of Governor Bruce McCullough of the 31st Rotary district.

Governor McCullough gave a thoughtful and illuminating address on the Aims and Objects of Rotary in Club service, Vocational service, Community service and International service.

He was presented with a handsome basket of flowers.

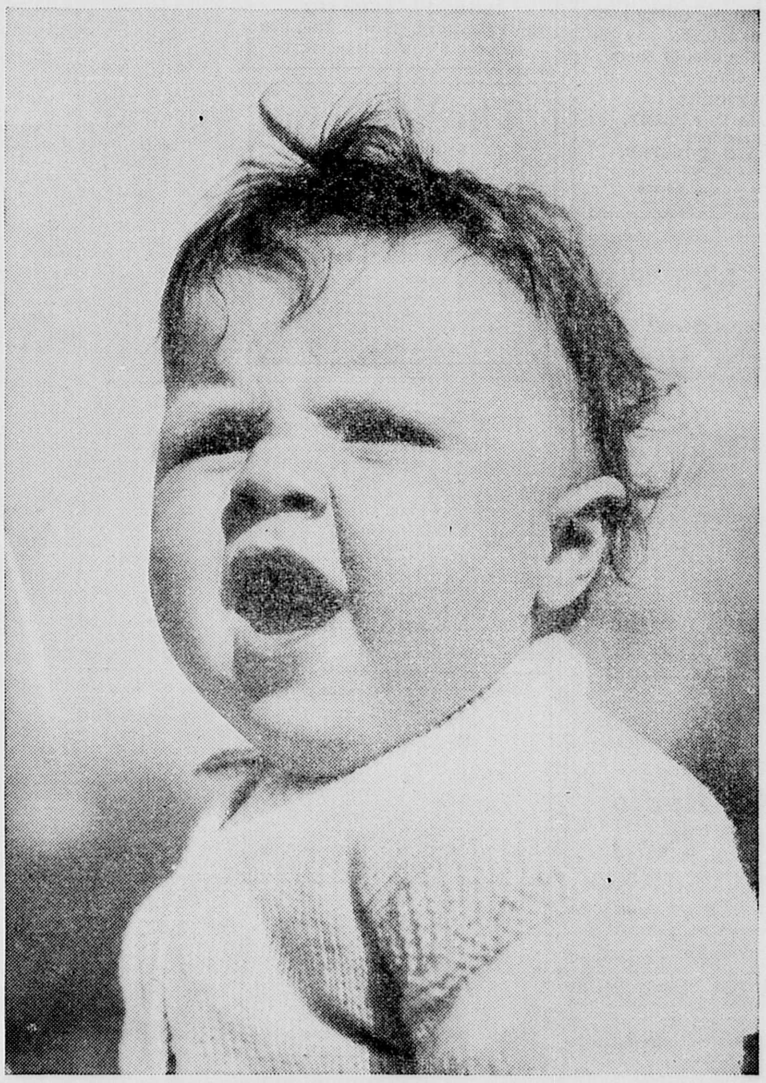
HOOD'S Grade A Milk

is the highly specialized product of
New England's greatest milk organization



"Hey, where's my Hood's Grade A Milk?"

THE bottle of milk that comes to you today with the Hood Grade A Seal, is the culmination of 84 years of experience in one undivided field—milk production and distribution.

It is the result of 84 years of persistent striving for higher quality. It represents enormous expenditures in cash premiums, in veterinary supervision, in expert inspection, in scientific laboratory research and checking.

It involved the smoothing out of an endless amount of detail. The arranging and adjusting of many complex factors. The education of producers to a full understanding of our conception of HOOD QUALITY. Added to this came the tuberculin testing of over eleven thousand cows and the selection of those that could qualify for this unusual milk.

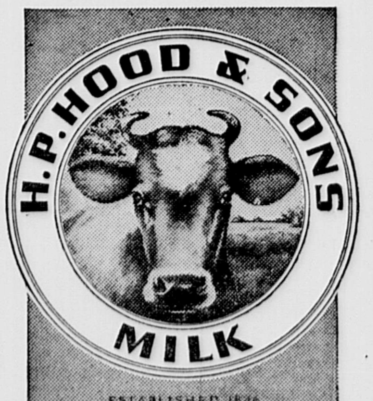
Only an organization such as Hood's could have accomplished this tremendous task.

It required an army of experts and specialists to master and control the various selective and protective measures needed to create and maintain the standard set for Hood's Grade A Milk.

Here is a really fine product. Rich in all the things needed to build fine bodies in babies and children and keep grown-ups in glowing health.

Begin using Hood's Grade A today. Say Grade A to the Hood salesman.

Your baby deserves the best—see that he gets it.



RICH MILK—Better than legal requirements for Grade A Milk. Rich all through.

CLEAN MILK—From clean cows, produced under rigid supervision. Hood's standards three times as strict as State laws.

TESTED COWS—From cows tuberculin tested under State and Federal supervision, and then especially selected by our own inspectors.

CLEAN BOTTLES—Bottles are scientifically cleansed and sterilized by the most modern equipment in New England.

SEALED BOTTLES—Double sealed to prevent tampering or contamination.

PASTEURIZED—With the most modern and scientifically correct methods and equipment.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Newton Community Club

Thursday afternoon, October 23rd, gives promise of being one of unusual interest to Newton Community Club members and their guests. A charming and colorful pageant, "The Romance of the Shawl," by Katherine Parker Thore, with two small plays, songs and dances will be enacted by members.

Mrs. William Ridge is chairman of the afternoon. The Foreign Born Women of Newton will be guests. Members are urged to wear or loan old shawls or treasures of past fashions.

Refreshments will be served by the Social committee.

Newton Centre Woman's Club

Mrs. Walter Hartstone, who last spring was re-elected president of the Newton Centre Woman's Club, once again announces that she will have regular office hours at the Club House for Club business and for anything relating to the Club, on the second and fourth Tuesdays of each month, from 10.00 to 11.00 a. m., or any time by appointment. She will welcome constructive criticism and suggestions. Mrs. Vincent P. Maloney, chairman of the House and Grounds committee, may also be consulted at this time in all matters pertaining to the use of the Club House. This plan was perhaps unique with the Newton Centre Woman's Club and proved to be of great assistance last year in the carrying on of Club work.

Mrs. William C. Noetzel, chairman of the Art committee, announces that there will be a tea in the Art Rooms of the Club House, on Tuesday, October 14th, from 2 to 5 p. m., at which time the classes in handicraft work will be arranged for the fall season. Instructors will be present to meet prospective students, and a display of the work of both teachers and former pupils will be on exhibition. These classes will come at an opportune time as many of the bits of handicraft will make delightful Chrsimas gifts.

The Club is at present pouring all of its energy into the plans for a huge bazaar, to be known as "The Village Mart," to be given in the Clubhouse on Thursday, November 6th, and on Friday, November 7th. Mrs. S. Hardy Mitchell, chairman, has her plans and arrangements for a most unusual and complete affair practically finished.

Woman's Club of Newton Highlands

The conservation and garden unit of the Newton Highlands Woman's Club of which Mrs. Edmond A. Dusossoit is chairman, is sponsoring a talk on "Planting for Continuous Bloom in the Garden," by Miss Sallie Service, from Breck's, which will take place on October 15th, at 2.30 p. m., in the Workshop of the Woman's Club of Newton Highlands. As a graduate landscape architect from the University of Illinois, Miss Service will bring many valuable suggestions for starting new gardens and for improving old ones. A question period will follow the talk.

Perennials will be for sale, and the garden unit will call for plants that members and others may wish to donate for this purpose, if they will notify Mrs. Edmond A. Dusossoit, Tel. Centre Newton 0904, or any other member of the unit.

Community Service Club of West Newton

The Community Service Club of West Newton, of which Mrs. Thomas Weston is president, opens an interesting winter's program on Wednesday, October 15th, at 2.30 p. m., in the Parish House of the Second Church.

An afternoon of readings from Dickens and Kipling will be given by Mr. John Cronan, followed by a social hour when tea will be served, and hospitality extended to new members.

Newtonville Woman's Club

The Newtonville Woman's Club will hold a garden Festival at Central Congregational Church, Tuesday afternoon October 14th, from 2 to 5 o'clock. The Garden Club and the Art and Conservation committees are sponsoring this event.

There will be a sale of crocus, hyacinth, narcissus and tulip bulbs, also iris, peonies and many plants, from some of Newton's loveliest gardens. Seeds in special packages have been prepared for this sale. Among the many offerings, there will be miniature Japanese gardens, and an exhibit of winter bouquets. Bayberry, bittersweet, alder, Japanese lanterns, marsh rose-mary and grasses will be available for those who wish to asesmble their own decorations.

Walton Gibbs Wyman of the Littlefield and Wyman nurseries at North Abington, will give a short illustrated talk on "An Outdoor Living room."

Tea will be served and the public is cordially invited. It is hoped that as a result of this sale a generous contribution may be made to the fund for the purchase of the State Forest at Petersham.

STATE FEDERATION

FALL MEETING. By invitation of the Worcester Woman's Club the Fall Meeting of the State Federation of Women's Clubs will be held on Tuesday, October 28th, in the Auditorium of the North High School, on Salisbury street, in Worcester. The morning session opens at 10 o'clock; the afternoon session at 1.45 o'clock. The "Keynote" of the meeting, in addresses and discussion, is "Safety Always." Marion LaVerne Telford, Field Secretary of the Education Division of the National Safety Council, will speak in the afternoon on "Safety in the Home," and Lewis E. MacBrayne, General Manager of the Massachusetts Safety Council, will speak on "Safety on the Highway".

Clubwomen who wish to attend this convention are reminded that if they wish to join the luncheon group they must order their tickets by October 20th. Check for one dollar, and a self-addressed, stamped envelope, should be sent with the order to Mrs. Nelson C. Keyes, 5 Einhorn road, Worcester. Officers, directors, chairmen and members of the Credentials and Meetings Committees are requested to mention office when ordering tickets.

Luncheon will be served at Wesley M. E. Church, 114 Main street, which is not far from the Worcester Woman's Club House.

The North High School is at 46 Salisbury street, near the same Club House, which is at Tuckerman street, corner of Salisbury. Cars marked Salisbury street go by the Worcester Railroad Station, and directly by the High School. These cars run every half hour. Other cars go up Front street to Main street, on which line a transfer may be obtained for car going north on Main street. If this car is used, leave the car at Lincoln square, which is near the meeting place. Delegates arriving by motor will find plenty of parking space near the Club House.

Clubwomen, who are not delegates, do not have to have white tickets, this custom having been done away with. They will be admitted on their own Club membership ticket.

A social feature of the meeting is the reception planned for the evening preceding the meeting, at the Worcester Woman's Club House, to which all delegates and visiting Clubwomen who are in the city on the evening of the 27th, are invited.

Activities and plans of the State Federation have the centre of the stage this week. Clever chairmen of State Departments have worked out splendid ideas for the aid and guidance of local chairmen or of Clubwomen generally who may be especially interested in any one topic.

POTTERY EXHIBIT. This very fascinating display of handicraft appeals to all Art chairmen, and to all Club members, and Mrs. Roy C. Baker, State chairman of Art, announces that Massachusetts has for the months of October, November, and December, the General Federation Pottery Exhibit, which may be obtained from her by individual Club chairmen, at the nominal cost of five dollars, plus expressage from the last place exhibited. They are requested to give to Mrs. Baker a second choice of dates the Exhibit is desired, in case the first date is already booked. This rare collection is valued at $1,000, and contains examples of the most artistic pottery in the United States, many pieces being prize-winning masterpieces of the potters' art. There is an accompanying lecture, entitled "The Potters' Wheel," which the Art chairman, or another Clubwoman, may read in explanation of the Exhibit. The Exhibit and lecture should make a delightful program for a group of interested Clubwomen, if it is not feasible for an open meeting.

BOOK AND DRAMA LISTS. Literature and Drama committees, seeking interesting and recommended reading for their Club groups, or individual Clubwomen who would like advice as to what to read, and what is adaptable for dramatic purposes, will rejoice in the lists of books and plays prepared by Mrs. Phoebe Lee Hosmer, State chairman of Literature and Drama. Programs, outlines, suggestions of many kinds may be consulted. Two very practical booklets on drama, in the matter of putting on plays, can be obtained from the chairman, 264 West Main street, Orange. The new book list will be out in November, and meanwhile one that was new last May can be secured as a help in arranging groups for reading, review and exchange.

HOMEMAKING PAMPHLET. A pamphlet, attractively entitled "Your Home" has been compiled by the State chairman of the American Home, Mrs. Louren L. McMaster, of 36 Yale avenue, Wakefield, which may be obtained by sending self-addressed, stamped envelope to her. Under the topic "Goals in Homemaking," there are listed: Creation of a wholesome home atmosphere; efficient and co-operative housekeeping; and Normal development of each member of the family. Under the topic Family Relations, there are: Practical co-operation in home making; and Ties of affection and loyalty. Religion in the Home is divided under topics: Parental guidance and Co-operation with churches. Family Finance is considered under topics: Productive use of the family income; and Home owning or renting. Uses of Leisure for the Individual and the Family is taken up under such topics as: Wholesome recreation in and around the home; Vacation problems; Individual problems of relaxation, rest and change of scene; and the Time budget. All of which subjects indicate the extent and value of the suggestions worked out by this earnest and painstaking committee for service to Clubwomen.

RADIO. The weekly radio programs continue this year under the able chairmanship of Mrs. Leon E. White, on a different day of the week, and over a different station than last year. Clubwomen should remember these changes, and not lose programs by force of old habit.

Mrs. Fred L. Pigeon, chairman of Legislation, will broadcast "Legislative Preparation," from station WBZA, next Thursday morning, October 16th, at 11.30 o'clock. At 11.40, the Reading Woman's Club trio, with its personnel: M. Vivian Smith, Soprano; Mrs. Rebecca Ambrose, Violinist; and Ruth W. Currier, Pianist; are to interpret a group of selections. Anne Demerjian, Soprano, accompanied by Dorris Tirrell, may be heard on the air at 11.50.

RECENT EVENTS

Newtonville Woman's Club

A very pleasant social afternoon was enjoyed by the members and friends of the Newtonville Woman's Club, on Tuesday afternoon, October 7th, at the Annual Reception, held at the home of Mrs. Donald Eugene Rust, of 147 Highland avenue. Receiving with Mrs. Rust, were Mrs. Albert Auryansen, Mrs. James D. Bennett, Mrs. Herbert Blair, and Mrs. Ralph W. Conant.

Mr. Franklin G. Field sang two delightful groups of baritone solos. The first group was composed of "The Horn," by Flegier; "The Hills of Home," by Fox; and "Song of the Flame," by Stothart. The second group comprised "Red Bombay," by Reddick; "Jean," by Burleigh, and "The Green-Eyed Dragon," by Charles. Mr. Field was accompanied by Miss Lillian West at the piano.

A social hour followed the musical program, with Mrs. Gorham W. Harris and Mrs. J. Mace Andress presiding at the tea tables.

Auburndale Review Club

On October 7th the Auburndale Review Club met in the home of Mrs. Eugene U. Ufford, 231 Central street, for the opening meeting of the year. The president, Mrs. Ernest F. Drew called attention to the loss by death of three members during the year: Mrs. Charles E. Kattelle, Mrs. Nathan W. Dennett, and Miss Florence N. Bridgeman, reading, after a period of silence in memory of those who had gone:

"Long, long will our hearts with memories be filled,
Like the vase in which roses have oft been distilled.
You may break, you may shatter the vase if you will
The scent of the roses will cling to it still."

Miss Elizabeth A. Rider, a charter member, resigned her membership and her name was placed on the honorary list.

After electing Mrs. Ernest Braithwaite, Mrs. Albert Palmateer, Mrs. Albert L. Puffer, and Mrs. John E. Williams, to active membership, the club adjourned to the historical old "Hartwell Farm house" in Lincoln, which was built in 1635 "because Boston was so too crowded."

The goodly fellowship at the table was enlivened by quotations from the Concord celebrities or by anecdotes about them. The Club then made up small groups, visiting at leisure the noted places in Concord.

Woman's Club of Newton Highlands

The first meeting of the season of the Newton Highlands Woman's Club was held in the Congregational Church, on Tuesday afternoon, October 7th. The president, Mrs. Harry P. Forte, presided. Announcements of committee chairmen indicate a year of varied interests and activities in all lines of work.

Mrs. Charles G. Wetherbee, secretary of the State Federation and first president of the Club, spoke briefly of General Federation matters, saying that only by team work can results be accomplished in this age. The president of the Newton Federation, Mrs. Samuel N. Braman, who was guest of honor, outlined the work for the coming year, and stated that the organization stood ready to answer the call of the officials of the city and its citizens, when needed. Mrs. Albert I. Mackintosh, the Club's Federation secretary, then gave a concise report of the Annual Meeting of the State Federation held in Swampscott in May.

Entered at the Post-office at Boston, Mass., as second class matter

There are three important features of the coming state election on November 4th. The first matter is the pressing need of giving President Hoover a loyal supporter by the election of Mr. William M. Butler as a United States Senator. Every one who has taken any interest in affairs at Washington is fully cognizant of the cahotic conditions in the Senate and the mean and underhanded methods taken to belittle and to hamper President Hoover in his attempt to give the nation a square deal. The election of a Democratic senator from this state this year will seriously handicap one of the best presidents we have ever had in this country. The second matter of importance is the necessity of retaining the state enforcement act and to oppose its repeal. A favorable vote to repeal this act will be construed as the first step toward nullification of the 18th amendment and the Volstead act. The moral effect of a NO majority will go far toward a stricter enforcement of the law and its ultimate victory over the unlawful forces of the country. The third matter for serious consideration is the need of giving Governor Allen the reelection to which his splendid administration of state affairs entitles him.

It certainly is a great pity that a small minority of the Legionnaires should blacken the good name of the American Legion by acts of hoodlumism and the immoderate use of intoxicating liquor, as was the case in Boston this week. The main body of the Legion is composed of decent and lawabiding men but the general public sees and hears only the boisterous manners and bravado of the few and consequently misjudges the entire organization.

The younger generation of voters should understand that prior to national prohibition 32 states of the union were under bone dry prohibition laws, covering a population of 51,000,000, while in 16 other states there were local prohibition laws for 14,000,000 more.

If you are not registered as a voter do so before 10 P. M. next Wednesday. Your vote may be needed and certainly will be welcomed by the law abiding citizens of the state.

RELIGIOUS EDUCATION

The Norumbega District Schools of Religious Education, for the training of church school workers, opened last Monday evening, in the four locations as advertised.

Miss Eva J. Viles and Mr. H. L. Hardy acted as registrar and treasurer respectively in Newtonville; Mr. A. K. Craig, Miss McQuitty and Miss Idalee Woodson were in charge of the opening session at Newton Centre.

The Young People's Cabinet of the District, which includes officers of all local community Y. P. Councils in the District, will hold a meeting in the Newtonville M. E. Church on Sunday, October 19, to make definite plans for the Young People's Conference which comes November 28-29. The president of this Cabinet is Lawrence Littlefield of West Newton.

The influence of our District Young People's work is being felt in other localities. The District Secretary was recently called upon to talk to the Dorchester Y. P. Council and inform them of activities in Newton. Two past members of our Adult Advisory Committee for the Y. P. Council work have sent back word from their new churches that they are conducting Y. P. Conferences there, as a result of the vision and experience received when associated with the Newton Young People's Council.

TEGAN BENEFIT SHOW FRIDAY NIGHT

At the Paramount Theater, Newton, on Friday night, October 10th, a show will start at 11.30 featuring at least ten acts of vaudeville. This performance will be given for the benefit of the family of the late Patrolman George Tegan of the Newton police. He died recently leaving a widow and six young children. Tickets are on sale by members of the Newton police, or may be obtained at the theatre on the night of the performance.

MRS. ELIZA J. BYINGTON

Mrs. Eliza J. Byington died on Wednesday, October 8th, at her home, 300 Franklin street, Newton. She was a daughter of the late Dr. William Workman of Worcester. After her marriage to the late Ezra H. Byington, D.D., she resided in Newton, where her rare musical ability, her generous hospitality, her keen mentality nad devoted Christian character drew a choice circle of friends. She was generous even beyond the "tenth" of her income, giving to many worthy charities at home and abroad. She gave largely to church and foreign missoins and was especially interested in helping worthy students.

She is survived by one brother, Dr. William Hunter Workman, the noted Himalayan explorer, who since his wife's death has made his home with his sister, spending his summers in Scotland with his daughter, Lady MacRoberts.

Funeral services for Mrs. Byington were held this morning at her late home, Rev. Ray Eusden of Eliot Church officiating. Burial will be in Rural Cemetery, Worcester.

TO STOP DUMPING AT PINE STREET—TEMPORARILY

As a result of a complaint received from State Fire Marshal Reth the city will stop, for the present the dumping of waste material at the Pine street dump in West Newton. A fire has been in progress at this dump for weeks and constant work there by firemen has been unavailing, although many holes have been dug at the dump in efforts to reach the blaze which is a number of feet underground. For weeks persons residing near the dump, and even at a considerable distance, have been bothered by the disagreeable fumes emanating from it. Wednesday Mayor Weeks ordered no more rubbish dumped at Pine street until the fire there will have been extinguished.

POLICE NEWS

Six Nonantum youths were arrested in that district about 1 a. m. Saturday charged with loitering. In court Saturday two of the sextet, Michael Collela of 191 Chapel street and Joseph DeRose of 14 Morgan court, each was fined $15. The other four, fined $10 each, were Domenic Barissano, 230 Chapel street; John Massaro, 230 Chapel street; Francis Hope, 9 Clinton street; Angelo Bontempo, 43 Carleton street.

In the Newton court last Friday Seldon Etherton of Conant Hill street, Cambridge and Louis Schwartz of Evelyn street, Boston, each was fined $5 for speeding.

James Devine of 195 Winslow road, Waban was in the Newton court yesterday charged with driving while under the influence of liquor. Officer Hammill was the complainant. Judge Bacon fined Devine $100 and then suspended the fine as the defendant had not been arrested at the time of his interception by the policeman because he was not drunk.

John Pellegrino of 60 Clinton street, Newton was in court yesterday charged with driving without a license. Patrolman Halloran was the complainant. Pellegrino's license expired on July 10. His case was continued until October 18.

The "WELCOME BUDDIES" sign over the door of Newton's police headquarters was taken literally late Tuesday night by six Legionnaires from Turner's Falls, Massachusetts and four members of the American Legion Auxiliary from Wallingford, Connecticut. These visitors, not being able to obtain sleeping quarters in Boston came into Newton's hoosegaw and were given comfortable bunking facilities for the night in rooms on the third floor.

AUTOMOBILE ACCIDENTS

Monday noon at 12:45 Caroline Dolan, 8, of 27 Peabody street, Newton, was hit while crossing the corner of Jewett and Washington streets by a car driven by Acan Hill of 85 California street, Watertown. The child received multiple bruises and was treated by Dr. Fried.

Wednesday evening at 7:05 John Colclough of Boulevard road, Wellesley, while running across Nonantum Square to catch a bus, collided with an automobile driven by William Brosnahan, Jr., of Main street, Watertown. He received a bad gash on his left leg and contusions about the body.

Monday afternoon at 3:40 John Leary of 18 Auburndale avenue, West Newton, alighted from a Boston Elevated car and was hit by an automobile driven by Archie McLellan of 931 Walnut street, Newton Highlands. Leary's right knee was injured.

Wednesday night at 8:30 a car driven by George Richmond of 836 Huntington avenue, Roxbury ran into a tree on Boylston street, near Dudley road. The car was wrecked, every window in it being shattered. Richmond received facial injuries and four passengers riding with him were also injured. Allen Beers of 836 Huntington avenue received cuts on the face; Archie Doyle of Watertown was injured about the head; John Clark of Medford and Frank Manning of 365 Massachusetts avenue, Boston, received injuries on the face, head and body. They were treated by Dr. Norton of Sumner street, Newton Centre.

NEWTON KIWANIS CLUB ENTERTAINS INDIANA LEGIONNAIRES

Wednesday afternoon and evening was a gala event for a large group of American Legion delegates from Indiana, including the prize winning drum corps, who were taken on a very interesting sight-seeing trip from Boston through Cambridge, Lexington and Concord by members of the Kiwanis Club of Newton. Starting from the Hotel Statler at three o'clock the guests were escorted in private cars to the historical points on the famous route of Paul Revere, stopping all along the way at points of interest, at Lexington Common and the battle grounds at Concord. The trip proceeded to Wayside Inn, thence to Mansion Inn, Wayland, where the visitors were dined to an elaborate banquet. Dancing followed until a late hour with music furnished by the hotel orchestra.

Among the distinguished guests were the Commander-elect of the American Legion for the state of Indiana, Floyd Young, who also is the president of the Kiwanis Club of Vincennes, Indiana, and Forrest Harness the 1929 Commander of Indiana and a past president of the Kokomo Kiwanis Club.

The Commander-elect was presented with a copy of the "Tercentenary History of Newton" autographed by His Honor, Mayor Sinclair Weeks. The presentation was very fittingly made by the genial toastmaster of the evening James P. Gallagher.

Arrangements for the event were made through the hearty co-operation of Commander R. John Henderson of Newton Post, American Legion and a committee of fifteen members of the Newton Kiwanis Club who very ably acted as hosts to the guests throughout the afternoon and evening.

NEWTON LODGE OF ELKS

Members of Newton Lodge interested in the bowling league will meet on Tuesday evening, October 14. Teams will be made up and a schedule arranged.

Newton Lodge is planning to conduct a Charity festival on November 5, 6, 7 and 8 to raise funds for the Charity Fund of the Lodge.

The police Commissioner of Boston in his annual report for 1929 states that the "repeal of this law (the Baby Volstead act) would seriously cripple the work of this department."

For the Baby all varieties of Infant's Shirts, Bands, Panties, Towels, Wash Cloths, Crib Sheets, Hoisery and Socks. Sleeping gowns for the children; everything in underwear, Union Suits, Shirts, Pants, Waists, Sun Suits, Slipons and Pajamas; Quality with real savings at the Factory Store of The Thomas Dalby Company at Morse Street.—Advertisement.

ABOUT TOWN

By Edw. H. Powers

Plumber's advertisement in a Waltham paper is headed "Pay As You Bathe." Isn't this method apt to be embarrassing?

Practically every independently owned store in Newton closed last Tuesday noon, the day of the Legion parade. Even fruit stores which ordinarily are open on holidays closed at noon last Tuesday. But, certain grocery stores and markets, units of big chain organizations, kept open all day on Tuesday. Some of these stores had signs in their windows stating that they would close at 11 that morning. The signs were removed and the stores remained open, but did almost no business Tuesday afternoon. These big chain organizations prate about their efficiency. They boast about their financial resources. But, if all business in the U. S. A. was conducted on such a ruthless commercial basis, with so little regard for co-operation in civic matters, what a sordid nation this would become.

Many favorable comments have been heard on the lofty welcoming beacon erected to greet visiting Legionnaires who entered Newton from the West via Commonwealth avenue. The beacon, 52 feet in height, is a miniature replica of Bunker Hill monument and stands on the reservation in Commonwealth avenue, just east of Weston bridge and opposite Norumbega Park. It was constructed by Roderick MacLean and its artistic setting was devised by Ernest Herrmann, Supervisor of Playgrounds. The beacon is especially effective at night, when it is brilliantly illuminated as a result of clever lighting effects installed by William Pike.

SUPREME EMBLEM CLUB

The convention of the Supreme Emblem Club was held on last Monday and Tuesday, October 6th and 7th, at the New Ocean House, Swampscott. There were about three hundred members attended the convention.

Mrs. John H. Gordon of Auburndale, Supreme President, conducted the convention. On Monday evening a banquet was held and during the evening Mrs. Gordon was presented with a purse of gold and several gifts from the various clubs.

The delegates from Newton were as follows: Mrs. Edward Bryson, Mrs. Joseph Hughes, Mrs. George Brophy, Mrs. Samuel Simpkins, Mrs. N. T. Bernard, Mrs. John Hines, Mrs. James Burns, Mrs. T. Asbell and many other Newton members stayed at the Ocean House during the convention and attended the convention and banquet.

A bridge and whist given by the Newton Emblem Club, No. 8, for the benefit of the Sick Committee will be held on next Friday evening, October 17th at Elks Hall, Newton. Miss Florence E. Geegan, chairlady, and her committee are anticipating a large party.

The regular meeting of the Newton Emblem Club for next Monday evening, October 13th, will be cancelled on account of the holiday.

LAWRENCE—DOANE

Miss Elizabeth Mackay Doane, daughter of Mr. and Mrs. Foster P. Doane of Arlington Heights was married to Henry Tucker Lawrence, son of Mr. and Mrs. Samuel C. Lawrence of 201 Auburndale avenue, Auburndale, on Saturday afternoon, October fourth. The ceremony, which took place at the home of the bride's parents, 29 Cliff street, was performed by Rev. A. G. Lyons, D.D., pastor of the Park Avenue Congregational Church of Arlington Heights. The bride was given in marriage by her father.

Miss Dorothy Mary Doane, sister of the bride, of Arlington Heights, was the maid of honor. Herbert Lovewell of Weston was the best man and the ushers were Foster P. Doane of Glens Falls, New York, and Herman D. Doane, brothers of the bride.

Mrs. T. Gordon Smith of Arlington played the wedding march. The home was decorated with asters and autumn foliage.

After a wedding trip by auto, Mr. and Mrs. Lawrence will make their home in Winthrop.

The bride was a member of the class of 1929 at Radcliffe College, where she studied for two years before entering the Massachusetts General Hospital Training School for Nurses from which she was graduated last month. The groom was a member of the class of 1919 at Harvard University, but left college to enter the service during the World War and served overseas for a year as a corporal of the 301st Signal Corps. After the war he studied another two years at the Harvard Engineering School and is now connected with Stone & Webster Co. in Boston.

STORY TELLING AND GAMES FOR CHILDREN

Story telling, games and folk dancing for children between the ages of three and seven is being introduced as a special feature by the Grace N. Bowes Studio of Dramatic Art, 297 Walnut street, Newtonville.

Many mothers will find this a convenient, inexpensive and fascinating pastime for children. It is also of great educational value, as story telling through the ages has been used as a means of instruction for youthful minds. Again, it affords mothers a few hours relaxation from the care of children for the enjoyment of their favorite bridge club, with the assurance that the child is having supervised entertainment, education and exercise with other children of similar age.

Miss Bowes is a graduate of the Academy of Speech Arts, at which school she has been an instructor of Story Telling. She has had a number of years experience working with children.

There is a nominal charge of twenty-five cents an hour. The groups will be held on Wednesday and Friday afternoons from two to five o'clock, commencing October 15, 1930. Reservations for groups should be made in advance. Telephone Stadium 0879 any evening.—Advertisement.

GIRL SCOUTS

The captains of the Newton Girl Scout troops met at Girl Scout Headquarters on Wednesday evening of this week for their first get-together after the summer vacation.

Those present were: From Newtonville, Mrs. Johnson, Mrs. Wheeler, Mrs. Wakefield, who is in charge of Troop 28, and Mrs. Ballard; from Newton, Miss Virginia Brown; from Newton Centre, Miss Plimpton, Miss Eddy, Mrs. Widger, and Mrs. Breitzke; from Newton Upper Falls, Miss Kenefick; from Auburndale, Miss Ball; from Newton Highlands, Mrs. Emery, Miss Wilkie, and Miss Moore; and from West Newton, Miss Freeman.

Miss Louise Maher, field captain for the Metropolitan and Eastern Division Girl Scouts, is to be captain of a troop which has been started at the Convent of the Sacred Heart in Newton. This will be Troop 9.

A training course for patrol leaders has been planned which will have four meeting starting October 25. These meetings will be held on Saturday mornings for an hour and a half for all patrol leaders in junior troops. One meeting will be an all day hike to Camp Mary Day.

A home hygiene course will be given at Girl Scout Headquarters on Monday afternoons which commences October 20. Miss Norcross will have charge of this course, and the girls who complete it satisfactorily will be eligible for four merit badges: Home Nurse, First Aid, Child Nurse (if they do their necessary hours of child care) and Health Winner (if they also keep a daily record for three months). The registration for this course will be limited. Girls wishing to take it must sign up at Headquarters as soon as possible. The fee will be fifty cents.

Mrs. Edward N. Chase, formerly of Waban, volunteered to take care of the routine work of the merit badge tests. She will be in the Girl Scout office Monday mornings and Wednesday afternoons to make out merit badge cards and tend to any of the routine work of applying for tests.

First Class tests will be given at Scout Headquarters by the field captain. The first test will be held on Wednesday afternoon, October 29, and another date has been set for Thursday, November 6.

In talking over the winter work with the captains, it was suggested than Miss Freeman be at the office one morning and one afternoon each week for conferences. The days chosen were Tuesday morning from ten to twelve-thirty o'clock and Thursday afternoon from two-thirty to five o'clock.

BERNARD CONLEY

Bernard Conley of 21 Carleton street, Newton, died on October 6th following a long illness. He was born in Newton 71 years ago, the son of the late Patrick Conley and Margaret Farrell Conley. For many years he was employed as an upholsterer by Jordan Marsh Company, retiring some years ago. His funeral service was held Wednesday morning at the Church of Our Lady. Burial was in Calvary Cemetery, Waltham. He is survived by a sister, Mrs. John Davis of Carleton street.

WOMEN'S CLUBS

(Continued from Page 7)

Mrs. Mackintosh painted a vivid picture of the sessions held in the Ocean House, and reviewed briefly the outstanding features. Mrs. Horace B. Gale, Twelfth District director, was then introduced.

A Tercentenary program of charm and originality was presented in "The Story of Early Colonial and Revolutionary Music," which was written and directed by Bessie Talbot Fosgate, assisted by Margaret Miller, reader, and Lucy Chase Simonds, accompanist. These three professional members of the Club have given of their time and talents to provide an entertainment long to be remembered. A small, well-trained chorus in colonial costume, and Mrs. Donald W. Kitchen, 'cellist, also contributed to the enjoyment of the afternoon. The colonial stage setting which added to the beauty of the picture was arranged by the Art Committee. As Mrs. Miller read the story of the first hymns of the Puritans, songs were rendered by the chorus, beginning with "Buckingham," published before 1600, through "Yankee Doodle" to "David's Lamentation" by Billings, the first composer in this country.

An informal reception was held at the close of the meeting, with Mrs. Chester W. Tudbury and Mrs. Loren F. Fletcher presiding at the tea table. Members of the Hospitality committee assisted the Social committee in serving, attractively gowned in colonial costume.

Newton Upper Falls Woman's Club

On Monday evening, October 6th, about fifty members of the Newton Upper Falls Woman's Club met in the Kindergarten Rooms of the Emerson School for the Informal Reception, with the president, Miss Ethel Sabin and the guests of the evening, Mrs. Horace B. Gale, Twelfth District director, and Mrs. Samuel N. Braman, president of the Newton Federation, in line. During the reception selections were rendered by a Trio from Mantino's Eighteenth Century Orchestra. The trio wore colonial costumes and selected music of the eighteenth century period, which was greatly enjoyed.

Mrs. Gale spoke to the members of the accomplishments of the clubs, and also complimented the Newton Upper Falls Woman's Club in meeting their quota in the Foundation Fund; also on their contribution toward the Forestry Fund.

Mrs. Braman urged the Club members to attend the Newton Federation Board meetings which take place every fourth Tuesday afternoon in the month in the Technical High School, and especially to attend the open meeting of December 4th, before the city election, which would enable members to meet the various candidates.

Mrs. Mills, the Club's delegate, was unable to attend the State Federation meeting at Swampscott, therefore Mrs. Arthur D. Colby substituted for her, and gave a very interesting description of the meeting. Miss Nellie Osborne gave a report of the part which the Newton Upper Falls Woman's Club had in the Art Exhibit at the Newton Centre Woman's Club, and the members were enabled to see the picture of the Club's president, in colonial dress, which was in the hall, this picture being one of the Club's contributions to the exhibit. Mrs. Robert B. McLaughlin gave her report as representative to the Club Institutes and urged members to attend these meetings, which include information on Parliamentary Law. Mrs. McLaughlin also gave a report of the Food Sale held September 26th, in the Roadside Shop, proceeds of which to date amounted to $32.85. Of this amount $15 was voted to the Foundation Fund.

Miss Sabin, the president, spoke of the interesting events of 1930, and hoped that the members would attend the meetings, as a very enjoyable program has been prepared for the year.

After the business meeting adjourned, the Club members spent a social hour "getting acquainted." Refreshments were served by the Hospitality committee.

THE ANTI-STEEL TRAP QUESTION

It has just become officially known that the Humane Trapping Act, which is to be voted on in the state election, November 4, has been assigned a definite place on the ballot as Question No. 3. It requires a "Yes" vote to win, and in order to carry it must receive a majority vote which shall equal at least 30 per cent of the total number of ballots cast in the election.

"We are entirely confident we shall poll a majority on this question," said Howard Noble, managing director of the Anti-Steel Trap League, which is leading the fight, "but the 30 per cent requirement relating to initiative measures presents a real danger. Initiative and referendum questions are seldom given as large a vote as the leading candidate, perhaps because they are usually less understood by voters than are the issues relating to candidates.

"The real issue in this case is readily understood, however. It is simply this: Shall we vote to do away with cruelty in trapping fur-bearing animals, or shall we continue to permit this atrocity to persist in Massachusetts?

"The terms of the bill are not difficult to grasp. It fixes a fine of $50.00 for setting or maintaining any trap or other device which is likely to cause continued suffering to an animal caught therein, and which is not designed to kill such animal at once or to take it alive unhurt, but the bill provides that any traps now legal, including the steel trap, may be used as a protection against vermin animals where their presence may be detrimental, if such traps are set not more than 50 yards beyond buildings or cultivated plots of land.

"There is nothing in the act which prohibits trapping through the use of humane traps, and perhaps needless to say the bill contains nothing to suggest any intent to prevent the wearing of fur. The bill restricts general trapping to humane traps, but farmers, poultrymen and all others are at liberty to protect themselves against harmful animals classed as 'vermin' as stated. It is around poultry houses and cultivated lands where such damage is committed. Hence this protective clause, which many persons hold to be really unnecessary.

"We claim that humane traps are available for practically all the fur-bearers found in Massachusetts, and this claim is borne out by statements made by the leading trappers' magazine of the country, 'Fur-Fish-Game,' which in recent issues devoted pages to extolling the merits of two makes of humane traps, including an editorial which particularly mentions the muskrat, mink, weasel and skunk as animals that can be humanely trapped. The point of this admission is that 95 per cent of all fur-bearers trapped in Massachusetts last year were embraced within these four species. The total number of animals trapped was 49,563, and the aggregate of the four species was 47,250. This being so, what possible excuse can there be for further permitting the unspeakable suffering caused by the steel trap?

"It has often been claimed that the fox cannot be caught in these humane traps. Even so, we contend that no trap, humane or otherwise, is necessary to control this animal. Only 1,779 foxes were trapped in Massachusetts last year, so reduced have they become in numbers. We claim that hunting with dog and gun can easily control the fox. This bill is not aimed at hunting. It has to do solely with stopping cruelty in trapping.

"Opponents of the measure are claiming that if the bill becomes law many thousands of people will be prevented from earning a living through the trapping season. They seek to give the impression that all trapping would cease, which is not the case at all. According to articles in 'Fur-Fish-Game' some of the humane traps are much more efficient than the torturing steel trap now in use. The absurdity of the claim that 'many thousands' would be thrown out of work is shown by statistics on file at the State House. Trappers are compelled by law to make returns, and these show that the pelt-catch of Massachusetts last year was made by 1,748 persons, whose earnings for the four months have been estimated by fur-buyers to net about $50 each, or an average of about $3.00 a week.

PARAMOUNT THEATRE

"All Quiet on the Western Front," Universal's stupendous, graphic and truthful presentation on the screen of Erich Maria Remarque's sensational book, will open Sunday at the Paramount Theatre, Newton, for 4 days.

Remarque's book, regarded as the greatest human document of the war, has broken all publishing records and has been translated in almost every language. No story ever pictured has had as many readers.

The battle scenes of "All Quiet," in which more than two thousand soldiers, war veterans of all nationalities, participated are the most spectacular and yet the most genuine ever pictured. They are the war as it actually was fought and not as sideline observers imagined it.

"All Quiet" was adapted to the screen by George Abbott and Maxwell Anderson, co-author of "What Price Glory." It required more than three months of actual photography and cost more than a million dollars in the making.

SPORT NOTES

Coyne Has Low Net

Charles E. Coyne of Newton won the first leg of the silver cup donated by Pres. Geo. B. Johnson of the R. H. White Company in the golf tournament for executives of the company Tuesday at the Woodland Golf Club. The Newton man, who is advertising manager of White's, had a low net of 66.

Knocked Out In First

Mack Peascher of Newton was knocked out in the first round of the heavyweight final bout in the amateur boxing tourney of the 40-and-8 at the Arena Tuesday night. Henry Owens of Taunton was the winner.

On Bates Yearlings

Gilbert Adams, former Newton high and Huntington school middle distance runner, is one of the outstanding prospects for the Bates freshman cross-country team this fall. Last year at Huntington Adams was a star on the harrier team there while at Newton the year previous he performed well at the middle distances.

Play Scoreless Tie

The Tufts freshman eleven and the Boston University yearlings played a scoreless tie last Friday afternoon at Nickerson Field, Riverside. Gordon Linberg, tackle on the 1929 Newton high school eleven, played part of the game at right end for the Tufts yearlings.

Bennett and Spain Score

Bob Bennett and Frank Spain, both former Newton high and Exeter academy star athletes who are playing half and quarterback respectively on the Dartmouth freshman eleven, scored in the Green yearling's 19 to 0 win over Clark School on Saturday. Bennett scored a touchdown and Spain dropkicked a point into the score on the try afterward.

Hapgood Still Out

Ernest Hapgood, former Newton high star linesman, will not play for Brown this Saturday against the Princeton Tiger in the Bear's first major game. Hapgood suffered a sprained ankle in practice scrimmage a few days previous to the opening game three weeks ago and is still hors de combat.

McCrudden on Harrier Team

Jimmy McCrudden, former Newton high school star distance runner and one of the mainstays of the Northeastern University track teams the past year or two is a member of the Huskies cross-country team this fall. The Huskies first race will be tomorrow with Bates, N. E. intercollegiate champions, at Franklin Park.

Locals in Bowdoin Win

Bowdoin defeated the Mass. Aggie eleven last Saturday 45 to 0 with local youths playing a prominent part. Capt. George Souther of Waban, former Huntington school player, scored one touchdown on a forward pass and added another point on a similar play after a touchdown. Souther plays left end. Creighton Gatchell, former Newton high star centre, played quarterback for Bowdoin most of the time and directed the team well while in the game.

Warren Gets Letter

Edgar Warren, former Newton Centre youth and Newton High star third baseman, was awarded his letter as third baseman of the Yale varsity baseball team the past Spring. Warren is now in his junior year at New-Haven and next spring may have his old teammate Allie Fletcher in the infield with him.

Pescosolido Shows Up Well

Carl Pescosolido was one of the three outstanding players for the Harvard freshman eleven in its scrimmage with the Harvard varsity on Wednesday afternoon in which the varsity were 14 to 0 victors. Through the line-plunging of Pesky, former Newton star, and Peter, former Exeter player, the yearlings made a first down on the varsity five-yard line.

NEWTON HARRIERS WIN FROM STONEHAM

The Newton high school cross-country team easily defeated Stoneham High on Wednesday afternoon over the 2½ mile Stoneham course, 20 to 35. Four Newton runners crossed the finish line before a Stoneham man appeared to give the orange and black a sufficient lead so that when the fifth Newton runner came in tenth they could not be outscored. The order of finish was as follows:

1—V. Signore (N); 2—Rand (N); 3—A. Signore (N); 4—Murray (N); 5—Stimson (S); 6—McDonough (S); 7—Dougherty (S); MacDonald (S); 9—Hanson (S); 10—Pescosolido (N).

Hard Soft CORNS

Gone In 4 Days
Roots and All

CALLOUSES TOO

Out to stay out—selling like hot cakes in Great Britain and now in America—the pleasant, easy way to get rid of corns—a joyous, refreshing, invigorating foot bath for 3 or 4 nights and then lift out the corn—roots and all.

They call this miracle worker Radox and since it has been working wonders with the bad feet of the tight little Isles—plasters and acids, cutting and skin destroying liquid belong to the dark ages.

It's the modern way—the sensible way to take out corns—to abolish callouses—to dissolve the hard skin from heels and toes and to put your feet in good vigorous condition so that you can walk and run and jump and dance with ease and pleasure.

Just ask for a box of Radox at Hubbard Drug Co. or any modern drugstore—you'll be delighted.

State Department Of Health Reports On Charles River Conditions

Extraordinary Drouth Responsible In Great Measure For Low Level—Much Water Drawn Off

The following report on the condition of the Charles River has been made by Mr. X. H. Goodnough, Chief Engineer of the State Department of Health:—

"In accordance with your instructions, I have examined the condition of the Charles river and of the streams, ponds and reservoirs within its watershed with reference to the possibility of increasing its flow for the purpose of filling the basin at Waltham.

"The results of this examination, which was made on October 2, show that many of the tributary streams are dry and that the water of most of the reservoirs has been completely drawn off. There are two reservoirs in the upper part of the water-shed which have not yet been drawn to their fullest capacity but which are nearly empty and the gates of which were open so as to allow all the water practicable to flow past the dams into the river below them. There is practically no flow in the river at the present time except the very small quantity that runs from these reservoirs and a small amount of sewage effluent from a few towns in the extreme upper part of the watershed.

"A measurement of the quantity of water flowing in the river below Newton Lower Falls last week disclosed the fact that the quantity amounted on that day to only about 1,800,000 gallons. As the capacity of the basin at Waltham when full may be in the neighborhood of 1000 million gallons (the capacity is not definitely known) and as it is nearly exhausted it will of course be impossible for the flow of the river to fill it until heavy rains have increased very greatly the quantity of water entering the river over the quantity flowing at the present time.

"The Charles river is not the only stream that is affected by the present extraordinary drought, which has been more intense in the easterly part of the state than in other sections. The flow of all the streams in this section is extremely small. In all probability the flow of the Charles river has been much less during the present drought than in similar periods in earlier years because of the large quantities that are withdrawn from the ground along the stream for many miles above Waltham, including the amount drawn by the Waltham water works. This draft of water removes the ground water which would otherwise gradually percolate into the river and maintain its flow in such dry seasons as the one through which we are now passing. The towns of Needham, Dover, Brookline and Wellesley and the cities of Newton and Waltham have been withdrawing from the river or from the ground in the immediate neighborhood of the river or its tributaries during the past summer at times about twelve million gallons per day. Furthermore the city of Cambridge draws practically all of the water from the watershed of Stony Brook, which enters, Charles river in Waltham, for the water supply of that city.

"Until very heavy rains come there is no prospect of any increase in the flow of Charles river. Such dry seasons as the present have occurred in the past at longer or shorter intervals; and similar droughts, and perhaps even more intense, may be expected to occur from time to time in the future. In similar dry periods in the future it will be necessary either to diminish materially the quantity of water taken from the river valley for water supply purposes or to provide storage reservoirs of sufficient size within the watershed to maintain a much higher flow in the river in dry periods."

CELEBRATES 99th BIRTHDAY

Miss Fannie W. Fogg, one of Newton's oldest residents, celebrated her 99th birthday on Monday, Oct. 13th.

At her home, 79 Woodward street, Newton Highlands, surrounded by beautiful flowers and other gifts, she entertained her friends and relatives in her own gracious manner.

Aldermen To Seek Re-election In Dec.

City Hall Committee Meets—Other City News

Aldermen Norman Pratt of Ward 6 and Chester Prior of Ward 3 will be candidates for re-election at the city election to be held next December.

The joint Aldermanic and Citizens committee on the new City Hall and War Memorial met in conference last night at City Hall with Mayor Weeks, Architect Charles Collens and Buildings Commissioner Chadwick to view progressive sketches and models of the proposed buildings and offer constructive criticism. Those present included Aldermen Chandler, Gordon, Holden, Woodcock and Powers; Mrs. E. R. Speare, Ralph M. Henry, Edward E. Whiting, Emerson H. Stoddard of the G. A. R., Julius Ramm of the American Legion and City Solicitor Bartlett.

The long fight of Alderman John Temperley to have land adjoining the Emerson School at Upper Falls taken for playground purposes was successful at the last meeting of the Aldermen when the Board heard the report of the Public Works Committee recommending the taking of 32,000 square feet of land next to the school grounds.

The following matters were considered by the Claims and Rules Committee at its meeting on Wednesday: Petition of Helen A. Wellington to use the dwelling at 81 Church street as a sanatorium and boarding house for aged persons; petition of Louise Whittemore for a permit to change the dwelling at 43 Otis street from one-family to two-family; petition of Julia Schwartz to have the property on Washington street between Lowell avenue and Brooks avenue changed from general residence to business zone; petition of Domenico Mingace to change land at 89 Elm street, corner of Webster street, from general residence to business zone.

Miss Alice McLaughlin of the Street Department office has returned from an extended tour of the West Indies.

The Public Buildings Commissioner reports 89 building permits issued in September of which 19 were for single dwellings valued at $222,200. In 1929 for nine months, 1107 permits were issued valued at $4,634,756 compared with 811 permits valued at $4,196,573 in 1930.

Newton Centre S. A. Seeks 1000 Members

Plan Drive For Support Among Parents—Much Accomplished

The Newton Center School Association is this year celebrating its tenth birthday. It wants 1000 members. Will you be one of them?

On Wednesday, October 22nd, there will be a member of the School Association in each room of the Newton Center schools to collect the membership dues sent in. Be sure to send your dues to school on that day. The Association urges father as well as mother to give his support, and is happy to have grandparents, uncles, and aunts show their interest.

The Newton Center School Association is entirely dependent on its dues of 35 cents per person. These dues are used by the Association to help where it can to promote any betterments that affect the children of the community and to give to the Newton Center Schools some of the helpful luxuries that the school appropriations do not afford. Among other accomplishments, the Association has been instrumental in obtaining the high school tunnel; installation of electric lights in the Mason School; new sanitary system, fire escape, and rest room for teachers in the Rice School; basement improvements in the Bowen School; toboggan slide on the playground; and the eight-week vacation system.

This is the Association's tenth annual roll call. In each school will be a big poster on which will appear the Association's birthday cake with ten holders for its ten candles. Each candle will represent 100 members and will be placed in its holder on the cake when its block of 100 membership dues comes in. There will be great interest in the schools in the cake and its candles. It is hoped that all ten candles will be in place before school lets out on Wednesday, October 22nd.

PROF. ROGERS TO SPEAK HERE

Name Huge Vermont Dam For Mr. Harriman

Tablet Unveiled At Exercises At Whitingham

The huge dam at Whitingham, Vermont, built a few years ago by the New England Power Association, formerly known as the Davis Bridge Development was formally re-christened the Harriman Dam on Wednesday, October fifteenth, in honor of Henry I. Harriman of Centre street, Newton, first president of the New England Power Association, and now president of the Boston Chamber of Commerce and chairman of the Boston Elevated trustees.

A group of thirty of Mr. Harriman's associates in the power business motored to Whitingham for the exercises the principal feature of which was the unveiling of a bronze tablet which records the contributions of Mr. Harriman and his long time associate, Malcolm G. Chace of Providence, in the development of the natural resources of New England. This tablet is placed on the side of a huge granite boulder which in turn is cemented to a shelf of granite on the eastern end of the dam. The tablet was unveiled by Mrs. Harriman.

Mr. Samuel Moore, vice president and general manager of the New England Power Association paid high tribute to the vision and courage of Mr. Harriman and Mr. Chace while speaking of the tremendous growth of the New England Power system.

HEAVY RAIN FLOOD STREETS

The heavy rain early Wednesday morning flooded many streets in the Newtons. Leaves clogging catch basins were responsible for a number of the flooded sections. Among the streets where temporary ponds formed were: Eden avenue, Commonwealth avenue at the intersections of Grant avenue, Chestnut terrace, Washington street and Garrison street; Washington street at Park street, Grant avenue and Beacon street, Centre street at Wesley street and at Willow street, Centre street near the Harriman estate, Lowell avenue near Otis street, Harvard street near Madison avenue, Boylston street near Dickerman road.

Newton Defeats Everett On Gridiron For First Time In Nine Long Years

Well-Conceived and Well-Executed Plan of Strategy Results In Blocked Kicks For 6-0 Victory

For the first time in nine years the Newton High School football team defeated Everett High on the gridiron by winning the annual Suburban league encounter with their ancient rivals at Everett on Monday, 6 to 0. Not only was it the first victory since 1921 but it was the first time an orange and black eleven has outscored an Everett team since Dennis Gildea, ex-Holy Cross centre, took up the coaching reins at that school five years ago.

Back in 1921 "Jake" Stafford captained a Newton eleven that made football history in scholastic circles. Stafford was the quarterback of the eleven and later continued his career at Harvard. He was supported by such well-remembered players as "Shad" Osborne, "Rolly" O'Donnell, Tudor Bowen and Herb Garrity among the others on the squad which at that time was coached by the late Allie W. Dickinson. The score of that game was 10 to 0 with Newton scoring a touchdown in the first period and a field goal by O'Donnell in the second period.

The next year the result was a scoreless tie and then for the succeeding six years Everett was victorious by scores of 9 to 0 in 1923, 6 to 0 in 1924 and '25, 3 to 0 in 1926, 13 to 0 in 1927, and 12 to 9 in 1928. Last year another scoreless tie was in order as the Newton eleven failed to come through on its opportunities to score although outrushing the Everett team considerably. In 1925 Captain Tommy Gilligan's Newton eleven battled on even terms with its rival and it was Captain Dick Ahlin's interception of a Newton pass on his own goal line and a touchdown run the entire length of the field that brought the sole Everett score. Ahlin, by the way, had continually repulsed the Newton team by his remarkable punting. The following year he was a thorn in Newton's side again wtih a field goal from his educated toe providing the winning score. In 1928 Newton at last got a fortunate break that seemed at the time as though it might stem the Everett tide and turn it for Newton. Carl Pescosolido intercepted an early Everett forward pass and raced 30 yards for a touchdown. Everett was aroused and crossed the Newton line twice to take the lead. In the final period a 70-yard march by the Newton team was stopped on the one-foot line by a determined Everett team which took the ball on downs and a few minutes later deliberately took a safety in order to prevent Newton scoring winning points on the possibility of a fumble.

Last Monday it was a different story. Although biased spectators might say that Newton received the advantage of a "lucky" break and turned it into a touchdown, the sole score of the game, those who know their football will tell you that the 1930 Newton team deserved its victory—the result of carefully planned strategy. In its previous games Everett had showed its lack of possession of an able punter. Coach Sullivan of Newton, therefore, instructed his players to force the Everett team deep into its own territory where they would be forced to kick if their rushing attack failed to click. The Newton forward line were instructed to make a fast charge and force the Everett punter to hurry his kicks, increasing the possibility of blocking the punt. The results of this plan showed its effectiveness. All through the game the Newton line was making life miserable for the Everett punter, Conley. They charged fast and furiously and in the second period right tackle Charles Butler was through to get in front of the ball and block the attempted kick. The oval bounced from Butler's body into the arms of left end Fred Perkins, who was "Johnny-on-the-spot," and in an instant he was off and over the goal-line a half-dozen yards away. Everett

NEWTON DEFEATS EVERETT 6-0

(Continued from Page 1)

tried in vain to put over a tying punch. Later in the game the Newton line was through again in front of Conley and Bob Patterson, Newton centre, blocked the ball to give Perkins another chance. Perkins recovered the ball near the sidelines and Newton supporters had visions of another score but he was forced outside by the Everett backs after he had taken but a step or two.

Records of the game show that Everett made seven first downs to Newton's three. In reality the Everett attack functioned but little better than the Newton offence as both lines were breaking up plays in excellent fashion. Newton made its initial down on a pretty 20-yard run through a broken field by halfback Walter Blackler. The second was the result of two forward passes from Elrod to Litchfield for five and seven yards with a one yard gain at tackle by Shorten coming between the passes. The third was made by Elrod on a 15-yard run around the Everett right end.

The linesmen moved their stakes the first time for Everett as the result of three line plays by fullback Matuchio. The next was by the same player on a 12-yard jaunt behind good interference. The third was on a 22-yard forward pass from Gagliardi to Coviello just as the first half ended. The fourth came on an eight yard dash at tackle by Olivieri and a two yard plunge by Matuchio. Olivieri accounted for another with an eleven yard gain. The next was on a short pass over the line of scrimmage from Gagliardia to Olivieri and the seven was with the aid of the referee, who gave them five downs over the protest of the Newton coaches and a fellow official. Fortunately the next Everett forward pass was intercepted by Blackler of Newton and Newton had the ball in its possession the remaining few minutes of the game. Here again the Newton team showed extraordinary finesse. Two line plays gained but little for the orange and black and then a 15-yard penalty set them back to their 27-yard line. The next play was a slight gain but was more than offset by a 5-yard penalty when the referees felt that the Newton team was stalling as there was then but seconds to play. On fourth down it would have been customary to kick but realizing the possibility of Everett running the kick back for a touchdown Elrod elected to hold onto the ball. He was tackled for a loss and the ball passed to Everett's possession on downs on the Newton 15-yard line but the time was up and the game over before Everett could put the ball in play. A brief summary of the game follows:

First Period

Gagliardi of Everett kicked off to Elrod who ran the ball back 15-yards to his 35-yard line. A high pass and Elrod was thrown for a four-yard loss which he regained on the next play with a 12-yard run around Everett's right end. On fourth down he kicked to the Everett 25-yard line and it was run back 10 yards. Vasalotti spilled the first Everett play for a three-yard loss and on third down Conley kicked. A bad pass from centre which Elrod recovered for a 20-yard loss forced him to kick to Everett's 40-yard mark. Here Everett made the initial first down of the game and had the ball just over the midfield line in Newton territory. Everett's attack was stopped and Conley kicked over the Newton goal-line. Newton put the ball in play from the 20-yard line and Blackler reeled off his 20-yard dash. Stopped again, Elrod placed a nice kick on the Everett 35-yard line. Vasalotti and Butler nailed the Everett backs on the next two plays for a total loss of nine yards and Conley kicked to the Newton 37-yard mark as the period ended.

Second Period

On second down Elrod make a quick kick from close behind the line of scrimmage, catching Everett unaware and putting the ball back to the Everett 20-yard line where Olivieri fumbled and recovered it. Conley's kick on first down traveled but 25-yards and as Elrod ran it back nearly ten yards Newton was close to scoring position. Here two passes and a rush made it first down on the Everett 27-yard line as Newton drew closer. An offside penalty set Newton back five yards and the advance was halted. Elrod placed a beautiful kick on the Everett two yard line where Perkins barely missed a smashing tackle by Olivieri which had it been successful would have carried the Everett safety man over the line for a safety. Instead Perkins missssed his hold and Olivieri was forced outside after a 15-yard runback. Everett made a first down here but was then stopped and Elrod made a fair catch of Conley's kick on his own 35-yard stripe. A 14-yard dash by Elrod made a first down near midfield. On third down Elrod made another quick kick and Perkins downed it on the Everett 15-yard line within a few feet of the sideline. The stage was now set and the Newton line was through on Conley as he swung his foot against the ball. As told before Butler blocked the kick, Perkins retrieved it and scored. A pass from Elrod to Litchfield missed completion and Newton failed to score the point after. After the kickoff, a 22-yard pass from Gagliardi to Coviello and a line plunge for no gain ended the half. Newton 6, Everett 0.

Third Period

Blackler kicked off to Everett and an attempted forward pass on the first play was intercepted by Shorten, who picked the ball right off the fingertips of Coviello before he could grasp it, to give Newton the ball on their 42-yard line. On third down Elrod kicked to the Everett 25-yard line. Conley kicked on third down after Butler stopped two line plays. Elrod kicked the ball back again a few plays later and Everett made its fourth first down. Two plays later Gagliardi fumbled after making seven yards around the end and several Newton players were on the ball. Failing to gain Elrod kicked to the Everett 35-yard line and on the next play Everett fumbled and recovered to end the period.

Fourth Period

Olivieri's eleven yard dash was good for a first down but on the next two plays Litchfield and Blackler stopped the advance. An attempted punt was blocked by Patterson as the entire Newton line was in on Conley and Perkins recovered on the Everett 25-yard line. He reached the 20-yard line before being forced outside. An opportunity to score was lost when Blackler fumbled and Olivieri recovered. On third down Gagliardi, making his first punt, got off a pretty spiral that Elrod took on his own 35-yard line. Once again Elrod kicked as the offence failed to click. There remained but a few minutes to play and Everett took to the air. The first pass, a long one, was incompleted as Shorten batted it to earth. The next was good for 16 yards, as already mentioned, and a first down on the Newton 46-yard line. Matuchio went outside on a line play and the ball was brought in the customary distance. Olivieri lost two yards on a criss-cross. A pass from Gagliardi to Schultz was good for eight yards. Litchfield stopped Everett's first attempt at a later pass with a four yard loss. Here were four downs but the referee ruled otherwise. Still in possession of the ball Gagliardi tossed a pass to Olivieri for nine yards and a first down on the Newton 30-yard line. On the next pass Blackler reached up and intercepted it on his 25-yard line. He ran it back 13 yards before being thrown. Newton employed its strategy of keeping in possession of the ball until the game ended as already described.

MASON SCHOOL

Mason Tennis

The Fall Tennis Tournament at the Mason under the able supervision of George Volpe and Nick Cicone is well under way. Harriet Morgan and Ruth Manness are leading in the girls' tournament. Nick Cicone is out in front for the boys and waiting for any boy to play him.

Mason Boys Want M's

Many of the Mason boys are out for soccer and this makes competition keen. Thus far, the games being one-sided, all boys out for the team have been given a chance to play.

It is necessary to play in every game or part of every game to be eligible for a Mason "M".

NEWTON HARRIERS WIN SECOND RACE

The Newton high school cross-country team won its second race of the season yesterday afternoon defeating Quincy high, 26 to 32 over a course of nearly three miles at Newtonville. Smeator of Quincy and Lamb of Newton put on a thrilling finish with the Granite City youth breaking the tape a yard ahead of the Newton runner in 14 minutes and 40 seconds.

Next Tuesday afternoon Newton will entertain the Arlington harriers on the Newtonville course and will conclude its season with a full team entry in the Harvard interscholastics to be staged on Nov. 1st. Interest in the sport is keen and the Newton team should make things interesting for everybody in the next two and a half weeks.

The order of finish in yesterday's race was 1, Smeator (Q); 2, Lamb (N); 3, Mulhall (Q); 4, A. Signore (N); 5, V. Signore (N); 6, Sprague (Q); 7, Hill (Q); 8, Murray (N); 9, Dealer (Q).

'MID CLEATS AND PADS

The week-end story of games played by Newton High's 1930 opponents in a nut-shell..........sensational forward passing gave Prov. Tech an 18-0 win over Waltham..........it was the Watch City's worst defeat since the Newton 27-0 victory of 1921..........and the little Rhody team's second win in 18 games with Waltham..........Jimmy Good of Medford intercepted a Somerville pass for a 70-yard run and a 6-0 win..........Both teams lost scoring opportunities..........Somerville has never beaten Medford in 16 years..........Rindge won the Cambridge city championship by trimming Camb. Lat. 18 to 0..........the Tech lads recovered fumbles and intercepted pass to put them in scoring position thrice..........Brookline had no trouble in piling up a 37 to 0 score on the strike-weakened Watertown high leven which never threatened..........Malden failed to stop Rex Kidd and his mates from Melrose and the latter scored once to win 7 to 0..........it was Malden's first setback in two years..........Quincy scored a last-minute 8 to 6 victory over Milton high after forcing a safety in the third period to take a 2 to 0 lead..........both team's scored touchdowns in the final quarter.

NEWTON ARCHERS

Our city's famous archery club, the Newton Archers, held its final tournament of the year on the Newton Centre Playground, as usual, on October 13. Among its prizes the Club was permitted to offer gold, silver and bronze tercentenary medals, their winning restricted to actual residents of Newton. Of these, the gold championship medal for women was won by Mrs. Natalie True Bartholomaei, of 101 Windsor road, Waban; and her father, Mr. John Preston True, won the bronze one offered for men. Mrs. True was not shooting that day.

Master James Gardner of 240 Windsor road, also shot at the tournament among the juniors, and gave a very good account of himself, although delays in acquiring equipment led to his previously having had but two coaching lessons: and he had had no opportunity to try the 60 yard distance at all. He is a student at the Levi Warren Junior High School, where archery is likely to take a decided boom.

Recent Weddings

MOORE—BORWICK

The marriage of Miss Elizabeth McKenzie Borwick to Mr. Donald Edwin Moore of 65 Langdon street, Cambridge, took place at the home of the bride's parents, Mr. and Mrs. James Manson Borwick of 101 Pleasant St., Newton Centre, at eight o'clock on the evening of October eleventh. Rev. Nathaniel Bernard Lovegren, assistant minister at Emmanuel Church, Boston, performed the ceremony. The bride was given in marriage by her father.

Mrs. Robert H. Cobb, sister of the bride, of Woodstock, Vermont, was the matron of honor and Mr. John MacCoy of New York City, classmate of the groom, was the best man. Miss Nancy Elizabeth Cobb, niece of the bride, of Woodstock, Vermont, was the flower girl.

The bride wore a gown of ivory satin with veil of tulle caught up with orange blossoms and carried a bouquet of white roses and sweet peas. The matron of honor wore flesh color georgette and carried a bouquet of ophelia roses. The flower girl wore pale green crepe de chine.

A reception was held following the ceremony at which the couple were assisted in receiving by Mr. and Mrs. James Manson Borwick. The home was decorated with carnations, roses, ferns, palms and autumn leaves. The wedding march was played by Miss Ruth Stanyik, a graduate of the New England Conservatory. A buffet luncheon was served to about fifty guests.

After a wedding trip to New York Mr. and Mrs. Moore will reside at 8 Orkney road, Brookline.

The bride is a graduate of Tabor Academy and the groom of Massachusetts Institute of Technology.

SMITH—BURKE

Miss Mary Josephine Burke, daughter of Mr. and Mrs. Henry J. Burke, 1265 Walnut street, Newton Highlands, and Mr. Stephen Simon Smith, son of Mrs. Rose Smith, 1051 Chestnut St., Upper Falls, were married by Father Dennis H. Donovan, pastor, at the Mary Immaculate of Lourdes Church, Upper Falls, Saturday, October 11th, at seven thirty o'clock.

The bride had as her attendants, her sisters, Miss Harriet Burke as maid of honor, Miss Margaret Burke and Miss Alice Burke of Newton Highlands, Miss Helen Smith of Upper Falls, sister of the groom, and Miss Frances Cockran, Dorchester, as bridesmaid. The groom was attended by Mr. Carleton Vantour of Waltham as best man and the ushers were Mr. Vincent Casey, Mr. Thomas Casey of Belmont, Mr. Peter Forbes of Watertown, and Mr. William Garvin of Dorchester.

Mrs. John Flood of Newton, organist of the church, presided at the organ and Mrs. James Phillips of Newton Highlands, rendered two selections, Holden's "Salutaris," and "Come, Jesus, Redeemer," by Bartlett during the ceremony.

The bride was gowned in white satin and a tulle veil trimmed with lace caught with orange blossoms and carried a shower bouquet of brides' roses.

The maid of honor was gowned in a period dress of flesh colored satin trimmed with blue turquoise velvet, a picture hat of blue transparent velvet to match and wore silver slippers, and carried a bouquet of talisman roses. The bridesmaids were gowned in honeydew satin, picture hats of honeydew velvet, trimmed with turquoise blue and wore blue slippers and carried bouquets of talisman roses.

After the ceremony a reception was held at the Newton Highlands Woman's Club House on Columbus street, attended by one hundred and seventy guests.

The bridal party were assisted in receiving by the parents of the bride, Mr. and Mrs. Henry J. Burke and the mother of the groom, Mrs. Rose Smith. During the reception an orchestra rendered music and Mrs. James Phillips sang "Strolling down the Lane of Dreams," Victor Herbert's "Sweet Mystery of Life," and "My Hero," from "The Chocolate Soldier."

After a wedding trip Mr. and Mrs. Smith will reside at Fayette street, Watertown, Mass.

CAREY—WATERMAN

Miss Louise Waterman, daughter of Mr. and Mrs. George H. Waterman of 352 Hammond street, Chestnut Hill, was married to Anthony M. Carey, Jr., son of Mrs. Anthony M. Carey of Baltimore, Maryland, at the Church of the Redeemer, Chestnut Hill, on Saturday afternoon, October 11. The ceremony was performed by Rev. John S. Moses.

Miss Waterman wore a gown of ivory satin and the wedding veil which was worn by her great-grandmother. She carried a bouquet of jasmine and lilies of the valley. Her sister, Miss Priscilla Waterman, who was the maid of honor, wore coral pink taffeta and tulle with a hat of brown velvet.

James Carey, 3rd, of Baltimore, Maryland, was the best man.

The groom is a graduate of Princeton, class of 1922, and is a member of the Cap and Gown and the Bachelors' Cotillion of Baltimore.

The altar of the church was decorated with yellow chrysanthemums and palms. Miss Esther Costello was the organist and there were solos by Paul Ryan.

A reception and wedding breakfast was held at Odd Fellows Hall, Northgate Park, West Newton. The couple were assisted in receiving by Mr. and Mrs. M. J. Norton, Mr. and Mrs. Timothy Cronin and the maid of honor and best man. Music was furnished by an orchestra.

Mr. and Mrs. Cronin left on a wedding trip to Montreal and before returning home will visit "Rabbit" Maranville at his home in Rochester, New York. On their return they will reside at 255 Derby street, West Newton.

The groom who is familiarly known to baseball fans as "Bill Cronin" is a catcher for the Boston Braves.

SMITH—BJORNSON

Miss Lois M. Bjornson, daughter of Mr. and Mrs. Theodore O. Bjornson of 76 Harvard street, Newtonville, was married to Robert M. Smith, son of Mr. and Mrs. Robert P. Smith of Harvard, Mass., on Friday evening, October 10, at 8 o'clock, at the Central Congregational Church, Newtonville. The ceremony was performed by Rev. Arthur M. Ellis, pastor of the church.

The bride was given in marriage by her father. Mrs. Earle S. Johnson of Newton Highlands was the matron of honor and the other attendants were Mrs. Edward E. Miller, Jr., of Hanover, Mass., Mrs. Ralph D. Thompson of Newton Highlands, Mrs. Frank W. Buxton and Miss Virginia Barnes, both of Wellesley. Little Mary Jane Buxton was the flower girl.

Theodore O. Bjornson, brother of the bride, was the best man and the ushers were Russell W. Clark of Boston, Donald D. Reynolds of Cambridge, Ralph D. Thompson of Newton Highlands and Edwin J. Allen of New York City.

A reception was held in the church parlors following the ceremony.

Mr. and Mrs. Smith will reside at 10 Wendell street, Cambridge, where they will be at home after November 1.

The bride is a graduate of Simmons College, class of 1925.

NEWTON CONTRACTORS FORM CORPORATION

Farina Brothers of this city formed a corporation on September 27. The company is capitalized at $100,000; one thousand shares at a value of $100 each. Antonio Farina of 61 Bridge street, Nonantum, is president and treasurer of the company which is engaged in the excavating business.

ROTARY CLUB

On account of the observance of Columbus day on Monday the regular luncheon of the Newton Rotary Club was held on Tuesday at the Woodland Golf Club and was a joint meeting with the Watertown Rotary Club, 35 members of that club being present.

The guest and speaker was Mayor Sinclair Weeks who was introduced by Dr. Fred M. Lowe of the Program committee.

Mr. Weeks gave a most interesting account of some of the problems he faced as mayor, the first being the necessity of keeping taxes down. Second meeting the demands of everybody for everything and third the matter of unemployment. The mayor told of the work of resurfacing streets, building the stadium, the bathhouse at Crystal Lake and other matters, all of which had been paid from taxes. He told of some of the more ridiculous requests which he had received and said that in view of the lack of work he had just decided to have a large sewer and drain project done by city labor, rather than by contract labor.

Mr. Weeks believed, that outside of the matter of unemployment, the recent year of depression had been rather beneficial, in that it had made business men wake up to the necessity of economy in their particular kinds of work. He said that silver, which is the basic value of more than half the world had depreciated 50% in the last year and that in one business in which he was engaged, affecting the automobile trade, their production had dropped 55%. In view of these facts Mr. Weeks believed that the depression would continue for six months or a year.

HOOD'S Grade A Milk

is the highly specialized product of New England's greatest milk organization

THE bottle of milk that comes to you today with the Hood Grade A Seal, is the culmination of 84 years of experience in one undivided field—milk production and distribution.

It is the result of 84 years of persistent striving for higher quality. It represents enormous expenditures in cash premiums, in veterinary supervision, in expert inspection, in scientific laboratory research and checking.

It involved the smoothing out of an endless amount of detail. The arranging and adjusting of many complex factors. The education of producers to a full understanding of our conception of HOOD QUALITY. Added to this came the tuberculin testing of over eleven thousand cows and the selection of those that could qualify for this unusual milk.

Only an organization such as Hood's could have accomplished this tremendous task.

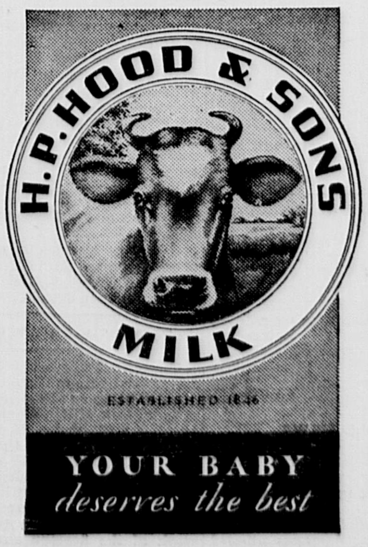
It required an army of experts and specialists to master and control the various selective and protective measures needed to create and maintain the standard set for Hood's Grade A Milk.

Here is a really fine product. Rich in all the things needed to build fine bodies in babies and children and keep grown-ups in glowing health.

Begin using Hood's Grade A today. Say Grade A to the Hood salesman.

Your baby deserves the best—see that he gets it.

"Hey, where's my Hood's Grade A Milk?"



RICH MILK—Better than legal requirements for Grade A Milk. Rich all through.

CLEAN MILK—From clean cows, produced under rigid supervision. Hood's standards three times as strict as State laws.

TESTED COWS—From cows tuberculin tested under State and Federal supervision, and then especially selected by our own inspectors.

CLEAN BOTTLES—Bottles are scientifically cleansed and sterilized by the most modern equipment in New England.

SEALED BOTTLES—Double sealed to prevent tampering or contamination.

PASTEURIZED—With the most modern and scientifically correct methods and equipment.

Entered at the Post-office at Boston, Mass., as second class matter

We earnestly hope that any Republican who contemplates voting the Democratic ticket this election will STOP and THINK seriously of the practical effect of that vote. There is something involved in this election which ought not to be sidetracked by the vague possibility that the liquor question will be solved by such action. Well informed persons realize that it will be many years before Congress will vote to repeal the 18th Amendment, and even if such was the case no one can be found who believes that such an amendment would be approved by 36 states of the union. In the meantime is it not the plain duty of all Republicans to get behind President Hoover and support the able policies he has announced. Another Democratic senator from Massachusetts would augment the difficulties which Mr. Hoover now confronts, while as Senator, Mr. Butler can be depended upon to aid and assist the president in every way. STOP and THINK, Mr. Voter.

BIENNIAL CONVENTION OF CHRISTIAN ENDEAVOR

With the closing session of the Massachusetts Christian Endeavor Convention at Lawrence last Monday night, nearly 1000 registered Senior delegates with several hundred more friends and visitors listened to the message by Dr. William Hiram Foulkes of New Jersey. Dr. Foulkes in his message stressed, as did all the other speakers, the need of Christian backing by all the young people in the all-important question of prohibition, challenging the army of Christian Endeavorers to go out and write into the records that **prohibition must stand** for all time.

At the opening session last Friday night Rev. J. Whitcomb Brougher of Tremont Temple Baptist Church, Boston, spoke to the young people on "Service and Success."

Among the leaders of educational conferences held Saturday morning and afternoon was Carroll M. Wright of Newton.

On Saturday afternoon a Tercentenary Tour was conducted by Marion Fernald of North Andover, the itinerary including the various buildings of Phillips Andover Academy which the late Dr. Francis E. Clark, founder of Christian Endeavor, attended. There were also visits to the chapel where Dr. and Mrs. Clark were married and to Mrs. Clark's birthplace.

With 600 Endeavorers in attendance, an outdoor Quiet Hour service was held at Tower Hill Sunday morning, a brief message being brought by Rev. Norman Bartlett of Andover, following which the delegates split into groups, attending the regular services in the churches of Lawrence and Andover.

In the afternoon the young people again reassembled for a splendid address by Rev. Floyd L. Carr, field secretary of the Northern Baptist Convention, at which time he asked them to uphold the dry law. His address is understoood to be one of the most scathing arraignments of the "wets."

Monday morning 1400 Senior, Intermediate and Junior Endeavorers marched through the streets of Lawrence, being reviewed by the Mayor and the City Council. Floats, decorated cars, knights of the Crusade and the Parade of the Nations were all present. The officers of Middlesex County C. E. Union wore red capes and bandanas and each of the 250 delegates from the eight local Unions in the County carried red and white pompons. Over 80 Endeavorers from Norumbega C. E. Union were present at this time headed by their president, Edward M. Simpson of Cambridge.

Awards and installation of officers were the features of the afternoon session, a special publicity award being made to Mrs. Mildred Simpson of Norumbega Union for her work of the past year.

At the closing session it was voted that the next State convention be held in Brockton in the fall of 1932.

SPEAKS TO CHRISTIAN ENDEAVORERS

Last Tuesday evening sixty Endeavorers of the Norumbega Christian Endeavor Union met at the Waverley Baptist Church. The praise and devotional period was conducted by Edward Simpson, the Union president, who then turned the meeting over to the Campaign Superintendent, Walter Upham, who explained to the young people the rules and points of the new inter-society contest which began October 15.

Mrs. Mildred Simpson presented special awards for last year's work to Miss Nellie Seward, Lakeview Evangelical Church, Waltham, and Mr. Newton Jones, Lincoln Park Baptist Church, West Newton.

The speaker of the evening was Mr. Adolph Klaupik, a student for the ministry at the Newton Theological Institution. Mr. Klaupik attended school in Russia for a short time. He was thrown into prison because of his great desire to preach about Christ but later made his escape and went to Latvia, where he attended the Baptist Seminary. Many interesting questions were asked by the young people which Mr. Klaupik answered.

Following the meeting a short social was held, refreshments being served by members of the entertaining society. The attendance shield was presented for the month to the Lincoln Park Baptist Church, the gavel, for second best attendance, going to the Weston Baptist Church.

A social under the direction of Corrine Boyd will be held tonight at the Lincoln Park Baptist Church, West Newton. All young people interested in Christian Endeavor or any phase of Young People's Work are most cordially invited to attend. "Christians and Sunday" will be the topic for next Sunday's meeting at this church, Helen Nickerson being the leader.

The young people of the North Congregational Church will attend the Prohibition Rally at the Boston Garden next Sunday afternoon. No scheduled Christian Endeavor meeting is planned for next Sunday evening, at the church.

NATHAN FULLER CHAPTER, D. R.

The first fall meeting of the Nathan Fuller Chapter, Daughters of the Revolution, was held on October the 15th, at the home of Miss Barbara Estabrook, 37 Beechcroft road, Newton. Twenty-five members and their guests were present.

The meeting was called to order by the Regent, Mrs. G. Raymond Lehrer, and opened with a salute to the flag and the singing of two verses of "America," led by Mrs. George Knight. Reports were read by the Recording Secretary, Mrs. Walter MacAdam, and the Corresponding Secretary, Mrs. Henry Cross. The Treasurer, Miss Barbara Estabrook, also gave a report.

Mrs. Catharine Wilson was appointed as an assistant for the Americanization work which is done by the chapter girls. Plans for the State Rummage Sale were discussed, to be held both morning and afternoon on November 18th. The Nathan Fuller chapter has charge of the sale of women's hats at this time.

A Benefit Bridge was discussed for November the 12th, in order to raise money for the completion of the quota for the Valley Forge Memorial Church. This will be held at the West Newton Neighborhood Club, and tickets are in charge of Mrs. Richard Brown, the chairman of Ways and Means. An article was read by Mrs. George Knight from the Evening Transcript on the steps Congress is taking to prevent the misuse of the American Flag both publicly and privately.

After the business session adjourned, a most interesting talk was given by Dr. Adelbert Fernald on his experiences with Commander Donald MacMillan in Baffinland. Dr. Fernald illustrated his talk with colored lantern slides and moving pictures.

Tea was then served by the hostess, assisted by Mrs. George Knight.

D. R.

First meeting of the season of the Sarah Hull Chapter, Daughters of the Revolution will be held at the home of Mrs. William L. Ratcliffe, 284 Franklin street, Newton, Wednesday afternoon, October 22nd, at 2.30 o'clock. Mrs. Harold K. Estabrook will give an illustrated talk on "Ancient American Art." Mrs. Wallace Wales will sing a group of songs with Mrs. Ray A. Eusden at the piano. Tea will be served at the conclusion of the program with Mrs. Willard L. Sampson, Miss Nettie E. Stone, Mrs. Roland A. Thayer, Mrs. Edward P. Tuttle, Miss Helen L. Wells and Mrs. Walter C. Whitney acting as hostesses for the afternoon. The Regent, Mrs. Daniel M. Goodridge, will preside.

APPOINTED STREET DEPARTMENT FOREMAN

Joseph F. Guzzi of 21 Ellsworth road, West Newton, was appointed a foreman in the Street Department yesterday by Street Commissioner Stuart. His name was second on the list of three eligibles certified by the Civil Service Commission. Thomas Burke, hoseman of Engine 3, Newton Centre, was first on the list, but chose to remain in the Fire Department.

Mr. Guzzi, who is 28 years of age, has been engaged in the trucking business for several years. He was formerly employed on state road construction and had made a study of road building.

POLICE NEWS

Domenico DeVito of 13½ Howard street, Boston, had a big lunch on Columbus Day and will have two months to digest it. Domenico formerly resided near Parker street, Newton Centre, and came out to that section again on the holiday. Also, on the same day the glorious weather caused the family of H. M. Rees of Oak Hill to hike into the woods nearby for a stroll. They took a lunch with them. They parked the basket containing the lunch in a convenient spot while they meandered about, admiring the foliage. When they returned to eat the lunch it had disappeared. So had the basket. The police were notified and Motorcycle Officers Dowling and Hammill hastened to the sylvan glades of Oak Hill and captured DeVito, who had also been in the woods. The eats were gone—completely gone, but the police recovered two spoons, a butter knife, two cups and a plate which had been in the basket. In the Newton court on Tuesday DeVito was charged with the theft of the eating utensils and the food. He admitted having partaken of part of the Rees lunch, but asserted that most of the food had been devoured by another man who was with him when the lunch basket was spotted. Judge Bacon sentenced Domenico to two months in jail.

Mark Oettinger of Westbourne terrace, Brookline was in the Newton court on Wednesday charged with passing two worthless checks in Newton stores. The checks had been drawn for $25 each and were passed at the Newton Public Market and the Newton Tailors. Oettinger was sentenced to two months in jail on each count. The sentences were suspended on condition that Oettinger make restitution. Autoists fined $5 each for failing to STOP before entering through ways included: Mrs. Carmela Gorgoni, 16 Thurston road, Watertown; Gustaf Von Schantz, 123 Oxford road, Newton Centre; Frank Branzeth, Wellesley; William Loker, Cochituate.

Charles McDermott of Sparhawk street, Brighton was fined $50 in the Newton court yesterday for driving an automobile after his license had been revoked. He was fined another $50 for having given a false name to a police officer. Recently Sergeant Bannon stopped McDermott and the latter gave the sergeant a false name. Bannon learned Mc-Dermott's correct identity and had a warrant issued for his arrest. McDermott who had vamoosed to other parts surrendered yesterday morning.

Fines imposed in the Newton court yesterday on speeders included: Andrew West, Framingham, $10; Howard Fowle, Gilbert street, West Newton, $5; David Cheever, Jr., Washington street, Wellesley, $5. Lillian Barisano of Middle street, Newton was in court yesterday charged with assaulting her mother-in-law, Mrs. Rose Barisano. The case was continued to October 23.

THE LITTLE THEATRE IN AUBURNDALE

Invitations are out for the fifth season of the Auburndale Club Players, and will be mailed to interested applicants. This group of amateur artists, directed by Ernest Law Johnson and sponsored by the Dramatic Committee of the Auburndale Club, has won increasing recognition. They have added to four successful home seasons the distinction of a series of noteworthy productions at summer colonies in Maine. Their present membership list is drawn from all parts of Newton, and extends into the surrounding towns. Acceptable to the public as the dramatic efforts of the group have been, they give promise of providing even greater enjoyment in this year's repertoire. Exacting standards are consistently maintained, both in the selection and the production of plays. It is the aim of the Auburndale Club Players to make a vital contribution to the Little Theatre movement and to the art life of our city.

Rehearsals are now under way for "The Guardsman," a highly amusing comedy by Franz Molnar, to be presented in November.

Anyone desiring information regarding the Auburndale Club Players or the plays for this season should communicate with Mrs. H. H. Longfellow, Tel. W. N. 0768, or with Bradley L. Hill, 60 State street, Boston.

PROGRAM MEETINGS OF WOMAN'S ASSOCIATION

The first of the Program meetings of the Woman's Association of Eliot Church was held Tuesday afternoon, October 14, at three o'clock

At 1:30, sewing was done for Morgan Memorial and was supervised by Mrs. John I. Farwell. Surgical dressings under the direction of Miss Carrie Millett were made for the Red Cross.

Mrs. Alden Clark, chairman of the Program Committee was in charge of the meeting, and Mrs. H. H. Powers led the devotional service.

The general topic of the meeting was "What Northfield May Mean to the Younger Generation," and Mrs. Richard Lee, Miss Dorothy Kennison, and Miss Bernice Leacy of the Baptist Church, who attended the Northfield Conference the past summer, gave interesting accounts of the work done there for the young people attending, and which will have a far-reaching effect upon their lives.

Tea was served by the Tea Hostess, Mrs. W. A. Spurrier, and Mrs. Fred L. Trowbridge and Mrs H. R. Mason poured.

These meetings are open to all, and every one wishing to attend will be welcome.

LASELL SEMINARY

Miss Mary Barton, Lasell '29, who is now studying pianoforte at the New England Conservatory of Music, gave a piano recital at the Chapel Service on Wednesday morning last.

A large delegation of Lasell students attended the lecture in Symphony Hall by Commander Byrd.

The Vesper Service Speaker on Sunday, October 19, will be Dr. Arthur Ellis of the Newtonville Congregational Church.

NEWTON BUSINESS MEN MEET

The first fall meeting of the Newton Business Associates was held last night at the Hunnewell Club, Newton with an attendance somewhat above the average. An open meeting was held in order that business men of Newton Corner, not connected with the organization might have an opportunity to hear Mr. John F. Fleming, founder of the Coolidge Corner Associates and know the purposes and benefits of such an organization. Members of the Associates were greatly interested in Mr. Fleming's talk as many ideas were obtained by which the efficiency and value of the members as a group could be increased.

President Ralph M. Patterson called the meeting to order shortly after seven-thirty and after a few songs led by Hugh Boyd, the speaker of the evening was introduced. Mr. Fleming told of the value of good fellowship among the merchants and of the importance of keeping trade in the community. He told of the era of high pressure door-to-door selling which has been experienced the past few years and that he believed that it only produced enemies among the buying public for those who continued it. He dealt with the importance of social contact, the results of too much discount giving, and the necessity for building up bank credit. A question period followed at which many questions were asked both Mr. Fleming and Mr. O'Neil, secretary of the Coolidge Corner Associates.

President Patterson spoke of the appointment of the committee to recommend the best use of the old fire station site and that this committee would be ready to report the first of next month. Coffee and doughnuts were served to conclude a most profitable and enjoyable evening.

THREE NEWTON DOMESTICS KILLED

Three young women employed in this city as housemaids met their deaths Sunday night in the Nashua River at West Groton. The three victims were Amelia Richard, 22, her sister, Adeline Richard, 18, and their cousin, Marie Maillet, 25. The Richard sisters came from Shediac, New Brunswick and the Maillet girl was a native of St. Mary's, New Brunswick. Amelia Richard was employed at the home of E. C. Robbins, 115 Parker street, Newton Centre; Adeline Richard was employed at the home of Dr. Stanton Burgess, Morse road, Newtonville; Marie Maillet worked at the home of Mrs. John Consodine, Nathan road, Newton Centre.

Sunday evening the three girls entered an automobile driven by Samuel Maillet of Cushing street, Waltham. Maillet was accompanied by Joseph Burgess of Dix street, Waltham. The party started for Gardner where the girls had relatives and formerly resided. As the sedan driven by Maillet speeded around the curve which leads to the bridge over the Nashua River at the boundary of Pepperell and West Groton, it crashed through the rail of the bridge and dropped into the river. The two young men escaped from the car and swam to shore. The three girls were trapped in the sedan and drowned. Maillet was arrested charged with drunken driving. Burgess was arrested for drunkenness. They appeared in the Ayer Court on Tuesday and were held in bail for a hearing in that court today.

WILL HOLD HEARING ON PARKING CONDITIONS

The TRAFFIC Committee of the Board of Aldermen will hold a public hearing next Wednesday night in City Hall at 7:45 to afford an opportunity to business men and residents at Newton Corner to discuss parking conditions in that section. Business men there have been complaining that parking restrictions on Saturday nights are not obeyed so that their customers have no facilities for parking while doing their shopping. Parking conditions near the new building on the former Bacon estate will also be discussed. So will conditions on Peabody and Pearl streets.

468 REGISTER ON WEDNESDAY

Registration for persons desiring to vote at the coming National and State election closed Wednesday evening at 10 o'clock. During that day 468 citizens registered, making a total of about 1400 who have registered since the State primary. Before the primary 400 had registered. The total registration for the year is slightly in excess of the registration of last year.

CITY HALL NEWS

The Claims and Rules and Public Works Committees met Wednesday evening and held long conferences on several matters of importance which included zoning problems and claims against the city for damages alleged to have been caused by city trucks, a city owned horse and a falling tree.

ODD FELLOWS BAZAAR

Don't forget to attend the bazaar of the Odd Fellows Building Association to be held on October 24 and 25 at 15 Southgate Park, West Newton. Something doing all the time, come and see for yourself. Guess what time the watch will stop. Win a good prize to take home. The proceeds will help carry on the expenses for the next year. Advt.

TO PRESENT PLAYS

On Wednesday evening, October 22, at 8 p. m. there will be given at the Playground House on Tyler terrace, Newton Centre, two one-act plays to a representative audience of those who are interested in drama and who will care to know about the plans for a village activity for the coming season which will have drama as its centre. Professor Packard, who succeeded Prof. Baker at Harvard, will address the group and also Mr. Clayton Gilbert, professor of drama at N. E. Conservatory of Music, will bring a message.

The plays presented will be "The Man in a Bowler Hat," which its author, A. A. Milne calls, "a terribly exciting affair." The cast is John, Samuel Fuller, Jr.; Mary, Mrs. W. S. Railsback; Chief Villain, Harmon Harris; Hero, Stephen Kautz; Heroine, Narcisa Peace Varney; Bad Man, Richard Kemper, The Man in a Bowler Hat.

The other play is "The Boor," a translation from the Russian play by Tchekov. A play by Tchekov is now running at the Wilbur Theatre. "The Boor" is a delightful example of Russian drama as it introduces into a sombre and low toned situation a high note of satirical comedy. The play will be acted by Elizabeth Dunker as Helena Popov; Harrison Crofford as Smirnov and Norman Strauss as Luka.

If anyone is especially interested in this movement Mrs. Everett W. Varney, Cen. New. 1381-M, will be glad to give further details.

FOREST FIRE AT OAK HILL

Tuesday, 2 p. m., box 913 was pulled for a dangerous forest fire in the woods between Vine and Brookline streets, Oak Hill. When Engine 3 arrived a wall of fire 35 feet high was tearing a rapid pace through the tinder dry. Engines 4, 7, and 9 and Truck 2 also responded to fight the fire which was not extinguished until 6:30 p. m. Many acres of woodland were burned and only the determined work of the firemen saved a number of valuable buildings from being destroyed.

NORUMBEGA DISTRICT SUNDAY SCHOOL ASSOCIATION

The Norumbega District Schools of Religious Education are under way, with a total enrollment of approximately 150 persons. The District statistics kept during the past nine years of these standard training schools show that over 1000 different persons have registered at one time or another, each for at least one term and many for nearly all of the terms during the entire period of nine years.

Much interest is being shown this year in Prof. Berkeley's course, "The Pupil." Part of this is due to the fact that one of the schools in the District is making as its special emphasis for the year the need of knowing and understanding the pupils in the church school classes.

Another church school is making Handwork its special emphasis for the year, looking forward to a Handwork Exhibit next June, a new venture in that particular church. The course, Handwork in Religious Education, is being offered in the Training School to encourage these handwork exhibits which have already been carried on with splendid results in a considerable number of churches.

SPORT NOTES

Clark Out Indefinitely

Len Clark is out of Dartmouth football indefinitely with water on the knee it became known early this week. Clark did not play last Saturday against B. U., having been hurt in the game the previous week with Bates. The Newton Highlands youth, who is the best interfering back on the Green squad, is rather out of luck, especially if he should fail to get back in time for the coming major games with Harvard and Dartmouth. Last year he played well against the Crimson only to suffer a broken rib which put him on the shelf for the rest of the season. Captain Harold Andres and Henry Johnson are also not in the best of shape because of minor injuries in the past two games and have been taking it easy this week.

Hapgood Nearly Ready

Ernest Hapgood, Brown guard, who has been out with a fractured ankle, returned to uniform on Monday and took a light workout. The ankle was injured more than a month ago in scrimmage and has kept the former Newton high star lineman out of the Bruin games to date. He may get into the game with Yale tomorrow if needed.

Gatchel Calling Signals

Bowdoin has abandoned the huddle system and Creighton Gatchell, former Newton high star centre, is at the quarterback position and calling the signals. He calls them all unless his guess is countermanded by Captain Souther at leftend, who is a Waban youth and former star on Huntington School athletic teams.

Andres In—Johnson Out

Latest news from the Dartmouth camp is to the effect that Captain Harold Andres has recovered from slight injuries so that he will be a certain starter in the game with Columbia tomorrow in the Green's first big test of the year. Henry Johnson, regular fullback, has joined Len Clark on the sidelines and will not see action against the Lions.

Back At Guard

Gordon Linberg, former Newton high tackle, has been shifted to a guard position on the Tufts freshman team. He played at left guard last week Friday in the game with Huntington school which the Tufts first year team won 12 to 7. Earlier in the season Linberg was playing an end on the yearling eleven.

Wins Practice Game

Country Day school won a 21-6 practice game with Mechanics Arts high of Boston last week Friday afternoon. The local team scored a touchdown in each of the second, third, and fourth periods with E. Downes contributing one and Schmidt two. The local school made good on all three tries for the point afterward. Mechanics scored in the third period when Yakey intercepted a forward pass and raced fifty yards.

McCrudden Places Tenth

Running his first collegiate cross-country run James McCrudden, former Newton High star 1000 yard runner placed tenth in the dual race between Bates and Northeastern University at Franklin Field last Saturday. The Newtonville youth was the third Northeastern runner to finish, Bates making a slam of the first seven places for a perfect score.

Spain Kicks Two

Frank Spain, former Newton and Exeter Academy luminary, kicked two goals after touchdowns for the Dartmouth freshman last Saturday in their 20 to 7 victory over Tilton Academy. Tilton's lone score came on a forty yard run after interception of one of Bob Bennett's forward passes. Bennett is also another former Newton and Exeter Academy athlete.

Harvard Freshmen Lose

The Brown freshman team defeated the Harvard freshmen last Saturday at Providence, 6 to 0, by concerting a punt fumbled by a Harvard back into an opportunity to score. Everett Scheinfain, former Newton High captain and Bridgton star, played the entire game at right end for the Brown yearlings while Carl Pescosolido, former Newton High and Deerfield Academy star back, played most of the game at right halfback on the Harvard team. Pescosolido was the outstanding Harvard player, contributing most of the gains made by the Crimson first year backs.

Bowdoin in Tie

Bowdoin and Williams played a 7 to 7 tie last Saturday at Brunswick, Me., with the visitors scoring in the final period to avert defeat. The Polar Bears' touchdown came in the first period with Foster scoring on a long end run. Captain Souther, Waban youth, kicked the goal from placement.

Gilligan Stars for Fittons

Tommy Gilligan had a busy afternoon last Sunday playing fullback for the Fitton A. C. in its 19 to 7 victory over the Quincy Trojans at Winthrop. It was the former Newton, Exeter and Harvard player's first game for the Fittons. Gilligan was a thorn in Quincy's side both on the offence and defense. He intercepted six Quincy passes. In the final period after a series of rushes in which Gilligan and Guarnaccia featured the Fittons scored their third touchdown.

FIRST GAME AT NEW STADIUM TOMORROW

Although Newton high will not officially dedicate its new stadium to the memory of the late Coach Allie W. Dickinson until Thanksgiving Day morning at the Brookline game the new gridiron will be used tomorrow afternoon in the game with Quincy High. Action is slated to start at 2:30 p. m. and with the increased and modern accommodations for spectators it is expected that a sizable crowd will be present although the collegiate tilt at the stadium will hold interest for many local fans. There are 5800 seats in the new stadium which practically completes the development of Claflin Field after twenty years.

Newton's victory last Monday, the first of the season and the first in the past ten starts augurs well for the future. The victory should mark a turn in the orange and black football the story of which is not told with much enthusiasm. After what was beginning to seem like an almost endless string of defeats the local eleven now seems on the way to better days.

Possessed with better material than at any time in recent years the Newton eleven should chalk up several more victories in a row as the full strength of the squad is becoming available. As we intimated in these columns several weeks ago the local eleven at that time needed but three things to get away to a good start. Confidence in their ability, team work through experience, and the will to win. With the Everett game under their belts their confidence is immeasurably increased. The past three games have showed a great advance in team work and both factors have combined to bring about the latter.

Coach Sullivan has not yet been able to put his strongest eleven on the field but will be able to approach it more closely tomorrow. In the game with Malden he was without Elrod, triple threat halfback and his loss was keenly felt. Against Cambridge Elrod, Litchfield, backs, and Hildreth and Sostillio, ends were hors de combat. At Everett the Newton mentor had to keep his newly discovered sophomore find, Warren Huston, on the bench, as well as Hildreth and Sostillio. For tomorrow the latter is the only one not available.

But one change has been made in the line positions for tomorrow with Bill Gowell starting at left tackle in place of Giles. At the beginning of the season Gowell was a tackle but was shifted to the guard squad. As three sets of guards of almost equal ability have been developed Gowell became a tackle again and has earned a chance to start. Perkins and Bruen will be on the ends, Butler at the other tackle, Vasalotti and Gulian at the guard positions and Patterson at centre.

Quincy has won three of its four games this season although with the exception of the game it lost to Melrose it cannot be said to have faced the calibre of opposition that Newton high has in its three games. The Granite City outfit has victories over Abington, Belmont and Milton high schools and has scored a total of 27 points. Melrose, conquerors of Malden, has a 12 to 0 victory over Coach Carlson's eleven with Milton also scoring one touchdown for a total of eighteen points against Quincy.

The visitors captained by C. Young, right end, will bring a large squad of players and will probably have greater reserve, at least in numbers, than the orange and black. The visitors apparently have several backfield players of comparatively equal ability on their squad of forty-eight hopefuls. With Gentry at quarter, Sullivan at fullback and Donnon and Melville at the halves as the probable starting backfield the visiting coach has MacArthur ready to go in at the signal calling berth, Sullivan at fullback and either Craig and Noyes or Sipple and Iovanna at the halfback posts.

The probable starting line-up and the player's numbers:

McCullough To Start

Carleton McCullough of Newton Centre, veteran Boston University end, will start at the left wing for the Terriers in the game with Middlebury tomorrow at Nickerson Field. McCullough received a chest bruise in the New Hampshire game two weeks ago and played but a short time in the game with Dartmouth last Saturday.

Chamberlain Now Halfback

Arthur Chamberlain, former Newton high centre and centre on the B. U. freshman eleven last year, has been converted into a halfback. He has been with the centres on the Hub squad until recently.

Newton Seconds In Tie

Newton high seconds and Lexington high seconds battled to a scoreless tie yesterday afternoon on the Lexington gridiron. Newton marched to the Lexington one-yard line in the second period but Lexington held and took the ball on downs. The Minute-Men never threatened the Newton goal throughout the game.

Dartmouth Romps

Dartmouth romped to a 74 to 0 victory over Boston University last Saturday at Hanover. Although all the local youths on the Green squad were in the game at some time or another with the exception of Len Clark, none of them scored. The Hanoverites scored twice in the first period, the second score coming after a series of plunges by Henry Johnson had featured a long march down the field. Johnson added one point after touchdown on a line plunge. He was removed from the game shortly after with a minor injury and did not come back. Captain Andres was also forced to quit because of a slight injury.

SPORT NOTES

Mason Wins Another

The Mason School soccer team shut out the Emerson School 4 to 0 on Tuesday afternoon. The Newton Centre School scored its first goal shortly after the kickoff with MacLeod and Grow teaming up in fine style. In the second period Mason scored twice, keeping the ball continually in Emerson territory. Curran and MacLeod made the tallies. In the closing minutes of the game Grow added the fourth and final tally.

Mirrors Resilvered

Every home has at least one or two mirrors that need resilvering. Our process assures you of the very best. The old silver is stripped off, glass repolished, two coats of silver applied, a coat of the purest shellac is applied, then painted with a waterproof paint. If the glass is in good condition the result is just like a new mirror. We call for and deliver and our prices are right.

We also reframe old mirrors.

ABOUT TOWN

By Edw. H. Powers

With the streets covered with wet leaves, what is regarded by many as the most dangerous driving season of the year is with us. Those who drive automobiles at high rates of speed under such conditions are not only menacing their own lives, but also the lives of others. Any sensible person who has ever been through the nerve wrecking experience of a bad skid while operating a car, uses extra caution while wet leaves cover highways.

That was some rain Wednesday. And it certainly was needed. In fact, about a week of steady rain would be welcomed by the farmers and by persons residing in cities and towns where the water supply problem had become acute. Despite the great need of rain some folks will be complaining about the wet weather in another couple of days.

The foliage in Northern New England over the holiday week-end baffled description. It was magnificent, gorgeous, superb—and all the rest of the superlatives. Many will agree with that distinguished Englishman who asserted that the thing which impressed him most in this country was the autumn foliage in Northern New England. The brilliant, variegated hues of the maples, the flaming red of the oaks, the yellow of the birches, with the evergreens intermingling—produced a symphony of color which perhaps could not be surpassed in any other part of this country—or any country. Apparently the long, dry summer and the absence of frosts had contributed to the creation of a foliage entrancingly beautiful.

Two hundred and fifty miles from here one travels from the hectic, machine age of 20th century United States of America into the calm, rural life of French Quebec. Last Sunday we spent in Coaticook, Quebec, one of the astern Townships of Quebec Province settled by English loyalists at the time of the Revolution, but for the past quarter-century preponderantly French-Canadian. It is a clean, attractive little town with excellent concrete streets which are kept surprisingly clean. Many automobiles containing tourists from the United States pass through the town, and the inhabitants of the district also own an appreciable number of motor-cars. But, the interesting thing is to observe the general use of horse drawn vehicles. Spick and span vehicles drawn by well groomed steeds roll along the streets and bring one back to the days of the 19th century. Several blacksmith shops and harnessmakers shops are located on the main street to emphasize the fact that the horse still is an important factor in transportation in Quebec.

The noise of an air-compressor and the clatter of pneumatic hammers have been trying the nerves of persons residing near Centre avenue bridge at Newton. The bridge is being largely rebuilt. It would be a big improvement if this bridge were entirely rebuilt and the high side spans replaced with lower spans which would enable autoists crossing this bridge to observe approaching traffic.

POLICE NEWS

The $150 reward given by the State of Texas, for the capture of Fred Hughes, an escaped convict has been turned over to Hughes' wife and child by direction of Sergs. King and Burke and Special Officer Feeley of the Newton police. These men captured Hughes last spring after he had looted Newton homes. Much loot was also seized in his room at the Hotel Statler. He was sentenced to serve five years in State Prison.

Robert Tompkins, who was ordered to resign from the Newton police force, and who demanded a public hearing, changed his mind and tendered his resignation last week.

Three reserve members of the Newton police department have been made regular members of the force. They are Robert E. Brosnahan of St. James street, Newton; George F. Slavin, 60 Garland road, Newton Centre; J. W. Corcoran, 53 Taft avenue, West Newton. New members appointed to the reserve force are—James Cunningham, 118 River street, West Newton; William Kerrivan, 1284 Boylston street, Upper Falls; Lawrence Murphy, 147 Edinboro street, Newtonville; John Mullin, 69 Cummings road, Newton Centre.

Two boys residing near the Jewish synagogue on Adams street, Nonantum, were in the Newton court last Friday charged with disturbing a religious meeting. According to the testimony of Morris Gilfix, an official of the synagogue, while a religious service was in progress on October 6, a volley of ripe tomatoes was hurled at the back door of the edifice by boys residing at the rear of the place. Those accused of putting over the tomato barrage were Pasquale Lochiatto 18, and Louis Lochiatto 15, of 180 rear Adams street. As the officials of the synagogue stated they have no desire to have the boys punished, the case was continued without a finding until April 4, 1931.

Alden Decoursey, 14, of Parker street, Newton Centre, was in the juvenile session of the Newton court last Friday charged with accosting and insulting a girl in Newton Centre. As the boy was already on probation on another charge, he was sentenced to the Lyman Reform School.

Dr. Myron Surbaina of 439 Commonwealth avenue, Newton Centre, was fined $25 in the Newton court on Friday for driving an automobile without a license. The charge against him of driving the wrong direction on the north side of Commonwealth avenue was placed on file.

Domenico Mancuso of 100 Lexington street, Auburndale, was in the Newton court on Saturday and found guilty of keeping and exposing liquor for sale and of having made an illegal sale of liquor. On the first charge he was fined $200 and on the second—$100. He was also given a suspended sentence of six months in jail. Mancuso's house was raided on September 30 and a quantity of beer and wine seized.

A battle royal at Nonantum late Friday night resulted in fines of $25 being imposed on three of the participants in the Newton court last Saturday morning. Those found guilty of disturbing the peace were—James Marchioni, 281 Nevada street, Newtonville; Lorenzo Mazzola, 441 Albemarle road, Newtonville; Julius Bianchi, 20 Quirk court, Nonantum. Frederick Brown of Fair Oaks avenue, Newtonville, and Ernest Delesdernier of Commonwealth avenue, Boston, told Judge Bacon that as they were leaving a hall in Nonantum after having attended a dance, the girls whom they escorted were accosted by the three who were fined in court. A lively fight resulted, which ended when Patrolmen Gaquin and Walker appeared and arrested all five in the scrap. Judge Bacon found Brown and Delesdernier not guilty.

John W. Wells, 2nd, of Chauncy St., Cambridge, a student, was in the Newton court on Tuesday charged with driving while under the influence of liquor. A similar charge was also made against Robert FitzGerald of 14 Walden street, Cambridge. Both cases were continued to October 22.

Robert Donohue of 24 Elmwood St., Newton, was fined $15 in the Newton court on Tuesday for driving without a license, and $10 for driving without proper lights.

Sergs. Crowley and Reagan arrested Arthur Cavallo of Oak avenue, West Newton on Friday night. Cavallo was wanted by the police of the Upham Corner station for driving an automobile in a reckless manner.

Domenic DeVito of 13½ Howard St., Boston, was sentenced to 2 months in jail by Judge Bacon in the Newton Court on Tuesday for larceny.

PARAMOUNT THEATRE

For the first half of the week the Paramount Theatre, Newton, is offering Ruth Chatterton in "Anybody's Woman" supported by Clive Brook. This picture far surpasses her portrayal of "Mme. X" and "Sarah and Son."

The very capable supporting cast includes Paul Lukas, Tom Patricola, song and dance comedian of the Broadway musicals; Cecil Cunningham, international star of the musicomedy and variety stages, and Huntly Gordon.

On the same program will be that celebrated comedian Buster Keaton in "Doughboys," a farce comedy of the late war.

For the last half of the week "Man Trouble" will be the main feature with Milton Sills and Dorothy MacKaill in the leading roles. This is a story that is interesting and the last picture made by this famous star. On the same program will be "Good News" in which Bessie Love, Mary Lawlor, Cliff Edwards, Stanley Smith, Lola Lane, and Gus Shy take the leading roles. It is a picture made from the stage play by the same name which played in Boston a few seasons ago. It has lots of music and comedy and a host of clever artists.

The continous show on Saturday is growing every week, giving the adults an opportunity of seeing an entire show after they have done their Saturday marketing and get home at 7:30 in the evening.

CATHOLICS FAVOR PROHIBITION

Parts of the following manifesto are being circulated throughout the state by the Association of Catholics Favoring Prohibition, under the leadership of John C. L. Dowling, former chairman of the Boston Finance Commission. The manifesto states that:

We, the undersigned members of the Association of Catholics Favoring Prohibition acclaim the 18th Amendment to the Constitution of the United States as our country's greatest moral achievement since the abolition of slavery. The spiritual, moral and material progress of Catholics throughout the United States during the past decade of liquor prohibition is too obvious to require enumeration. In place of the saloon which enriched a few at the expense of moral degradation of countless victims and their impoverished dependents, other fields of honorable business in professional and industrial occupations have developed to the advantage of Catholic enterprise and endeavor.

By voting NO on Initiative Petition (Question 2), the Catholics of Massachusetts will assert an unquestionable loyalty to the Federal Constitution in its entirety, by which law, order and sobriety as national attributes proclaim an American idealism not approached by any other nation.

THE MISSES ALLEN SCHOOL

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Newton Federation

The Executive Board Meeting of the Newton Federation of Women's Clubs scheduled for October 28th will be omitted, due to conflict of dates with the Fall Meeting of the State Federation at Worcester, which many Newton Club officers wish to attend, especially as one of the Newton Club presidents, Mrs. Charles C. Willson, of the Auburndale Woman's Club, is to give one of the reports on the Biennial at Denver.

The program planned for the omitted Board Meeting was to have been presented by members of the affiliated Newton Clubs, each to speak on the duties pertaining to the various club offices, with opportunity for discussion and comment from the floor.

The president of the Newton Federation Mrs. Samuel N. Braman extends to all officers and members of the Newton Clubs her earnest wishes for a mutually helpful and successful year.

The next Board Meeting will be held on November 25th at 2.30 p. m. at the Technical High School.

Waban Woman's Club

For the benefit of the Philanthropies of the Waban Woman's Club a Pivot Bridge will be held at the Neighborhood Club House on Monday afternoon, October 20th at 2 o'clock. This Bridge is to be a "Dutch Treat in a Dutch Atmosphere" refreshments and prizes to be wholly Dutch in character. Many delightful innovations have been planned by the committee of which Mrs. Harry N. Matthews and Mrs. Eugene Bissell are the chairmen. Following the usual custom the Waban Girl Scouts will sell candy.

This same committee is sponsoring a Stag Bridge for the men of Waban, to be given the following evening, October 21st, at the Neighborhood Club House at 8 o'clock. This is also to be a "Dutch Party" and the proceeds will go to the new Waban Library, for which the Woman's Club has pledged itself to raise the sum of $2500.

The men's committee helping with this affair comprises Mr. Robert W. Moore, Mr. Rutherford O. Ainslee, Mr. Joseph W. Bartlett, and Mr. John S. White.

The Waban Woman's Club is to have again this year the pleasure of hearing Miss Eunice Avery talk on Current Events. A series of three lectures will be given: On October 22nd and 29th, and November 26th, at the Union Church, at 10 o'clock in the morning. Mrs. Harry J. Klotz, chairman of the Civics, Community, and Volunteer Service committee is sponsoring these lectures.

Newton Upper Falls Woman's Club

"How to listen to music" is the attraction for the October 20th meeting of the Newton Upper Falls Woman's Club which will be held in the Club Rooms of the Emerson School, when Miss Rosabelle Temple, teacher of vocal music at Cushing Academy, Ashburnham, will conduct the program.

Miss Temple came to the Club last year and members present at that time will surely be pleased to welcome her again.

It is hoped every member will attend this meeting and bring a guest.

Auburndale Review Club

The next meeting of the Auburndale Review Club will be held October 21st at the home of Mrs. Charles E. Valentine, 362 Wolcott street, Auburndale, at which meeting Mrs. Madison M. Cannon, who was in charge of the Auburndale Art display at the Newton Tercentenary Exhibition in Newton Centre last May, will report.

Woman's Club of Newton Highlands

The next regular meeting of the Woman's Club of Newton Highlands, with Mrs. Harry P. Forte, president, presiding, will be held on Tuesday, October 21st, at 2.30 p. m. in the Congregational Church. Mayor Sinclair Weeks of Newton will be present and will tell of plans for city improvements, including playground development. World Affairs will be interpreted by Eunice Harriet Avery in a lecture on "Russia: Moscow and Leningrad To-day."

The first meeting of the Class in Reading of Plays will be held in the Workshop on October 20th, at 9.30 a. m. "Death Takes a Holiday" will be read under the direction of Mrs. Albert S. Hutchinson. Other dates and leaders in this course are as follows: November 17, Mrs. Grosvenor D'W. Marcy; January 19, Mrs. Edwin F. Gibbs; February 16, Mrs. B. Walter Godsoe; March 16, Mrs. Charles G. Wetherbee; and April 27, Mrs. Charles H. Keeler. A charge of $1.50 will be made as fee for this Class. Applications should be made before the opening date to Mrs. Raymond R. Collins, 38 Moreland avenue, Newton Centre.

On October 24th, a Luncheon-Bridge will be held at the Food Craft Shop, 234 Boylston street, proceeds of which will be used to finance a series of lectures on "Child Psychology."

Auburndale Woman's Club

The Auburndale Woman's Club is having a decided innovation in its second meeting of the year. Instead of the customary speaker and demonstration coming to the Club, the Club is going to them. At 2:30 o'clock, on the afternoon of October 23rd, the Auditorium of the Boston Consolidated Gas Company, at 250 Stuart street, Boston, will be opened to as many of the members as may go. Experts will give a practical demonstration of "Better Planned Meals," after which refreshments will be served. It is hoped that all who are motoring will ask others to accompany them; convenient parking places are available, and those using the trains will find it within easy walking distance from the Huntington avenue station.

Newtonville Woman's Club

The Newtonville Woman's Club is offering many attractive features to their members. Book Clubs are being formed, in which each member pays for her own book but has the privilege of reading fourteen others. There will also be Book Clubs for children. Application for membership in these Clubs may be made to Mrs. Robert Gaskell, N. N. 1140-W, before October 20th, the applicant stating first and second choice of books to be supplied.

Applications for French classes may be made to Mrs. James D. Elliott, W. N. 2663. Classes will be formed for beginners, elementary, or advanced. It is possible that classes for young children will be formed, if a sufficient number are interested. The Education committee is sponsoring the Book Club and French Classes.

A Class in Contract Bridge, with Mrs. F. Spencer Arend as teacher, will be organized, if members are interested. A series of ten lessons for $8.00, on Friday mornings from 10 to 11 o'clock at the Newton Club is the present plan. Those interested should telephone Mrs. A. William Krause, N. N. 1297, before November 1st.

On Thursday, October 23rd, at 10 a. m. the "Newtonville Garden Club" will meet at the home of Mrs. Andrew W. Church, of 59 Judkins street. The subject, "Consider the Lillies," will be discussed by Mrs. Joseph W. Maddock.

The second meeting of the Hospital committee will take place on Thursday, October 23rd, at 1:30 in the afternoon, at the home of Mrs. George B. H. Macomber of 171 Highland avenue.

The annual Scholarship Bridge Party is to be held this year on Friday, October 24th, at 2 p. m. at Masonic Hall. Mrs. George Edmands has charge of the party and is being assisted by members of the Education committee. The proceeds of this annual Bridge are to be added to the Scholarship Fund, which is given each year to a Newtonville girl. Tickets may be obtained from members of the committee, or bought at the Masonic Hall on the day of the Bridge. There will be a very attractive souvenir for each table, and refreshments will be served.

Newton Community Club

The Newton Community Club will present a charming and colorful Pageant, the "Romance of the Shawl," at its meeting in Underwood School Hall, Thursday, October 23rd, when Club members will portray the romantic history of shawls, from the ancient mantles of Egypt and Greece, vivid wraps of the Orient and Spain, to Indias and Paisleys of mid-Victorian days.

The afternoon will be a mosaic of tableaux, songs, dances and two brief plays enacted by members, all accompanied by an authentic story of shawls, their symbolism, design, cost and famous wearers.

The program is in charge of Mrs. William Ridge, Chairman of the afternoon. The musical part of the Pageant is in care of Mrs. James Bosdan. The Pageant is written by Katharine Parker Thore, of the Friday Club of Everett.

Members of the Club are urged to wear or loan old shawls which they may be fortunate enough to possess; Paisleys and Indias in their crimsons and blues, crinkled Chinese crepes and squares of warm wool, or other treasures of past fashions.

West Newton Women's Educational Club

The West Newton Women's Educational Club will hold an Open Meeting and a Food Sale October 24th, at 2:30 p. m. at the Unitarian Parish House. Mrs. George H. Jackson as chairman, will introduce Paulina Wendell Chellis, instructor of Creative Dancing at Bouve School, Sargent School, and Thayer Academy. She is also a student of the Trumpy Skoronel School, Berlin, Germany. Miss Chellis will give a Demonstration Lecture of the New American Dance.

Mrs. Percival Waters is chairman of the Food Sale. The hostesses at tea will be Mrs. Ernest A. Dockstader and Mrs. Roy A. Stimson. The Club has chartered a bus, as means of transportation to attend the Autumn Meeting of the State Federation to be held at Worcester, on October 28th. A large delegation is desired.

STATE FEDERATION

FALL MEETING. Clubwomen are reminded of the date of the Fall Meeting of the State Federation—October 28th. The Auditorium of the North High School, Worcester, is the place of meeting, and the morning session opens at 10 o'clock; the afternoon session at 1.45 o'clock. Those who wish to attend, and do not have delegates' tickets, will be admitted upon presentation of their membership ticket of their own Club.

RADIO. Mrs. May Dickinson Kimball, chairman of the Division of Mothercraft and Child Welfare, will broadcast "Winter Feeding for Children" from station WBZA next Thursday morning, October 23rd at 11.30 o'clock. Iride Pilla, Soprano, of the Boston Conservatory of Music, accompanied by Helen Gale, are to be on the air at 11.40. Mr. E. Everett Clark, State Supervisor of Adult Alien Education, guest speaker for the Division of Inter-racial Unity, will tell listeners of an unusual "Pilgrimage of New Americans."

BILLBOARDS. Riding through the country enjoying the wonderful colors of the foliage brings home the plea of the State chairman of Community Service, Mrs. Fred B. Cross: "If every woman would buy the product NOT advertised on the landscape; buy her gasoline at the service station NOT decorated in brilliant hues and make her opinion known, it would help to discourage this type of manufactured landscape." She also utters the sigh: "We wonder why the country can't be left beautiful and advertising be made to confine itself to commercial districts." Her plea is printed herewith for the consideration of affiliated Clubwomen.

Newton Centre Woman's Club

Mrs. William C. Noetzel, chairman of the Art committee of the Newton Centre Woman's Club has arranged for what should be a very interesting visit to the John Hayes Hammond Museum at Gloucester, for a limited number of members, on Tuesday, October 21st, the group to leave the Club House at 8.30 A. M. It is imperative that those who wish to go notify Mrs. Noetzel immediately.

Mrs. Charles Allen Riley opens her home, 254 Commonwealth avenue, Chestnut Hill, on October 22nd, at 2.30 p. m. for a Bridge Party, tickets for which may be obtained from Mrs. George Willard Smith, and her committee, who have the affair in charge. This committee also is in charge of the Grabs for Children in the November Bazaar.

Mrs. William H. Raye, chairman of the Membership committee, announces that since the number of memberships remaining in the Club is now limited, she would be glad to have names of prospective members as soon as possible.

The Year Book which has just been issued is one of the most complete and interesting Year Books yet sent out to members, as it contains among other features, the most helpful addition of a "Telephone Directory of Officers and Chairmen." To Mrs. James Watson is due the greatest amount of credit and appreciation for its compilation.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

Tucked away in the circumstances surrounding the career of a young friend of mine is something which should encourage a lot of ambitious folks. Nobody has ever told me that I should not use this column for a pulpit. Nevertheless, I have preferred to state certain things, hoping they would convey the same thought as a sermon without appearing to preach. What recently came to my notice I believe should be known by the many really industrious youngsters who are eager to succeed and willing to make an effort.

A young man in the early twenties came to me and said that he had been laid off and was very much up against it financially. I thought I was in for a touch, but found he had no such intention. He wanted work. I asked him what he thought he was best adapted for—what he most preferred to do. To my astonishment he replied, "Music. I can sing and play."

I answered, "Are you sure?" He replied that he was. Then I said, "Now that you've convinced yourself, convince me." He said he couldn't quite understand so I asked if he were willing to study and practice sufficiently to lift himself from the class of players who make only a fair living. I tried to tell him that any profession is worthy of all you put in it and unless one has an objective one can do most anything in the way of employment between the hours of 9 a. m. and 5 p. m. and keep fed, clothed and sheltered, but achieve little more.

"I've had one or two chances on the radio and I think I could make good," he declared with earnestness. Then we sat down and discussed the way one may become somebody in the studios. I repeated the age-old maxim, "If you've actually got the goods, somebody will buy them." He saw that I meant that he must excel as a player and singer in order to even be considered.

After he had gone I thought, "Well, here's another. Maybe he'll land and maybe he'll turn out like a lot of others." He certainly had nothing but his own eagerness to succeed—nobody was pushing him, nobody except his family and friends was particularly interested. It looked like an awful rough road ahead.

It must have been a year or more later than I received a letter from him. It was dated in the Middle West. "I've made good," he wrote "and as soon as my engagements permit I'm coming to Boston. You'll be the first one I call on." That didn't knock me off my seat, but it pleased me tremendously. Months rolled along and the matter sort of slipped my mind. One day not long ago I received a telephone call. It was my young friend. Said he, "When I find a place to park my car I'll be up to your office."

It was no streak of luck that had come to him. He had gone at his music with a determination of a man trying to break out of prison. He had studied and practiced. Six hours a day was nothing for this young man. Of course he had attained proficiency. He had become the principal of an act, as the theatrical folks describe it, and was appearing both in a theatre, on the air and at night clubs.

"How did you do it?" I asked.

"You told me I'd have to plug and plug," he replied. "Well, I plugged harder than that. I'm working every day and night and they're paying me big money."

I remembered his salary at the job when he first came to me for advice. "You were getting $14 a week as I recall," said I, "what does this work pay you?"

"Here are my contracts," he answered, and produced documentary proof that he was receiving five hundred and fifty dollars a week.

I was staggered, but there was no disputing his statement.

"And that doesn't include phonograph records I make," he went on.

As far as I was able to figure his total income was nearly $800.00 a week, barring what he had to pay a booking agent and for traveling expenses. I was even more pleased that he was taking the best care of himself, shunning liquor and temptation and still practicing from four to six hours a day. Don't forget this latter fact.

This shows that it can be done. Like Ripley I must say, 'believe it or not' and still like the self-same Ripley I am prepared to offer proof on personal request.

It is to be hoped that readers of this column have not formed their impression of reporters on daily newspapers from bibulous persons and incidents portrayed in certain of the sound films. Interesting and amusing as some of these have appeared they are quite apt to mislead people not familiar with the getting-out of a big newspaper. If members of the reportorial staff conducted themselves as do the actors in a number of the talkies, when assigned to newspaper characters, it would be a pretty poor apology for a daily chronicle of events that you would have before you at breakfast or any other time.

Far be it from me to destroy the romance of newspaper work as it stands forth in popular imagination among those not "in the know." I feel sure that everybody who stops to think how his daily newspaper was prepared for him believes there was plenty of work put into it. Not only that, but that it was systematic, despite the appearance of rush and roar and no head or tail. As a matter of fact it is the most perfectly moving human machine. People who may seem to be moving without purpose are really accomplishing much. It is weird, complicated and different but there are no false moves or wasted moments.

And now to show you how fast the work of preparing material for printing or "turning-out copy," let me call your attention to the device for writing copy miles away from the office and having it come out of a typewriter at the newspaper office as if the man were seated at a desk near the editor.

While the Legion convention was in progress the teletype was put in use. A man could sit at the machine in the hall and write. As rapidly as the copy was written it appeared on another machine in the newspaper office. Think of it! The reporter wrote at the scene and his copy burst forth from another typewriter in his office! No rushing back to write the story, no calling of messengers to carry the copy. No need to stop and dash to a telephone.

No doubt many of you have seen reporters seated at a table at a convention or big public meeting, taking notes or writing a running story of the occasion. But these men had to travel back to their offices or call for messenger boys or telephone. Under this new arrangement hours are saved. Talk of the marvels of the twentieth century—here's one that means more than is probably realized at present. It is going to speed up things in this already high-geared and high-speed age.

Social gatherings in the not remote past, say half-a-dozen or more years ago, managed to develop an individual known as "the life of the party." He or she displayed an unusual amount of animation, wit and resourcefulness in fun-making that provided a sort of leadership in the mirth and merry-making. For centuries and in all countries "the life of the party" has been recognized as essential to the success of a feast or dance or what-you-will. These gay individuals, however, were always one of the crowd which meant they paid their own way or came, like everybody else, on invitation.

Today there is a "master of ceremonies" to decorate and otherwise inspire gay occasions. At places where people pay to dine and dance, and often get more dancing than dining for their money, there are professionals to keep enjoyment at fever heat until the last big spender has paid his check. The brand of humor handed out by the paid entertainers is not the kind to strain one's intellectual powers. "Meet the boy friend" and "Give this little girl a big hand" are some of the stock phrases that are repeated with a smile and gurgle intended to cause all present to collapse from laughter.

So being "the life of the party" has become a profession and, as far as I am able to judge, a profitable one. While I have not the slightest objection to all this I prefer the person who by sheer magnetism and brains is able to keep a crowd happy and lively without any monetary reward. It is all so much more genuine and natural. Paid performers are invariably interesting to me but there are folks who are not on the make and who to me are equally amusing.

Not long ago in a small town where I visited there was a gathering of nearly 800 men and women of all ages. It was a town celebration which meant that all classes were there. The man who sort of "steered" things was as good as a profesional actor and the best part of it was that his humor and stunts were spontaneous. Moreover, they probably did more to enliven the gathering than could the efforts of a man paid liberally "to make 'em laugh." All in all, "the life of the party," in my opinion, should come from the ranks and not from some entertainment bureau.

There is little that gives me more genuine, if more or less silent fun than a town meeting. I do not look for comedy alone, but I like to hear a discussion of local problems in which a variety of views is offered. No reflection on the governing bodies of large cities, you understand, but a small town can settle or at least try to settle some vexatious question with a more representative expression of opinion. You find a man from the north part of the town kicking because the folks in the west part are asking too much. It sort of balances things to have a whole lot of people arguing from different angles. There is less likelihood of log-rolling or distribution of political favors which sometimes characterize the deliberations of a city council.

Take the citizen, who is not looked upon as an orator and who never raises his voice in debate except in town meeting. That fellow often has a lot of ideas that surprise one. It may be that he has had something on his mind for a whole year and takes the opportunity to get it off. When he speaks there is something to be heard. Therefore, I revel in an evening of rural law-making.

I recall when a certain community had before it for discussion the cost of water rates. The whole town was aroused at the expense of maintaining the plant. Investigation showed that the town fathers were building for years ahead which made the total sum appear far out of proportion to what seem to be existing needs. Yet everything was prudent and sound financing. The speakers said some funny things, but they were not foolish. Rather they were for the most part words of wisdom. The comic side remained with me and so I give here an incident.

An indignant citizen, pointing his finger at the town water commisisoner, said, "There are two things that I believe the Lord Almighty meant to be free. One is air and the other water."

The water commissioner promptly replied, "And they are in this town, but we're obliged to charge you a nominal fee for delivering the water."

ALDERMEN MEET

The most important matter transacted at the regular meeting of the Board of Aldermen on Monday Oct. 6 was the appropriation of $4500 to purchase office equipment for the Water Department. This equipment will include an addressing machine, stencilling machine, stencils, cabinets and a large Burroughs accounting machine. The itemized details specified $486 for an addressograph, $460 for a stencil machine, cabinet $274, plates $133.25, frames $441, extra help to make stencils $720, Burroughs machine $1490, meter readers, books and supplies $500.

The reason for the new equipment in the Water Department office is the proposed change whereby bills for water will be sent out every three months instead of annually, as has been the practice in Newton. The quarterly bills and notices thereof will be made out by the Water Department and then delivered to the City Collector who will send out the notices and retain the bills, until paid. The new method will entail considerably more work for the offices of the Water Commissioner and City Collector, but it is expected to save the city from such heavy losses on unpaid water bills as has been experienced in the past. It will also afford Newton residents a better opportunity to keep tabs on the amount of water they use.

Hearings on the docket on petitions of the Edison and Telephone companies for pole locations included the following: Greenlawn avenue at Homer street, 1 pole; Garland road at Homer street, 1 pole; Walden street between Highland and Otis streets, 12 poles; Bolton road near Lowell avenue, 5 poles; Fairfield street, 6 poles; Whittemore road, 7 poles. Harold Leach of 258 Homer street opposed the pole location on Greenlawn avenue because it will ruin an elm tree that is over a century old.

No persons appeared to favor or oppose the petitions of Thomas Mollay for a gasoline filling station at 100 Needham street, and Arthur DeGiorgio for a gasoline filling station at 60 Needham street. James P. Gallagher as attorney for Amana S. Estabrook informed the Aldermen that the garage and repair shop which the petitioner proposes to build at the rear of 49 Elmwood street, will be of fireproof construction. It will be on the site of the old Bush's Livery Stable which collapsed several months ago. Later in the meeting the Aldermen granted this petition and also a permit to Alice Sweetser to build a 3 car garage at 160 Lincoln street, Newton Highlands.

Alderman Bail called attention to the fact that no plans have been filed with the petition for the filling station at 60 Needham street.

No persons appeared to speak in favor of the proposition to lessen the curve on Commonwealth avenue opposite Prince street. A written protest was read from the Beacon Oil Company, whose property would be affected. Protests were also made by Cornelius Mehigan and Catherine Mehigan, representing the Mehigan family. Their land would be taken if the avenue is altered at this point. No opposition developed to the projects involving the widening of the easterly corner of Washington and Chestnut streets, southwest side of Mandalay road, southerly corner of Bridge and Chandler streets, south side of Newtonville avenue east of Walnut street, northeast corner of Walnut and Washington streets.

Joseph C. Foley of 1605 Washington street objected to widening the northerly side of Washington street, West Newton, between Auburn and Greenough streets. He argued that the street at this point is sufficiently wide for present needs and that if such a width is required in 10 or 15 years, the city should then pay the then existing value of the land. Mr. Foley marshaled five other property owners in the area affected who also protested against the proposed widening.

Other hearings announced, and on which no opposition developed included those referring to the taking of land for a drain from Auburndale avenue southerly, taking land for a drain from Commonwealth avenue to Nottingham street along Francis street, taking land for drains on Mountfort road and Wood End road.

The Licenses Committee reported favorably on petitions for 22 private garage permits. Alderman Powers inquired if any of these permits involved the waiving of set backs on street lines and explained that his reason for making this inquiry was occasioned because at the preceding meeting two garage permits had been granted on Lowell avenue, Newtonville which waived the setback line from 25 feet to 5 feet. When a garage is permitted within a few feet of the street line, any building can be built equally as near within 200 feet, provided no street intervenes. This weak link in the zoning ordinance menaces the value of property in many of the finest sections of the city.

On the recommendation of the Licenses Committee, the Aldermen voted to permit Lois Miller to alter the garage at 30 Grove street, Auburndale so that it can be used as a 2 car garage; to permit Nobel & Nutting to erect a 3 car garage at 94 Hammondswood road, Chestnut Hill. A common victualler license was granted to Andrew Schwer at 307 Washington street; a 1st class taxi license to Arthur Roberts at Riverside station. Leave to withdraw was granted to Robert Hamilton for a garage repair shop at the rear of 67 Lexington street; Marie Kirby for a 3 car garage at 40 Myrtle street; Jacob Cron for a junk license at 101 Lexington street; F. W. Woolworth Company for a common victualler license at 320 Centre street. Cron and the Woolworth Company had been turned down before on similar petitions.

The Claims Committee reported adversely on petitions presented by Mrs. J. A. Mills of Aetna street, Brighton and Carl Miller of Austin street, Newtonville. Mrs. Mills made the modest claim of $5 for damages to her automobile which went into a ditch on Beacon street. The city contended that the street was well lighted and no liability was upon the city. Mr. Miller's claim was for an alleged defect on the sidewalk on Austin street, which caused him to receive an injury. The Claims Committee stated there is no defect in this sidewalk.

Alderman Hawkins, reporting for the Licenses Committee, recommended that a common victualler license be granted to N. G. Hing Wah, Leong Gwong and Leong Yee Epp at 280-282 Centre street, Newton, this Chinese restaurant to be known as the Red Rose Restaurant. Mr. Hawkins explained that the reputations of the petitioners had been checked up by former Chief of Police Burke and they were reported as proper persons to obtain the license. Alderman Temperley read an advertisement from a Newton paper (not the GRAPHIC) which was printed on October 3rd telling that the Red Rose Restaurant would open on October 9. Mr. Temperley protested against persons taking for granted that the Aldermen would grant permits, before any definite action had been taken.

Four jurors were drawn for duty at Criminal sessions of the Superior Court at Cambridge next month. The "lucky" men are: Mahlon Baily, 59 Pleasant street; James K. Clapp, 31 Lasell street; George F. Gray, 38 Waban street; Frank W. Clark, 25 Hunter street.

Appropriations made by the Board included—Water Department, office equipment, $4500; Street Department, construction of Dorset road, West, under the Betterment Law, $10,419; Water Department, extension of water main on Gordon road, $700; Fire Department, new triple combination pump at Engine 2, $8550; improvement of Charles River at Pulsifer Cove bathing beach, $1000; to pay architect fees for plans of proposed new police station at West Newton, $1000.

Alderman Bail, for the Finance Committee, explained that because of the low water level in the Charles River, Pulsifer Cove is now dry and work on it can be done at much less cost than ordinarily. He also stated that it was not the intention of the Fire Chief to ask for a second new piece of apparatus this year. But, the apparatus at Engine 2, which had been in service for 18 years, is disabled and beyond repair. So, it is imperative that it must be replaced at once. Chief Randlett will not ask for any new apparatus next year.

Alderman Temperley, commenting on the appropriation of $4500 for an addressograph and other equipment for the Water Department, stated that equally good equipment manufactured in Massachusetts can be purchased at less cost. He believes that local industries should be patronized and that the Mayor and Water Commissioner should investigate the Massachusetts made machines and equipment before purchasing a more expensive outfit.

Alderman Powers asked that the Traffic Committee assign a night when this committee will hold a public hearing to afford business men and residents of Newton Corner an opportunity to discuss parking and other traffic conditions at that section. Chairman Grebenstein of the Traffic Committee designated Wednesday, October 22nd as the night for this hearing.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Harold F. Van Ummersen and Jessie L. Van Ummersen to Henry C. Bourne, dated May 14, 1929, and registered as Document No. 97380 on Certificate of Title No. 28422 in the South Registry District of Middlesex County, of which mortgage the undersigned is the present holder by virtue of an assignment from the said Henry C. Bourne dated July 31, 1930, and registered as Document No. 107342 on said Certificate of Title, for breach of the conditions of said mortgage and for the purpose of foreclosing same, will be sold at public auction on the mortgaged premises hereinafter described, on Friday, October 31, 1930, at three o'clock in the afternoon, all and singular the premises conveyed in and by said mortgage deed and therein described substantially as follows:

"a certain parcel of registered land with the buildings thereon situate on the westerly side of and being now numbered 59 Gay Street in that part of said Newton called Newtonville, bounded and described as follows:

Easterly by said Gay Street, sixty-eight (68) feet;

Southerly by lots numbered 3 and 2, being the middle line of a ten-foot way as shown on a plan hereinafter mentioned, one hundred twenty-five and 25/100 (125.25) feet;

Westerly by lot numbered 1 as shown on said plan, fifty-six and 79/100 (56.79) feet;

Northerly by land now or formerly of George C. Smith et al, one hundred twenty-five and 10/100 (125.10) feet.

Said parcel is shown as lot numbered 4 on said plan. All of said boundaries are determined by the Court to be located as shown on a Subdivision Plan as approved by the Court filed in the Land Registration Office, a copy of which is filed in the South Registry District of said Middlesex County in Book 149, page 29, with Certificate of Title numbered 22204, and said premises are the same premises described in Certificate of Title numbered 28422 registered as aforesaid in Book 190, page 313.

Said premises are hereby conveyed subject to the easement acquired by the City of Newton under an instrument dated July 22, 1895, recorded with Middlesex South District Deeds, Book 2401, page 121; and the above described premises are subject to and have the benefit of a way ten (10) feet wide, to be used in common with the owners of lots numbered 1, 2, 3, and 4 as shown on the above mentioned plan, for all purposes for which passageways are commonly used in said City of Newton. Said premises are also hereby conveyed subject to a mortgage of $8000.00 given by us to the Newton Co-operative Bank, of even date and registered herewith in the South District Registry for Middlesex County."

Said premises will be sold subject to the aforesaid mortgage to the Newton Co-operative Bank, to any accrued interest thereon, and to any and all unpaid taxes, tax titles, municipal liens and assessments, if any there be.

Terms of sale: Seven Hundred Fifty (750) Dollars to be paid in cash by the purchaser at the time and place of sale and the balance in ten days upon delivery of the deed. Other terms to be announced at the sale.

THINK BEFORE YOU VOTE

A century of regulated liquor traffic did not produce the temperance the wets now claim they seek, why not give prohibition at least half that chance.

The fact that so called respectable people join the weak and criminals in breaking the law does not make law breaking respectable.

ABOUT TOWN

By Edw. H. Powers

Financial experts tell us that the business depression which had caused world-wide suffering for so many months is the result of a shortage of gold and depreciation in the value of silver. We lay no claim to being a financial expert, unless long experience in endeavoring to make quite limited finances suffice for our needs has made us somewhat expert. But, personally, it is our opinion that the alleged reasons advanced by the "experts" is the bunk. Too little gold and too much silver may be contributory causes to the prevailing hard times, but they are only minor factors. Men can't survive by eating gold or drinking silver. Neither will raiment of such valuable material be of much use in keeping one warm in freezing weather.

If the so-called civilized nations of the earth are to lessen suffering and privations among people who lack the necessaries of life, means should be devised to enable persons who need employment to obtain it. It is a sad commentary on the progress of civilization when on the one hand millions who need employment to provide for their needs cannot find work, and on the other hand huge overproduction exists because so many people are unable to buy because they are idle and lack the means to purchase commodities.

The problem before financial experts and captains of industry, not to mention rulers of nations, is to bring economic conditions somewhat abreast of the advance made by industrial conditions in the past century. If more attention would be given to equitable distribution of wealth and less to production of wealth the problems of unemployment and overproduction would be greatly lessened. And people would not be told they cannot have bread because there is too little gold or too much silver.

In connection with the French Revolution one thinks of the alleged remark of Marie Antoinette, who answered, when told that the people had no bread, "Let them eat cake." At present millions of persons in this country have not enough food because of unemployment, yet the paramount issue of the current political campaign seems to be—whether or not to "Let them buy beer."

What a patriotic man Jewett Shouse is. He told the truth in making out his income tax reports. Jewett lost a lot of money gambling, claimed exemptions for such losses—and strange to say, got some of these claims allowed. The small fry who have to pay taxes on meagre incomes would learn something if they could study the ways and means the big fish use to give the U. S. A. as little income taxes as possible.

Sending out water bills every three months instead of every twelve months ought to help the plumbers. When householders' water bills show decided increases, persons receiving such bills may hire plumbers to look for leaks in plumbing systems.

Under the date of September 27th we received the following letter from a Newtonville resident:—

"Having just read your column 'About Town' in the NEWTON GRAPHIC of this date, I wish to add another great annoyance noise which I have suffered in different cities—barking dogs. Police dogs which make a continuous big noise. How their owners can endure it is beyond my understanding. In this neighborhood where I am staying is a police dog that barks day and night. Last night a dog near us barked incessantly until way after 10 p. m. greatly to the discomfort of everyone in the house. Finally, it seemed we could endure it no longer and we called up the police who said they would look into the matter."

"I am a lover of all animals and have known some fine, intelligent ones which knew better than to bark all the time. They were trained to behave themselves. Praise for Omaha. If they can make things quieter so can we in the East."

Well, the Legion parade was the biggest show ever presented to residents of Greater Boston, not to mention the countless thousands of spectators who came from all parts of New England. The added aerial attractions which included the huge Los Angeles, the smaller Goodyear dirigible, the squadrons of skillfully maneuvered airplanes—all served to make last Tuesday more replete with thrills than perhaps any other day in the history of Boston.

The dare-devil speeding and stunting of Aviator Frank Hawks over Boston on Tuesday, while the parade was in progress, sent cold shivers through thousands in the throngs below, who shuddered to think what the result might be if the airplane got out of control while going at such a terrific pace. What a slaughter would have occurred if Hawks' plane hurtled into one of the jammed streets or grandstands.

Human nature is funny. General Edwards rode by at the head of the parade on Tuesday and was well applauded as he passed by the stand in the State House yard. Generals Pershing and Gouraud came along in an automobile and the assembled multitude gave them liberal handclapping. But, the individual who received the most acclaim from the crowd in the grand stand near the State House was not an outstanding hero of the World War. Rudy Vallee, marching in front of a band playing for the Auburn, Maine, Legionnaires was the popular idol. As Rudy marched by, his face wreathed in smiles, the people in the grandstand rose to their feet and applauded vigorously. Popularity is fickle.

Governor Frank Allen and Mayor James Curley rode together in the parade accompanied by National Commander Bodenhamer. As the car in which they rode passed the stand in which the writer sat, Mayor Curley, gesturing with both hands, motioned to the crowd in the grandstand to arise. Did they obey? They did not.

WOMEN'S CLUBS

(Continued from Page 10)

RECENT EVENTS

Auburndale Woman's Club

The Auburndale Woman's Club started on its seventeenth year last Thursday afternoon, October 9th. Together on the platform, with the officers were four Girl Scouts who held aloft our National Emblem, when Miss Dorothy Nicholls, a member of the Girl Scout Bugle Corps, gave the "Call to the Colors." This part of the program showed one of the many ways in which the Girl Scouts may become affiliated with the Senior organizations. Later in the month there will be a drive for funds for their use.

Before coming to the business of the Club, the president, Mrs. Charles C. Willson, spoke of the loss the Club had met in the death of one of its charter members, Miss Florence Bridgman, who had been elected to the office of recording secretary. This office will be filled by Mrs. Edward Gray.

The Legislative chairman, Mrs. Charles Valentine, announced the first of a series of very informal Legislative Teas, to be held at her home, 368 Wolcott street, on Thursday afternoon, October 16th, from 3 to 5 o'clock.

A delightful musical program followed the business. The Music chairman, Mrs. Edgar O. Butz, introduced one very well known, not only to his Auburndale neighbors, but to a host of Radio listeners: Mr. Charles R. Hector, general musical director of the WNAC broadcasting station. He in turn, introduced a pianist, for whom he predicted a most brilliant future, Miss Grace Cronin. Mr. Hector announced her selections, of which there were three, "Etude on Black Keys," by Chopin; "Nymphs at the Fountain," by Goun; "Marche Militaire," by Schubert, and in response to an encore, "The Music Box," by Zibert. Miss Cronin was also heard on the "air" on Sunday evening.

It has been the custom for some time for this Club to send its president to the Biennial, and Mrs. Charles Carter Willson gave an account of her trip to Denver last June, and many of the more personal incidents which were not reported in the daily accounts by newspapers. Mrs. Willson is to be one of the four speakers at the Fall Meeting of the State Federation on the 28th of this month at Worcester.

During the afternoon a Food Sale was held in the Lounge, which the chairman of the Club Chorus, Mrs. Clifford Parcher, said was a most successful one for the Chorus.

Newton Community Club

The first meeting of the Newton Community Club was held October 9 in Underwood School Hall with the president, Mrs. Henry P. Curtiss presiding. Reports were read by the recording secretary, and notices of coming activities announced. Those wishing to join the Book Club now forming are urged to do so at once.

Affirmative action was taken on the recommendation of the board that the Newton Community Club pay in full their quota for this year towards the Foundation Fund of the General Federation.

At the conclusion of the business meeting the Anna Eichhorn Ensemble presented a delightful and varied entertainment of high class music. The program was opened by the Ensemble with Reve Angelique, by Rubenstein. These talented and finished artists of the Ensemble are Claramond Thompson, Contralto; Katheryn Perkins, Harpist; Anna Eichhorn, Violinist and Reginald Boardman, Pianist.

Each artist gave solo groups accompanied by Mr. Boardman, who also played the Hungarian Rhapsody, by Liszt, especially well. Miss Thompson in costume, was charming in a group of French Folk Songs. Miss Eichhorn was equally pleasing to see and hear, and Miss Perkins' group was most artistic. Three selections by the ensemble concluded a concert which would be difficult to surpass.

During an informal reception to the president and new officers, tea was served by the Social committee, of which Mrs. Benjamin S. Hinckley is chairman.

AUTOMOBILE HITS POLICEMAN

Patrolman Frank Munroe of the Newton police was hit by an automobile Friday night while patrolling his route on Waverley avenue, Newton, near Franklin street. He received a probable fracture of the left ankle. The car which hit him was driven by Harry Anderson of Hobart road, Chestnut Hill. Anderson took Munroe to the latter's home on Brook street, Newton.

On October 14 and 15 the following graduates of the School of Nursing took the State Board examinations: Misses Ora Johnson, Grace Anderson, Audrey Belyea, Virginia Black, Emily Canfield, Marion Henderson, Hazel Lengille, Ruth Rafuse, Ruth Richards, Thelma Ringer, Myrtle Seeley, Phyllis Shean, Marie Turnquest, and Alma Wilson.

On Wednesday evening, October 15, the Executive Committee held their regular monthly meeting at the hospital.

Twenty-one accident cases were treated during the past week. Of this number only three were automobile accidents, all of them men: one with contusions and abrasions and a small laceration of the face, one with a question of a fractured pelvis, and one with fractured ribs. Four patients were treated as the result of football injuries: one with a sprained shoulder, one with a fractured collar bone, and two with fractured noses. Seven patients were treated for injuries following falls; three of these were women: one with a fractured pelvis, one with a slight laceration of the scalp, and one with a fractured finger. One boy was treated for a laceration of his tongue caused when he fell downstairs. Three men were also treated for injuries from falls: one for a laceration of his forehead, one for an abrasion of his arm, and one for a laceration of his face.

During the past week there were 122 patients in the hospital. Of this number 44 paid as much as cost of care, or more, 42 paid less than cost of care, and 36 were treated free of charge. 14 babies were born, 9 boys and 5 girls. 138 visits were made to the out-patient department. 21 accident cases were treated in the emergency ward. 3 calls were made by the social worker, and 5 patients were transferred by the social service car.

THE CHILDREN'S MUSEUM

"A Swiss Boy on Vacation" has so many interesting scenes that this Saturday motion pictures for the Children's Museum audience is bound to win plenty of applause. Nimble goats leaping from crag to crag or grazing in steep pastures; simple peasants making hay before the storms sweep down from the mountains; the mighty Alps towering impressive and beautiful; the repairing of a peaked Swiss chalet roof after a mountain storm; cheesemaking, goat-tending, in fact the many unusual activities in Swiss daily life go to make up a most worthwhile and picturesque film to be shown at 3:00 on Saturday. A second motion picture "Swiss Village Life" gives still more entertaining glimpses of life on the peaceful slopes of the Swiss Alps.

Saturday morning has its "movies" too at the Museum—little folk movies shown at the popular story-telling hour. "Cinderella" is just the tale to be turned into a screen picture these four-to-eight-year-olds can enjoy with all their hearts.

A field club for nature study in all its branches will be organized at the Children's Museum at a meeting which starts at 2:00 in the lecture hall, Saturday, October 18. Mr. Horace Taylor of Brookline will tell the group "How to Become a Young Naturalist."

W. C. T. U.

An enthusiastic and largely attended mass meeting was held Oct. 9 in the First Baptist Church, Newton Centre, which was called together by the stirring tones of the chimes.

When the American flag was borne in by the color-bearer and two guards of the Boy Scouts, the audience joined in singing the "Star Spangled Banner," ably lead by Christine Ulmer, trumpeter, and Raymond Floyd, organist. A vocal solo was finely rendered by Camille Gerouard. The devotional service was led by the pastor, Dr. Chas. M. Arbuckle and Dr. Edward T. Sullivan.

Prof. Thomas N. Carver, of Harvard in his strong, illuminating address traced the growth of prohibition, a natural development, from the beginning, local option, state control, National Prohibition.

Mrs. Henry W. Peabody, of the Woman's National Committee for Law Enforcement, inspiringly and forcefully stressed the fact that all nations are tightening up on the liquor traffic, and that the eyes of the world are on the U. S. She found the women in India praying that this nation may not take a backward step.

The closing words of the presiding officer, Mrs. Isaac Goddard, President of the W. C. T. U. were, "Put Your 'No,' in November, for Newton, Massachusetts and America." This was followed by the singing of "America."

The church was beautifully decorated with palms and cut flowers.

ANNIVERSARY BILL AT EGYPTIAN

To celebrate the first anniversary of the opening of the Egyptian Theatre, Brighton, a special program, additional surprise attractions and souvenirs have been arranged for the entire week.

The feature for the first half is "Dixiana" starring "Bebe" Daniels and Everett Marshall, a singing team that never has been equalled. Together they sing such songs as "Love is Like a Song," "A Tear, A Kiss, A Smile," "Dixiana," "I am Your Baby Now" and others. There are eleven original songs—each a musical gem.—Harry Tierney is the composer, and Anne Caldwell the librettist and lyricist.

Bert Wheeler and Robert Woolsey contribute most of the hilarity.

On the same bill is "The Big Fight" based upon David Belasco's famous stage play. It is a smashing dramatic tale of a great love and underworld intrigue with Stepin Fetchit furnishing the comedy relief.

"He Knew Women" a gay fast moving laugh maker with Lowell Sherman, Alice Joyce, Frances Dade and David Manners is the feature for the last half of the week.

The co-feature is Zane Grey's "Last of The Duanes" with George O'Brien and Myrna Loy.

Breaking Records!

On Monday, October 6 and Tuesday, October 7, the days on which the major events of the American Legion Convention were held, the Boston Elevated Railway established new records.

On these two days a total of 2,780,000 passengers were carried. This number is far greater than for any other two consecutive days in the 34 years of the Elevated's history.

The Railway carried 1,470,000 passengers on Legion Parade Day. This was the greatest number of passengers ever carried on a holiday or parade day and is the largest transported on any day in the Elevated's history with one exception.

Of the 2,780,000 riders carried on these two days only 14 claimed to have received any injury whatsoever and these 14 injuries were of a trivial character.

Service on these two days was maintained with a high degree of regularity.

This record of achievement on the most exacting days in Boston's history speaks for itself.

The Boston Elevated Railway wishes to express its appreciation for the fine spirt of co-operation shown by the police, Legionnaires, the general public and its own employees.

Gen. Charles H. Cole will speak on "Public Ownership," Hon. Eliot Wadsworth on "Return to Private Ownership" and Hon. Henry I. Harriman on "Continuation of Public Control."

The Committee in charge is Mrs. S. Hardy Mitchell, Chairman; Mrs. George M. Angier, Mrs. Herbert M. Cole, Mrs. Howard P. Converse, Mrs. Henry I. Harriman, Mrs. Albert S. Hutchinson, Mrs. M. L. Madden, Mrs. Irving O. Palmer, Mrs. Leverett Saltonstall and Mrs. Charles L. Smith.

Masonic Services At W. N. Church

To Observe Masonic Sunday At Evening Service

The Masonic bodies of Newton will take part in a special Masonic service at the Lincoln Park Baptist Church, West Newton, this Sunday evening, Oct. 26th at 7:45 o'clock.

This is the second annual observance of Masonic Sunday on this date in the West Newton Church and a great deal of favorable comment has been made in connection with the affair. The pastor of the entertaining church, the Rev. John Shade Franklin, is Junior Steward of Dalhousie Lodge, the oldest Masonic organization in Newton. Mr. Franklin will preach on the subject, "Saints and Symbols, or Duty's Boundary Line," dealing with the patron saints of Masonry, John the Baptist and John the Evangelist.

Prayers will be offered by the Rev. Chester A. Drummond, minister of the Channing Unitarian Church and past chaplain of Dalhousie Lodge, and by Mr. J. T. Browder, member of Lodge No. 427, Fort Payne, Alabama.

Among the ushers serving on the occasion are Mr. Morgan Stafford, Secretary of Norumbega Lodge, Mr. Dewey Freeman of Fraternity Lodge, Messrs. James A. Mitchell, Junior Warden of Dalhousie, J. Edwin Mitchell, Past Master and Marshal of Dalhousie Lodge, Carl B. Graves, Senior Deacon, William F. Keesler, Jr., Junior Deacon, Elmer J. Keene, Senior Steward, and Milton E. Allen, Inside Sentinel, all of Dalhousie Lodge.

Mr. George Loud, prominent Masonic organist, with Miss Wortzel and the Chorus Choir of the Lincoln Park Baptist Church, will furnish music for the occasion.

NEWTON MAN NOMINATED

John T. Burns of John T. Burns & Son, Inc., of Newton, has been nominated as president of the Massachusetts Real Estate Exchange, the action having been taken unanimously by the directors after receiving the report of the nomination committee.

LYDIA PARTRIDGE WHITING CHAPTER, D. A. R.

The annual bridge party of Lydia Partridge Whiting Chapter, D. A. R. will take place at the Brae Burn Club on Thursday, November 6th, from two until five o'clock. The committee having it in charge comprises Mrs. Frank A. Shute, chairman, Mrs. Sanford Thompson, Mrs. Raymond W. Kent, Mrs. Claude O. Bassett, Mrs. Charles E. Beane, Mrs. Myron L. Cudworth, and Mrs. Stephen A. Smith.

Annual Reception At Eliot Church, Newton

Rev. Ray Eusden and Wife Receive Parish Members

The reception which the women of Eliot Church give annually to the pastor and his wife, occurred Friday evening, October 17, and was a delightful occasion. It was in the nature of a home-coming for those returning from a long summer elsewhere.

The interior of the parlor was quite transformed wtih gay hangings from the balconies and upon the walls; and huge baskets of autumn foliage and late fall flowers with palms and ferns, and many gorgeous roses, made a charming background.

In the centre of the room, an electric fountain sent a cool green spray into the air; and in corners, the grouping of small tables on which were gay covers and attractive lamps, with comfortable chairs nearby, invited companionship.

Mrs. Edwin Smith was hostess for the evening, and the ushers were Mr. F. Layford Bacon, Mr. Ashly Day, Mr. Richard Lee, and Mr. Albert N. Walker.

Receiving with the pastor, Rev. Ray R. Eusden, and Mrs. Eusden were Rev. Russell C. Tuck, assistant minister, Miss Bessie Stratton, director of Religious Education.

Mrs. Louis D. Gibbs, president of the Women's Association, Mrs. M. B. Perry, president of the Eliot Circle, and Mr. Perry.

A fine musical program was provided by the organist, Mr. E. E. Truette, and Miss Gertrude Ehrhart, soprano, Miss Alice Reese, contralto, Mr. J. Garfield Stone, tenor, and Mr. Walter H. Kidder, bass, sang some pleasing selections.

Light refreshments were served from an attractively decorated table. Mrs. Louis D. Gibbs and Mrs. M. B. Perry poured.

Experiences of the past summer furnished a happy topic of conversation until a late hour.

NEWTON COUNCIL, K. OF C.

Next Wednesday night, October 29, Newton Council will be hosts to 200 members of Lawrence Council at the Newton Catholic Club, West Newton. The guests will travel to Newton in automobiles and will engage in a tournament which will include bowling, pool, billiards, whist and checkers. Next month, probably on November 10th, Newton Council will pay a return visit to Lawrence.

District Deputy Thomas Vahey of Watertown and his staff paid an official visit to Newton Council Tuesday night. He is the new District Deputy for Newton Council and this was his first official visit. Former District Deputy Thomas Quirk of Medford was also a guest.

A feature of the meeting was a debate between members of the Babst Debating Society of Boston College High School who are coached by Rev. John Murphy, S. J., formerly of Newton. The topic debated was "That the Baby Volstead Act in Massachusetts should be repealed."

Aldermen To Seek Re-Election In Dec.

Pres. Collins' Decision Not Yet Made

Most of the members of the Newton Board of Aldermen whose terms will expire this year will be candidates for re-election at the municipal election next December. Included in this number are Aldermen Gallagher and Powers of Ward 1, Chase and Prior in Ward 3, Floyd and Smith in Ward 4, Bail and Chandler in Ward 5, Harte, Holden and Pratt in Ward 6, Jamieson and Hawkins in Ward 7. Alderman Collins of Ward 2, President of the Board, has not decided yet as to whether or not he will again serve. Alderman Pratt of Ward 6 who retired last year after serving his district long and faithfully, was prevailed upon to re-enter the Board to fill the vacancy caused by the death of Alderman Worth. Because of the interest which his constituents are taking in the new City Hall project, Mr. Pratt will be a candidate for another term.

The Druggist

I am ever ready
Ever at your service
Day or night.
When the gaunt monster
Disease, comes,
And the physician hovers over
Nursing the spark of life,
I stand ready,
Ever ready,
To aid him,
To back up his glorious effort.
Or when children call,
I am there to serve them;
To serve their little wants.
To serve their little fancies
Or when the elders call,
To give them
That which eases the pains
Of advancing years,
Or if perchance,
A message of love
Is to go forward
To one in illness,
To one in strength,
Or ones about to embark on
The matrimonial sea,
I stand ready,
Ever ready,
To provide the message.
I know my neighborhood,
I know where health prevails
Or illness threatens,
And I keep myself ready,
Ever ready,
To serve my neighborhood
In its many and varied moods.

Nonantum Honors Police Officials

Testimonial Banquet To Three Recently Promoted

A testimonial banquet was tendered Monday night in Columbus Hall, Nonantum to three residents of the Nonantum district who have recently been promoted to ranking positions in the Newton Police Department. The three men honored were Chief Michael T. Hughes of 16 Washburn St., Captain Richard J. Goode of 19 Washburn street, and Lieutenant Nicholas Veduccio of 30 Riverdale avenue. Chief Hughes is a native of Cambridge, but he has resided in Nonantum for nearly 30 years. Captain Goode was born in Newton and has resided in Nonantum since he was a small child and so has Lieutenant Veduccio. The committee which organized the affair was comprised of Dr. Alfred Amendola, Angelo Annicelli, John A. Bibbo, Vincent Buccheri, James D'Angelo, John Finelli and Alesandro Lupo, all Nonantum business men or residents, and James S. Cannon of Newton. About 100 were in attendance and the gathering included as guests Mayor Weeks, former Mayor Childs, Leverett Saltonstall, Speaker of the House of Representatives, Senator Arthur W. Hollis, District Attorney Robert T. Bushnell, Assistant District Attorneys Warren Bishop and Frank Volpe, Associate Judges W. Lloyd Allen of the Newton court and Frederick A. Crafts of the Waltham court, State Detectives Edward Sherlock and Edward O'Neil and Police Chief Fleming of Waltham.

Following the banquet a vaudeville entertainment was enjoyed and then James S. Cannon as toastmaster introduced the numerous guests who lauded the ability of the three police officials and praised Mayor Weeks for making such excellent appointments. In behalf of their friends in Nonantum and other parts of the city, Mr. Cannon presented Chief Hughes, Captain Goode and Lieut. Veduccio each with a gold police badge.

THANK NEWTON CITIZENS

The Girl Scouts take this opportunity to thank the citizens of Newton for their generous and willing support during the 14 years of Scouting in Newton.

October 26-31 National Girl Scout Week, commemorates the birthday of its founder Mrs. Juliette Lowe. She was a guest at the home of Sir Robert Baden Powell during the founding of the Girl Guide movement in England, and that contact gave her the idea of the Girl Scout movement for America.

In Newton 14 years ago, a group of public spirited women among whom were: Mrs. Frank Day, Mrs. Charles Meserve, and Mrs. James Erwin organized our local Council of Girl Scouts.

Miss Caroline L. Freeman has served as our Director and captain for 13 years. Newton owes to Miss Freeman a debt of thanks for her unfailing interest and loyalty to our girls.

FAMOUS AUTHOR VISITS NEWTON

Abbe Ernest Dimnet of Paris, France, gave the first lecture of his present American tour at the Sacred Heart Convent on Sunday afternoon. His subject was "French Life Since 1920." The last tour of this country by the famous author and lecturer was in 1923. On Sunday night he was the speaker at the Ford Hall Forum in Boston.

MIDDLESEX COURT INSTALLATION

The newly elected officers of Middlesex Court, M. C. O. F., will be installed next Tuesday night in Elks' Hall, Newton, by Deputy High Chief Ranger James Russell of Brookline, assisted by the degree staff of Leo Court of East Boston. Members of the High Standing Committee of the M. C. O. F. will be guests and an entertainment program has been provided.

Ward One Ass'n Re-Elects Officers

Improvement Association Discusses Several Matters

The Ward 1 Improvement Association held a meeting last night at the Lincoln School, Newton. The officers who have served since the association was organized last year, were unanimously re-elected. They are Miss Julia M. Enegess, Fayette street, president, William O. Fanning, Pond avenue, vice president, Miss Margaret McDonald, Gardner street, secretary, and A. Charles Dunn, Pearl street, treasurer. Miss Enegess in giving a resume of the activities of the organization during its first year referred to its successful efforts to bring about the improvement of Boyd Park with the co-operation of Mayor Weeks and the Board of Aldermen, and other lesser improvements which included better lighting of certain streets, repairs of several sidewalks and at the Eliot School.

Among the matters discussed was the need of a fence around Boyd Park as soon as possible to protect the expensive grading work which has been just completed at this place. The fence will also be necessary to safeguard the equipment which will be installed next year at this playground. Attention was also called to the fact that the slopes around the park have not been graded and are in a condition which will require considerable work. As many residents of Ward 1 walk to and from their work, either in Newton, or on their way to the cars and trains, the need of repairs on many sidewalks in the Ward was emphasized. The sentiment of the organization is that the balance of Laundry Brook, along Jackson road should be covered as soon as possible.

Must Pay Water Bills Quarterly

Aldermen Authorize Change—Elect Howlett To Wd. 1 Vacancy

As a result of action taken by the Board of Aldermen at a regular meeting on Monday night persons in Newton who pay water bills will have this pleasure four times each year instead of once a year, as in the past. Each quarterly bill will, of course, be only about one-fourth as large as the annual bills have been. So that will help. The former Sections 246, 247 and 248 of the City Ordinances, which related to the payment of water bills were abolished and new sections substituted. These new sections provide that water bills shall be sent out every three months and that all bills for water furnished by the meter during the next preceding three months shall be due and payable to the City Collector on the first day of each quarterly billing period. The excess of water used during 1930 shall be billed on the first quarterly bills rendered during 1931.

Section 247 provides that in every case of the non-payment of bills for specific supplies and/or the water rent for thirty days after the same are due, the City Collector shall cause a written demand to be left at the premises where the water is taken, or mailed to the owner or occupant thereof and unless the rent is paid within three days thereafter, together with twenty cents for the demand, the City Collector shall give immediate written notice thereof to the Water Commissioner and there-

QUINCY PASSES TIE NEWTON, 6-6

Quincy High resorted to the air successfully last Saturday afternoon in the first game to be played on Newton high's new field at the Dickinson Stadium to escape defeat. Litchfield of Newton made the first touchdown on the new field in the third period. In the final quarter after threatening seevral times Quincy finally achieved a touchdown to tie the score. Incidentally their score was made at the same end as that of Newton so the east goalline is still uncrossed.

Newton supporters were disappointed with Newton's showing following that of the previous Monday when the orange and black took Everett into camp for the first time in nine years. The tie with Quincy can be traced to the inability of the Newton backs to defend against a forward passing attack together with the ability of the Quincy ends to hold onto passes under most any conditions. On one occasion Captain Young of Quincy leaped up to take a toss from Sullivan, his backfield mate, while surrounded by three Newton backs, most any one of whom might have knocked the pass down. The touchdown pass would never have been completed if the Newton back had not allowed himself to be pulled out of position. Couple these facts with a line that outcharged the Newton forwards much of the time and a set of backs that fought for every inch and one can readily see that Newton could win only by playing football. Instead they seemed to suffer a let down from the Everett game and were lucky to escape with a tie.

But Newton showed its strength several times. The home team took the ball away on downs three times inside their ten yard line and twice partially blocked kicks to take the ball on downs again deep in Quincy territory. Newton had two chances to score in the first half but missed out on both when their forward passes failed of completion. The Newton touchdown was the result of a forward pass. After blocking a Quincy kick and getting possession of the ball on the Quincy 40-yard mark Elrod tossed a short pass to Litchfield and the latter raced 25-yards more, aided by pretty blocking on the part of Perkins, Newton left end, to the Quincy nine yard line. Four line plays and Litchfield went over. As mentioned, Quincy tied the score with passes which Sullivan tossed to his mates.

Captain Young of Quincy kicked off to Litchfield on his 20-yard line and he ran it back to the 40-yard mark. An exchange of kicks followed with no gain for either team. On third down Huston tossed a lateral to Elrod but the throw was hurried and Elrod dropped the ball as it bounced off his chest. Captain Young recovered for Quincy on Newton's 43-yard line. The visitors couldn't gain and Sullivan kicked. A few plays later Newton kicked to Gentry on Quincy's 30-yard mark and Bruen nailed him in his tracks. Morris slid off Newton's left tackle for 23-yards and a first down. Butler recovered a Quincy fumble on Newton's 45-yard stripe. A quick kick by Elrod put the ball on Quincy's 14-yard line and the recovery of a Quincy fumble by Patterson, Newton centre on the 23-yard line, put Newton in a threatening position as the period ended.

Huston and Elrod made five yards in twin smashes at the Quincy left tackle. Two passes from Elrod to Litchfield were incompleted, Newton being penalized five yards and Quincy taking the ball on downs. Quincy fumbled but recovered on their four yard line. Sullivan kicked and Huston ran it back to near midfield. A lateral from Huston to Elrod was good for 20-yards and two plays later a pass from Elrod to Huston for 15-yards more put the ball on Quincy's 15-yard stripe. On the second play Quincy was offside and penalized to their eight yard line but this advantage was offset when Newton drew a five yard set back for having two backs in motion. On the next play Newton drew a 15-yard penalty and Elrod had to kick. Standing on his 10-yard stripe Sullivan kicked over Huston's head and the ball rolled outside near the Newton 20-yard mark. Elrod kicked to Gentry who signalled a fair catch and then ran with the ball, drawing a penalty. In two plays Gentry made 11-yards through the left of the Newton line for a first down. Shortly afterwards Vasalotti, Newton guard, recovered a Quincy fumble on Newton's 32-yard line. Litchfield and Elrod made a first down in two plays through left tackle. On the last play of the half Elrod tried to pass but was smothered for a 10-yard loss.

Blackler kicked off to Noyes with De Maio getting the tackle after a 10-yard runback. Quincy's second stringers were now in the game. Quincy kicked and Elrod ran it back 25-yards to the Quincy 43. Failing to gain Elrod kicked the ball to the Quincy 13-yard line, close to the side of the field. Quincy drew another offside penalty and had to kick with MacArthur standing on his goalline. The Newton line partially blocked the kick which Wickham, Quincy end, downed on his 20-yard mark, Newton taking the ball there on downs. Newton gained but five yards in four tries and Quincy took the ball on their 15-yard mark. Again Newton's linemen partially blocked the kick and again Wickham downed it but it was on his 40-yard line this time. Elrod tossed a short pass to Litchfield who raced 25-yards to the Quincy nine yard line as Perkins, Newton left end, cleaned out two Quincy backs with one dive. Quincy's first team came in to halt the Newton drive but to no avail as in four plays with Elrod and Litchfield alternating the latter went over for the touchdown. The try at goal was missed by Litchfield. Newton kicked off and Melville ran it back 50-yards with Shorten cutting him down with a flying tackle as Melville was trying to outwit Elrod, the only man between him and the goalline. Newton took the ball on downs on their 30-yard and had gained four yards in three plays when the period ended.

Elrod's kick was blocked by Smith, Quincy end who recovered the ball on Newton's 16-yard line putting the visitors in a threatening position. But Newton held and again took the ball on downs on their 7-yard line. Elrod got away a beautiful kick which soared over the Quincy safety man's head and rolled outside on the Quincy 33-yard line—about 70 yards from where Elrod kicked it. Quincy took to the air and two passes of about 30 yards each, one from Gentry to Young and the other from Sullivan to Donnon put the ball on Newton's 15-yard stripe. Newton tightened up again and once more took the ball on their 4-yard line. Elrod kicked to Gentry on the 40-yard line and the latter shook off four tacklers but gained back but 5 yards. Sullivan's passes failed to work and he had to kick, the ball going outside on the 20-yard mark. Elrod kicked and the Newton ends interfered with Gentry's fair catch, to draw a 15-yard penalty and give the visitors the ball on Newton's 33-yard line. Two incomplete passes, one of which Bruen almost intercepted, set Quincy back five yards but a Sullivan to Gentry toss gave them a first down on Newton's 18-yard line. Another incompleted pass and then Sullivan tossed another to Smith, Quincy right end, who was all alone in the corner of the end zone to complete it for a touchdown, tying the score. The Newton halfback defending that territory allowed the pass to go by him, apparently believing that it was either going outside the field or that no Quincy player was behind him to receive it. Quincy failed to add the point by rushing. Quincy kicked off to Huston who tossed a lateral to Elrod, the latter running it back past midfield but the officials brought the ball back to the Newton 25-yard line, ruling it a forward toss and not lateral. Two incompleted passes and Elrod kicked to Gentry who ran the ball back to midfield. On fourth down Sullivan tossed another pass to Smith for a 20-yard gain and a first down on the Newton 15-yard line but the final whistle blew before the ball could be put in play again.

NEWTON HARRIERS WIN FROM CHAMPS

The Newton high school cross-country team defeated Arlington High on Tuesday afternoon over the latter's course, 26 to 29, Arlington high won the state championship in 1929 and always has an excellent team. Joe O'Neil of Arlington won first place and was clocked in 12 minutes, 9 seconds to set a new course record which is over half a minute below the previous mark. With Vincent Signore, Augustus Signore and George Lamb finishing second, third, and fourth Newton had a good chance for victory. Ted Murray finished seventh and Douglas Chalmers came in tenth. The latter clinched the score in favor of Newton. Had Arlington split up Newton's trio, all of whom were less than a hundred yards behind O'Neil and probably all under the old record, the result would have been reversed.

Coach Donald Enoch of the Newton team has built up considerable interest in the sport and looks forward to his team doing well in the Harvard interscholastic meet on November first. With such teams as Schenectady High entered the local team will have its work cut out to place third.

The Newton mentor will enter ten runners with the two Signore brothers having an excellent chance of finishing well up near the front. George Lamb, Arthur Quincy, Joseph Pescosolido, Douglas Chalmers, John Crosette, Everett Smith, Richard Jarrell and Ted Murray will complete the Newton entries. Chalmers has been playing football until recently when he dislocated his shoulder and had to give up that sport. His presence on the harrier team against Arlington was the winning factor and in another week he should be among Newton's best.

'MID CLEATS AND PADS

The week-end story of games played by Newton's opopnents this season continued..........Somerville won its first game in five starts turning back Cambridge Latin, 6 to 0 in its first Suburban league game..........Falco ran 13 'ards around the end to count..........Somerville began its defense of its 1929 crown thusly and hopes to continue at Newton's expense tomorrow..........in the other league game of the day Brookline edged Everett by the same score, Hootstein scoring..........Brookline and Rindge meet tomorrow in a game which may have a decided bearing on the final resting place of the title provided Somerville fails to come through..........Medford and Haverhill battled in a scoreless deadlock with the former showing a fine defense but lacking the scoring punch..........Rindge drubbed Chelsea 20 to 0 with Sarauski's forward passing the feature..........Waltham took it on the chin again, this time from Fitchburg 21 to 0..........the Watch City's opponents are gradually working towards the 27 to 0 score which Newton made in 1921 to mark Waltham's worst defeat in nine years..........perhaps Lynn English, Haverhill or Medford may do it in the next three games..........or Newton may get the opportunity (?) on Nov. 15 if the feat hasn't been accomplished before then..........Malden lost again, this time to Lynn English and Geniawicz.

SPORT NOTES

Vaughan Named Tenins Coach

Waland F. Vaughan, former Newton, Andover and Yale hockey and tennis star, has been named Boston University's tennis coach. He is a professor at the Hub institution and also varsity hockey coach.

Dorney Helping Out

Frank Dorney, former Newton high captain and Dartmouth centre, is among several graduates of the Hanover College who are assisting the Green staff this week preparing Captain Andres' team for the clash with Harvard tomorrow in the Stadium. This group of aids has scouted Harvard for years and the information they imparted to Coach Cannell is reported to have caused him to state that the game "will be no better than an even proposition."

Len Clark's Gameness

The story of Len Clark, former Newon high athlete, and his gameness last season is the subject of a syndicated feature in a recent issue of the Boston Globe under the title, "The Gamest Act I Ever Saw." Al Marsters tells how Clark, who is a Newton Highlands youth, was thrown hard in the first half of the Dartmouth-Harvard game last year. How he suffered intense pain while playing until Dartmouth ran away with the game and the substitutes were sent in. How he lost hours of sleep the following week but was on hand for practice every day knowing he was hurt but bound to play against Yale. How he got so sick the night before the game that his roommate reported to the coach and a doctor was called in. How he was taken to the hospital and how the next morning's X-ray revealed three fractured ribs. The introduction to the story tells of Clark's value to the team—"a first string halfback, one of the mainstays of the team because he was among other things—the rare bird, a really great interfering back, was not in the game" and perhaps a reason why Dartmouth lost.

Harrington Features

Dan Harrington, former Newton high star linesman, was outstanding for Boston University last Saturday on the defense in the 7 to 0 victory over Middlebury. Harrington blocked a kick and recovered it on the opponent's 18-yard line but no score resulted. McCullough relieved Semino at end after the latter was injured.

SCHOOL NOTES

WARREN JUNIOR HIGH SCHOOL

The school year opened with an enrollment of 743 pupils and 33 teachers. This number is slightly larger than last year's.

Mr. Russell Burkhard, a former teacher of Beaver Country Day School, came to Warren to serve as the Principal's Assistant, but later was offered and accepted the Principalship of the Angier School in Waban.

As yet no one has been appointed as the Principal's Assistant, but Mr. Simon Surabian, a new teacher from Winthrop Junior High Schol, has taken over Mr. Burkhard's classes and Miss Hilda Martinson, a former teacher of Northfield Seminary, has taken over Mr. Surabian's classes.

The third new teacher, Miss Ruth Buxton, formerly of Winthrop Junior High School, is a Social Studies teacher.

The Inside Patrol has started again, under the direction of Mr. Surabian. As yet no permanent members have been chosen. The Patrol is now working on a drive to prevent accidents. In order to make this drive a success every member of the school must learn the Traffic Code and the Safety Code.

The Outside Patrol is also under the direction of Mr. Surabian. The Patrol is made up mostly of First and Second class Boy Scouts. The boys are doing a fine job and most of the students are cooperating with them.

At the special Fire Prevention assembly held on October first, Chief Forester Cook, gave a talk, illustrated by slides, on forest fires; their causes and how to prevent them.

The Junior Red Cross drive which was carried on for two weeks in October received an enthusiastic and generous response which resulted in a one hundred per cent enrollment.

During the drive war posters illustrating Red Cross activities were on exhibition in the halls. These posters were contributed by Miss Aurelio, who had charge of the drive.

At the Red Cross Assembly held on October eighth, Alice Bloecher and Fabian Bachrach recited poems which urged the cooperation of the pupils with the teachers to achieve a one hundred per cent enrollment, and Paul Felt gave a talk on the purpose and work of the Junior Red Cross.

The political rally for officers of the school community, ninth, eighth, and seventh grades began on October first. Nomination papers were then taken out by any pupil who wished to run for an office. Their eligibility was determined and their managers had the nomination papers signed. The primary election for eliminating the number of candidates to three for each office was held on October sixteenth after the candidates had been presented in the assembly hall.

The Warren Junior High School started banking on Sept. 18 with 92.2% of the school banking. The next week, Sept. 25, the per cent went up to 98.7%. The following bank day, Oct. 2, the per cent was 99.3%. Finally, on Oct. 9, the longed for goal was reached, 100%, and on Oct. 16 another touchdown was made, 100%. The average of the year up to date is 98.04%.

The sixth period on Tuesday has been given over to seventh grade assemblies. The first assembly was on the conduct and attitude of the pupils during the assemblies, which was conducted by Miss Pepin. The second assembly, in charge of Mrs. Degnan, was a thrift play teaching the children to save money. The third assembly was also a play on school citizenship, which was written and directed by Miss Gallahue. The last was on Egypt, which was conducted by division 7 G L-1 and illustrated by slides in charge of Miss O'Connor. The purpose of these assemblies is to give our new members an idea of the customs of the school.

Y. M. C. A.

The Public Speaking Class has gotten off with a fine start—nineteen (19) Business Men of Newton and vicinity have enrolled for the next ten weeks. The following men are taking the course: J. Frankina, R. Murray, T. R. Karlsten, P. Tumminelli, I. Silverman, D. G. Miller, Philip Gilfix, V. B. Hitchins, F. B. Eastman, M. H. Wiggin, E. W. Booth, Thomas E. Shepherd, Roland R. Quayle, W. A. Hood, W. A. Bailey, Robert W. Bell, Oliver Rutherford, Carl A. P. Johnson, and R. Yoemans. An advance class in Public Speaking will be started in January with those who have either taken our preliminary course or similar work elsewhere.

Boys' Division

The Junior Clubs of the Boys' Division have started and are holding their meetings on Friday nights from 7 to 9 P. M. The first hour is spent in the actual club meeting and the second hour around the fireplace with games and stories. The young men who have agreed to act as leaders for the Clubs for this year are: Charles Hammond, Robert Lane, G. M. Crooks, Charles Gallagher, William Lansed, William Gramzow, E. E. Gardner and Percy Lewis.

Plans are underway for the formation of a Stamp Club and other hobby clubs for the boys.

On Saturday, October 25th, the first monthly boys' division dinner will be served to the boys at 12:30 P. M. This is open to the entire boys' division and a period of games, stories, and a special swim will follow.

Plans for the following week include two Hallowe'en parties, one of the Employed Boys and High School Classes on Thursday evening, October 30th, at 8:45 P. M., and the other for the younger boys on Friday evening, October 31st, at 7:00 P. M.

On November 1st the members of the Boys' Division are to visit the Boston Airport.

In the Cue Rogue tournaments John Frazier i sleading the Junior Division and David Jennings the Employed Boys. David Jennings is also leading in the Employed Boys' Division of the Ping Pong tournaments and William Doherty is ahead for the Juniors.

Junior Sports

The Y. M. C. A. Junior Basketball Squad has started practice in earnest for the coming season. With five veterans and some very promising material the Juniors should continue the successful record of last year. The last year men back are Benson, Kasper, Clarke, Plenty, Bass. The new men are Dolbier, Herlihy, Stevens, Barker, Tomasetti, Fontano, Mattanuto, Strong and Lane.

The Junior Swimming Team held its first practice of the season Monday evening in the "Y" Swimming Pool. Three of last year's Junior Swimmers are back, the rest of the team will be chosen from new men. Last year's men are Charles Jack, Sam Adams, and Sumner Anderson. The new men are Gramzow, Lovely, Collins and Hoffman.

The Midget Swimming Team for boys between 10-13 years of age met for the first time last Saturday evening. About twenty-five boys were on hand to receive instructions for swimming and to try to get out for the Midget Team.

The Boys' Classes are being held on the "Y" atheltic field every afternoon. Football and soccer leagues have been organized and the members of the league team winning shall receive emblems. There is much excitement as to the outcome of these leagues.

Other Athletic News

The fall Physical Department program of activities at the Newton Y. M. C. A. has been under way for three weeks now. All boys' classes excepting the Employed Boys who meet at night have been having their activities outdoors on the athletic field playing tag football and soccer. The Business Men's and Senior gymnasium classes have been meeting regularly on Mondays, Wednesdays and Fridays for exercise and recreation. The volley bail league which is conducted in the Business Men's class is being organized and play will start within the next two weeks.

One representative Senior Team of the "Y" has already started to hold regular practice. It is the Wrestling Team which is coached by Dr. Fred E. Simm and captained by Joe Arsenault. It practices on Mondays, Wednesdays, and Fridays. Some of the men who will try out for the squash racquets team which will represent the Newton "Y" team in the Massachusetts Squash Racquets Association have been playing. Other representative Senior Teams which will start to hold regular practice soon are the Gymnastic Team which is captained by Gilbert Champagne and which will have its first meeting next Tuesday evening, and the Basketball Team which will start Thursday evening, October 30th.

The boys' and men's baseball teams which have represented the Newton Y. M. C. A. during the summer will have a dinner next Monday evening at the "Y," when emblems will be awarded, a review of the records of the teams will be made, and any plans will be made that are possible for next summer's teams.

THE AUBURNDALE CLUB

The Auburndale Club has opened its season with a bang! On the evening of October eighth the first club meeting was held, featuring a thrilling melodrama of the "nineties".

Mr. Norman G. Cate is the new president. Earnest L. Johnson the new Vice-president, George E. Felton is Secretary, and Edward B. Gray, who is resuming his past office of treasureership.

The directors this year are Mrs. Alcy M. Stiles, Dr. Charles D. Ansley, Edmund I. Wilson Mrs. Josephine Estabrook, Mrs. Thomas Brown and E. Graham Bates.

Chairmen of various committees are as follows: Billiards, Dr. J. Arthur Furbish; Bowling, Edmund I. Wilson; Building, John W. Kellar; Dramatics, Ralph D. Weston; Entertainment, E. Graham Bates; Finance, Charles E. Valentine; House, Bradley L. Hill; Membership, Herbert Farrier; Nominating, Harold Knowlton; Publicity, Emily S. Parcher; Stage, Frederick B. Stearns.

Soon comes the first Club supper party, which will be held informally. On Saturday, October twenty-fifth, the members and their guests will gather for a delicious dinner. This will be followed by a regular card party for the Auburndale Card Sharks, and dancing.

Recent Weddings

GREEN—KELLAR

The marriage of Miss Charlotte Marion Kellar, the daughter of Mr. and Mrs. Thomas Kellar of 64 Adella avenue, West Newton, and Archmere D. Green, the son of Mr. and Mrs. C. W. Green of 3 Jean road, took place on Saturday afternoon, October eleventh, in the Second Congregational Church of West Newton. Dr. Boynton Merrill performed the double ring ceremony. William Lester Bates, organist of the church, played the wedding marches. A reception followed in the church parlors. The decorations at the church consisted of palms and large baskets of autumn flowers.

Ivory satin formed the gown of the bride and she wore a lace veil and carried a shower bouquet of white roses and lilies of the valley. Miss Helen R. Kellar, her cousin, who was the maid of honor, was attired in wine velvet with butterfly roses for her bouquet. Harry Green acted as his brother's best man.

Both Mr. and Mrs. Green are employees of the Atlantic National Bank, Mrs. Green having been secretary of the Atlantic Bank Association for the last five years. Mr. Green is a member of Mt. Olivet Chapter, A. F. & A. M. and Mrs. Green of Palestine Chapter, O. E. S. She is a singer in the choir of the Second Congregational Church, West Newton.

HOULIHAN—O'CONNELL

A very pretty wedding took place on last Monday morning at St. Bernard's Church at nine o'clock when Miss Isabelle O'Connell, daughter of Mr. and Mrs. M. J. O'Connell of 243 Cherry street, became the bride of Thomas Houlihan, son of Mr. and Mrs. Thomas L. Houlihan of 239 Webster street, West Newton. Rev. Wm. Dwyer officiated. Miss Esther Costello, organist, presided at the organ and accompanied Miss Gertrude Romkey who rendered several solos.

The bride wore a gown of white satin, her veil of tulle was caught in place with orange blossoms and she carried a bridal bouquet of roses and lily of the valley.

Miss Henrietta Marchand attended the bride and she wore a gown of blue satin trimmed with pink, a large picture hat of black velvet and she carried a bouquet of pink roses. Mr. Harry Houlihan, brother of the groom, acted as best man.

A reception was held at the home of the bride after which the couple left on their wedding trip. On their return Mr. and Mrs. Houlihan will reside at 42 Auburn street, West Newton.

Recent Engagements

At a bridge and tea Saturday at their home on Chestnut street, West Newton, Mr. and Mrs. George Brewster Kimball announced the engagement of their daughter, Miss Elizabeth Josephine Kimball, to Richard F. Sears, son of Mr. and Mrs. Frederick W. Sears of North Attleboro. Miss Kimball is a graduate of the Mary C. Wheeler School of Providence and attended the University of Michigan, where she was a member of Collegiate Sorosis.

Mr. Sears is a University of Pennsylvania graduate and a member of Beta Theta Pi fraternity. He is connected with N. W. Ayer & Son in Philadelphia.

No date has been set for the wedding.

SEPTEMBER HEALTH REPORT

The report of the Newton Board of Health for the month of September shows that 53 persons died in Newton during that period. Of this number, 22 were males and 31 females. Causes of death included—typhoid fever 1, erysipelas 1, pulmonary tuberculosis 2, cancer 9, rheumatism 1, diabetes 2, cerebral hemorrhage 2, heart ailments 13, arterio sclerosis 7, lobar pneumonia 3, appendicitis 2. The death rate per 1000 for the month was 9.67 as compared with 7.41 for the corresponding month in 1929.

Communicable diseases reported during the month included — scarlet fever 6 cases, typhoid fever 1, measles 1, mumps 2, whooping cough 7, chicken pox 1, lobar pneumonia 4, infantile paralysis 5.

The Health Department investigated 13 complaints, abated 25 nuisances, made 257 inspections of buildings and premises, inspected 12 dairies, 170 markets and provision stores and 14 bakeries.

ALDERMEN MEET

(Continued from Page 1)

upon the Water Commissioner shall cut off the supply, unless said rent unpaid is due from another and previous owner and occupant of said building or premises. The water shall not be let on until the amount due, together with said fee and two dollars for the shutting off and on, is paid. The occupant of any tenement shall be liable for the payment of the rent for the use of water in such tenement and the owner shall also be liable.

The rates for water supplied through meters shall be — for consumption averaging daily for three months — under 1000 cubic feet per day, 25c per 100 cubic feet. All excess of such 1000 cubic feet per day to be charged at 12c per 100 cubic feet. Each meter shall be subject to a minimum charge of $2.25 per quarterly billing period. The new ordinances will become effective on January 1, 1931.

Another important matter transacted at the meeting was the filling of the vacancy caused by the removal from Newton of Alderman Arthur Mansfield of Ward 1. Albert D. Howlett of 40 Newtonville avenue, Newton, was nominated by Alderman Powers and Alderman Gallagher seconed the nomination. Mr. Howlett was unanimously elected by the Board. The new alderman has been a resident of Newton for over 25 years. He is engaged in the painting and decorating business in Boston.

No persons appeared to favor or oppose the following petitions when hearings were announced on them—Jenny Howes for permit to erect a 2-car garage at 248 Park street in addition to a 2-car frame garage already on lot; Daniel Corcoran, for permit to erect a 1-car garage at 40 Moulton street, Lower Falls in addition to a 2-car steel garage already on lot; William Jonah for permit to erect a 3-car garage at 357 Linwood avenue, **Newtonville.**

Nathan Fink and William D. Ray of Crosby road, Chestnut Hill, objected to any more poles being erected on that street by the Edison and Telephone companies. They were informed that the petition in question was for the purpose of legalizing existing poles, now that Crosby road has become an accepted street. Mr. Fink commented that the poles would be better situated in the back yards of property owners on the street rather than in front where they lessen the attractiveness of the road.

Hearings were officially announced as preliminary steps to constructing sidewalks on the northerly side of Hammond street from Beacon street near Stone avenue and from Reservoir avenue westerly; on taking a parcel of real estate on Parkview avenue, Newtonville, for school purposes. This is the third house taken in connection with the erection of the Cabot School in the area bounded by Cabot street, Bridges and Parkview avenues. It is more than probable, that in future years other houses in the block which includes the school will be purchased to afford additional area for the school yard.

Frank Hurley of Hurley place, Newton Centre, advocated the building of a drain for Paul Brook through land from Boylston to Parker streets owned by him and his brothers. He told that the construction of many new streets during recent years in the territory drained by Paul Brook has greatly increased the volume of water which flows into this brook after heavy rains. As a result, the Hurley Brothers have suffered heavy financial losses through the destruction of some of their farm crops when the brook overflowed on several occasions during the past two years.

The Licenses Committee reported favorably on the petitions of Edith Clark for a 2-car garage at 16 Summit street; Charles Benson, license to deal in second hand articles at 4 Hale street, Upper Falls; Edison and Telephone companies, pole locations on Byfield and Wessex road; Charles Regan, common victualler license at 388 Centre street. The Board accepted the report.

The Licenses Committee recommended that leave to withdraw be given to the following petitions — Giuseppe Caballo, permit for 3 pool tables at 963 Watertown street; Michael Bomba, permit for 3 pool tables at 1244 Washington street; Mary E. Sloan, transfer of intelligence office license from 388 Centre street to 312 Centre street; Mrs. B. M. Simpson, permit for employment office at 307 Lexington street; John P. Minard, 1st class taxi license at 507 Waltham street; Arthur Hoskins and Herbert Winrow, permit to keep and sell firearms at 59 Union street; Boston Consolidated Gas Company, permit for side track crossing Grove street near Woodland Golf Club course. The Board voted to sustain the adverse report of the committee, with the exception of the action on the petition of Miss Sloan, which was referred back to the committee on request of Alderman Gallagher.

The action of the committee in refusing to favor the petition of the Boston Consolidated Gas Company for a side track across Auburn street prevents the development by the big public utility corporation of a pipe yard and service yard on the easterly side of Grove street. The Licenses Committee disapproved of any railroad track across Grove street.

The Claims & Rules Committee reported adversely on the petitions of Helen A. Wellington asking for a permit to use the dwelling at 81 Church street, Newton, as a sanitarium and boarding home for aged persons; Domenico Mingace to change land at Elm and Webster streets from general residence to business zones; H. H. Powers claim for damages because of tree falling on his house at Billings Park, Newton; Rudolf Arduino, to have land at 712 Boylston street, Newton Highlands, changed from general residence to business zone. The committee also reported that it is inexpedient to make Beacon street a "through way." Alderman Pratt inquired why the committee took this attitude and Alderman Grebenstein replied that inasmuch as Commonwealth avenue has been made a "through way" recently, it was believed that no other street should have "Stop and Enter" signs this year. Some opposition to the "Through Way" idea on Beacon street had developed in Waban.

Alderman Bail suggested that a "Stop and Go" signal be installed at the intersection of Beacon and Chestnut streets, which he characterized as the most dangerous in the city. He was informed by Alderman Grebenstein that money for such a signal at the place in question will be appropriated next year.

On the recommendation of the Claims & Rules Committee a traffic rule was passed prohibiting automobiles being parked on the south side of Institution avenue between the railroad bridge and the boundary of the Women's Club.

Alderman Bail in explaining the new ordinances governing the charges for water answered a question put by Alderman Gordon concerning the probability of the water rate being lower. Mr. Bail said that many expenses confront the Water Department. A large number of new hydrants are needed and a complete check of all the water-meters in the city must be made. The new rate at $2.25 each quarter as a minimum is $1.00 less for the full year. Mr. Bail commented that it is quite probable that in another year the rate may be reduced.

An appropriation of $1535 was made to enable the city to take 32,000 square feet of land adjoining the Emerson School at Newton Upper Falls. This land will be used for a playground for the school children. Alderman Temperley expressed his appreciation that the Mayor, School Committee and Aldermen had eventually consummated this taking of the land. For several years Mr. Temperley had endeavored to bring this action about.

A notice was received from the State Fire Marshal that Pasquale Lochiatta of r180 Adams street, Nonantum, has taken an appeal from the action of the Board of Aldermen in granting a permit to Nunzio Abete to build a 1-car garage at 180 Adams street.

A petition was received from Percy Kligman asking for a permit to erect a gasoline filling station at 456 Watertown street, Newtonville.

The aldermen have made a wise choice in electing Mr. Albert D. Howlett to fill the vacancy caused by the resignation of Alderman Mansfield. Mr. Howlett is exactly the type of a successful business man we need in City Hall, and we congratulate the city on the election of Mr. Howlett.

As the state election draws near too much emphasis cannot be made on the repeal of the Baby Volstead law in this state. From Governor Allen down to the rank and file of the voters, come strong and logical arguments against the repeal, while on the other side we hear only the suggestion that in some unknown and unheard of manner the repeal of the law will bring about the repeal of the 18th amendment and the Federal law thereunder. So called "wet" Republicans should give this matter far more than the usual consideration, as it is the action of this element in the electorate which will determine where the state stands on this important question. It is indeed the time when we should join in that state slogan: "God save the Commonwealth of Massachusetts."

There are four matters on the state ballot awaiting the determination of the voters. Many voters approach such questions without much, if any, consideration, and many will omit any decision because of the lack of definite knowledge on their part. To such let us suggest that the action of the Legislature might point the way for a logical decision. On these questions the Legislature voted favorably on question 1, voted against questions 2 and 3, and made no recommendation on the future of the Elevated.

In the closing hours of a political campaign one may expect a flood of all kinds of rumors regarding this or that candidate. We trust our readers will not be misled during the next ten days by this kind of propaganda.

The following statement in the inaugural address of Governor Allen merits the thoughtful consideration of every citizen. Governor Allen says: "I believe one of the gravest dangers which threatens us today is indifference in the observance of law. Violation and evasion of law are a direct threat to the stability of our institutions and the permanence of our government.

"The repeal of our State law providing for the enforcement of the Eighteenth Amendment to the Federal Constitution would not change the fundamental situation with regard to prohibition. The Federal Constitution rules. The repeal of the State Enforcement Act would be an open invitation and an incentive to violate the law. It would breed and nourish lawlessness,—lawlessness which spreads as a contagion to destroy all law."

We are nat at all certain that the change in the water ordinance providing for quarterly payments instead of the present semi-annual payments, is a move in the right direction. It will certainly double the work of bookkeeping 15,000 accounts, double the clerical work and double the number of meter inspections. In addition, it may, and probably will, cause a heavy increase in the quarter which includes the summer months and which under present conditions is absorbed by less than the minimum in other quarters. Possibly the reduction of the minimum charge from ten to nine dollars may offset this feature of the new ordinance. The working out of the new plan ought to be carefully studied.

GRADE TEACHER'S CLUB HOLDS TEA

On Tuesday afternoon the members of the Newton Grade Teacher's Club held their first meeting of the year at the Hunnewell Club. The affair was in the form of an informal reception to Miss Roy, new Assistant Superintendent of Schools, and Mr. and Mrs. U. G. Wheeler. Miss Julia Tobin was in charge, and introduced Mrs. David Byer of Newton Centre, better known as Madame Conde, formerly of the Metropolitan Opera Company. Madame Conde's numerous exceptional songs were received with great enthusiasm by an appreciative audience of 250. During the afternoon delicious refreshments were served by members of the club. In the receiving line were Miss Roy, Mr. and Mrs. Wheeler, and officers of the Grade Teacher's Club.

FORMER NEWTON RESIDENT HERE

Mrs. Mary Barstow Ward, a former Newton resident, who was here recently on a visit from San Diego, California, was given a tea at Bradford Academy by Dr. Katharine M. Denworth, president. Mrs. Ward is a graduate of Bradford and taught music at the Academy for thirty-one years.

Mrs. Ward served as secretary of the Alumnae Association from 1887 to 1897, and after her marriage to Samuel Ward she became president of the Alumnae Association. She held that office from 1910 to 1918. In 1913, she was elected to the Board of Trustees of Bradford and served in that capacity until 1917.

After the death of her husband, Mrs. Ward gave up her home in Newton and moved to San Diego, California, where she has since resided.

ABOUT TOWN

By Edw. H. Powers

There is some criticism floating about town relative to the fact that the Newton High School band was not permitted to perform its marching evolutions on the new football field at the Dickinson Stadium when Newton High played Quincy High last Saturday. Neither was the Quincy band allowed to "do its stuff" on the new gridiron. Undoubtedly the shoes of the youthful musicians would have caused fewer contusions and abrasions to the fresh turf on the new field than did the cleated shoes of the football players. But, the School Committee was properly reluctant to allow the new field to be used at all this season for football, and Mr. Wilson, director of athletics at the High School, promised that the field would be used only for four football games, and for no other purpose, this autumn. So, in order to keep faith, the musical organizations were requested to keep off the new playing field. So, in the interest of harmony, other than musical, it is quite probable that the boys and girls who provide the musical entertainment at the football games will graciously accept the offside ruling as a concession to the young and fragile blades of grass.

The Commonwealth of Massachusetts, at great expense has printed and mailed to every registered voter in the State a pamphlet giving official information relative to measures which will be submitted to voters at the election on November 4. Undoubtedly, you have carefully read the pamphlet received by you and are prepared to vote intelligently on the amendment to the Constitution relative to the apportionment of senatorial, representative and councillor districts; on Question 2, which deals with the retention or the repeal of the Baby Volstead Act; on Question 3 which seeks to restrict the use of steel traps in capturing animals.

Little sympathy will be wasted by many on those persons who were duped when they paid large sums of money for fake antique china and other alleged "works of art". Art should be fostered, but it is not offering any special encouragement to young folks of today when the big prices are paid for art objects, furniture and such articles merely because they are old. It isn't any consolation to young artists or artisans to believe that their products may bring big prices a few centuries hence. If persons who spend fortunes to acquire real or alleged antiques, just to have something to "exhibit" to their friends, would give the money so spent to hospitals, orphanages or homes for the aged, they would be accomplishing some real good.

Over in New York City they have been conducting a survey in an attempt to lessen the noises which wreck the nerves of inhabitants of that big burg. People residing in most cities are suffering from the multiple noises common to this machine age, even though most of them are not aware of it. So, in New York they are seriously endeavoring to relieve noise conditions. The scientists in charge of the survey have rated noises according to their supposed damaging effect on humans. The worst noise, according to the "noise experts" is that caused by the motor of an airplane. The next worst is that produced by tools operated by air compression, such as pneumatic hammers, rivetters and the like. We believe this to be true. For the past couple of weeks we have endured the noise of an air compressor and its accompanying hammers and rivetting tools which are being used in connection with the repair work being done on the Centre avenue bridge. This noise will continue for some weeks longer. If any person is suffering from illness in the neighborhood of the Centre avenue bridge, they have our sympathy. So have persons residing in the Whitman and Taylor Buildings who have had to listen to the air compressor which is being used at the bank building where a huge granite wall is being chopped out with difficulty. Some mechanical genius ought to invent noiseless air compressors and pneumatic tools. We have been informed that such devices are in use. We wish they had them on the Centre avenue bridge job.

A certain Newtonville family recently had one of the new fangled telephone instruments placed in its home. One of those "one-piece" instruments with the transmitter at one end and the receiver at the other end: a contraption which causes anyone not acquainted with it to use wrong end to. One of the daughters of this household was showing the new telephone to some girl friends and she said, while exhibiting it, "Here is the name of the man who invented this—'Pat Pending.' "

TROOP 4, WELLESLEY BOY SCOUTS

Troop 4, Wellesley Boy Scouts, held their regular meeting Thursday evening in St. Mary's Hall. The meeting was opened by Stanley Parker who also conducted all the recreation for the evening. After a snappy exercise the boys were then turned over to Scoutmaster Golway who gave a series of Simon Says exercises, and the Patrol which won received ten points, and this honor was received by Patrol 2.

Scribe Stanley Harunk then called roll and collected dues. The next meeting there will be a test for the coming Court of Honor in which all boys will pass the Tenderfoot test.

The Patrols then went to their respective corners and studied their various exercises. After this they played off the last contest in indoor baseball, in which Patrol 1 under Gordan Collins and Patrol 3 under Stanley Harunk were the contestants. The boys then went to the Chapter room and under the supervision of Scoutmaster Golway had a test in wrestling. After a chapter in the mystery story the meeting closed with Scout Benediction.

POLICE NEWS

Robert FitzGerald of 14 Walden street, Cambridge, was found guilty in the Newton court on Wednesday of driving a car while under the influence of liquor. On condition that he make restitution for $150 damages he caused when the car he was driving was in a collision, a sentence of 30 days in jail, imposed upon him, was suspended. For driving without a license, he was fined $25. FitzGerald was arrested on October 13 by Patrolman Sartwell.

John W. Wells, 2nd, of 20 Chauncy street, Cambridge, a college student, was fined $100 in the Newton court on Thursday for driving while under the influence of liquor. He appealed. Wells was arrested at Newton Corner on October 12th by Patrolmen Barr and Tredden when they noticed him driving the wrong direction on a one-way street. Another student who was with him in the car on the night of the arrest was fined $10 for drunkenness.

Fred Howland of 267 River street, West Newton, was sentenced to serve one month in the House of Correction for leasing mortgaged goods. He was sentenced to serve a month also for mortgaging goods already mortgaged. He appealed and was held in $250 bail on each count.

AUTOMOBILE ACCIDENTS

A car driven by Julia Hamilton of Babcock street, Brookline hit Frank Killian of 44 Norwood avenue at noon Wednesday while the man was crossing Beacon street at Crescent avenue, Newton Centre. Killian received injuries to his face, head and back. He was taken to the Newton Hospital by Miss Hamilton.

Cars operated by John Farese of King street, Waltham and Thomas Batey of Fuller street, Waltham, collided Wednesday morning at 8:20 at the corner of California and Bridge streets, Nonantum. Farese's left arm was broken and he went to the Waltham Hospital after treatment by Dr. Amendola. Mrs. Batey complained of an injury to her left ankle.

RECEPTION AND TEA

Mrs. Alonzo R. Weed, the wife of Judge A. R. Weed of the Superior Court gave a reception and tea yesterday afternoon at the Weed home on Park street, Newton, to meet the bride of Mr. Alonzo R. Weed, Jr. About two hundred guests were present. Mr. and Mrs. A. R. Weed, Jr., were married in September and are making their home in Brookline.

REAL ESTATE

John T. Burns & Sons report continued activity in Newton real estate. They have sold for John Potter his new brick English type home located at 1785 Commonwealth avenue in the Auburndale district. With the house, which contains seven roms and three baths, there are 9,620 square feet of land, and the total value of the property is $21,000. Katherine A. Whitney was the purchaser and buys for a home.

In the Newton Centre district, Burns and Sons have sold the property on the corner of Walnut and Beacon streets to Thomas F. Donnelly. There are 4,732 square feet of land, in the business district. The parcel, which is assessed for $12,000, has been resold for improvement.

In the Hunnewell Hill district of Newton, Burns and Sons have also sold for Fred C. Smith to Mary S. Cameron the single frame ten room home located at 205 Hunnewell terrace. With the house there are 9,000 square feet of land, and the total value of the property is $12,000.

For Raymond Heislein they have sold in the Newton Corner district the two-family, fourteen room home located at 45 Waban street. With the house there are 12,500 square feet of land, and the property is assessed for $10,900. Charles O'Brien was the purchaser and buys for home and investment.

HIGHLAND GLEE CLUG

The Highland Glee Club of Newton participated in a Tercentenary program at Cary Memorial Hall, Lexington, commemorating the installation of the first pastor in Lexington.

The address was given by Dean Willard L. Sperry, D.D., of Harvard University, and the Glee Club, in which forty-five men were present, contributed the musical part of the program.

The evening was successful, and was one of a limited number of appearances which this splendid organization will have outside of the City of Newton this coming year.

At their December 9th concert they are presenting to their patrons, John Charles Thomas, one of the outstanding baritones in the country today. It will be a rare privilege to hear Mr. Thomas under most favorable circumstances, and the undertaking being a pretentious one, it is hoped that the music lovers of Newton will show their appreciation in encouraging the Highland Glee Club in such a worthy ambition.

"LOVE IN THE ROUGH"

The feature at the Egyptian Theatre, Brighton, for the first half of the week is "Love in the Rough." Although a musical comedy it packs a human story without intrusions of dancing choruses to slow up the story. Robert Montgomery is the star and is teamed with Dorothy Jordan while the comedy parts are carried by Benny Rubin and Dorothy McNulty. Others in the cast are J. C. Nugent, Allan Lane, Tyrell Davis, Catherine Moylan, Edwards Davis, Roscoe Ates, Harry Burns and Clarence Wilson. The music is appealing and several numbers are sure fire hits, among them "Go Home and Tell Your Mother" and "I'm Learning a Lot From You."

"The 3 Sisters" with Louise Dresser, Kenneth MacKenna, Joyce Compton, June Collyer, and Tom Patricola completes the bill. There is both laughter and tears in this story of fiery Italian love.

The last of the week "Outside The Law" with Mary Nolan, Edward G. Robinson, and Owen Moore heads the program. The co-feature, "Once A Gentleman" with Edward Everett Horton, is full of hilarious fun, all caused by a valet's mistaken identity.

THE CHILDREN'S MUSEUM

"Children From the Far Corners of Earth" is the topic of the illustrated talk Mrs. Katherine Osborne, head of the Boston Students' Union, will give at the Children's Museum Sunday afternoon, October 26 at 3:30. Miss Osborne who has been to some of the farthest corners of earth plans to illustrate her talk with some of the many fascinating curios she has gathered on her travels.

The new club, "Travels in Bookland" met to organize last Monday with a lot of enthusiastic "travelers" on hand. There is a real spirit of adventure about this club for members will do everything but actually set sail aboard ship for far countries—they will plan itineraries in the most approved manner with dates and routes and stopovers and all the quirks of the tourist agency's outlines; they will make official-looking passports with the insignia of the United States on the cover and the required data inside; they will consult maps and folders of foreign lands and keep travel diaries and get to know a great deal about other countries besides America. Stamp collectors are invited to join this club and take part in "international correspondence" with an exchange of foreign stamps. The group meets at 4:00 Mondays.

The Museum Nature Club had a successful first meeting last Saturday when a large group of young naturalists were on hand to hear Mr. Horace Taylor of Brookline talk about the joys and rewards of becoming a naturalist. This club will meet regularly on Saturdays taking advantage of good fall weather for outdoor trips.

CITY HALL NOTES

The annual meeting of the Civic Club of Newton takes place this evening at the Woodland Golf Club. Senator Arthur W. Hollis and Representative William B. Baker will speak on the questions which are to appear on the ballot at the state election.

FOR CHRIST AND THE CHURCH

CHRISTIAN ENDEAVOR NEWS

Rev. John Shade Franklin of the Lincoln Park Baptist Church (West Newton) was the speaker last Wednesday evening at a special Young Peoples' Night at the Watertown Baptist Church. Mr. Franklin is counsellor of the Norumbega Christian Endeavor Union.

Mr. Pierre Vuilleumier of the North Congregational Church will be in charge of the Christian Endeavor meeting at that church next Sunday evening. As this is to be a Home Mission meeting, Mr. Vuilleumier will take for his subject "Making America Christian."

Fifteen Endeavorers of Lincoln Park Baptist church enjoyed the fellowship of a social evening together last Friday when they were led in their recreation by Miss Corrine Boyd and Barbara Curry. Mr. Clayton Foster, former president of the society, will conduct the Endeavor meeting at that church next Sunday.

Theodore Roosevelt

THEODORE ROOSEVELT, 26th President of the United States was born 72 years ago—October 27th, 1858.

TEDDY ROOSEVELT will always be remembered for his big stick!

When he wanted things done, he went after them hot and heavy.

Some of us might apply this Rooseveltian principle to ourselves. You **mean** to get ahead, you **mean** to bank a part of each week's pay, but—

Isn't what you really need a little of Teddy's grit and stick-to-it-ive-ness?

Agree? Then let's see you **every** week!

KIWANIS CLUB

The regular meeting of the Newton Kiwanis Club was held on Tuesday, Oct. 21, 1930, at the Newton Centre Women's Club, Newton Centre.

The singing was led by William Skelton and he introduced the quartet which he says will later represent the club at entertainments. This group was made up of Joseph Hickey, Hugh Boyd, Jack Janse and Bert Stuart. The first appearance of this quartet did not indicate a very bright future as far as singing was concerned, but Bill promises to have them trained under a highly paid specialist who promises the Newton Club the best quartet in Kiwanis.

The speaker of the day was Mr. William J. Purcell of the National Security Company who gave a very interesting address on the ins and outs as he put it of the detective business and also gave examples of the way that various prominent firms were tricked into losing money by various ruses.

MRS. ANNA A. BROWN

Mrs. Anna A. Brown of 133 Lowell avenue, Newtonville, died on October 21, in her 71st year. She was the widow of William E. Brown. LEAGUE LEAD AT STAKE TOMORROW

Tomorrow afternoon on the new gridiron at Dickinson Stadium, Newtonville, Newton high will meet Somerville High in a Suburban league football game upon the outcome of which depends the league leadership. At Russell Field, Cambridge, in another league encounter Rindge will be entertaining the smoothly traveling Brookline eleven. Somerville high, 1929 title holders, are defending their championship which seems like a difficult task at the present time.

To date Newton is leading the league with one victory and one tie for a total of three points in its two games against Everett and Cambridge Latin. Somerville, Brookline, Rindge and Everett each have two points with the first two named having defeated Cambridge Latin and Everett, respectively, in their sole league encounters while Rindge has won from Cambridge and lost to Everett and Everett has won from Rindge and lost to both Newton and Brookline. Cambridge holds the cellar berth with two defeats and one tie in its three league starts.

The results of tomorrow's games may have a decided bearing on the ultimate resting place of the 1930 title. Newton must win tomorrow in order to prevent the winner of the Brookline-Rindge contest taking the lead while a tie game would put Newton in a top tie with the victor at Rindge. Newton, Brookline and Somerville have yet to taste defeat in a league game and with Rindge having lost but once these four teams have the opportunity to win the title. To stay in the running Rindge must knock off Brookline. The victor at Newtonville will still be very much in the running while about the best the loser can hope for is a tie at the end of the season.

Newton's line-up will probably be the same as that against Quincy last Saturday with one possible exception. At quarterback Coach Sullivan has not yet decided as to whether Warren Huston, sophomore flash, or Captain Harold Strombom will start. While Huston is a better ball carrier and a better defensive back than the Newton captain the latter is the best blocking back on the orange and black squad. In the games to date the lack of a capable blocking back has been a decided handicap and with Strombom cleaning out for the ball-carriers it is hoped that the offence will click in better fashion. It has been but rarely that the Newton backs have gotten far enough past the line of scrimmage to get going.

With Elrod and Shorten at the half-back posts Newton has two nice running backs either one of whom is apt to get loose if given even the slightest opportunity. Shorten has developed considerably as a ball-carrier since the early part of the season and Somerville cannot afford to focus its attention to much on Elrod and let Shorten go unwatched. With Bernard Litchfield at fullback Newton has the best defensive back and also one of the most capable line-plungers and forward pass receivers in this section, Newton's opponents would have hung up a far greater number of first downs but for Litchfield's backing up the line where he has made tackle after tackle.

Newton's line will probably remain the same with Perkins and Bruen on the ends, Gowell and Butler at the tackles, Vasalotti and Gulian at the guard positions and Patterson at centre.

The probable line-ups:

NEWTON		SOMERVILLE	
Perkins, le	19	McEvoy, re	27
Gowell, lt	34	Doolin, rt	51
Vasalotti, lg	14	Winn, rg	88
Patterson, c	16	Plummer, c	36
Gulian, rg	31	Stevenson, lg	40
Butler, rt	39	Regan, lt	9
Bruen, re	24	MacKenzie, le	30
Strombom, qb (capt.)	26	Vitiello, qb (capt.)	1
or Huston	30		
Elrod, lhb	15	Lydon, rhb	64
Shorten, rhb	18	Lynch, lhb	74
Litchfield, fb	33	Manning, fb	13

SPORT NOTES

Clark Still Out

Len Clark is the only Dartmouth football player who is definitely out of the Harvard game tomorrow. The Newton Highlands youth who played an important part in last year's game before he suffered three cracked ribs has seen little action since. This year he received a knee injury in an early season game that has kept him out of action for several weeks. Perhaps he will be ready for the Yale game which he tried to get into last year until forced to go to the hospital because of his injury. Henry Johnson of Waban, who did not get into the Columbia game, is ready to go and will probably start at fullback. Dartmouth's line from tackle to tackle will be intact for the first time with Captain Andres at his usual pivot position.

Penn Team Shaken Up

Coaches of the Univ. of Penn football team shook up their line-up this week following the 27 to 0 defeat by Wisconsin's high scoring eleven last Saturday. Melbourne Hemeon, Lower Falls youth, who has been a second string end, has been dropped to the third team along with several others.

Needham Girls Win

The Needham high girls field hockey team defeated the Newton high team last week Friday afternoon on the Newton high field, 2 to 1. Kathryn Martin played well for Newton at left fullback. Miss Fletcher, left inside Newton forward scored the sole orange and black tally. The Newton line-up was Maloney, rw; Goodrich, ri; Tucker, Wheater, cf; Fletcher, li; Kirby, lw; Street, Mills, rh; Kierve, Welsh, ch; Wilson, lh; Fogg, rfb; Martin, lfb; Thompson g.

Country Day Swamped

The Country Day School eleven was no match for the Dummer Academy football players last week Friday afternoon when the South Byfield school hung up a 38 to 0 victory. The winners scored in every period and twice in the first and fourth.

ROTARY CLUB

At the weekly luncheon held on Monday at the Woodland Golf Club, reports were received from the members who had attended the recent conclave at Poland Spring.

Remarks were made by Ben Rae, Dr. Cecil Clark, Fred Learned, Frank Lucas and Dr. Lowe, and several budding humorists were discovered.

Next Tuesday the Club will meet with the Kiwanis Club.

SPORT NOTES

Watch The Centres

If you are going to the Stadium tomorrow one of the most interesting parts of the game should be the play of the two captains and centres—Captain Harold Andres of Dartmouth and, Captain Ben Ticknor of Harvard. Both were mentioned last year along with two other college centres as All-America 1930 possibilities. Andres, who is a Newtonville youth, outplayed Ticknor last year according to many reports and last Saturday one of the radio announcers stated that he was "a wonder at diagnosing plays and at passing the ball back." The Harvard-Army game announcers repeatedly told how Ticknor was playing eight positions at once. What a battle that should be tomorrow with two of the best centres in the country opposing each other.

Souther Scores Point

Bowdoin conquered Tufts on the gridiron last Saturday at Brunswick, Maine, by a score of 19 to 14. Captain George Souther of Waban, former Huntington school star, was outstanding for the winners on the defense at left end. He also added a point to the score with a placement goal after the first touchdown, tying the score as Tufts had scored first. Creighton Gatchell, former Newton athlete, started at quarterback for Bowdoin.

MASON SCHOOL SPORT NOTES

City Soccer League games have begun and Mason is out to win both junior and senior championships. In preliminary games Mason had the edge on its opponents. To date Mason's three teams, seniors, juniors, and girls have not been scored on.

At Mason School playground a horseshoe tournament has been started this week with over fifty boys entered.

At the tennis finals at the Mason, George Volpe won from Howard Fine, 6—3, 6—1, and 6—2.

Mason girls played a scoreless tie with Bigelow girls at soccer on October 17th.

After a very hard fought game of five periods, Emerson and Mason tied, 2-2 in the third soccer game of the season. Mason got the kick-off and then followed a hard game in which Grow, Spilman, Goodbar, Both, and Hale and Curran and McLeod for Mason, and Otto, Leo, and Ernest for Emerson did some splendid work.

THE VILLAGE PLAYERS

The Village Players start their active season on Monday evening, October 27th, at 8 p. m., in the Unitarian Parish House, Newton Centre. At this time, "Manikin and Minikin" by Alfred Kreymberg, and "The Trump o' Doom," by Priscilla Ordway, will be presented. This is the first of the regular Members Night Monthly programs, but guests may be invited and will be cordially welcomed. The value and interest of these monthly meetings is growing yearly. The opportunity of seeing original plays by local playwrights, the inspiration and stimulus of producing, managing, studying the artistry of stage production, is an incentive to all who love to either be active members, or participating members through their interest in the histrionic art.

At the regular meeting of the Executive Board held early in October, the following officers were elected: President, Mrs. Frank A. Mason; Vice-President, Mrs. Hope Parks Spencer; Secretary, Miss Priscilla Ordway; Treasurer, Mrs. Frank L. Richardson; Subscription Chairman, Mrs. Charles P. Powers; Publicity Chairman, Mrs. Raymond R. Collins; Monthly meetings, Miss Priscilla Ordway. Following are a list of Patronesses for the season 1930-31: Mrs. Harry P. Bradford, Mrs. Addison P. Burnham, Mrs. Adams D. Claflin, Mrs. Ernest Cobb, Mrs. Joseph S. Cordingley, Mrs. Chas. N. Fitz, Mrs. Allen Hubbard, Mrs. Grosvenor D'W. Marcy, Mrs. John McKey, Mrs. Lorenz Muther, Mrs. Frederic T. Parks, Mrs. Frank L. Richardson, Mrs. George Smith, Mrs. J. Rollin Stuart, Jr., Mrs. Walter W. Webber.

The aims and objectives of The Village Players are well known throughout Newton. The organization is composed of officers, active members, patronesses, and subscribers. At the regular monthly meetings, plays are produced and discussed, subjects of interest are introduced, and an opportunity for an informal discussion between members promotes a friendly and inspiring atmosphere. In addition, two plays are produced for presentation to the public during the season. The first play this year will be "The Cassilis Engagement" by St. John Hankin, and will be presented on December 3, 4, and 5.

THE NEEDLEWORK GUILD

The annual ingathering and tea of the Needlework Guild of America will be held Friday, October 31, at 2.30, at the Waban Neighborhood Club House. The speakers will be Hon. Sinclair Weeks, Mayor of Newton, and Mrs. George A. Clapp, Director of the Junior activities of the Needlework Guild in Massachusetts. In addition to the speaking, there will be a pageant by the Girl Scouts.

CITY OF NEWTON

CITY CLERK'S OFFICE
CITY HALL

October 20, 1930.

NOTICE IS HEREBY GIVEN that the Committee on Claims and Rules of the Board of Aldermen will give a public hearing at City Hall on Wednesday, November 5, 1930, at 7.45 o'clock P. M., upon proposed amendments to the Zoning Ordinance of the City of Newton, as follows:

Revised Ordinances of 1929. Proposed amendment by striking out present Section 574 and substituting in place thereof new Section 574, viz:

SECTION 574. The Public Buildings Commissioner shall execute the provisions of this ordinance, except where otherwise provided, and shall have the same powers as are provided for in executing and enforcing the building code. He shall not grant a permit for the construction, alteration, enlargement, extension, reconstruction, moving, or raising of any building or for any change, moving or extension of use in any building which would be in violation of this ordinance; provided, however, if any parcel of land, the boundaries of which have remained unchanged since the passage of this ordinance is of such peculiar shape, size, or physical contour that it is not reasonably possible for the owner to make beneficial use of such parcel in conformity with the provisions of this ordinance relating to area and setback lines, the Public Buildings Commissioner shall, and in the case of corner lots with the approval of the Board of Aldermen obtained in accordance with the procedure under Section 576, upon application grant to the owner of such a parcel a permit for the construction, alteration, enlargement, extension or reconstruction of a building thereon in conformity with all other provisions of law or of the ordinances of the City of Newton, and with the provisions of this ordinance relating to area and set back lines so far as they may be enforced without depriving the owner of the beneficial use of said parcel; and it shall be lawful for such owner to construct, enlarge, extend or reconstruct, and to maintain, such building in accordance with such permit.

Revised Ordinances of 1929. Proposed amendment by adding new section numbered 574-A, viz:

SECTION 574A. In the case of any parcel of land in any district that prior to November 1, 1930, was zoned as general residence and has since been re-zoned to either private or single residence, the boundary lines of which have remained unchanged since April 1, 1930, according to the records of the Board of Assessors of the City of Newton, it is not reasonably possible for the owner to erect buildings that are allowed by the zoning ordinance in this district on said parcel in conformity with provisions of the ordinance relating to area and set-back lines, the Public Buildings Commissioner shall with the approval of the Board of Aldermen obtained in accordance with the procedure under Section 576, upon application grant to the owner of such a parcel a permit for the construction, alteration, enlargement, extension or reconstruction of a building thereon in conformity with the area and set back line requirements of its former district and with all other provisions of law or of the ordinances of the City of Newton.

Attest: FRANK M. GRANT,
City Clerk.

NORUMBEGA DISTRICT COUNCIL OF RELIGOUS EDUCATION

The Assembly period of the Newtonville School of Religious Education last Monday evening was conducted by Miss Eva J. Viles of Newton, who gave an interesting worship service, a demonstration of the Junior worship which she carries on so efficiently each Sunday in the Newton Methodist Church.

Rev. Descom D. Hoagland of Waltham conducted the devotional service for the first evening of the Waltham branch of the Norumbega District School. This branch school is being held in the First Congregational Church, Waltham.

The committee appointed to make plans for the worship services during the remainder of the Newtonville School consists of Mr. H. L. Hardy, Mrs. Sidney B. Thomas, and Miss Eva Viles

Plans for the Young Peoples' Conference are under way, as a result of the Cabinet meeting held last Sunday. Webb Wright of Newton is chairman of the program committee, Olive Clarke is chairman of the Registration committee. The conference takes place on November 28th and 29th.

SARAH HULL CHAPTER, D. R.

The October meeting of Sarah Hull Chapter, D. R., was held in the home of Mrs. William L. Ratcliffe, 284 Franklin street, Newton, on the afternoon of Wednesday, the twenty-second. The regent, Mrs. Daniel M. Goodridge, presided. Following the business meeting which was called at two-thirty, Mrs. Wallace Wales sang "Lady Moon" and "Swaying Willows" with Mrs. Ray A. Eusden at the piano. These songs were a very appropriate introduction to the subject of the afternoon "Ancient American Art."

In describing the art so essential to all primitive peoples and so highly developed by the American Indians, Mrs. Harold K. Estabrook paid especial tribute to the handiwork of the first Americans. She illustrated her talk with slides on Indian life, pictures of their activities, and beautiful baskets and pottery bowls.

Tea was served at the conclusion of the meeting by the hostesses of the afternoon: Mrs. Willard L. Sampson, Mrs. Roland A. Thayer, Miss Helen L. Wells, Miss Nettie E. Stone, Mrs. Edward P. Tuttle, and Mrs. Walter C. Whitney.

Announcement and Invitation

To the People of Newton,
and Neighboring Towns:

You are cordially invited to attend the opening of the Norfolk Card and Book Shop at 977 Great Plain Avenue, Needham, on Saturday, November 1, between the hours of 10 a.m. and 10 p.m.

The purpose of this new enterprise is to afford those who desire to trade in Needham the opportunity to obtain the variety and quality of merchandise to be found in city stores, at equivalent prices and with at least equal advantage in service and personal attention. In fact, it is a reasonable prediction that patronage of this shop will save you time, effort and money. We invite a fair trial.

The principal lines which the store offers are: Greeting cards, stationery, books for adults and children, sheet music, playing cards and bridge supplies, lending library, Dennison goods, engraving and printing of announcements, wedding invitations, cards, crests, monograms.

The equipment of the store includes little shopping conveniences which we are confident the ladies will enjoy and appreciate.

Although the opening will be featured by special offerings of popular goods, the public is assured that acceptance of this invitation to visit and inspect the store carries no obligation to make a purchase of any sort. You will be very welcome just to come in and look around. Each lady who attends will be presented with a useful souvenir.

Please make definite note of the time and place and plan to be with us.

Yours for better acquaintance and business.

ABOUT TOWN

By Edw. H. Powers

The resolution passed by the American Federation of Labor advocating the modification of the Volstead Act, so that 2.75% beer may be manufactured and sold, should cause little apprehension to persons who believe in prohibition. This action on the part of the leaders of the A. F. of L. was a very feeble gesture which will bring no satisfaction to the members of that organization who desire beer and light wines.

The leaders of the American Federation of Labor ought to know—and probably do know, that 2.75% beer would be relished by men who want real beer just about as much as is the so called "near beer" now legal and which contains ½ of 1% alcohol. Men who want beer want malt liquor that has a kick, and a beverage which has this quality must contain at least 4% alcohol. The 2.75% beer favored by the A. F. of L. resolution would have about as much kick as a paralyzed frog, and would be no more popular in the future than it was in pre-prohibition days, when it was known as "Uno Beer."

Up in Fitchburg the Simonds Saw Company is going to have erected a huge building for manufacturing purposes. It will cover several acres of land and will have solid walls. It will have neither windows nor skylights. There are some houses in this city containing radio sets which are operated from the rising of the sun until midnight. Persons residing near such houses would appreciate if these homes had been constructed along the plans of the proposed factory at Fitchburg.

In the past five years there have been but two deaths from diphtheria in the City of Newton. This enviable record is due in no small degree to the skill and fidelity of Dr. Arthur Hudson, bacteriologist for this city. He is one of those rare men who reach an advanced age without any dimming of their mental faculties and at 84 years he continues to render faithful and efficient service to the people of Newton. For forty years he has been associated with the Health Department of Newton at a salary incommensurate for thework performed. In the pursuit of his duties Dr. Hudson would come to his laboratory nights, Sundays or at any time when his assistance was needed. Residents of Newton should appreciate the long and faithful service of this grand old man.

This is the season when persons get exercise by raking the fallen leaves off their lawns. A popular method of disposing of the accumulated leaves is to burn them. Many persons who burn leaves create smudgy fires which annoy whole neighborhoods with heavy smoke. If you make a fire of leaves or other material, endeavor to cause as little smoke as possible and thus save your neighbors from cussing you roundly. And remember—that you are forbidden to start any fire in the open without a written permit from the Chief of the Fire Department. So be careful. Because if you are responsible for a smoky bonfire, some irate neighbor may telephone the police or fire department and you will get into trouble.

Several times in this column references have been made to the inferior cars shifted onto the Newton-Brighton-Boston line from East Boston some months ago. A citizen has asked us to mention that on Oct. 15, the day of the big rain, he rode towards Boston on car 6005. He describes this car as a sieve. Water was leaking through the roof and in through the windows. Also following the trolley rope. The seats were wet, there was a puddle of water on the floor, and in general the passengers in this car were confronted with quite moist conditions. Quite a contrast from the condition of cars on the Boston & Albany.

Letters To The Editor

A NEW INDOOR SPORT FOR WET DAYS AND WINTER

To the Editor:

"It's wet! It's dismal! What can we do that's different?" Well:—why not Tom Thumb Archery?

They don't call it that: and as a matter of fact, Indoor Archery means a whale of a lot more. But the ignoble name may help you to realize it—in some obscure freak of a mental way;—just through having of late heard somewhat of another Tom for outdoor use.

All through the Middle West and on the Northwest Coast, Indoor Archery is spreading wide and handsome, we are told. Men and women alike are shooting fervently thereby, in basement spaces, empty warehouses, gyms of course, armories, even in big school auditoriums. (In one state university they commandeered two of the bowling alleys!). Wherever they could get 25 or more yards straightaway for a range.

They use their outdoor outfits, targets excepted. In fact, it becomes a perfect kindergarten for the following-summer range! I'm told that the present National Champion—a Michigander—owes his rise not a little to just such winter practice.

The main difference is, for obvious reasons the short-range target is only one third natural size, ranges being measured by feet in place of yards: and you can make your bullseye "gold" of quarter-dollar size, if you so wish. To hit either that or a three-inch one at 60 feet plus, calls for skill that would show up right well at thrice the distance; so there is a great field for keen competition.

As to that:—at this short range and slight trajectory there is perfect and equal competition between a 100 pound woman and a 200 pound man! For each has a bow chosen expressly for just that individual's personal strength. If she has a slight trajectory, her more delicate touch and intuition, and greater social poise wholly even up that balance. It is pre-eminently a social sport for grown-ups, practically regardless of age; and it will help you to keep still young, instead of trailing along astern, and privately mourning that fact can't keep pace with yearned desire!

Moreover:—probably you don't know—or have forgotten—(to be diplomatic!) that your long-bow gives you at any age exactly the appropriate exercise for that age to keep every working muscle in your body built up and fit. You never heard of any archer dying from heart-disease! It isn't done. Probabl yyou thought its exercise was just the arms-cum-attachments. It is, —and all the rest besides! One hour's shoot of an evening with a stout bow of your size will convince you, once for all.

There is a fascination about the bow, following the flight of the gleaming, whirling arrow, that the rifle doesn't have. It's the "silent" weapon. For all the seconds of its flight you are watching that arrow. You know seconds ahead if it is going to make a high score for you! Also—if it isn't! And all the time you are subconscious that your winter practice is fitting you to make a fine showing at any summer clubs that may spring up around you later on: down on the Cape, in the Mountains, why, you can have a club of your own, just you!—and if any other archer sojourns within miles of you he'll promptly head your way for fraternity. There is more spirit of comradeship in Archery than would stock all the baseball leagues in the country!

Expense? Not great, as pleasures go, and health thrown in for double measure. Your novice bow could be had for $6.00; your dozen arrows for $10. Your glove and arm-guard you could improvise yourself; and of course a target, to be shared with others. That outfit should last you for some years if well selected; and then be salable to another novitiate. Later on, you'll want to expand somewhat: but then you'll be "in the know", and able to select the expert's outfit; and —to use it!

You men and women of the Newtons have a specially rare opportunity right at your hand. A single winter of indoor-work—and sport—with all its pleasure, will give you sufficient skill to be considered a candidate for the Newton Archers: one of the oldest and probably the best Archery Club in the country, with plenty of tournaments from April to October, inclusive, and dues remarkably low. The west end of the Newton Centre playground is their shooting-range.

A Waban Opportunity

You men and women of the Waban Neighborhood Club have an exceptional opportunity. If 20 to 25 of you will "sign up" for indoor archery this winter by so writing to President R. W. Moore, Jr., 40 Windsor road, the Board of Governors will seriously consider adding it to the bowling and badminton attractions, with a probable range of from 60 to 70 feet; you, of course, to supply your private outfits. Of course the Club awaits knowledge of an actual demand. Think this over, then, decide to join, and then pass that good word on to your special chum. But do it soon.

"Don't know how?"—Bless you! a perfectly competent coach will be willing by appointment to advise beginners, without charge; and no doubt there are ex-archers among you already who can help. And after that—never in this world will you be sorry that you know. You'll fairly yearn to pass the good word right on to others!

A VETERAN ARCHER.

NOISES

Editor of The Graphic,
Newton, Mass.
Dear Sir:—

The article in the Graphic recently by Edward H. Powers about unnecessary noises interested us, and we wondered if something could be done about the ringing of the engine bells at the Newtonville railroad station which is located so near a residential section. There are many express trains that stop there as well as the locals on most of which the bell is rung as they approach the station, and frequently all the time the train is standing there. There is no grade crossing, and a long fence separates the express and the local tracks so it would be impossible for any one to cross the tracks at this point. The ringing of the bells is most annoying, especially to sick or nervous people, and might safely be discontinued. Will you please use what influence you have to have it stopped?

COMING EVENTS

West Newton Women's Educational Club

A meeting of the Travel Class of the West Newton Women's Educational Club will be held October 27th, at the home of Mrs. Frederick E. Waring, of 29 Davis avenue, West Newton. Mrs. Ella E. Mason will assist Mrs. Waring.

Christian Era Study Club

A meeting of the Christian Era Study Club will be held at the home of Mrs. Alfred L. Billings, Auburndale, on the afternoon of October 27th. Papers on "Italy, in 1870," and "Browning," will be given by Mrs. Arthur DeSol.

Newton Centre Woman's Club

On Friday, October 31st, at 2 p. m. the first business meeting of the Newton Centre Woman's Club will be held, with Mrs. Walter Hartstone presiding. At 3 p. m. guests of Club members will be admitted, and the Music committee will present a program for the afternoon. Mme. Rose Zulalian, Contralto, a well-known artist in this country, will sing, and Mrs. Moses H. Gulesian, Composer-pianist, will play. Mrs. Gulesian is widely known for her songs and compositions. She composed the music for the Tercentenary Hymn, "Hymn to America", for which Miss Clara Endicott Sears wrote the words. Mrs. Gulesian is chairman of the Music committee of the Newton Centre Woman's Club, and Mrs. H. Archibald Nissen is the vice-chairman. Assisting them are Mrs. Alexander L. Golden, Mrs. Allen Hubbard, Mrs. John W. Merrill, Mrs. D. Bradlee Rich, Mrs. Edward B. Stratton, and Mrs. Charles B. Wilbar.

Tea will be served by the Refreshment committee, of which Mrs. Rufus S. Wilson is chairman, and Mrs. Harry G. Anderson is vice-chairman.

Mrs. Walter Hartstone, president, announces that all members of the Junior Woman's Club may attend any meeting of the Newton Centre Woman's Club, upon showing their own membership ticket.

The Ways and Means committee, Mrs. Walter Hartstone, honorary chairman; Mrs. S. Hardy Mitchell, acting chairman; Mrs. Edward A. Andrews, vice-chairman; Mrs. George E. Squier, treasurer, and Mrs. Charles L. Smith, secretary, with assistants numbering thirty-five and nearly three hundred workers from the Club are preparing for the bazaar, known as the "Village Mart," to be given in the Clubhouse on Thursday, November 6th, from 10 a. m. to 10 p. m. and on Friday, November 7th, from 10 a. m. to 6 p. m. The Club house will be transformed into a veritable outdoor garden with little shops here and there, and the decorations and effects will be carried out by Mrs. Allen Hubbard. The Junior Woman's Club will have a shop of dolls, dolls' clothing and doll's furniture, in charge of Miss Martha P. Wight. Travelling Accessories and a Bureau of Travel Information will be offered by Mrs. Frank Stewart. The stage will represent an Old Curiosity Shop, cleverly designed by Mrs. Rodney W. Stratton, with Mrs. Harry Pearsall in charge of the Shop. Mrs. Charles E. Bailey's table will have every thing for the Kitchen or Bathroom, and Mrs. George A. Holmes will present an attractive array of Linen and Lingerie. The Food Table is in charge of Mrs. Henry J. Ide, and the Candy Table has Miss Elizabeth Bartlett as chairman. Mrs. William M. Flanders is chairman of the table known as "Bags and Babies". Bridge Novelties will be offered by Mrs. Vincent P. Maloney, and the Christmas Wrappings table is to be in charge of Mrs. William C. Noetzel, with Mrs. William J. Freethy and Mrs. Charles K. Badger assisting.

Newtonville Woman's Club

This season members of the Newtonville Woman's Club again will have the privilege of hearing Mrs. Grace Morrison Poole in a series of lectures on Current Events. Mrs. Poole is well known to Newtonville Clubwomen, and her lectures are always anticipated with great interest. This year the lectures will be open to Club members the same as last season. They will be given on December 18th, January 29th, February 19th, and March 19th, at 10:15 o'clock, at the Central Congregational Church.

Mrs. Clinton W. Kyle, chairman of the Glee Club, is especially desirous this year to meet all members of the Woman's Club, as well as those on the waiting list, who are interested in singing. Mrs. Kyle wishes to emphasize the fact that a trained voice is not a requisite for admission to the Glee Club, and that no voice tests are made. Those who sing and enjoy singing for the pure joy of it are invited to join.

This season the rehearsals are to be divided into two groups, each including six, with no rehearsals during the Thanksgiving and Christmas holidays.

For further information concerning the Glee Club, those interested should telephone Mrs. Clinton N. Kyle, W. N. 1215W, before the first rehearsal on November 12th.

Newton Highlands Shakespeare Club

Mrs. H. E. Durgin has invited the Newton Highlands Shakespeare Club, of which she is president, to luncheon at her home in Norwell for its first meeting October 25th.

The Shakespeare Club was organized in 1891, holding its first meeting on December 4th of that year at the home of Mrs. S. L. Eaton, and so will begin its fortieth year before 1931. The officers that first year were: president, Mrs. S. L. Eaton; vice-president, Mrs. Robert Johnson; and secretary, Mrs. A. L. Pratt. The Club begins this year with the study of Coriolanus, and Mrs. Virginia McLean will conduct the Quiz on the first two Acts.

The Club members are looking forward with enthusiasm to the study of Coriolanus at this time, which is a storehouse of political commonplaces. The arguments for and against aristocracy and democracy; on the privileges of the few, and the claims of the many; on liberty and slavery; power and the abuse of it; peace and war, are handled by Shakespeare with the spirit of a poet and the acuteness of a philosopher.

State Federation

FALL MEETING. By invitation of the Worcester Woman's Club, the Autumn Meetings of the Massachusetts State Federation of Women's Clubs will be held in the Auditorium, North High School, Salisbury Street, Worcester, on Tuesday, October 28th. The Keynote of the meeting's addresses is "Safety Always."

The morning session opens at 10 o'clock. Greetings will be extended by Hon. Michael J. O'Hara, Mayor of Worcester. The Address of Welcome will be given by Mrs. A. Wilson Atwood, president of the Worcester Woman's Club; the response by Mrs. Carl L. Schrader, State president.

Reports of the Twentieth Biennial Convention of the General Federation of Women's Clubs at Denver, Colorado, June 5-14, will be given; of the "Morning Sessions," by Mrs. Maurice G. Luce, president of the Dorchester Woman's Club; of the "Afternoon Sessions," by Mrs. Charles E. Willson, president of the Auburndale Woman's Club; and of the "Evening Sessions," by Mrs. Charles R. Tuckett, president of the Somerville Woman's Club.

"A Glimpse into the Future" is the title of a talk by Mrs. Azel A. Packard, General Federation director.

"Impressions of the New England Conference" will be told by Mrs. Frank P. Bennett, Jr., first vice-president of the State Federation.

"Ideals and Ideas in the Clubs of Fifty Years Ago—and More." Two-minute talks will be given about them by their presidents of today.

Among the fourteen representatives from the Oldest Women's Clubs who will speak, there will be two Newton women, one representing a Club of the Newton Federation: Mrs. Raymond O. Littlefield, president of the West Newton Women's Educational Club, which last year celebrated its fiftieth year since organization, and Mrs. Franklin E. Smith, of Newton, president of the New England Women's Club, whose headquarters are at Boston, reputed the first Woman's Club organized in this State.

Another interesting item of this session will be a short talk by Mrs. George C. Harrison, chairman of the Better Films Council of Rhode Island State Federation of Women's Clubs, who will be introduced by no less a personage than the Rhode Island State president, Mrs. Warren Haskell.

Business; Report of the Resolutions committee, by Mrs. Lawrence F. Ladd, chairman; Report of the Credential committee by Mrs. Florence G. Morse, chairman; and Announcements, complete the morning session.

The afternoon session opens at 1.45 o'clock with music by the Worcester Woman's Club Chorus. Greetings from the Thirteenth District will be brought by Mrs. Hartley Smith, director. There will be presentation of one new club—the M. M. Club of North Saugus, Mrs. George H. Oulton, president. Discussion of "Ideals and Ideas in the Clubs of Fifty Years Ago—and More" will be continued. An address: "Safety in the Home," by Marion LaVerne Telford, field secretary of the Education Division, National Safety Council; and an address: "Safety on the Highway," by Lewis E. MacBrayne, general manager, Massachusetts Safety Council, will be the special features of the day.

The Report of Meetings committee by Mrs. Homer P. Ingell, chairman; Report of the Credential committee; Report of Resolutions committee, and the Announcements complete the program.

The North High School is at 46 Salisbury street, very near the Worcester Woman's Club House, which is at 10 Tuckerman street, corner of Salisbury.

Cars marked Salisbury street go by the Worcester Railroad Station and directly by the High School. These cars run every half hour. Other cars go up Front street to Main street. On this line a transfer may be obtained for a car going north on Main street. Leave this car at Lincoln square only a short distance from the Club House and High School.

Delegates arriving by motor will find plenty of parking space near the Club House.

The delegate tickets for this meeting are cream colored. Any member of a Federated Club who is not a delegate, will be admitted on presentation of her Club ticket for the current year.

Luncheon will be served at Wesley M. E. Church, 114 Main street, which is not far from the Worcester Woman's Club House.

Delegates and visiting Club women arriving in the city on October 27th, are invited by the hostess Club to an informal reception that evening at the Worcester Woman's Club House.

On display at the Worcester Woman's Club House will be "Exhibits for Safety," Safety in the Home, Safety on the Street and Safety at Work.

RADIO. Clubwomen who listen-in on station WBZA next Thursday morning, October 30th, will hear the 1930 prize-winning story, sponsored by the Division of Press and Publicity. Mrs. J. Glover Shaw, the author, is to appear in person before the microphone at 11.30 o'clock. At 11.40 Joseph Smith, with Jessie Fleming Vose at the piano, will entertain. Mrs. Charles A. Stockbridge, director, has news for other Clubs doing similar work in her "Bird's Eye View of the Eleventh District" and will be on the air at 11.50.

Newton Federation

Newton Clubwomen who attend the Executive Board meetings of the Newton Federation are reminded once again that the October meeting has been omitted, as it falls on the same day as the meeting of the State Federation, at Worcester. The first Executive Board meeting will, therefore, be held on Tuesday, November 25th.

RECENT EVENTS

Community Service Club of West Newton

On Wednesday afternoon, October 15th, the Community Service Club of West Newton opened its winter's program in the Parish House of the Second Church.

The president, Mrs. Thomas Weston, in a gracious word of greeting, spoke of the purpose and aims of the Community Service Club, of its beginning with the loyal group who worked together in a spirit of co-operation and friendliness at the time of great need in our country, and of the continued need for co-operation in friendliness and neighborliness, which it is her hope that the Club will typify.

The speaker of the afternoon was Mr. John Cronan who is well-known to Newton audiences both of adults and children, as a story teller at libraries, schools and homes and who is by his interesting and inimitable way creating a desire for and a waiting list for worthwhile books. His readings included excerpts from Kipling's "Kim," and "Great Expectations," by Dickens. Tea and a social hour followed the afternoon's program with greetings to new members. Mrs. Francis Newhall and Mrs. Arthur G. Hosmer were hostesses at the tea table, which was charmingly decorated with candles and fall berries.

The Community Service Club again is offering a course of ten lectures on Current Events, by Mrs. Claude U. Gilson, the first of which is being held today (Friday, October 24th), at 10.30 a. m., in the Parish House of the Unitarian Church.

ONE THING AND ANOTHER
By L. D. G. BENTLEY

Not infrequently reference is made to changes in the public taste. Writers on timely topics often discuss the reasons for the fickle mind of the present population of our great country. Say what you will there's one thing that seems to have as strong a hold on the imagination as it did years ago and that is an exposition, exhibition or fair. Only this month has it been proved by several of these, including the radio show, industrial display and exhibition of State activities. The latter was free, but even those where a substantial admission was charged drew many thousands of patrons.

Now then here is a form of entertainment that appears to have held its character for generations. I might have included the county fair but that is not ordinarily accessible to city dwellers, although it is popular with them and would be liberally patronized if not so far away from bigger cities.

As a youngster one of the annual privileges that came to me was a visit to the Mechanics Fair. Here was an arrangement of exhibits that took in a lot of interesting things. Each year the scope seems to widen and not only things mechanical were displayed but food in various forms. When a group of boys were allowed to attend by their parents they did their very best to gather in as many samples as they could. There was marked competition to see who could accumulate cards, advertising matter and, more desirable than all, free samples of food, confectionery and the like.

The successor to the Mechanics Fair was the food fair and this was even more productive of free samples. The idea was to provide yourself with a large paper bag, also obtained for nothing, and fill it with as many gifts from generous exhibitors as possible. The boy who was really industrious always managed to come home with a bagful and some overflow in his pockets.

We are still strong for expositions and equally keen to secure samples. But expositions nowadays are not spilling gifts with the free hand of bygone years and yet they are crowded. When the State of Massachusetts voted that an exposition of State activities should be a part of the tercentenary celebration it had no idea that 650,000 men, women and children would attend. The figures at the other exhibitions were correspondingly large. All in all, there is no doubt that whatever is offered for inspection we as a body of human beings still like to stop, look and listen when we get a chance. The only trouble is we do not recognize the necessity of this state of mind when there is danger such as grade crossings, but if we did we wouldn't be what we are.

Talk about the long hoped-for rain—did you observe that it came the day folloing proclamations by Governors of several States directing the closing of the woodlands? Maybe it takes a Governor's proclamation to make it rain. I had never thought of that before, but I am told that it works pretty well. At least in Massachusetts we find that almost invariably this official document has only to be published than the skies above send forth a generous amount of precipitation.

There may be several reasons for this. Possibly a chief executive refrains from ordering citizens from the woods until he is absolutely forced to by the presence of forest fires. On the other hand, we may be receiving a lesson in the fallibility of man—proof that no matter what men may say or do they cannot out-guess the weather.

If it is proved a fact that such proclamations have brought rain in Massachusetts I trust it will not be made a political issue. Of course the Republicans can point out that their Governors have been responsible for the ending of more drouths by proclamations than the Democrats. But that is hardly fair since the State has had many more Republicans than it has Democratic Governors. The "wet" and "dry" issue can scarcely be applied either for, as I read the speeches of candidates and their orators, the Democratic party is not the one that would have more water among the residents of the Commonwealth. I don't suppose they have objection to rain—but, there I go getting into politics. That is what I wish to avoid and if I have called your attention to a sure method of working-up the elements into a good rainstorm then I am satisfied as I know everybody else is.

Another resident of Newton has been honored in the State service. Arthur D. Weston, whose home is on Blackstone terrace, Ward 7, is to be the chief engineer of the State Department of Health, which means that he is to be head of the division which supervises the water supply of the entire State. He will succeed X. H. Goodnough whose name is familiar as one of the leading water supply engineers and experts of Massachusetts.

The selection of Mr. Weston, bear in mind, is not a political appointment. He was chosen because of his eminent fitness of the place. As State Health Commissioner Bigelow has publicly declared, "The department is fortunate to have Mr. Weston's services available." Speaking of Mr. Weston's work for the State, Dr. Bigelow said that it began in 1905 and has been continuous except for the interruption caused by Mr. Weston's service in the World War.

Dr. Bigelow declares that Mr. Weston's intensive labors as principal assistant to Mr. Goodnough have given him "wide, practical experience with the sanitary problems all over the State, as well as intimate contact with the wide variety of matters in this field, which in the next few years will be presented for solution."

Two things occur to me about the promotion of Mr. Weston which will interest those who never before heard of him. He earned his college training which demanded hard work and perseverance. These same qualities characterized his service as a State employe. A third point that presents itself is recognition of his merit by the Commonwealth. When you find such a combination you are certain to be satisfied that Massachusetts has the right system for turning-out the highest type of public officials.

No doubt those who oppose the suggestion that the city construct a convenience station on the land formerly occupied by the engine house on Washington street, Nonantum square, have their reasons for frowning upon the idea. Still, it seems to me a trifle selfish. There are thousands passing through this part of the city every day for whom some consideration should be shown. The problem is common to large cities and has been adequately met in most of them.

I suppose the fact that people from out of town will derive more benefit than Newton citizens is the principal argument of the opponents. Again that strikes me as a trifle narrow. Of course the need of such a station cannot be questioned. I suppose its presence is the chief objection, but I doubt if it will not be less offensive in reality than in imagination. A growing city such as Newton has proved to be, must be broad in its policy towards those who merely pass through it. Boston, for instance, must provide many things for the entire Metropolitan district and foot all the bills.

The area of vacant land made available by the removal of the old engine house is not large enough for parking. If there is a possibility of the cutting through of a street from the end of Hall street through to Washington street it seems to me most remote. Such a thoroughfare might help the traffic congestion problem but I have an idea that the cost would be prohibitive. I hope that the special committee which has been called upon to advise the city fathers will recommend a convenience station.

"What's all this 15 days of grace mean?" asked a Newton citizen as he gazed at his State income tax bill. "It says here that it is due October 1, but that I have until the 15th to pay it before interest will be charged. I know what it means, but where did it originate?"

Nobody would tell him right off the bat. Several of them said they would try and find out to satisfy his and their curiosity. I happened to be one of the more inquisitive so I went to a high taxation official and asked him.

"Be glad you're living in Massachusetts," he began. I thought, of course, that he was going to preach about the value received by a citizen of our commonwealth for the amount of taxes he was called upon to pay. But that was not it.

"This dates back to the days of the Massachusetts Bay Colonies," the official went on. "It's an old, old custom that was brought over from England. Back in the very early part of the seventeenth century, before the Pilgrims landed in Plymouth, the custom was established in England. Lord Mansfield and a jury of London merchants passed on questions of business deals, banking, etc., and the very considerate idea of days of grace became a fact. As I understand it was a custom in business transactions in Italy long before. However, don't pin me down for too much historical data. All I know is that the founders of Massachusetts put the idea into operation when they established the colonies here and it has always been the custom since to give money borrowers, taxpayers, etc., anywhere from three to thirty days of grace."

I thanked him fo rthe explaination and was about to leave when he added, "And remember what I said, 'Be glad you're living in Massachusetts."

In reply I made some feeble joke about endeavoring to be a Pollyanna over my native State.

"No kidding," said he. "I want you to know that other States say our commonwealth is an old fogey for hanging on to such an ancient custom. They are dropping it in business and in relation to tax and water bills."

"Why so?" I asked.

"Because their idea is that if money is due on a certain date it should be paid on that date," he replied.

I wanted to spring a pun so I said, "Not so graceful as our way in Massachusetts."

"Not if you happen to owe the money," said he, giving me an inquiring look which I felt was equivalent to asking me if I had paid my 1930 income tax bill.

ADOPTION DISCUSSED BY CENTRAL COUNCIL

A great deal was learned about babies of every sort, well and ill, legitimate and illegitimate, "regular" and adopted, at the first meeting of the Welfare Conference held under the auspices of the Newton Central Council at the Peabody Home Tea Room on Wednesday noon, October 15.

Mrs. Malcolm P. Bail, the new chairman of the Conference, presided. The speakers were Dr. and Mrs. Robert D. Curtis of Newton Centre, who told of their unique work in arranging for the adoption of babies, chiefly illegitimate, in a manner which would work for the benefit of the babies, their mothers, and their adopted parents.

Dr. Curtis, a noted child-specialist of Boston, and Mrs. Curtis, a trained social worker, happened on the need, which, characteristically, they immediately tried to meet. Seven or eight years ago there was a baby in the Massachusetts General Hospital, a little spider in appearance, but with a devastating smile which always won him friends. He had no home or prospect of one, however, and so the Curtises took him to theirs until they could find the right people to become his parents. One baby leads to another and the Curtis family soon found themselves a social agency for bringing about adoptions of a particular sort. They chose children of English-speaking parents of the more intelligent type, normal and healthy, because the families wanting children were seeking this sort, and they could thus fit the right children and parents together.

One great point made by the Curtises was that children are individuals from the very beginning, and that it takes someone who knows the babies and is also equipped to investigate the proposed home to dovetail the two. For example, if a child's inheritance is musical the placement worker tries to find a home where the parents are interested in music.

Always there are more parents wanting babies than there are babies, but this is not altogether a disadvantage because it makes it possible to fit the family to the baby. It is often pathetic, Dr. Curtis said, to see the eagerness with which the babies are welcomed into their new homes. Grandparents share the enthusiasm, and are as doting as any other grandparents. One adopted child is hardly ever sufficient. The parents want another, the only difficulty being to find a Mary who is good enough to be a sister to their Jimmy.

Homes to receive babies are investigated not only along the more obvious lines, but as to such questions as the educational facilities which can be offered to the children, whether the parents are happily married and the like, questions the Curtises have particular opportunities to check. Babies must always live a year in the home of the foster parents and their well-being in their new home be assured, before the adoption is consummated. This point Mrs. Curtis emphasized as of especial importance. She felt the lack of such precaution partly explained the skepticism of many social agencies in regard to adoptions.

While listening to Dr. Curtis one began to wonder how two persons could provide a home for so many babies and bear the expense of their maintenance. The answer is that Mrs. Curtis finds boarding homes for most of the babies, that the expenses are not heavy, and that those who adopt children give a voluntary contribution for the care of the next baby which comes along. Both Dr. and Mrs. Curtis give their services to the cause, and this means a great deal for busy and skilled persons. Advised by the State not to incorporate for the present, a board of directors made up of representative persons in the community has been formed to whom the Curtises report statistics of the work, an account of the money received, and the manner in which it has been spent.

Most persons would be astonished at the type of mothers whose children are subjects for adoption through the arrangements of Dr. and Mrs. Curtis. Almost all the children are illegitimate, but they are not subnormal in any way, nor are the mothers. Dr. Curtis does not believe that the younger generation is going to the dogs, although he comes in contact with unmarried mothers of a very intelligent sort, school teachers, secretaries, art students, interior decorators and what-not, even a college dean of women. They average from 23 to 26 years of age and are a very independent lot of young women, often with means. They decide against abortion through principle and not through helplessness: Quite often the fathers, who also come from the well-to-do classes, wish to marry the mothers of their children, but the situation brings about a peculiar reaction on the part of the young women. They often refuse even to see the man, and prefer to continue their professional or independent lives to marrying him.

The interested listeners had a good many questions to ask Mrs. Curtis, who conducted the discussion, such as: "Do you advise the adopted parents of a child to tell him at the beginning that he is adopted?" The answer was: "Yes. He is almost sure to know in the end and it is much better that he should in the beginning." Some outstanding failures in adoptions seem to have come about because of keeping the fact a secret until the child was well along in school. It is easy to tell a child in a tactful way, Mrs. Curtis said, which will make him feel quite happy about it. "What age do parents usually want the adopted children to be?" was another question. "They want new-born babies almost always, and it is natural. Tiny babies often look strikingly like their adopted parents, no one knows why, and of course act like them."

Mrs. Nellie S. Smith, Superintendent of the Peabody Home, told some very important facts about the Home, especially emphasizing the fact that although at first the Home only received straight orthopedic cases, they are now taking all kinds of cases which can be benefited by light-treatment, for which the Hospital is famous, and with which it has been markedly successful. Education is one of the great problems, and is carried on for those children who cannot get about largely by volunteers. Anticipating questions frequently asked, Mrs. Smith said that no charge whatsoever was made for treatment at the Home, although voluntary gifts from the patients' families were accepted. The Home has no endowment and is absolutely dependent on gifts. Finally Mrs. Smith gave the often repeated assurance that all were treated alike at the Home, without reference to nationality or creed. She invited the guests to go over the Hospital and her invitation was accepted by a group who soon became so absorbed in little brown bodies and smiling, responsive faces, that bandages and braces were almost forgotten.

THE PRESIDENT

The nation elected Herbert Hoover because he is a man of exceptional ability, with high administrative capacity. His record of accomplishment, the strength he has displayed and the unswerving purpose to which he has held, definitely justify their faith.

No carping critics of gloom can lessen either his record or his purpose. In the midst of falling governments, of a world-wide brainstorm which overthrows organization, wipes out fortunes, tries to insinuate superficial qualities for old and established principles, Herbert Hoover has gone ahead, sure of his purpose, strong in the faith, certain of the outcome when the world gets over its moon-struck activities. He has impressed into public service more strong, able, successful men than has any other peacetime President, with the possible exception of Theodore Roosevelt.

Not only has he made the Government function at full capacity, but he has enlarged its capacity and re-directed more effectively its management, during a period when the reader of some newspaper headlines may have concluded that the national Government was at a standstill.

So we are for him for the faith that is in the man, the purpose wihch is his, the courage and the tenacity and the ability which sustain him. Our Government is functioning with sure purpose and great responsive capacity because he heads it. President Hoover's ability and his vision have made this possible—and "where there is no vision, the people perish."—(Washington).

WILL YOU WAIT—AND SHIVER?

We aim to do everything humanly possible to deliver coal as fast as orders come in. But every year so many people wait until cold weather arrives before ordering coal that we, like other coal merchants, can't keep up with orders for a time.

That's why we urge you to order your coal NOW. We can deliver clean, bright Famous Reading Anthracite in any quantity you need. You'll be ready for the first cold snap—and there'll be no shivering for you no matter what happens to those who put off ordering too long.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by George W. St. Amant of Newton, Middlesex County, Massachusetts, to the Institution for Savings in Roxbury and its Vicinity, dated October 10, 1927, and recorded with Barnstable County Deeds, Book 449, Page 490, and with Middlesex South District Deeds, Book 5152, Page 105, and filed with Middlesex South Registry District of the Land Court, October 10, 1927, Document 81864 and noted on Certificate No. 19451 in Registration Book 131, Page 37, for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at public auction at three o'clock P.M. on Thursday the twentieth day of November, 1930, on the parcel of land first described in said mortgage at the corner of Hawthorne Avenue and Woodland Road, in that part of said Newton called Auburndale, all and singular the premises conveyed by or described in said mortgage except the parcel secondly described in said mortgage situated on Vista Avenue in said Newton and being Lot A. on a plan filed in the South Registry District of Middlesex County of the Land Court in Registration Book 127, Page 149, with Certificate No. 19422, which said parcel has been released from said mortgage. The premises conveyed by or described in said mortgage deed are therein set forth as follows, to wit:

A certain parcel of land, with the buildings thereon, situated in that part of said Newton called Auburndale, bounded and described as follows: NORTHERLY by Hawthorne Avenue, four hundred and twenty-eight (428) feet, more or less; NORTHEASTERLY by a curved corner of Hawthorne Avenue and Woodland Road, about eighteen and 59/100 (18.59) feet; EASTERLY by said Woodland Road, one hundred forty-four (144) feet; SOUTHERLY by land now or formerly of Celia Haskell, one hundred forty-five and 87/100 (145.87) feet; WESTERLY by land of Ella B. Smith et als., about sixty and 06/100 (60.06) feet; SOUTHERLY again by said land of said Ella B. Smith, about forty and 40/100 (40.40) feet; EASTERLY again by said land of said Ella B. Smith, about one hundred three (103) feet more or less; SOUTHWESTERLY again by land of said Ella B. Smith in part and in part by land now or formerly of Howland, one hundred two (102) feet more or less; WESTERLY again by land now or formerly of Howland, about seventy-eight and 40/100 (78.40) feet; SOUTHWESTERLY again by land conveyed by me to George F. Howland by deed dated November 15, 1912, recorded Middlesex South District Deeds, Book 3743, Page 436, about one hundred eight and 65/100 (108.65) feet; WESTERLY again by land conveyed by me to said Howland by said deed, about one hundred seventy-seven and 13/100 (177.13) feet. Being the same premises conveyed to me by four (4) deeds: (1) from Jane D. St. Amant dated October , 1927 to be recorded herewith; (2) from Celia Haskell dated October 26, 1912, recorded Middlesex South District Deeds, Book 3738, Page 42; (3) from George F. Howland dated November 1, 1912, recorded said deeds, Book 3743, Page 435; (4) from Arthur A. Ridgeway, dated October 28, 1912, recorded said deeds, Book 3738, Page 68. Excepting a strip of land included in said Celia Haskell's deed to me, which I conveyed to George F. Howland by deed dated November 15, 1912, recorded with said deeds, Book 3743, Page 436. Said premises are conveyed subject to all restrictions, stipulations and agreements of record so far as the same are now in force and applicable.

Also, a certain parcel of land, situated in said Newton, bounded and described as follows: SOUTHEASTERLY by Vista Avenue, thirty-four and 32/100 (34.32) feet and again by the NORTHWESTERLY line of said Avenue, fifty and 68/100 (50.68) feet; SOUTHWESTERLY by land now or formerly of George F. Howland, one hundred forty and 60/100 (140.60) feet; NORTHWESTERLY by land now or formerly of George W. St. Amant, eighty-nine and 02/100 (89.02) feet; and NORTHEASTERLY by Lot B as shown on plan hereinafter mentioned, one hundred fifty-four and 14/100 (154.14) feet. Said parcel is shown as Lot A on said plan. All of said boundaries are determined by the Court to be located as shown on a plan, as modified and approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed in the Registry of Deeds for the South Registry District of Middlesex County in Registration Book one hundred and twenty-seven (127), Page 149, with Certificate number 19422. Being the same premises described in Certificate of Title registered in Book 131, Page 37, South Registry District of Middlesex County, and numbered 19451.

Also the land in East Falmouth in Barnstable County bordering on Coonemessett Pond shown on a tracing of eight (8) deeds of land in East Falmouth traced from plat of survey made by E. C. Bourne, April 1894 and filed in the Barnstable Registry of Deeds and numbered 265, the said land being bounded and described as follows: Beginning at a stone post on the EASTERLY side of the Town Road leading from East Falmouth to North Falmouth at land conveyed by Harry W. Turner to Joseph S. Fay, Senior, by deed recorded Book 204, Page 444; thence SOUTHERLY and EASTERLY by the fence and Town Highway to land of Freeman Robinson's heirs; thence NORTHERLY and EASTERLY by the fence and land of said Robinson's heirs by various courses, fifteen hundred and forty-four (1,544) feet to Coonemessett Pond, said line being established in agreement between the grantors and Edgar Swett by an instrument dated May 27, 1912, and recorded Book 317, Page 23; thence in a general WESTERLY direction and bounded by said Pond to Coonemessett River; thence in a SOUTHERLY direction and bounded by said River to a stake at the SOUTHWESTERLY corner of land formerly of George H. Turner and conveyed by him to Joseph S. Fay, Senior, recorded Book 196, Page 593, and included in this conveyance; thence turning and running by various courses by a line of stakes around the Swamp to the Road from North Falmouth to East Falmouth; thence turning and running by said Road to the point of beginning, or however otherwise bounded or described said premises may be, intending to convey all the land conveyed by the said eight deeds noted on said plan. Said premises are conveyed subject to the aforesaid agreement with Edgar Swett so far as now in force and applicable. Being the same premises conveyed to me by Roger F. Sturgis et als., Trustees, under the will of Joseph S. Fay, Jr., late of Falmouth deceased, by deed dated December 2, 1915, recorded with Barnstable County Deeds, Book 342, Page 346.

Also, a certain piece of pasture and woodland situate in that part of Falmouth called Hatchville near the East End Church bounded as follows: BEGINNING at a stone post standing on the EASTERLY side of the town road leading from said Church to North Falmouth and land formerly of Joseph S. Fay, now of George W. St. Amant; then running EASTERLY about two hundred forty (240) feet more or less by land of said St. Amant to a stone post; thence NORTHERLY by land of said St. Amant to a stone post standing on a beach of Coonemessett Pond; thence on the same course to the waters of said Pond; thence NORTHERLY AND EASTERLY by waters of said Pond, about three hundred sixty-seven (367) feet till it comes opposite a crotched oak and maple tree marked as a corner and to the land of Harry V. Lawrence and George E. Dean; thence EASTERLY up the pond bank to a stone post, then continuing on the same course by land of said Lawrence and Dean to a stone post standing on the SOUTHERLY side of the road leading to their camps; then continuing EASTERLY by land of said Lawrence and Dean to a stone post standing on the SOUTHERLY side of said road; thence SOUTHERLY AND EASTERLY by land of the same to a stone post; then more SOUTHERLY by land of the same to a stone post standing on the WESTERLY side of the Sandwich Road, so-called; thence SOUTHERLY AND WESTERLY by said road to the road leading to North Falmouth from said Church; thence NORTHERLY by said road to a stone post which is the SOUTHWESTERLY corner of the Parsonage lot of the East Falmouth Congregational Society; thence EASTERLY to a stone post which is the SOUTHEASTERLY corner of said lot; thence NORTHERLY by said lot as the fence now stands to the NORTHEASTERLY corner of said lot; thence WESTERLY by said lot as the fence now stands to said North Falmouth Road and by the road NORTHERLY to the first mentioned bound. Containing by estimation thirty-five (35) acres more or less. Being the same premises conveyed to me by Lucina A. Swett by deed dated February 28, 1925, recorded with said Barnstable Deeds, Book 417, Page 125.

In order to facilitate the recording of this mortgage the same has been simultaneously executed in three (3) original counterparts, all of which together, or any one thereof, shall be deemed to constitute but one and the same instrument.

The portion of the premises conveyed by or described in said mortgage situate in Middlesex County heretofore released and excepted from this sale is described as follows:

Also a certain parcel of land, situated in said Newton, bounded and described as follows: SOUTHEASTERLY by Vista Avenue, thirty-four and 32/100 (34.32) feet and again by the NORTHWESTERLY line of said Avenue, fifty and 68/100 (50.68) feet; SOUTHWESTERLY by land now or formerly of George F. Howland, one hundred forty and 60/100 (140.60) feet; NORTHWESTERLY by land now or formerly of George W. St. Amant, eighty-nine and 02/100 (89.02) feet; and NORTHEASTERLY by Lot B. as shown on plan hereinafter mentioned, one hundred fifty-four and 14/100 (154.14) feet. Said parcel is shown as Lot A. on said plan. All of said boundaries are determined by the Court to be located as shown on a plan, as modified and approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed in the Registry of Deeds for the South Registry District of Middlesex County in Registration Book one hundred and twenty-seven (127), Page 149, with Certificate number 19422. Being the same premises described in Certificate of Title registered in Book 131, Page 37, South Registry District of Middlesex County, and numbered 19451.

Said premises will be sold subject as aforesaid and subject also to any unpaid taxes, tax sales or municipal liens or assessments.

TERMS OF SALE: Three thousand dollars ($3000) will be required to be paid by the purchaser at the time and place of sale. Other terms made known at sale.

QUESTION NO. 1.

PROPOSED AMENDMENT TO THE CONSTITUTION.

(State-wide)

Shall an amendment to the constitution relative to the apportionment of senatorial, representative and councillor districts, further described as follows:

The proposed amendment of the Constitution provides for the annulment of Article XXI of the Articles of Amendment of the Constitution and the substitution therefor of a new Article XXI, and for the annulment of Article XXII of the Articles of Amendment of the Constitution and the substitution therefor of a new Article XXII. The proposed amendment embodies in substance the following changes in and additions to said Articles XXI and XXII:

1. In proposed Article XXI, towns of twelve thousand inhabitants or more may be divided in forming representative districts. No precincts, however, in such towns may be divided. In taking the census the special enumeration of legal voters shall specify the number residing in each precinct of such towns. Under existing Amendment XXI no town may be divided and no specification of the number of voters in a precinct is required.

2. The division of a county into representative districts and the apportionment of representatives to districts therein is to be made by "The county commissioners or other body acting as such, or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law, . . ." Under Article XXI as it now stands the division and apportionment is made by "The mayor and aldermen of the city of Boston, the county commissioners of other counties than Suffolk,—or in lieu of the mayor and aldermen of the city of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law, . . ." The time for assembling of such commissioners, board or body for the purpose of making such division and apportionment is also changed, from the first Tuesday of August next after each assignment by the Legislature of the number of representatives to each county, to a time within thirty days after certification by the Secretary of the Commonwealth to such commissioners, board or body of the number so assigned, or within such other period as the General Court may by law provide.

3. Under the proposed Article, each special enumeration shall be the basis for determining the districts, senatorial, representative and councillor, for the ten-year period beginning in the fourth January following said special enumeration and the present division of districts is to remain in effect until January, 1939. Under the existing amendments the ten-year period is the period between the taking of each census. (Thus, the next redivision based upon the next census in 1935 would, under the proposed Articles, affect those elected in 1938 to hold office beginning in January, 1939, instead of affecting those elected in 1936 to hold office beginning in January, 1937. Under existing amendments representation of newly created districts begins in January of the second year after each ten-year census, whereas under the proposed article it would begin in January of the fourth year thereafter.) The number of representatives (240), senators (40), and councillors (8) is not changed.

4. The Legislature may limit the time within which a division of representative, councillor or senatorial districts may be questioned by judicial proceedings. The existing amendments contain no provision that itself limits or authorizes the Legislature to limit such time.

POLICE NEWS

About 8.30 Saturday morning a complaint was received by telephone at police headquarters that an apparently drunken man was operating an automobile on Quineboquin road, Newton Lower Falls. Patrolmen Kerrivan, Kilmain and Treddin were sent to the scene and found not one automobile, but two cars and they arrested the drivers of both vehicles on the charge of driving while under the influence of liquor. Those arrested were Rienzi Neaves, 51 Pontiac road, Waban, and Allen Jones, Centre street, Roxbury. A man riding with Jones was arrested for drunkenness. Neaves and Jones appeared in the Newton court Monday morning and their cases were continued to October 29.

Joseph Pendergast of 42 Henshaw street, West Newton, was arrested last Friday afternoon by Officers Feeley and Mullen charged with taking an automobile without authority.

Alfred Cousineau of South Main St. Sherborn, was fined $50 in the Newton court last Friday for speeding. It was Cousineau's third conviction for such an offence within a year. Other speeders fined $10 each were Manuel Costa of Medford and Elwood Ward of Southboro. Those fined $5 each for speeding included Dana Lowell, Medford; Barnett Feinstein, Dorchester; Paul Cutrone, East Boston.

Fabio Malgieri, 41, of 384 Langley road, Newton Centre, was in the Newton court Friday charged with accosting a young girl and with having kicked a 10 year old boy. The case was continued to October 24.

Boyd Chapman of Franklin was in court Monday charged with driving so as to endanger the lives and safety of the public. He will be tried October 28.

Seeley Brothers, dealers in furniture at Newtonville, reported to the police last Friday that someone had broken into their store and stolen a small amount of money and some tools. An attempt had been made to break into the safe.

Patrolmen Monaghan and Goddard arrested four young men at Newton Centre Sunday afternoon. Three were charged with gambling on the Lord's Day and the fourth was arrested for being present at the card game. In the Newton Court on Monday the three fined $5 each for gambling were —Domenic Mercoli, 400 Langley Rd.; Fred Taliente, Parker place; Angelo Perillo, 30 Beecher place.

A squad of police which included Patrolmen Howley, McCormick, McGrath and Smith arrested five men at Newton Centre early Sunday morning for disturbing the peace. Those arrested were—James Carson, Harvard street, Brookline; C. T. Blaine, Cypress street, Newton Centre; Mortimer Sullivan, Linden street, Brookline; James Burton, Wobon street, Roxbury; John Carson, Summit street, Brookline. The quintet will be tried on October 31.

Thomas Cleaves of First street, Medford, driver of a truck for a firm which supplies white coats to stores, was in the Newton court on Monday charged with having committed assault and battery on Mrs. Emily Utero who runs a fruit store at Washington street, Lower Falls. The alleged assault followed an argument over a coat. Cleaves was found guilty and fined $20. He appealed.

Herbert Brondson of Parker street, Newton Centre, complained to the police on Sunday that a coupe had been stolen from the driveway of his house.

At roll call Monday evening Serg. Crowley, on behalf of the members of the Newton police department, presented pen and pencil sets to the officers of the department who have recently been promoted. Those receiving the presents were—Chief Hughes, Captains Goode and Seaver, Lieutenants Moan and Veduccio, Sergeants Burke and Sheridan.

NEWTON LODGE OF ELKS

Newton Lodge started its bowling season on October 20 at the Newton Bowling Alleys.

The officers and a number of members of Newton Lodge attended Watertown Lodge on Wednesday night. The initiatory work at the session in Watertown Town Hall was performed by the officers of Newton lodge.

Newton Lodge will conduct a Charity Festival at Elks' Home, 429 Centre street, Newton, on the evenings of November 5, 6, 7 and 8. The proceeds will be devoted to the Charity Fund of the Lodge. Among the prizes to be awarded will be an electric refrigerator.

LUCY JACKSON CHAPTER, D. A. R.

The annual card party was held in the chapter house Tuesday afternoon and was enjoyed by thirty tables of players. Prizes were awarded at each table consisting of four rolls of Christmas wrapping paper. Tally cards were designed especially for the occasion and were the gift of a friend of the chapter. The following ladies served the tea: Mesdames L. H. Howe, M. W. Newhall, A. D. Salinger, W. G. Starkweather, W. D. Thompson, O. R. Hartel, E. B. Parker, A. S. Tucker and Miss Emily F. Jordan.

MORE VICTIMS OF DOGS

Joseph O'Brien of Medford complained to the police Saturday that while passing the house of Harold McCusick, 120 Farwell street, Newtonville, a dog owned by the latter had attacked and bitten him. The animal was ordered restrained and Dr. Boutelle notified to examine it. On Friday, October 17, the police were notified that Helen Heyer of 84 College road, Chestnut Hill, had been bitten by a dog owned by James Connors of 127 Commonwealth avenue, Chestnut Hill.

BOY FALLS OFF TRUCK

George D'Innocenzo, 13, of 292 Langley road, Newton Centre, was injured Monday morning when he fell from a truck on Boylston street, Newton Centre. The truck was driven by Earl McMullen of West Newton and owned by George Maxwell of Newton Centre. The boy was taken to his home and treated by a physician. He received cuts and bruises on the right side of **his head and an injury to his right** eye.

GIRL SCOUTS

October 15 was a busy day for the Newtonville Girl Scouts. The three junior troops had their first meetings on that afternoon. Troop 1 met at the Cabot School with their Captain, Mrs. F. E. Johnson. They had a full enrollment and a number of girls on the waiting list. This troop is for the younger girls.

Troop 22, with Miss Edith Wilcox as Captain, met at the Frank A. Day Junior High School. There are a few vacant places left in this troop. Troop 28, with Mrs. H. Wakefield as Captain, also met at the Frank A. Day. They had a full enrollment.

A Brownie Pack has also been started in Newtonville by Mrs. Carlson of Newtonville. This Pack meets on Wednesday afternoon at the Cabot School and it is for little girls from 7 to 10 years of age.

Troop 10, which is for high school girls, will have its first meeting on Thursday next week at seven-thirty o'clock at the Methodist Church.

Troop 11 of Newton Highlands, with Mrs. Ralph Emery as Captain, has planned a very interesting program for the winter. Three meetings during the month they have their regular scout work and the fourth meeting is a novelty meeting under the direction of one of the patrols. When there are five scout meetings during the month, the fifth meeting is celebrated with a party. Mrs. Henry Wry has been made first lieutenant of this troop and is taking charge of singing and craft work.

The troops in Newton Upper Falls will start their meeting next week on Tuesday evening at the Emerson School at seven o'clock.

The first meeting of the Officers' Association for the year was held Wednesday evening at the Unitarian Church in West Newton. The supper was served by the Newton Centre officers.

After the business meeting Mrs. L. H. Moseley, former commissioner for Metropolitan Division Girl Scouts and now editor of "The Trail Maker," the Massachusetts Girl Scout magazine, was the speaker of the evening. She chose for her subject "Scouting in Practice." This summer Mrs. Moseley was the director of Wind in the Pines, one of the Massachusetts Girl Scout Camps. It is situated on the Cape near the district where the dreadful forest fires raged for a few days during the camping season.

She gave a very graphic description of a day spent in camp when a neighboring camp, which the fire was very closely approaching, sent a large number of the girls to her camp for safety. She said there was no confusion and not one girl showed any sign of fear. They all "carried on." Not until the danger was passed and they had started back to their own camp filing through the woods in the dark did they in any way show the strain they had been through. Then the cheer they sent up showed the severe tension under which they had been laboring.

There were three hundred Girl Scouts together in this crisis and every one put her scouting into practice. Surely these girls were living Girl Scouting and the leaders may well be proud of them. Living Scouting is what really counts.

Mrs. Moseley said, "It is practicing Girl Scouting that means so much to a community." She spoke of what a great privilege it is to have anything to do with scouting and how proud one should be of being connected with the organization. She also stressed the high sense of honor and the spirit of friendliness which it creates, and begged the leaders to believe so deeply in this "the real Girl Scouting" that they will fairly radiate the feeling and make it contagious. The meeting was largely attended and was a very enthusiastic one.

A PHOTOGRAPH OF YOURSELF IS A REAL CHRISTMAS GIFT

A Soul Picture is our new revolution in photography.
If for a woman or child, all the charming Beauty and Goodness are brought out. If for a man, we show in the face the strength, kindness and nobility of character.
A Picture should be more than a shadow; it should be a History of the Body and Mind.
We make personal portraits incomparably better than others, and they are worth more, because they are things of Brains and Beauty.
Our Halo Light is a revelation; it is soft, sweet and illuminating; and for a gift to yourself to preserve, or to a friend for the holidays, there is nothing better or more appropriate.
Please order early. The demand for these new pictures is very large.

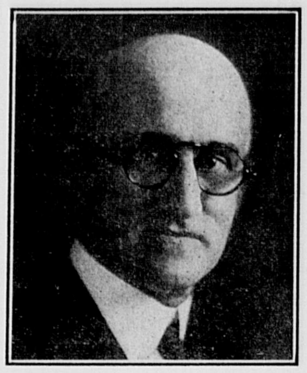
To Run Every Week in The Graphic



Dealing with That Situation which is, or should be, Interesting to most Everybody—The Question of How Best to Run the Business of Home Making at a Profit and the Relation that All the Tangible and Sentimental Factors in a Man's Family Life Bear to Each Other and to His Whole Estate.

Mr. Manning is a General Agent of the John Hancock Mutual Life Insurance Company in Boston. He stands in the rather unique situation of having set up some six hundred trusts during the past fifteen or twenty years, involving over $25,000,000, to provide suitable incomes for the various families of the men who have given him their confidence.

Mr. Manning is an acknowledged authority on budgeting and the relation of income and outgo in family life. He is shortly to address several of the Women's Clubs in Newton under the auspices of the Newton Trust Company.

Many years ago a dear old lady gave me a bit of advice which has lingered long in my memory. It is this.—Only a few people ever arrive at the point in life where they can have This and That. Most of us have to choose between This or That.

Shall we then merely live for the present and assume tomorrow will take care of itself, or shall we tacitly agree that some really worth while things will be planned for and worked for, requiring more or less sacrifice?

Most of us feel the family is the really worth while thing in our lives because everyone in it requires food, clothes and shelter every day in the year, now and in future. It is taken for granted that it will receive our love and affection.

It seems to me if there is any choice between This or That, the family must come first. There again arises another thought. Shall the present needs of the family come first in their desires for the real worth while things of life, and shall we accede to every one's desire in the family to let them have everything they wish; or shall we temper their and our desires with reason, moderation, based on the fact that we know from merely observing other people around us that those who do live beyond their means and accede to every whim and desire for themselves and their families are usually undesirable people to follow?

The home is a business, no doubt about it, because it has income and expenses. Certainly no business which is run properly should spend more than the profits. If it did, it wouldn't take long for it to go into bankruptcy.

Therefore, why shouldn't it be a reasonable thing to apply just ordinary business methods to running our home? Take an inventory once in a while. Keep some sort of record as to where the money comes from and where it goes. Then analyze the results of those figures once or twice a year to find out if we are using the same cautious business methods in running our homes that we do in running our businesses.

This is a particularly good time to begin to think about these things because the first of the year is not very far away and most businesses base their fiscal year on the results from January to January. Then they usually make an audit of their affairs so that they can have a basis for the standards which will be observed for the succeeding year.

Probably one of the reasons why there are so very few successful people compared to the number of unsuccessful people is because most people find it very irksome to be systematic in running the affairs of the home. The general attitude is, "Oh, what's the use? We get a certain income and at the end of the year it is all gone."

Well, the business that takes that attitude does not function very long. It doesn't get much credit and it isn't considered a sound institution with which to have business relations.

I don't think I am stating the fact too strongly when I say that a general parallel can be observed in the lives of individuals. We all like to emulate the successful fellow, but we don't care to be associated in the same class with the unsuccessful fellow.

There seems to be a kind of fatality about this percetnage of successful people in the world. Rarely is there more than one man out of ten who is ever heard of outside of his own social circle, and rarely is there more than one man in ten who has more than an accumulation of six months' salary to draw upon in time of emergency and certainly not more than one out of thousand becomes known nationally.

Success has its price, and while all men may not wish to be successful, *certainly any sober thinking man ought to wish to be at least solvent.* Success can be measured by man's desire to be *uncomfortable* in the pursuit of his particular business by working harder than the average; but a man can still be comfortable and still be solvent if he observes ordinary precautions.

Most successful men that I have seen, and I have seen quite a number of them in the last twenty years, are hard workers. They are systematic. They live within their incomes and they have the power to be able to judge between the desirable and the attainable,—and all of them, without exception, are systematic in the way they run their home finances because they deem it necessary to keep records of where their money goes so that in the event of there being an extra expenditure in one avenue, it probably can be curbed during the next year.

If they had no facts to go upon, their forecasts would be merely guesswork. It doesn't require but a few hours a month for a man and wife to list, in a proper vehicle, their expenses. These can be taken from the stubs of check books and from the usual petty cash disbursements, from the very small percentage of actual cash that is handled by either man or wife—put down periodically, perhaps once or twice a week.

I don't mean that it is absolutely necessary for it to balance at the end of each month, or each year, because if this precaution of putting down expenses is observed in a reasonable sort of way, even if it doesn't check up within $100 or $200 it certainly gives enough information so that remedial measures can be adopted, if it is found to be necessary.

The Home Budget which every well managed family should operate is no different in its action than the ledger of a busines organization. I commend the use of it very strongly to everyone who reads this article, because I know how it has worked out for me personally and for many thousands to whom I have recommended its use.

INCOME AND PRINCIPAL

Income basically depends upon two things:

THE PURCHASING POWER OF THE DOLLAR, and THE PURCHASING SKILL OF THE SPENDER.

Man must provide every day for food, clothes and shelter for everyone in the family. Just how much there is of culture beyond these fundamentals depends upon husband and wife and their ability to live within the family income.

WOMEN'S CLUBS

(Continued from Page 10)

Newton Upper Falls Woman's Club

At the October 20th meeting of the Newton Upper Falls Woman's Club, Miss Rosabelle Temple, teacher of vocal music at Cushing Academy in Ashburnham, gave her lecture, "How to Listen To Music."

Miss Temple outlined the history of music and illustrated with victrola records. Later the members enjoyed a "Community Sing" with Mrs. Harold Sprague, chairman of the evening, as accompanist.

Auburndale Review Club

The Auburndale Review Club met on October 21st at the home of Mrs. Charles E. Valentine, 362 Walcott street, and added another to the many "Tercentenary" meetings of the year.

At the business meeting the subject of increasing the State Forest Reservations by 50,000 acres was discussed, and the Club voted unanimously to give its influence so far as possible to the enlarging of the State Forest ownership.

The first paper of the morning was by Miss Margaret Haskell on "Vanishing Americans." From a wealth of material she gave an account of early "Indian contacts in Massachusetts," especially those connected with the city of Newton, and told where tablets have been placed to mark events of the past.

In proof of how up to date is this active club the next paper was a review by Miss Elizabeth Wells of the recently published "Tercentenary of Newton," by Henry K. Rowe. Brief extracts from this book gave a very complete consecutive history of the last three hundred years of the City of Newton.

Mrs. Austin Eaton read an original story purporting to be life in a Massachusetts home three hundred years ago.

Woman's Club of Newton Highlands

The Parish House of the Congregational Church was filled to its utmost capacity on Tuesday, October 21st, at the regular meeting of the Woman's Club of Newton Highlands, when the Honorable Sinclair Weeks, Mayor of Newton, was guest speaker. Mrs. Luther W. Piper, chairman of the Legislative Committee, introduced the Mayor, who talked informally about city affairs which are of vital importance to all residents of the city. He stated that the new Junior High School, City Hall, War Memorial, Court House and Police Station are projects now under way and will be a credit to Newton. During the last ten years, $4,000,000, has been spent on school construction, the population having increased in that time from 46,000 to 65,000. This year $100,000 will be spent for playgrounds. School sites and playgrounds for the future must be provided also, and land near the center of residential districts acquired and held by the city until further development is needed. More money has been spent this year than ever before for street construction, sixty-six streets having been accepted against an average of twelve a year previously. Club members were privileged to ask questions after the Mayor's talk, following which a rising vote of thanks was accorded him.

At the close of the business session, Miss Eunice Harriet Avery, who is back from her tenth trip abroad, brought to the Club an interpretation of world affairs in a lecture on "Russia—Moscow and Leningrad Today." Miss Avery has always been interested in Russia, having studied it for the last twenty-five years, but she said that she found travelling in Russia the most difficult feat, emotionally. She brought out the following facts: Russia is today the inevitable result of what Russia was before the murder of Czar Nicholas. The Russian Revolution could only happen in Russia. The United States has less need to worry over Communism than any nation in the world. Through ambassadors and their wives, newspaper men, and the guides which the government provides for tourists, Miss Avery has gained an insight of the Russian situation, and first-hand information, which she presents to her audience without reserve. The writings of William H. Chamberlain, correspondent of the Christian Science Monitor, and Walter Durante of the New York Times are recommended by Miss Avery as giving the truth about affairs in Russia.

Biggest Shakeup In Years Takes Place In Newton Police Department

Chief Hughes Makes Many Changes In Recognition of Seniority And For Good of Service

The largest number of transfers in many years in the Newton police department was announced at roll-call Wednesday evening by Chief Michael Hughes. The changes did not come as surprises for it has been known for some time that the new chief intended to recognize seniority and give day assignments to older men who have been on duty nights. Other changes in patrolmen's routes were made for the good of the service.

In giving recognition to seniority Sergeant Bernard Meehan is transferred to day sergeant from night duty and Sergeant Thomas Leehan goes from day duty to night duty. Patrolmen J. F. Kelley and J. J. Green who have worked on night shifts go to day relief work; Patrolman Charles Cody is transferred from night work to house duty at headquarters days; Patrolman Henry Loughlin is shifted from night duty at Nonantum Square to traffic duty days at this place and Traffic Officer Ray Taffe gets Loughlin's former assignment. Patrolman Kilmain is transferred from desk duty at headquarters to the traffic post at Beacon street and Langley road days. Motorcycle Officers Dowling and Hammill will continue on this service days; Motorcycle Officers Goddard, Murphy and Dwyer will continue on this service nights while weather permits.

Route transfers include — Patrolmen Walker, Nonantum to West Newton; Tobin, Newtonville to Lower Falls; J. F. Donnell, West Newton to Newton Centre; McGrath, West Newton to Newton Centre; W. Jenkins, Lower Falls to Newton; T. Whelan, Chestnut Hill to Nonantum; Dalton, day traffic at West Newton to Newtonville, nights; Maguire, Newton to Newtonville; Condrin, Newton Centre to West Newton; A. Hanlon, day relief to West Newton, nights; L. O. O'Donnell, motorcycle to route, West Newton; Sullivan, Newton Centre to Newton Highlands; Brayton, Lower Falls to Newton Centre; Phillips,

Professor Rogers Holds True To Form Speaking Before Claflin Club

Argues Democracy A Failure In Address Before Newtonville Methodist Church Men's Club

That democracy has failed to produce a superior civilization as judged by our cultural attainments, educational standards, or even the business success of the country, was maintained by Professor Robert E. Rogers of M. I. T. in an address before the Claflin Club of the Newtonville Methodist Church last Friday evening. In a running fusillade of hyperbolic epigrams he called Democracy upon the carpet and gave her such an excoriation that every listener was driven in his own mind to agree or to come to her defense. Little which is commonly regarded as most glorious in our attainments was left unscathed. Yet when George W. Taylor, President of the Club, remarked, "I went farther with him than I expected", he was doubtless seconded in the minds of the majority of those who had listened to the searching argument. Professor Rogers spoke in part somewhat as follows:

The phenomenal business prosperity of this country is not due, as generally supposed, to our democratic society. It is due rather to the mental brilliance and efficiency of a few leaders than to mass intelligence. It has also been due to causes for which no man or system can claim credit. We have had the use of a great land whose marvelous natural resources had never before been exploited, while European peoples have been wresting their living from an old continent whose natural resources have been far inferior to ours.

Democracy has produced for us a government which is only a partial success. Democracy may be a perfect theory, but, when applied to government, it doesn't work. The referendum and the eighteenth amendment are examples of its failures, because it has submitted to the masses questions which can be well understood only by a select few. Since its wise founding, this country has been engaged in tearing down the safeguards created by our forefathers against blind mass opinion, which is bound to be inferior to that of the best minds.

Democracy has produced a people of inferior culture as shown by our mushy movies, our radios bearing forth poor music in the advertisement of unimportant products, and our "wood pulp" literature, so evident on almost every news stand. These show our democratic attainments to be mediocre. We invoke quantity rather than quality. "We have produced the greatest amount of literary garbage of any country in the world," and, "We have produced the greatest number of low grade films in the world," said he.

Professor Rogers was especially severe in his arraignment of democracy in education, and advocated as a remedy a return to eighteenth century ideals and methods, when college discipline was severe and a college degree meant a man thoroughly trained for a certain purpose. He attributed much of failure in college life to a scattering of effort in preparatory schools, as well as to the mistaken notion that the world owes every boy with money and social standing a college education.

He explained his opposition to a state university on the ground that it would mean the lowering of college standards due to political pressure and would develop into a haven for those able to secure special favor from petty government officials, rather that for the boy or girl of intellectual brilliancy and thin pocketbook.

Professor Rogers defined the "Snob" as one who sets for himself superior standards and sticks to them with determination. He defended him as against the individual with the "town meeting" type of mind.

Following the address there was a spirited discussion in which the Professor was asked to interpret what he had said and in a few instances to defend his assertions. In every case he maintained his ground, even that the failure of the prohibitory law is a shining example of the failure of democratic government.

WABAN MAN INJURED

Referenda Explained By Speakers At Annual Meeting Of Civic Club

Senator Hollis Discusses Apportionment, Baby Volstead Act, and Steel Traps—Rep. Baker Explains El Plans

The 27th annual meeting and dinner of the Newton Civic Club was held Friday night, October 24, at the Woodland Golf Club. President Joseph B. Jamieson presided. He told of the founding of the club in 1903. Any person who has been in Newton City Government, or the School Committee is eligible for membership in the club. Among the old timers present Friday night were Henry Tolman who served as Alderman from 1891 to 1896; Alvin R. Bailey who was Councilman from Ward 1 in 1896; Dr. Fred M. Lowe who was Alderman from Ward 3 in 1901; D. Fletcher Barber who was Alderman from Ward 1 from 1902 to 1904 and Charles A. Brown who represented Ward 4 in the Board of Aldermen from 1900 to 1904.

Mr. Jamieson explained that party lines are not drawn in the Civic Club, the purpose of the organization being to promote the welfare and proper development of the city of Newton. He paid a tribute to George M. Cox, former alderman, who died recently.

The club unanimously elected as officers for the coming year, Hon. Thomas Weston, president; Philip S. Jamieson, Arthur Kendrick and Norman F. Pratt, executive committee; Frank M. Grant, secretary and treasurer.

The speakers of the evening were Senator Arthur W. Hollis and Representative William B. Baker. Mr. Hollis explained the referenda which will be voted on at the coming election on November 4. Question 1, the proposed amendment to the Constitution relative to the apportionment of Senators, Representatives and Councilors. Every 10 years the districts are reapportioned to conform with census changes. The next State Census will be in 1935 and the new apportionment will not become effective until 1939. The proposed amendment is replete with technical language and perhaps will not be clearly understood by most voters. Mr. Hollis advised that the citizens vote "Yes" on this referendum.

Question No. 2, which will be on the ballot as a result of initative petition, simmers down according to Mr. Hollis, as to whether, or not one believes in Prohibition. He stated, that in his opinion, this question can never be properly settled until the extremists both "Wet" and "Dry," are relegated to the background, and this will be quite a difficult task, because the extremists are too assertive to be so eliminated. Mr. Hollis believes that the "Baby Volstead Act" should properly be voted upon by the people rather than the Legislature, as it was made a law by a referendum vote of the people. Referring to the argument used by the "Drys," that to repeal the Baby Volstead Act, will take away from police officers in this State the right to arrest persons for the sale or illegal transportation of liquor, Mr. Hollis took issue with this argument by calling attention to the fact that not only police officials, but also Mayors and Aldermen in cities, and Selectmen of towns will still have the right to arrest any person detected illegally selling or transporting intoxicating liquor; and such officers and officials will also retain the right to seize such liquor. This right is obtained from Section 75 of Chapter 138 of the General Laws, which was enacted long before the Baby Volstead Act was passed. This section gives police, sheriffs and their deputies, mayors, aldermen and selectmen, the authority to arrest without warrant persons found engaged in illegal liquor traffic.

Mr. Hollis commented that he believes the question of retaining or repealing the Baby Volstead Act should be settled by the people so that campaign issues for or against candidates on the prohibition issue will cease.

Representative Baker stated that while the repeal of the Baby Volstead Act will not deprive officials of the power to arrest persons selling or transporting liquor illegally, it will remove their authority to arrest for illegally manufacturing liquor.

On Question No. 3 which deals with the abolition of steel traps, Senator Hollis stated that he had received more letters favoring this proposed law than on any other matter since he has been in the Legislature. But, he had also received protests against this proposed law from farmers and bird lovers. The farmers claim that the proviso in the proposed law, which would allow animals to be trapped within 50 feet of a farm building, or tilled land, is useless, as it will not be possible to trap the animals under such conditions. They are too wary and must be trapped near their dens. Bird lovers contend that if the referendum passes, it will so increase the number of predatory small animals that there will be a corresponding decrease in song birds which will fall victims to the animals.

Representative Baker discussed the problem of the Boston Elevated Railway at considerable length. He stated it is the most difficult matter which has come before him during either his

Edited by WARREN K. BRIMBLECOM

SOMERVILLE WINS TO TIE FOR LEAD

Somerville High defeated Newton high 7 to 0 on Dickinson Stadium field on Monday afternoon to topple Newton from the Suburban league lead and take its place in a tie with Brookline. The game was postponed from Saturday when attempting to play in the heavy rain would have torn up the new gridiron deplorably. The superiority of Somerville over Newton was far greater than the score indicates. Somerville showed far more power on the offence, grinding out thirteen first downs to Newton's one. Five times Somerville penetrated deep into Newton territory but scored but once. Three times Newton tightened in the pinch and took the ball on downs, the fourth drive Newton could not stop the fast charging Somerville team from plowing their way across the goal and the end of the game halted Somerville on Newton's five yard line on their fifth opportunity. Newton was never dangerous. Elrod, aided by Strombom's interfering, got away for a 30-yard jaunt but in shaking off a couple of tacklers was slowed down so that Lydon got across to bring him down from the side as he was beginning to gather speed again. Had he been able to get away from Lydon's grip he might have been away for a touchdown. Newton's ends, Bell and Bruen in particular, and the guards, Vasalotti and Gulian, got in some smashing tackles. Litchfield did yeoman work in backing up the line.

Somerville showed the fastest charging line and the best offensive set of backs that Newton has stacked up against this season. Lynch was continually slanting off tackles for many gains, Jeremiah picked up a lot of yardage around the ends and nothing could stop Vitiello on line plunges when the Somerville forwards drove in so quickly.

First Period

Litchfield kicked off for Newton and Lydon gathered the ball in on his 15-yard line, running it back to the 35. Lynch made six yards in two plays at right tackle and an offside penalty against Newton gave the visitors a first down. Continuing its slashing offensive Somerville, with Lynch carrying through the tackles and Vitiello through the centre of the line, reeled off two more first downs to reach Newton's 25-yard line. Three more plays netted seven yards and then Lynch fumbled. Gulian recovered on the 16-yard line although it would have been Newton's ball on downs had Somerville retrieved it. Elrod immediately kicked out of danger with Lyons nailing Lynch on the Newton 47-yard line after a short runback. On the next play Vasalotti nailed Lynch for a four yard loss but Somerville got this back with a short pass from Lynch to Vitiello. Gowell stopped Manning, Somerville fullback, on the line of scrimmage and Lynch kicked outside on the Newton 28-yard line. On a slant through left tackle Elrod cut back nicely to get free for a 30-yard gain before Lydon got across to bring him down. Had Lydon mised Elrod would have had but the Somerville safety man to elude for a clear field. In three plays Newton gained seven yards to the Somerville 40-yard mark as the period ended.

Second Period

In the second period neither team displayed much action. Both teams resorted to a kicking game. Aided by a 15-yard penalty against Somerville for the illegal use of hands Newton forced the visitors back to their 25-yard stripe. Lynch attempted to kick on third down and was smothered for a seven yard loss as he picked the ball up on a low pass from centre. On his next try he got the ball away to the Newton 35-yard line. On a try at right end Shorten was hurt and Blackler took his place. Huston also went in for Strombom at the same time. A pass from Elrod to Huston almost netted a first down but Huston was forced outside. Elrod then kicked to Manning with Bruen dropping him in his tracks on the Somerville 27-yard line. A few plays later Lynch punted and McEvoy, Somerville end, downed the ball on the Newton 35. Bell replaced Perkins at left end for Newton. A backward pass from Elrod to Huston went astray and McEvoy recovered for Somerville on Newton's 20-yard mark. On the second play Vitiello was holding and Somerville drew a 15-yard penalty. Lynch tossed a pass over the goalline for an automatic touchback and Newton put the ball in play on their 20-yard line. Elrod kicked to the Somerville 40 where Bell made a driving tackle to end the half.

Third Period

Litchfield kicked off and Vitiello ran the ball back 15 yards to his 33-yard line. Lynch made two yards and then a lateral from Lynch to Lydon was stopped for no gain by a smashing tackle by Elrod. Perkins stopped Lynch for no gain. Lynch slid off tackle for 12 yards and a first down and Somerville was on its way again. Lynch and Vitiello made another first down to the Newton 28-yard line in three plays and Lydon and Lynch duplicated the feat to the Newton 17-yard line. Newton stiffened and took the ball on downs on the 9 yard line.

Elrod kicked outside on the Newton 45-yard line. Vasalotti nailed Falco, Somerville halfback for a three yard loss. Lynch tossed a pass to Vitiello for an eleven yard gain and Vitiello plunged through centre for the first down. Two plays later the period ended with Somerville in possession of the ball on Newton's 27-yard line.

Fourth Period

Newton again held and took the ball on downs on their 25-yard line. Elrod was held to no gain at left tackle and Blackler picked up five yards on a criss cross. Elrod kicked to Lynch and the latter ran the ball back to midfield where he was forced outside. Jeremiah ran right end for seven yards and Lynch hit left tackle for 15 with Blackler getting him from behind. Jeremiah ran right end again for 8 yards and Falco hit the line for a first down on the Newton 14-yard line. In two plays at tackle Lynch gained seven yards and Vitiello went through centre for a first down on the three yard line. In two plays Vitiello plunged over. Lynch place-kicked the goal with Jeremiah holding the ball. The ball hit the cross bar and bounced over to score the point and set the score at 7 to 0. Somerville kicked off and Litchfield ran the ball back to his 37-yard line. Elrod tossed a pass, intended for Litchfield, but Vitiello intercepted. With Lynch and Falco doing the bulk of the carrying Somerville began another drive that carried them for three first downs to the Newton 5-yard stripe when the game ended.

'MID CLEATS AND PADS

The schoolboy football week-end was considerably lengthened because of Saturday's heavy rain which washed out many games until Monday ....A few games were played Saturday..........Malden and Manchester, N. H., battled to a scoreless tie in a sea of mud..........Malden showed more than expected of it..........Haverhill swamped the Cambridge Latin outfit 27 to 0.......... Quincy defeated Beverly 7 to 0 with passes from Sullivan to Young featuring as they did in helping the Granite City team tie Newton..........Everett and Chelsea postponed hostilities until Nov. 6 as neither team has a game on the 8th..........Everett meets Malden on the 11th and will use Chelsea as preparation for the Armistice Day war..........Medford sprung the surprise in Monday's games..........the Collins' outfit forward passed itself to a 7 to 0 upset of Salem..........the latter was undefeated this year and also in 27 regularly scheduled games..........its only loss in recent years was to a Florida high school last fall..........Captain Norman Rand of Salem went scoreless for the first time this year..........Brookline kept its winning streak intact by topping Rindge 14 to 0..........the Wealthy Towners also kept in a top tie with Somerville in the Suburban league race..........Brookline has now rolled up 84 points to its opponents' 7 and is beginning to look like Tennyson's brook..........Newton lost in other ways than to Somerville through the Lynn English 30 to 0 romp over Waltham ....Until Monday Newton held the distinction of giving the Watch City outfit its worst defeat in ten years through the 27 to 0 victory of 1921 ....With Tony Geniawicz, schoolboy high scorer, tallying four times and Jannell once Lynn English succeeds Newton..........Nearer and nearer comes the 1930 Newton-Waltham battle and closer and closer the score should be.

SPORT NOTES

Brown Cubs Hits By Low Marks

The freshman football team received a bad blow this week when over half the squad was ruled ineligible because of low marks. In this group were four regulars, among them Everett Scheinfein, former Newton and Bridgton Academy end. Newton has two other representatives on the Bruin cub outfit. They are Dick Hapgood, ex-Newton and Cushing linesman, and brother of Ernest Hapgood of the Brown varsity, and L. C. Brown, a tackler, whose parents have recently moved to Newton.

Crimson and Green

The Harvard and Dartmouth freshman teams will oppose each other tomorrow at Cambridge with the Hanover team a slight favorite. Former Newton high stars are performing well on both teams. The Green yearlings have Frank Spain at quarterback and Bob Bennett at left halfback while Carl Pescosolido is playing fullback for the Crimson first year team.

Former Players Help

In preparation for the Yale game tomorrow Dartmouth had the aid of several former wearers of the Green the early part of the week when information on the Blue formations and plays was shown to the Hanover outfit. Clarence McDavitt, Jr., former Newton and Dartmouth athlete, was among those who have been scouting Yale this year and journeyed to Hanover to teach the scrubs the Yale plays. Len Clark was out in uniform early in the week but it is doubtful as to his appearance against Yale.

Needs But One Hand

In a football sidelight column on the Harvard-Dartmouth game the Boston Globe says—"Hal Andres seemed to have a lot of trouble with his hand. Watch Harry Hillman work on that this week. It is going to mean much to have it in perfect snapback form at New Haven. Even with one hand, Green's big boy will be a bear-cat on defense."

Chandler Presides

"Bucky" Chandler, Waban alderman and Dartmouth '98, presided over the Dartmouth "Night Before" mass meeting at the Boston City Club last Friday night.

Country Day in Tie

Country Day and Belmont Hills schools played a scoreless tie on Cabot Field at the Country Day school last Friday afternoon on a muddy field which made handling of the ball unsatisfactory. In the first quarter the Newton school had the ball on the Belmont one-foot line but a fumble ruined the opportunity to score.

Clark May Play

Reports from Hanover indicate that Len Clark may play in the Dartmouth backfield against Yale tomorrow afternoon at the New Haven Bowl although Frigard, Donner or Porter may start in the Newton Highland lad's right halfback position. Clark has never played against Yale although in his three years of football with the Green. If Clark is needed he will be used.

TERCENTENARY SQUASH FINALS

The last of the sports listed for Newton's Tercentenary Program is starting tomorrow with the Squash Racquets championship to be played on the courts at the Newton Y. M. C. A. and at Newton Centre Squash Club.

Although it is early season for this sport most of the best players have been practicing for several weeks. A trophy goes to the winner of this tournament, a gold Newton Tercentenary medal to the Runner up and each of the other two semi-finalists will receive a silver medal. A week or 10 days will be required before the finals are listed.

RUSSELL A. MEAD ELECTED ASSISTANT CASHIER

Mr. Russell V. Mead has been elected Assistant Cashier of the Newton National Bank to be in charge of the new business and development work of the bank. He starts his duties on Nov. 1, 1930.

Mr. Mead brings to the bank that broad experience which is so necessary to the successful banker, who would cope with the changing economic conditions of today. This experience has been gained not only through his connection with one of New England's largest banks, The National Shawmut of Boston, but also through his previous background in industrial and commercial life.

He is a product of Mechanic Arts High School of Boston, Class of 1911 and soon after, entered the employ of a large silk concern—working up to the position of Eastern representative for the same company in 1915, which responsibility he discharged until 1926 when banking made its appeal to him, and he entered the Shawmut bank, Development Department. This Department has to do with the building up of the business of the Bank in any Department and is looked upon by Mr. Mead as a most interesting phase of bank work. This particular experience is expected to be of great assistance to him since he enthusiastically visualizes the growth of the Newton National.

Mr. Mead has added greatly to his many friends since his identification with the National Shawmut and they wish him the greatest success in his new asociation with the Newton National Bank. Mr. Mead resides at 56 Halcyon road, Newton Centre.

IMPORTANT FACTS

The following extract from recent addresses of Col. Patrick H. Callahan of Kentucky, gives some important facts regarding prohibition:—

The immediate matter before Massachusetts is the proposal to repeal its enforcement acts and I would like to point out to those people who are seriously proposing this proposition just what happened in the states of New York and Montana who repealed their enforcement measures a few years ago. The first year of prohibition, 1920, in the state of New York reduced rate from alcoholism from 8.2 in 1916 to 1.8 in 1920, but with the repeal of the Mullen-Gage Act this death rate increased in 1924 to 5.2; in 1925 to 6.4; in '26 to 7.0; in '27 to 7.4 and in '28 to 7.5. In Montana the first year of prohibition reduced their death rate from 24.3 in 1917 which was the all time record of all states to 1.8 in 1920. Their enforcement law was only recently repealed with a death rate that jumped immediately to 6.1 and in 1927 to 8.1, while in 1928 there were no returns submitted by that state to the census bureau for reasons best known to themselves.

In the event that you pass the proposed repeal, there is no way of escaping the fact that you are going to have increased deaths not only from alcoholism, but from other diseases as well. And there should be some one on whom responsibility should be placed for bringing such a disaster on the Commonwealth. If you vote for repeal you know in advance what it's going to do in the way of increasing the death rate of your state and sooner or later there will be an indictment of those people who are responsible.

ABOUT TOWN

By Edw. H. Powers

We suppose the next process a certain cigarette company will advertise that it uses in making its product will be—"Einstein's theory of relativity."

The agitation on the "Steel Trap" referendum again causes us to plead for more humane treatment for lobsters. No fur bearing animal gets a tougher deal while suffering in a steel trap than does one of the millions of lobsters kept alive for days out of its natural habitat. If you don't believe this ask the first ichthyologist you meet.

Have you noticed how very solicitous a lot of people have become for the unemployed the past couple of weeks? Election day is November 4th.

Mayor Weeks made a decidedly good impression on his broadcast over the radio on Tuesday night.

Newtonians prominent at the Boston Horse Show include H. Hollen Crowell of Waban, Miss Virginia Heathcote and George M. Heathcote, Jr., also of Waban. Mr. Crowell's famous stable of "hunters" carried away many honors while the Heathcote children competed successfully in the juvenile class.

RETIRES AFTER 40 YEARS SERVICE

Stephen McElroy of 25 Emerson street, Newton, retires today from the employ of the Edison Company on a pension, after having faithfully served this company, and its predecessor in this district (the Newton & Watertown Electric Light Company) for 40 years. For many years Mr. McElroy had the hazardous position of "trouble man". He has seen the public utility of supplying light and power grow from small and comparatively crude beginnings to the tremendous place it occupies in modern life. He has been engaged in the work since the days when old fashioned carbon arc lights had to be trimmed daily, and frequently nightly as well. He worked on the installation and maintenance of wires when little protection was afforded those engaged in the electric light industry a generation ago and when linemen and "trouble men" constantly faced danger.

In observance of the conclusion of his long term of active service, Mr. McElroy's family and friends will tender him a testimonial tomorrow night at his home.

ANNUAL CHURCH RECEPTION TO DR. & MRS. BOYNTON MERRILL

On Friday evening, October 24th, the members of the Second Church in Newton, West Newton, held their annual reception for their minister and his wife.

The reception was arranged for by Mrs. William Butcher and Mrs. George S. Fuller. The entertainment room was attractively decorated by them with autumn leaves and chrysanthemums. A large, attractive centerpiece on the refreshment table was made of fruits and vegetables.

Mrs. William F. Chase, Miss Mary A. Dix, Mrs. F. S. Hardy, and Mrs. F. S. Hoyt were the pourers. A group of eleven of the members of the As We Like It Club, the young woman's organization of the church, assisted in serving the guests. This group, headed by Miss Eleanore Hartel, president of the club, was composed of: Miss Elizabeth Bowen, Miss Eleanor Clough, Miss Virginia Kemball, Miss Elizabeth Kilburn, Miss Barbara Leach, Miss Ruth Morgan, Mrs. Leigh Morse, Mrs. R. A. Stanfield, Mrs. Malcolm Warren, and Mrs. J. Lindsey Wyman.

W. C. T. U.

The next Evangelistic meeting of the W. C. T. U. will be held on Monday evening, November 3, at 8 o'clock at the home of Dr. N. Louise Rand, 247 Austin street, West Newton. As this is the night before election it is hoped there will be a large attendance.

A new route has been established nights at Oak Hill. Heretofore this section was only occasionally visited by motorcycle officers. Its growth warrants a regular route being established there.

MAYOR RECOMMENDS PURCHASE OF CHAFFIN ESTATE

At the meeting of the Board of Aldermen next Monday night a recommendation will be received from Mayor Weeks asking that $22,600 be appropriated to purchase from the Trustees of the Chaffin Educational Fund the Chaffin estate on Vernon street, Newton. The amount thus received by the trustees will be added to the fund which will be used for the purpose of affording higher education to deserving young men and women of this city who graduate from the Newton High School or from a school of similar grade.

The trustees of the fund asked $25,000 for the property. Real estate experts requested by the Mayor to appraise the property placed the value nearer $20,000, so a compromise price was agreed upon. It is probable that the residence on the property will be converted into a Children's Library and that the barn will be torn down. It is the hope of many residents of Newton that the beautiful rose garden on the estate will be perpetuated by the city, not alone to furnish enjoyment to persons who find pleasure in viewing roses in bloom, but also as a fitting memorial to John C. Chaffin who bequeathed his estate to the young people of this city.

BADLY CUT IN CAR CRASH

A wholesale crashing of automobiles and severe injuries to one man occurred last Saturday morning at the corner of Watertown and Pearl streets, Nonantum, when a small car came out of Pearl street onto Watertown street and in attempting to avoid a collision, a smash up of two cars and a heavy oil truck resulted. A small sedan driven by Leonard Ricketson of 242 Grove street, Auburndale, going east, ran into a large sedan going the same direction and operated by Joseph Perry of 40 Randlett park, West Newton. Perry's car then collided with a big Standard oil truck going west on Watertown street. The driver of the truck was Lawson Smith of Chapman street, Watertown. The Packard car driven by Perry was badly damaged and he was dangerously cut by broken glass. He received several severe cuts on the face, terrible gashes on the head and neck, his left little finger was badly cut and his left arm seriously injured. He was treated by Dr. Paul of Watertown street and then taken to the Newton Hospital.

TO OPEN BROOKLINE OFFICE

Another notable addition to the Coolidge Corner business activities will be evident next Monday, when Proctor, Cook and Company opens a Brookline office at 1351B Beacon St., under the management of N. P. Swift, a resident of the town. This office will have all facilities for clients, such as a direct wire to New York and the newest type of stock board. The company, with membership in both the New York and the Boston stock exchanges, has for over twenty years rendered the highest type of service to its clients. In addition to its main office at 50 Congress street, Boston, the concern maintains offices in Lowell and Brockton, also summer offices at Falmouth and Hyannis. Richard Neeley, a member of the firm represents it on the New York stock exchange.

Recent Weddings

WARREN—PREBLE

Miss Dorothy Thelma Preble, daughter of Mrs. Hattie C. Preble of 993 Chestnut street, Upper Falls, and Mr. Elmer Royal Warren, son of Mr. and Mrs. George Warren of 11 Mystic road, Marblehead, were united in marriage on Monday evening, October 27, at 8 o'clock at the First Methodist Episcopal Church, Upper Falls, by the Rev. C. Vaughan Shedd, pastor of the church, assisted by the Rev. M. R. Phelps of Balard Vale, Mass., a cousin of the bride. The bride was given in marriage by a friend of the family, Mr. P. E. Rogers, of Boston.

A double ring ceremony was solemnized at which the bride was married with her grandmother's wedding ring.

The bride was attended by her sister, Miss Helen C. Preble as maid of honor; and Mrs. Heywood Mae Winnie of Marblehead, a sister of the groom; Miss Sallie Neil of Needham, Miss Ruth Ells of Dorchester, and Miss Genevieve O'Neil, of Needham as bridesmaid; Jean Wood of Upper Falls as flower girl; and the ring bearer was Eugene Kerrigan of Upper Falls.

The groom was attended by the bride's brother, Mr. Harvey D. Preble as best man and the ushers were Frank H. Preble of New York, cousin of the bride; Sidney Barton of Needham; Joseph Gerrior of Littleton, New Hampshire, and George Boston of Upper Falls.

The bride was dressed in white satin and a rose point lace veil with a cap trimmed with pearls and wore a pearl necklace the gift of the groom. The bridal bouquet was of white Easter lilies.

The maid-of-honor's gown was of Powder Blue chiffon with a transparent hat to match and blue slippers and carried a bouquet of talisman roses.

The bridesmaids, Mae MacWinnie and Miss Neil were gowned in yellow chiffon with chiffon hats to match and carried yellow briar roses and Miss Ellis and Miss O'Neil were gowned in pink chiffon with chiffon hats to match and carried talisman roses. The flower girl was dressed in nile green chiffon and carried a silvered basket from which she scattered rose petals in the path of the bride.

A wedding reception followed immediately after the ceremony in the church parlors attended by 150 friends and relatives at which the bridal party and the bride's mother and the groom's parents assisted in receiving. Preceding the ceremony in the church Miss Ethel Small sang a solo, "Oh Promise Me." The organist was Miss Margaret Hartshorn of Needham.

BOYD—McDONALD

Miss Flora McDonald, daughter of Neil McDonald of 284 Parker street, Newton Centre, was married at the home of her sister, Mrs. Thomas A. Fleming and Mr. Fleming of 4 Glenmore terrace, Newton Highlands, to Mr. Gordon H. Boyd of 3 Hammond terrace, Brookline at eight o'clock on Saturday evening by the Rev. G. Vaughan Shedd of the First M. E. Church of Upper Falls. The bride was given in marriage by her brother-in-law, Mr. Thomas A. Fleming. The bride's attendant was Miss Marian Barlow of 36 Orchard road, Brookline, and the groom was attended by Mr. Harry C. McDonald, brother of the bride as best man.

The bride was gowned in light tan chiffon and carried a shower bouquet of sweetheart roses. The bridesmaid wore a gown of nile green chiffon and carried a bouquet of talisman roses. Following the ceremony a reception was held to about fifty relatives and friends.

Mr. and Mrs. Boyd left on a motor trip to Canada and upon their return will reside at 4 Glenmore terrace, Newton Highlands.

KENNEY—McDONALD

Miss Mary Gertrude McDonald, daughter of Mr. Stephen J. McDonald of 15 Cheney court, Upper Falls, was married to Mr. Frederick Edward Kenney of Dorchester on Saturday afternoon at four o'clock at the Mary Immaculate of Lourdes Church, Upper Falls by Fr. Donovan, pastor of the church. Mrs. John Flood presided at the organ and Mrs. Nellie Murray was the soloist.

The bride was attended by the groom's sister Miss Alice Kenney of Dorchester, and the groom was attended by a brother of the bride, Mr. Stephen F. McDonald of Upper Falls as best man.

The bride was gowned in cream white satin, a tulle veil with lace cap trimmed with orange blossoms and carried a shower bouquet of bride's roses with lily of the valley.

The bridesmaid was gowned in blue chiffon and blue chiffon hat and slippers to match and carried a bouquet of talisman roses. Following the ceremony a wedding dinner was served at the Hotel Kenmore, Boston, at which only the two immediate families were the guests.

After a wedding trip to Washington, D. C., Mr. and Mrs. Kenney will reside at Millis, Mass.

Recent Engagements

Mr. and Mrs. Carl Tilden Kellar has announced the engagement of their niece, Miss Nancy Mandell, formerly of Chestnut street, to Mr. Loring Blackstone Dowst of Winthrop, Me. Miss Mandell is the second daughter of Mr. and Mrs. Robert E. Mandell who for many years were socially prominent in West Newton. Mr. Dowst is the son of the late Mr. Henry Payson Dowst of Harvard College in the class of 1899, and Mrs. Margaret Starr Dowst of Wellesley College, class of 1898. Mr. Dowst was educated at the Florida Military Academy and Columbia University. The wedding will take place early in December.

FONTANNAY—BUCKLEY

Miss Alice Margaret Buckley of 60 Carl street, Charlemont, and Mr. Frederick William Fontannay of 68 Carl street, Charlemont, were united in marriage at a nuptial Mass at the Mary Immaculate of Lourdes Church, Upper Falls on Monday, October 27, at 9 a. m. by the Rev. Fr. Donovan, pastor of the Church. Mrs. Nellie Murray was the soloist and Mrs. John Flood presided at the organ during the mass.

The bride was given in marriage by her cousin Mr. Lincoln Whitz of Allston and was attended by Miss Eleanor Moore of Boston as bridesmaid. The groom was attended by his brother Mr. Lawerence J. Fontannay as best man.

The bride was gowned in cream white satin, tulle veil with lace cap caught with orange blossoms, and carried a mother of pearl prayer book with cream white satin ribbon pendants attached.

The bridesmaid was gowned in rust colored chiffon with velvet hat and slippers to match and carried a bouquet of rust colored chrysanthemums.

A wedding breakfast followed the ceremony at the home of the bride's aunt Mrs. Albert Paulonsky and Mr. Paulonsky of 60 Carl street, Charlemont, where the bride had made her home for the past four years.

Mr. and Mrs. Fontannay will reside on Elliot street, Upper Falls, upon their return from a wedding trip by motor.

BIG PROHIBITION MEETING

A big meeting in the interests of prohibition will be held for the Newton, Belmont, Waverley and Watertown districts at the North Church, Chapel street, Nonantum, at 7:30 next Sunday evening. The Norumbega Christian Endeavor Union is sponsoring this meeting.

Special music and speakers assure an inspiring meeting. The speakers include Ex-Mayor Edwin O. Childs of Newton; Rev. E. Tallmadge Root, Executive Secretary of the Massachusetts Federation of Churches; Mr. Carlton M. Sherwood, Executive Secretary of the Citizen's Committee of One Thousand; Mrs. S. A. Jordan, Vice President of the Women's Christian Temperance Union; Mrs. Francis E. Clark, widow of the late Francis E. Clark, Founder of the World's Christian Endeavor Movement; Rev. John Shade Franklin, pastor of the Lincoln Park Baptist Church.

SMOKES IN BED, FIRE

Box 241 at 3.23 p. m., Tuesday was for a fire in the house at 9 Clinton street, Newton, occupied by George Hope. A man smoking a cigarette while lying in bed started the blaze. He escaped without injury but the flames spread from the bed to other parts of the room.

GIRL SCOUTS

October 31, Juliette Low's birthday—all Girl Scouts love her and are honoring her memory this week. Mrs. Low organized the first Girl Scouts in Georgia in March 1912, and she had the joy of a fulfilled dream before she died in that this wonderful movement for Girl Scouts had spread all over our whole country—also into many other lands.

The first celebration for Girl Scout week in Newton was a banquet held in Waban on Friday evening of last week. All three troops met in the supper room of the Union Church and entertained the parents of the girls. After a very enjoyable supper an opening Scout ceremony was directed by Mrs. Warren, captain of the senior troop at which time Rank Badges were awarded. Peggy McCutcheon of Troop 14 received her First Class Badge. Letters of Commendation, the highest character award given by the Girl Scout organization, were presented to Martha Burnham and Dorothy Whitaker both of Troop 14. Mrs. L. H. Moseley presented these awards. Mrs. Warren gave a very interesting talk on the breadth and scope of the movement, and Miss Freeman, the local director, presented Merit Badges.

Girl Scout Sunday was observed in a number of villages, all the troops of that village going to church together. Some of the villages will observe it this Sunday.

The Newton Highlands Troops had a get-together at Camp Mary Day on Sunday afternoon. They opened their cabin and were at home to the parents of the Scouts. Merit Badges were awarded at a little ceremony held in the Council Bowl. Another get-together was held in Newton Centre on Wednesday. This was in the form of a banquet given at the Women's Club for the Scouts and their parents. Mrs. Redfield, Mrs. Collins, Mr. Hutchinson and Mr. Mather were the speakers of the evening and Miss Freeman awarded the Merit Badges.

Scout Sunday will be observed in Newton Centre on November 2 at the Congregational Church.

The first meeting of the Patrol Leaders' Training Course was held at Scout Headquarters on Saturday, October 25. Twenty-four patrol leaders braved the storm to attend this meeting. The following Troops sent representatives: Troop 1 and Troop 22 of Newtonville, Troop 2 of Newton, Troop 27 of Newton Centre, Troop 4 of Waban, Troop 5 and Troop 25 of West Newton, Troop 8 of Auburndale, and Troop 11 and Troop 26 of Newton Highlands.

The second meeting will be an all-day hike to Camp Mary Day on Saturday this week—weather permitting. If it storms the meeting will be held at 297 Walnut street.

Two candidates are outstanding at the coming election, Frank G. Allen for governor, and William M. Butler for U. S. Senator. Both are men of the highest character and have had experience in the office for which they seek re-election. Mr. Allen has made an admirable governor and his Democratic opponent has not been able to point to a single act of commission or omission which could be legitimately criticised. Mr. Allen deserves the vote of every sensible man or woman. In Senator Butler the citizens of Massachusetts have a man who is thoroughly acquainted with all its needs and who can be depended upon to support President Hoover in every movement for better government. Why take a chance merely for the sake of your stomach when you have such a fine candidate as Mr. Butler.

We cannot understand the attitude of usually sensible persons who say that they intend to vote the Democratic ticket as a "protest" on the question of prohibition. We could understand it if a definite result were possible by such a vote, but such is not the case, and so far as prohibition is concerned, has not the slightest value. The voter should understand that to repeal the 18th amendment requires the vote of both houses of Congress and such action must be ratified by three-fourths of the states—a procedure which would take ten years at least, if it were humanly possible to bring it about. In the meantime important measures affecting Massachusetts and New England would be sidetracked by the Democratic members from the South and West, whose actions in the present Senate have disgusted everybody. We ask our militant Republican friends to Stop and Think and decide for themselves if they prefer a vague promise to satisfy their stomachs at the expense of their pocketbook and business.

While there has been considerable discussion this fall on the matter of prohibition, little has been said of the important question of the future of the Elevated road. It is a problem which has vexed several legislatures and the last one voted to submit the several propositions to the people of the Metropolitan district. There are three plans, one to return the road to the stockholders, one to continue the present plan of public control, and one to have the Metropolitan Transit district purchase and operate the road under municipal ownership. After some study of the situation, we strongly advise approval of the second plan—that for continuance of the present plan of public control. We do this for the following reasons—first, because the return of the road to its stockholders will eventually mean a diminution of service, little if any extension of subways or plant, as it is very doubtful if any large amount of money could be raised on the security offered by the stockholders. On the other hand, municipal ownership would inevitably create a demand for a five cent fare, for expensive subway stations or extensions and add 8000 persons to the payroll, with possibilities of shorter hours and higher wages. The third plan means the continuation of the present method which has been operating for the past ten years and has rendered fairly good service at reasonable expense. Incidentally the chairman of the present board of trustees (now operating the road) is our own fellow townsman, Mr. Henry I. Harriman, whose record for public service and ability to produce satisfactory results is well known to us all. Vote to continue public control next Tuesday.

While there is considerable discussion regarding the principal candidates for office at the coming election, let us not forget that our most efficient state secretary, Fred W. Cook and our experienced attorney general Joseph E. Warner, are candidates for re-election and their record is such that they fully deserve your approval. Vote for Fred Cook and Joseph Warner next Tuesday.

Don't forget to vote for the Republican candidates for county office, Erson B. Barlow for county commissioner, our own Charles L. Hatfield for county treasurer, Warren L. Bishop for district attorney, and Loring P. Jordan for registrar of probate.

Residents of this city have little direct interest in the referendum on the state ballot relative to the use of steel traps. Few of us appreciate the situation and in consequence we advise a study of the reasons advanced by both sides as contained in the official pamphlet issued by the state.

If the one who wrote us in regard to publishing the inventories of deceased persons, will furnish name and address, we should be glad to explain the matter from our point of view.

We earnestly hope a large vote will be cast next Tuesday, for in no other way will it be possible to settle the various problems in a satisfactory manner. A light vote always leaves the impression that the result might have been different. Vote yourself and see that your family and neighbors vote.

Our State Senator, Arthur W. Hollis, and our Representatives, Speaker Leverett Saltonstall, Clarence S. Luitwieler, William B. Baker, and Rupert C. Thompson deserve re-election. We can see no good reason why they should not have the vote of every Republican, wet or dry.

We trust the young people who come of age this year will give careful consideration to the party for whom they cast their first vote. Do not be deceived by the shouting of the demagogue, but look at the rank and file of the people behind them. Align yourself with the earnest, God fearing, church going people, and remember that the party which is right on all moral questions is certainly bound to win in the long run. Stop and think before you cast your first vote.

aldermanic or Legislative careers. The Boston Elevated serves 9 cities and 5 large towns in Greater Boston. It has a valuation of $175,000,000; $113,000,000 of this amount is owned outright by the Company, the Boston owned subways are valued at $52,500,000; the Commonwealth of Massachusetts expended $8,000,000 in building the subway in Cambridge. The Boston Elevated has $51,000,00 in outstanding stocks and $51,000,000 in bonds. The receipts of the company last year were $34,000,000 and it carried 354,000,000 passengers.

Prior to 1918 the company was privately controlled and the fare unit was 5 cents. For several years previous the Elevated had been getting deeper into financial difficulties so in 1918 to save it from insolvency the State took control, appointed a Board of five trustees to conduct the affairs of the company and authorized the increasing of the fare, which was set at 10 cents. For the first few years after public control went into effect deficits were assessed on the cities and towns served by the Elevated. In subsequent years the trustees have repaid all such deficit assessments except $1,400,000. When the State took over control of the Elevated, quite liberal provisions were made for the stockholders of the company. Dividends of 8% and 7% were specified for the two classes of preferred stock and 6% dividends were guaranteed holders of common stock.

Outlining the arguments for and against the three plans for the future of the Elevated, Mr. Baker first dealt with the proposition for the continuance of public control. Advocates of this plan argue that new rapid transit routes are necessary which will cost over $50,000,000 and will entail an annual carrying charge of $2,000,000. Through savings expected to be effected in service costs by the substitution of trains for surface cars in the new rapid transit extensions, an annual reduction of $600,000 is hoped to be made. By retiring much of the stock through exchanging it for bonds another saving of $1,200,000 is expected to be made annually. These two economies will almost care for the carrying charges of the proposed rapid transit extensions.

The proponents for public ownership of the Elevated contend that this plan is the simplest and least costly. Those who oppose this plan argue that it would be a most expensive public activity which would bring 8000 employees under Civil Service. Civil Service, they hold to be beneficial to those enjoying its protection, but not efficient as "seniority" must be recognized and frequently inefficient employees must be retained. Under public ownership political pressure would be brought for more and more extensions in subways, demands could be made for the return of 5-cent fare units and the resultant deficits would have to be made up from extra taxes on the people of the cities and towns in the elevated area.

Persons who favor the return of the control of the road to its stockholders claim that the public control of this company was supposed to be only an emergency War measure. If the Elevated is returned to its owners' control, their stock dividends will fall and then these owners will again be forced to seek relief from the Commonwealth and a better trade could be made with them. Those who oppose returning control of the Elevated to the stockholders state that to do this would cause much poorer service and the public would be the sufferers. Furthermore, the public must build the new rapid transit extensions, so why should control be returned to private individuals?

Advocates of the continuance of public control hold that this plan avoids the evil of public ownership and the demoralization which would ensue should the Elevated control be returned to the stockholders. For the past 12 years the Elevated has been successful under public control and the State can continue to buy up the privately owned stock until this process shall have been completed. Opponents of public control being continued assert that this is a complicated method, that no one knows what the real cost of the proposed rapid transit extensions may be, and that such extensions perhaps will not be needed in future years should buses replace cars.

In conclusion Mr. Baker stated that our votes on the Elevated will not settle the matter anyway. The Legislature will not be bound to co-incide with the decision of the voters, but it is probable that should either of the three proposals obtain a large majority, such an evidence of the citizens' wishes would have a determining effect on the part of the Legislature.

Representative Clarence Luitweiler expressed his appreciation of the illuminating manner in which Mr. Baker had explained the Elevated situation and a rising vote of thanks was accorded the two speakers.

W. C. T. U.

The following resolution was adopted by the Executive Committee preceding the Massachusetts Woman's Christian Temperance Union Convention at Lynn, October 20, 1930:—

We protest the carefully planned false propaganda put out by the enemies of the constitution and good government in opposition to Herbert Hoover, president of these United States, who has met the expectations of all right-minded citizens. We call upon the people of Massachusetts to sustain the honor of the State by giving to the President of the United States a full measure of support and co-operation.

Believing in and upholding concurrent legislation as expressed by Article 6 Section 2 of the Constitution and realizing that the repeal of the Baby Volstead Act will mean more drinking drivers and because 700,000 school children use our highways daily, we appeal to the citizens of Massachusetts to vote "No" November 4 on Question No. 2 to make our highways dryways.

NEWTON HEBREWS LAUD GOV. ALLEN'S ACTION

Residents in Newton of the Jewish race appreciate the recent action of Governor Frank G. Allen in condemning the violation of the "Balfour Declaration" by the edict lately promulgated by Great Britain which restricts the immigration of Jews to Palestine and which resulted in the resignation of Dr. Chaim Weizmann as head of the Zionist Movement. Gov. Allen's appeal for recognition of Jewish national rights in Palestine has won for him plaudits from Newton's Hebrew population.

THE RIGHT COOK

The following editorial in the Boston Herald hits the nail on the head,—

"Somebody spoke recently of Frederic W. Cook as our 'permanent secretary of state.' It was a friendly reference, as it should have been, for Mr. Cook is an admirable secretary of state and has been such ever since he took office nine years ago. The duties of the position are far more exacting than when he was first elected, but he has managed them in a manner so workmanlike and fair that Democrats as well as Republicans have praised him year after year. He deserves re-election by a whopping big majority."

UNEMPLOYMENT

The unemployment situation calls for help from many angles. There are men seeking work who are in need of decent clothing in which to go out in search of jobs. They are not of the class who ask to have clothing given them, but are only too glad of a chance to buy used garments at a low price. Many families need winter clothing for the school children and they are self respecting people who expect to pay for what they get. This is where the Hospital Aid Benefit Shop is of service, but the supply of men's suits and of children's clothing needs large donations and immediate ones, before colder weather arrives. Please don't store things away, please look over your closets and meet this emergency by sending your clothing to the Benefit Shop at 5 Washington terrace, Newtonville. It is open every Wednesday and Friday from 10 to 12, every Monday night from 7.30 to 8.30. If you cannot bring them they will be collected if you call Mrs. Perkins, W. N. 0706.

On QUESTION No. 3

THE HUMANE TRAPPING ACT

The steel-jawed trap—the common steel trap now in use—is one of the outstanding atrocities of our age! On the State ballot, Question No. 3 is a measure to abolish this evil. Our little furred folk are entitled to humane treatment—a humane death, insofar as it is practicable. Let them be caught in traps that kill them at once or that take them alive unhurt.

These traps are available for at least 95% of our furbearers—the balance can be controlled by other means. The bill's enactment will not be detrimental to bird life. It will work no economic hardship. The farmer, gardener and poultry-raiser are fully protected.

Just what you've been waiting for!

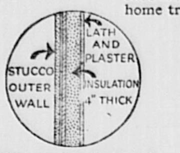
A really efficient Insulation—as good as a wool blanket 4 Inches thick!

NOW you can make your home really comfortable both winter and summer. The *new* Johns-Manville Insulation is one of the most interesting products that modern science has developed for the home!

Imagine if you can, your home completely walled in by a *four-inch thick* barricade against winter's icy blasts, and summer's scorching sun; a protecting wall that is fireproof, rot-proof and vermin-proof—for it is made of rock.

Johns-Manville Home Insulation is rock, melted and blown into fleecy fibres which entrap tiny air-cells making a light fluffy substance that is placed in all the open wall spaces in your house by an ingenious method that will amaze you in its simplicity.

Phone or write us and let us tell you how this Insulation will save fuel for you, and how it will make your present home truly livable both winter and summer.



This shows how all the wall spaces between studdings are filled—making a blanket 4 inches thick that can be placed around any house—frame, brick-veneer or stucco.

MRS. FRANCES DANA McKAY

The death of Mrs. Frances Dana McKay of Belpre, Ohio, widow of Daniel C. McKay, occurred Sunday, October 26th, in her seventy-seventh year. She was the daughter of George and Lucy Byington Dana and was of the fourth generation of Capt. William Dana of the Revolutionary War who was a member of the first group to receive land grants and to settle the northwest territory. On her maternal side she was descended from Rev. Cyrus Byington who was an early missionary sent out by the American Board to the Choctaw Nation. He compiled the only dictionary of the Choctaw langauage, copy of which is preserved in the Smithsonian Institute.

Her ancestry traces back through the Nyes, Tuppers and other early New England families to Thomas Mahew, first governor of Martha's Vineyard. Surviving her are a son, Donald Dana McKay of Newton Highlands, and Mrs. Charles C. Kenking of Huntington, West Virginia, and four grandchildren.

FRANCIS RALPH DESMOND

Funeral services for Francis Ralph Desmond, who died on Monday at the Newton Hospital from lockjaw as the result of stepping on a nail, were held from the home of his parents, Mr. and Mrs. Lester R. Desmond, 182 Parmenter road, West Newton, on Wednesday afternoon at two o'clock. Rev. Allan A. Blacklock of the Presbyterian Church of Waltham officiated and also read the committal service at Rocklawn Cemetery, Marlboro. Mrs. George MacDougall sang "Safe in the Arms of Jesus" and "Abide with Me." The bearers all classmates of the boy at the Levi Warren Junior High School were Francis Sherman, Verdun Wilcox, Tewir Gammons, Francis Williams, Jack Taylor and Charles Barsules.

MRS. SARAH FRANCES BATES

Mrs. Sarah Frances Bates of 40 Hartford street, Newton Highlands, widow of David Bates, died on Sunday, October 26. She was born in Somerville 84 years ago and resided there until 9 years of age, when she moved to Cohasset with her parents. She had been a resident of this city for 55 years. She is survived by a son, David Ray Bates of Meredith, New Hampshire, and a daughter, Miriam Frances Bates, who made her home with her mother. Her funeral services were held Tuesday at her late home. Rev. William Safford Jones of the Unitarian Church of Portsmouth, New Hampshire, officiated. Mrs. Arnold Christiansen of Lynn sang.

Cremation was at Mount Auburn and interment at Cohasset.

MRS. FLORENCE E. PORTER

Mrs. Florence E. Porter of 306 Lake street, Newton Highlands, died on Saturday, October 25. She was born in Upper Wood Harbour, Nova Scotia, 51 years ago and had resided in this city for 3 years. She is survived by her husband Simon B. Porter, four sons, Carlyle, Harold, John and Eugene Porter, three daughters, Mrs. Peter J. Nee, Misses Lillian and Dorothy Porter; three sisters and four brothers. Her funeral services were held Monday afternoon at her late home, Rev. William Dyas of Somerville officiated. Burial was in Newton Cemetery.

MICHAEL CAVANAUGH

Michael Cavanaugh of 255 Adams street, an old resident of this city, died yesterday following a long illness. He was born in Waltham 75 years ago and came to Newton when a boy. Until his retirement a few years ago he had been engaged in business as a mason. His funeral service will be held tomorrow at the Church of Our Lady and burial will be in Calvary Cemetery, Waltham. He is survived by three daughters, Mrs. Bartholomew Quinlan of Natick, Mrs. William Parkinson of Adams street and Mrs. William Desmond of Waban street, Newton; two sons, John Cavanaugh and Michael Cavanaugh of Middle street, Newton, and a brother, John Cavanaugh of Middle street.

The next meeting of the Kiwanis Club is to be held at Woodland and at the meeting the election of officers for the ensuing year will take place.

CHRISTIAN ENDEAVOR NEWS

The next meeting of the Norumbega C. E. Union will be held on Tuesday, November 11th, at the Beth Eden Baptist Church, Waltham. Supper will be served at 6:30 P. M. Conferences will be led by Miss Charlotta Goddard and Mr. Walter Pingree of the Middlesex County C. E. Union and by Miss Bessie McCassie of Norumbega Union.

All the Endeavorers and their friends are urged to attend the big Prohibition Rally which is being planned by the Endeavorers of the North Congregational Church for next Sunday evening at 7:30. The speakers include the counsellor, Rev. John Shade Franklin, ex-Mayor Edwin O. Childs, and "Mother Clark," founder of Christian Endeavor.

Last Tuesday evening twenty-one officers and society presidents attended the monthly Cabinet meeting and social held at the home of Mr. and Mrs. Ralph P. Colby of Watertown. Plans were completed for the next Union meeting on November 11th and for the annual Stunt night on Friday, November 21st. A committee consisting of Franklin Bronson, Belmont, Bessie McCassie, Newton, and Mildred Newell, Watertown, was appointed by the president to plan the details of the joint meeting with Sagamore C. E. Union on Tuesday, December 9th. Following the business session, Hallowe'en games were enjoyed by the group after which refreshments were served. Among the young people present from Newton were Bessie McCassie, Pierre Vuilleumier, Newton Jones, Emily Dolbier, Esther Marcy, and Walter Upham.

ELKS CHARITY FESTIVAL

The Charity Festival which will be conducted next Wednesday, Thursday, Friday and Saturday nights at Elks' Hall, Centre street, Newton, is for the purpose of raising funds to assist in relieving the widespread want which exists today and which is apt to increase during the coming winter. Seldom, in the history of this country, has impoverishment been so prevalent and the demands on the Charity Fund of the Elks are unusually heavy. On Saturday afternoon, November 8, children are especially invited to attend the Elks' Bazaar and to do their little bit in helping the Charity Fund. Among the attractions of the afternoon will be a doll carriage parade. This affair will be in charge of members of the "Antlers."

The committee in charge of the Festival is headed by Dr. Fred W. Lowe and includes the officers of the Lodge and the following members:—George H. Monks, Harold Noden, M. J. Enegess, Dr. L. H. Marshall, Paul M. FitzGerald, Wm. A. Sproat, Richard Lyons, Herbert Simpkins, Dana Foley and Robert Burns.

NEWTON CENTRE MAN BURNED

NEWTON MEETS MEDFORD ON GRIDIRON

The Newton high football team will travel to Medford tomorrow afternoon where they will meet the Medford high school team on the Fulton street field at 2:30 o'clock. Neither team has an impressive record with the season half over although Medford stock was boosted considerably by its 7 to 0 win over Salem on Monday. As there is considerable rivalry between the two schools in all sports a huge crowd is expected to be on hand.

Medford has played six games, winning three, losing two and tying one. Starting with a 6 to 0 win over Wakefield the Collins' outfit was next turned back by Brockton, 14 to 0 and the next week by Lynn English, undefeated in six games, 6 to 0. Medford then got back on the winning path at the expense of Somerville. This was another 6 to 0 score with Medford recovering a Somerville fumble near the latter's goal line for the big break of the game. Medford next played a scoreless tie with Haverhill and last Monday produced a drive from midfield and a scoring punch on a forward pass to tally against Salem and upset all predictions.

In its game this season Medford has continually shown a strong defense and has been able to penetrate deeply into the opponent's territory on the offence. But many times opportunities have been lost because of the lack of a scoring punch. Newton, in similar fashion, has repeatedly taken the ball on downs inside its own twenty yard line but has failed to take advantage of the few scoring opportunities offered except on two occasions. Medford has scored 19 points to its opponents' 20 and Newton has scored 12 points to its opponents' 27.

The contest tomorrow should be a low-scoring game with the winner depending upon which can capitalize upon the other's mistakes. A rugged battle in the line is expected with the weight average from tackle to tackle on a par. Medford will outweigh Newton on the ends by twenty pounds per man and in the three positions in the middle of the line by about eight pounds. Newton's tackles will have the weight advantage to bring the average for the line to an almost even total. Medford will have a slight advantage of weight in the backfield.

In the Medford frontier are two all-scholastic choices of 1929 in Kinsella at right end and Center at left guard. Captain Sarno, Medford centre, was also mentioned for all-scholastic honors. Medford will depend upon its two backfield stars, Messina and Goode, to penetrate the Newton line although Walsh, fullback will do a lot of plunging. Messina is the outstanding athlete in the Medford school, being captain of basketball and a second baseman of note in addition to his quarterback duties with the eleven. Goode is captain of the track team and it was his speed which prevented Norman Rand, Salem star, from gaining around the Medford ends. Goode repeatedly nailed him for no gain and in several instances for losses.

The officials will be H. J. Tilton of Boston who will referee; S. B. Mitchell of Quincy who will umpire, and Walter Sidley of Lawrence who will serve as head linesman.

Probable lineups will be:

SPORT NOTES

Owen Playing Hockey

George Owen has reported for practice with the Boston Bruins, National Hockey league team, and will probably see much service again this year on the defence. The Bruin squad reported early in the week with Owen first showing up on Wednesday.

Country Day 2nds Win

The Country Day school second team defeated the Newton High junior varsity at Cabot Field yesterday, 12 to 6. Jenkins of Country Day scored the first touchdown in the second quarter on a 40-yard run. Later in the same period Drowne brought the ball to the two-yard line on runs of 20 and 30 yards. He then plunged over for the score. The winning touchdown was made near the close of the final quarter when Robbins of Country Day went off tackle for 10 yards.

LaCroix With Tigers

Alphonse LaCroix, former Newton high star hockey goalie, may be a member of the Boston Tigers professional Canadian American league team this winter. The first practice was held Monday night and in the absence of Hal Winkler, who is expected to be the regular goalie, LaCroix donned the pads. He may continue throughout the season with the Tigers. LaCroix has had considerable experience both amateur and professional as a member of the B. A. A. teams and of the Canadians.

Chamberlain Out For Season

Arthur Chamberlain, former Newton and B. U. freshman centre, who was shifted to the Terrier varsity backfield this fall, has suffered a slight concussion of the brain and will be lost to the team for the balance of the season. Carleton McCullough at end and Daniel Harrington at guard will be Newton's representatives on the Hub outfit in its game at Kingston, R. I., with Rhode Island State tomorrow.

Hall Wins Another

Charles Hall, former Newton high track star, won another cross-country race for the M. I. T. freshman team of which he is the leading performer last Friday afternoon. The M. I. T. yearlings competed in a triangular affair with Harvard and Dartmouth with Harvard winning the team honors, Dartmouth second and Tech third although Hall won the race with a lead of seven yards over a teammate. In three races Hall has won two and tied with a teammate for first place in the other.

SCHOOL NOTES

WARREN JUNIOR HIGH SCHOOL

Evelyn Morse, Warren '30, who spent the summer in Alaska, has presented the school with an Alaskan Flag.

The final election of school officers was held resulting as follows: School community president, Jean Harvey; Boys' vice-president, John Connelly; Girls' vice president, Wilma Hooper; Secretary, Helen Brandt.

For ninth grade offices the following were elected: President, Paul Felt; Vice President, Austin Connelly; Secretary, Helen Foristall; Treasurer, Eleanor Feerick.

For eighth grade offices the following were elected: President, William Cookson; Vice President, Harry Gardiner; Secretary, Charles Passalles.

For seventh grade offices the following were elected: President, Aldrich Prouty; Vice President, Raymonde Harvey; Secretary, Carolyn Hayden.

The girls' color leaders have been chosen: Reds, Marjorie Tylee; Yellows, Marjorie Derman; Greens, Alice Bloecher; Blues, Wilma Hooper.

There have been some exciting inter-color soccer games with the Greens leading by a small margin.

Miss McCourt is now assisting Miss Leavitt in the girls' athletic work.

The playground department has begun improvements on the school playground. A baseball backstop is being erected, goal posts have been provided for the soccer fields and one of them marked out. Next spring it is hoped there will be an auxiliary baseball diamond, a girls' hockey field and tennis courts.

The varsity soccer team, coached by Mr. Converse has won two of its three games this season, having defeated the alumni, 3 to 2, and Fessenden, 4 to 0, and losing to the Day School team, 0 to 1. The junior varsity defeated the Day juniors, 1 to 0. The members of the varsity team are N. Henley, G. Marraza, H. Mingace, R. Hamilton, A. McNeil, R. Ham, C. Flagg, A. Capodanno, L. Miller, J. Upham, J. Connelly, G. DeLesky, R. Costaldi, E. Cummings, E. Troy and R. Cookson, Edward Matorana is the manager.

The band, now being organized for the coming year, has many candidates for drum major. The drum and bugle corps is again under the direction of Mr. Leach, who is an assistant teacher in Walter Smith's studio. The drums are under the direction of Mr. Hawkes. There is an opportunity now for boys and girls to get free instruction in instrumental music under the direction of Mr. Charles R. Spaulding, who is Director of instrumental music in the Newton Public Schools. The band has had a high reputation in former years, having won state and New England championship twice, and last year taking second place in state and New England finals. The band played against a high school band in the final competition.

NORUMBEGA DISTRICT COUNCIL OF RELIGIOUS EDUCATION

Rev. Maurice L. Bullock of Auburndale was the speaker at the Assembly Period of the Newtonville School of Religious Education last Monday evening. Mr. Frank H. Grebe, director of Religious Education at West Newton Second Church, will be the Assembly leader next Monday.

The Inter-church Young People's Conference committee has secured as a speaker James Gordon Gilkey of Springfield. The Theme of this Conference, which comes on November 28-29, will be "Builders of the New Faith." Another speaker is to be Miss Ruth Seabury, who will speak on the Needs of the World.

A new service to church schools is being inaugurated this week by the District Council. A Worship Service suitable for use on November 9th, on the theme "Peace" will be sent to all superintendents this week, with the request that those who care to use this in their church schools may obtain as many copies as needed, in mimeographed form, from the District office, if ordered by November 5th.

A loan library is also being developed by the District, and will be available to any church school teachers interested. A charge of 5 cents per week will be made. Those interested may obtain lists of books by telephoning Middlesex 3012.

W. C. T. U.

The Newton W. C. T. U. will hold an open meeting to which those interested are cordially invited on November 6th, at 2.30 o'clock, at the home of the hostess, Mrs. Sarah S. P. Stevens at 1190 Boylston street, Newton Upper Falls. The speaker will be the Rev. G. Vaughan Shedd, pastor of the First Methodist Church of Newton, Newton Upper Falls, whose subject will be "After Election—What?"

SCHOOL COMMITTEE MEETS

The Newton School Committee held a regular meeting Monday night. Appointments of teachers included—M. Josephine Tarbell at Davis School; Lucille Burnham, substitute at Newton High; Dorothea Duane, building assistant at Davis School. The transfer of Russell J. Burkhard from the Warren Junior High School to the position of principal of the Angier School at Waban was authorized.

Resignations of the following teachers were received—Alice C. Batcheller, High School; Gladys D. Davis, Cabot School; Maria P. Morrison, principal of the Angier School. Miss Batcheller's resignation was effective September 17 and Miss Davis' will be on November 2. They leave the teaching profesion to get married. Miss Morrison became supervisor of elementary education at Watertown.

A six months' leave of absence was granted Maida Flanders.

Supt. Wheeler was authorized to appoint a teacher to instruct crippled children in this city who are unable to attend regular school classes.

The use of halls and rooms in the Stearns and Davis Schools were granted to community clubs in the districts where these schools are located. The Junior Girl Scouts were granted the use of room at the Cabot School each Wednesday afternoon; Girl Scouts use of a room at the Emerson School Thursday evenings; Boy Scouts, use of high school gymnasiums Tuesday evenings.

NEWTON WOMAN BADLY INJURED

Miss Mary Hart of 50 Lincoln road, Newton, was critically injured last Saturday night while crossing Commonwealth avenue, near Lake street, Brighton. She was struck by an automobile driven by O. W. Labdon, 34 Fenno road, Newton Centre, who took her to St. Elizabeth's Hospital, Brighton, where it was found she had received a fractured skull, a fracture of the right leg and a probable fracture of the left leg. Her name was placed on the danger list.

THREE-IN-ONE-PARTY

The Three-in-One-Party held in the Auburndale Club House last Saturday evening proved a huge success. After a delicious supper a spellingbee between Ye Amazons and Ye Benedicts was conducted by Mr. C. W. Blood P. S. (Professor of Spelling). Mr. E. B. Gray won the prize.

Ken Kimball's Syncopators supplied the music for dancing for the remainder of the evening and furnished many specialty numbers and Paul Jones'. The Elimination Dance was won by Mr. and Mrs. Badger. In the lounge a bridge party was being conducted under the direction of Mrs. Farrier. Honors were won by Mrs. T. Brown, Mrs. S. Wright and Mrs. E. Ufford and by Mr. W. Stockwell, Mr. C. Peterson and Mr. H. Longfellow. Many availed themselves of the bowling alleys and billiard and pool tables. Altogether it was a most enjoyable evening and Graham Bates and his committee are to be congratulated.

CHURCHES TO CO-OPERATE

The Lincoln Park Baptist Church and the Second Church in Newton, both of West Newton, are co-operating in an evening service of worship at the Lincoln Park Baptist Church, 7:45 o'clock each Sunday.

Up until a few years ago the Lincoln Park Church had always supported an evening service but in the face of disheartening general conditions in the church and an especial drop in the evening attendance that service was discontinued. In the fall of 1929 the new pastor, the Rev. John Shade Franklin, re-opened the evening service at the Lincoln Park Church. A chorus choir and a faithful group of members and friends helped to build up a strong congregation so that during the first month of the second year the evening service averaged over one hundred a night and the second month over one hundred and six.

With the sincere regard which he has shown for all that concerns the community since his coming to the Second Church three years ago, the Rev. Boynton Merrill, D.D., suggested that his church would like to share in the responsibility for this evening service, since it was the only one in the community. Thus the arrangement has been made whereby the two churches will co-operate in this community enterprise. The Second Church will be represented at every evening service by its Student Assistant, Mr. J. T. Browder, a student at the Harvard Theological School.

In view of the co-operation of her sister church, the Lincoln Park Church undertakes to promise the people of West Newton a more attractive and helpful evening service. An especial effort will be made to reach the folks who are unable to attend a morning service of worship.

In announcing this plan to his congregation on Sunday, Dr. Merrill wrote in his calendar; "This is more than a gesture of friendly co-operation between two clergymen and two churches. It is a deliberate decision and attempt to bear a burden together. We rejoice that Mr. Browder, who happens to be a member of the Baptist denomination, is to find his way not only into the hearts of our people and the life of this church, but also is to be a living tie to our sister church. Mr. Franklin, Minister of the Lincoln Park Church, Mr. Browder, and your Minister, are all at one in this fellowship of service and are eagerly hoping for splendid things to come out of it."

Mr. Browder will preach for the first time this Sunday evening, Nov. 2nd, taking as his topic, "The Secret of a Great Life." Special musical attractions promised for the future are programs by the chancel choirs of the Second Church and the Unitarian Church of West Newton and by the choir of the Auburndale Congregational Church.

PARAMOUNT THEATRE—NEWTON

Paramount patrons will receive a real treat the first half of next week when they see Gary Cooper and Betty Compson in "The Spoilers," Rex Beach's great novel of conflict and love with the great Alaskan gold rush as a background. On the same program will be "Children of Pleasure" with Lawrence Gray and Helen Johnson, an adaption of Crane Wilbur's play "The Song Writer" which was one of the light stage productions of the year.

The last half of the week will show Ronald Coleman as "Raffles," an amazing mystery romance. With him are K. Francis and David Torrence. On the same program will be Irene Rich and H. B. Warner, in "On Your Back" with Raymond Hackett and Marion Shilling in support.

Newton Centre

—Mrs. S. H. Llwellyn of Shelter Island, N. Y., and Mrs. G. H. Whitaker of Brattleboro, Vermont, are visiting Mrs. Llwellyn's daughter, Mrs. Townsend H. Cushman of Elgin St.

—Mrs. E. F. Russ will give a tea this afternoon at her home on Loring street in honor of Miss Helen M. Boott of Brookline, whose engagement to Mr. Philip Russ has been announced.

At the annual meeting of the Education Society this week in Pittsfield, Rev. Woodman Bradbury was elected a vice president, Rev. Charles H. Day recording secretary and S. Harold Greene, treasurer.

ROTARY CLUB

The Rotary and Kiwanis Clubs held a joint meeting on Tuesday at the Woodland Golf Club, over a hundred members being present at the usual luncheon.

The guest and speaker was Dr. John Lovett Morse who gave an interesting talk on infantile paralysis.

Dr. Morse said that the subject of infantile paralysis had been greatly exaggerated and compared the statistics of the board of health for 1928, where 1600 cases of measles with three deaths and 28 cases of infantile with but one death. The virus of the disease he said was so fine that it is beyond the power of the strongest microscope and it would pass through a porcelain screen. The virus enters the body through the nose and only if the nasal mucous had been irritated or injured. The virus attacks the nervous system and paralysis depends on what part of the nervous system is invaded. The disease is very slightly contagious and about 15% of cases recover. The doctor said that the best treatment is to put the paralyzed limb in a comfortable position and prevent contraction for at least six weeks.

The Rotary Club golf committee reported that in the recent tournament, Newton won four prizes and Watertown two. The Newton winners were Louis V. Haffermehl, Dr. Henry Watters, Andrew J. Ford, and Fred E Learned.

LASELL SEMINARY

At a meeting of the Juniors (Class of '32) the following officers were elected for the year:

President, Dorothy Herring, Mansfield, Ohio; Vice-President, Mary Elizabeth McNulty, Wilmette, Ill.; Secretary, Marian Freeman, Evanston, Ill.; Treasurer, Peggy Lovell, Nutley, N. J.; Song Leader, Mary Whitaker, Crown Point, Indiana; Cheer Leader, Julia Case, Hartford, Conn.

On Wednesday morning, the Hon. Charles Hatfield addressed the assembled students at morning chapel. Mr. Hatfield has recently been appointed to the Board of Trustees of Lasell.

The annual Marblehead-Salem trip is scheduled for October 31st. The students will visit the places of historic interest in these cities. A shore picnic at Marblehead is one of the features of the trip.

A costume dance will celebrate Hallowe'en on Saturday evening, November 1. Decorations and games are under the direction of the Athletic Department. Prizes will be given for the most appropriate and most beautiful costumes.

The Vesper Service on Sunday, November 2, will be in charge of Miss Ruth Chapin of the Newton Welfare Bureau.

FELLOWSHIP SUPPER

The Lincoln Park Baptist Church will hold its annual Good Fellowship Supper on Wednesday evening, November 5th with the Rev. Joseph C. MacDonald of the Union Congregational Church, Waban as the main speaker. Other guests expected are the Rev. George W. Washington of the Myrtle Baptist Church, the Rev. Raymond Lang, rector of St. John's Episcopal Church, Newtonville, and the Rev. Maurice Bullock of the Centenary Baptist Church, Auburndale.

POLICE NEWS

George York, 32, of 49 Ash street, Waltham, was identified Sunday night by Melville Hamilton, manager of a chain grocery store in Auburndale, as the man who held him up last Saturday night at the store, 27 Auburn St. and robbed him of $7 in cash and a $28 check.

York, who several years ago, was a member of the Watertown police department for a short time, was arrested Sunday night by Watertown police who had suspected him of committing a robbery in a chain store in that town last Saturday night. He was also identified by the manager of a store in Belmont which had also been held up and robbed the same night. York was brought into the Newton court Tuesday morning and was held in $5000 bail for a hearing on Novemebr 7.

Edgar Phillips, 28, a janitor at the building 282 Beacon street, Boston, was arrested Friday afternoon in the reading room of the Newton Library by Inspector King of the Newton police and Inspector McCarthy of the Boston police after he had taken two $50 bills from a West Newton woman Phillips was charged with extortion. He was taken to police headquarters and while in the cell room drew a revolver from his pocket with suicidal intent. Inspector King grabbed the weapon from Phillips and an additional charge of carrying a loaded revolver was placed against him. He was arraigned in the Newton court on Saturday and held in $6000 bail. In default of bail he was committed to jail.

On Wednesday, October 22nd. Phillips accosted this woman and another woman friend at the corner of Boylston and Clarendon streets, Boston. Posing as a policeman he accused her of certain charges and ordered the two women to accompany him to an apartment at 282 Beacon street. By threatening he frightened the woman into agreeing to pay him $100 for release, the money to be paid at the Newton Library. She told the clergyman of the church she attends in West Newton of her experience and the police were notified.

Fabio Malgieri of Langley road, Newton Centre, was fined $25 in the Newton court last Friday when found guilty of having accosted a young girl. A charge against him of assault and battery on a boy was placed on file.

In court the same day John J. Prendergast of Cummings road, Newton Centre, was fined $50 for driving so as to endanger the lives and safety of the public. He appealed. Motorcycle Officer Dowling testified that Prendergast operated a car on Crafts street at a rate of 68 miles an hour.

Mary J. Fraser of 1114 Commonwealth avenue, Allston, was in court last Friday charged with driving while under the influence of liquor and with driving so as to endanger the lives and safety of the public. The case was continued until October 31. A car driven by the Fraser woman collided on October 11th at 12.15 a. m. on Commonwealth avenue near Lake street, Chestnut Hill, with another automobile and some persons were slightly injured. Serg. Crowley and Patrolman Chadwick were the complainants.

Boyd Chapman of Lincoln street, Franklin, was fined $100 by Judge Bacon in the Newton court Monday when found guilty of reckless driving. He appealed. Chapman was driver of a car which ran into a milk wagon on Walnut street, Newtonville, early on the morning of September 9.

Antonoi Bianchi of 235 Chapel St., Nonantum, was arersted Sunday night by Patrolman Halloran charged with driving while under the influence of liquor. He will be tried on November 3.

Theresa Worcester of South avenue, Weston, was fined $10 in the Newton court on Monday for speeding. A charge of driving without a license was placed on file.

COMMONWEALTH COUNTRY CLUB

On Friday evening, there will be a Hallowe'en Dinner Dance out at the Commonwealth Country Club. This is one of the famous parties of the club and the clubhouse is always filled to its capacity on this occasion by members and their guests.

ABOUT TOWN

By Edw. H. Powers

Tonight is Hallowe'en. Much good natured fun will be enjoyed by the young folks who remain young. Unfortunately, some young folks confuse fun with vandalism and use Hallowe'en as an opportunity to wreak senseless and expensive damage to public property as well as to private property. Those who do this deserve punishment. Newton has been much less bothered by hoodlumism on Hallowe'en in the past than have other communities. It is to be hoped that the record will be even improved this year.

We salute Julius Rosenwald of Chicago, the man who built up the tremendous business known the country over as Sears, Roebuck & Company. Mr. Rosenwald's fortune is estimated to be worth between $300,000,000 and $400,000,000. He annually gives millions of dollars for philanthropic purposes. But, it is not because of this that we commend Mr. Rosenwald. It is a statement he made the other day when interviewed at New Orleans which attracted us to him. Mr. Rosenwald said, in referring to his tremendous success, that he attributes it to 95% luck, plus 5% hard work and common sense. He amplified this statement by saying—"I never could understand the popular belief that because a man makes a lot of money, he has a lot of brains. Some very rich men who have made their own fortunes, have been among the stupidest men I ever met in my life."

Mr. Rosenwald is the first wealthy, self-made man we ever heard of to evidence such a viewpoint. He certainly cannot be accused of egotism when he says—"Men are walking the streets today, financial failures, who have more brains and ability than I ever will have. I had the luck to get my opportunity. Their opportunity never came. Don't ever confuse wealth with brains."

Mr. Rosenwald's statements will receive the approval of the millions who believe they possess brains, but who never acquired wealth, or even anything approximating wealth. His statements will not meet the approval of those captains of industry, colonels of finance and the like who derive satisfaction by thinking that their success was caused because of infinitely superior mental equipment over their less successful fellows. Neither will Mr. Rosenwald's statement meet with the approval of those erudite gentlemen who teach the young that—"there is no such thing as luck."

Why do companies which manufacture soil food go to the great expense of bringing nitrates from islands off the Chilean coast, when a certain cigarette company right here in this country is furnishing such an abundance of raw material?

Why did I buy a Plymouth?
You really ought to know,
Because it's long and handsome
In colors all aglow.

To choose a Plymouth Auto,
I'm glad to tell you why,
Hydraulic brakes, quick starter,
One really seems to fly.

Steel bodies so constructed
No rattles to annoy,
With frame of steel so welded,
So safe, you shout, Ahoy!

If you own a Plymouth

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Waban Woman's Club

For the first meeting of the year 1930-1931, the Waban Woman's Club wil hear a Musicale by the Durrell String Quartette, the members of which are Josephine Durrell, first violin; Edith Roubound, second violin; Anna Golden, viola, and Mildred Ridley, 'cello. The members are anticipating an unusual musical treat, as this quartette is regarded as one of the best in the country and presents programs of rare interest and charm. Mrs. Charles B. Jones, chairman of the Music committee, will have charge of this meeting. There will be a reception to new members, which all are cordially urged to attend.

Newton Upper Falls Woman's Club

At the November 3rd meeting of the Newton Upper Falls Woman's Club, the Honorable Samuel H. Wragg of Needham, will address the Club on the subject, "Massachusetts, Our State."

Mr. Wragg has a prominent political record, and it is hoped that the members will all attend this legislative meeting which comes at a very opportune time, the night before election.

Refreshments will be served by the Hospitality Committee and Mrs. Albert Proctor will be the chairman for the evening.

Auburndale Review Club

The Auburndale Review Club will meet on November 4th at the home of Mrs. Nathaniel Grant, 206 Melrose street.

Woman's Club of Newton Highlands

An illustrated lecture on the Passion Play will be given by Dr. U. S. Milburn at the meeting of the Woman's Club of Newton Highlands on Tuesday, November 4th, at 2.30 p. m., in the Parish House of the Congregational Church. Dr. Milburn has recently returned from his third trip to Oberammergau, having seen the play in 1910 and again in 1922. The pictures were taken at the final dress rehearsal and made by the community of Oberammergau. This is exceptional as it has been the rule that no outsider is allowed to photograph the play, and moving pictures of it have never been made. Following Dr. Milburn, several members of the Club who attended the Passion Play this past summer have consented to give their impressions of this notable production.

Three talks on Interior Decoration, which will be of interest to all homemakers, will be held at 9.30 o'clock in the Workshop on three Wednesday mornings, as follows: November 5th, Color and Textiles; November 12th, Walls and Window Arrangements; and November 19th, Floor and Furniture Arrangement. Further information as to this worthwhile course may be obtained from Mrs. Alexander G. Caldwell, Centre Newton 3534.

On Wednesday morning, November 5th, at 10.30, in the Workshop, Mr. T. Raymond Pierce will speak on "Banking and Investment Problems." This opportunity comes to the Club through the courtesy of the Women's Advisory Committee of the Newton Trust Company. Tickets for admission, without charge, may be obtained from the chairman of the Community Service committee, Mrs. Robert Bonner, 264 Lake avenue, Newton Highlands.

Newtonville Woman's Club

On Tuesday afternoon, November 4th, at 2:30 p. m., the Newtonville Woman's Club will meet at the Central Congregational Church, at which time the club will welcome Mrs. Marion Bellamy Earnhsaw who lectures on "East of Suez." Mrs. Earnshaw has lived for nearly ten years in Burma and is therefore able to give a colorful and sympathetic picture of India and its people.

Mrs. Elsie Greenwood, a talented and well known soprano, will sing.

After the lecture and the musical program the Hospitality Committee will serve tea with Mrs. J. Mervin Allen, Mrs. Reuben H. Kimball and Miss Elizabeth F. Hartshorne in charge. At the tea table, Mrs. Robert C. Bridgham, Mrs. George Allen Clapp, Mrs. Frank R. Clark and Mrs. Frank L. Nagle will pour. A generous contribution of jellies, old linen and cotton materials is solicited. Any kind of cotton materials can be used. These donations may be brought to the meeting, or if desired they will be called for. The materials and jellies are given each year at this time to the Newton Hospital. Kindly call N. N. 0664, if it is desired that the donations be called for. Mrs. R. Ward Hillman is chairman of the Hospital committee.

Twelfth District

The Autumn Conference of the Twelfth District will be held in the Baptist Church, Great Plain avenue, Needham, on Wednesday, November 5th, at 10.30 a. m. The New Century Club will act as hostess and the meeting will be in charge of Mrs. Horace B. Gale, District director. Mrs. William F. Leach, president of the hostess club will bring greetings, which will be followed by reports from the State chairmen of Departments.

Luncheon will be served at 12.45 in the church vestry, and tickets for this may be procured from Mrs. Norman A. DuoBis, 1144 Great Plain avenue. Immediately after luncheon, Round Table discussions will be held, and the afternoon session will begin at 2.30 p. m.

Guests of honor include Mrs. Carl L. Schrader, State president; Mrs. Thomas J. Walker, Mrs. John H. Kimbal, Mrs. Heman A. Harding, vice-presidents; Mrs. Charles G. Wetherbee, corresponding secretary, and Mrs. Samuel N. Braman, president of the Newton Federation. The Voorhees Trio will provide music, and members of the Natick Woman's Club, under the direction of Mrs. Frank E. Underwood, will present a dramatic skit entitled, "References Required."

Forest Hills Elevated cars connect with Needham bus at Charles River at 9.30 a. m. and the busses leave Welleslay for Needham at 10.30 a. m.

Newton Centre Woman's Club

Mrs. S. Hardy Mitchell, chairman of a most attractive event scheduled by the Newton Centre Woman's Club, announces that plans are complete for the most pretentious Bazaar ever held in the Woman's Clubhouse of Newton Centre, to be given on Thursday, November 6th, from 10 a. m. to 10 p. m., and on November 7th, from 10 a. m. to 6 p. m. In addition to the attractive shops there will be a veritable flower garden arranged in the Club parlor where Mrs. Fred Robinson will offer plants and flowers in a profuse variet for sale. In this setting Mrs. D. Bradlee Rich and Mrs. John Milner will serve tea from 3 until 5 o'clock. On both days there will be a cafeteria luncheon served from 11.30 to 1 p. m., and on Thursday evening from 6 to 7.30 p. m. there will be a cafeteria supper in charge of Mrs. Joseph Briggs, the luncheons being in charge of Mrs. J. M. Densmore.

Mrs. George Willard Smith is providing an entertainment for the children from 3.00 to 3.30 p. m. and from 3.30 to 4.00 p. m. She is also in charge of the "Grabs" for the children.

Mr. Charles Bailey and Mr. Worthing West, husbands of Club members, are planning unique entertainments for the men, including a miniature golf course, on the evening of Thursday, November 6th. Good news for Christmas shoppers and for all who are looking for unusual and beautiful gifts is the assurance that prices of articles will be very reasonable.

The Newton Centre International Dinner, arranged by the International committee of the Newton Centre Woman's Club, is to take place on Wednesday evening, November 12th, at 6.45 p. m. in the Clubhouse. "Russia Today" has been chosen as the subject of the main address to be given by Professor Michael Karpovich of Harvard University. Tickets may be obtained from Miss M. Louise Walworth, chairman of the committee, or of the following members of the commitee: Mrs. Charles N. Arbuckle, Mrs. Albert E. Bailey, Mrs. Philip Dalrymple, Mrs. Harold G. Giddings, Mrs. Murray P. Horwood, Mrs. Lucius E. Thayer, Mrs. Henry E. Warren or Mrs. G. Horace Williams.

Auburndale Woman's Club

The Auburndale Woman's Club will hold its next regular meeting in the Club Auditorium, at 2.30 o'clock, on Thursday afternoon, November 6th. During the business hour there will be a report of the Fall Meeting of the State Federation at Worcester, at which the Club's president, Mrs. C. Carter Willson, will be one of the speakers.

The program for the afternoon will be in charge of the Music committee, Mrs. Edgar O. Butz, chairman, and while it varies from that printed in the Year Book, it promises to be a delightful one. Instead of the Tapley Trio, the entire Tapley Ensemble will give a program. This ensemble is a group of thirteen musicians, all members of the Boston Symphony Orchestra, and each one well known to all who regularly attend the Symphony concerts. Club members are reminded that this occasion will be an ideal one to which to bring guests.

During the month of November the Legislative committee of the Auburndale Woman's Club is to try out a series of Current Events readings. The first one will be held on Tuesday evening, November 4th, at the home of the chairman, Mrs. Charles Valentine, 362 Wolcott street, from 8 to 9.30 o'clock. Editorials from such magazines as The Forum, Atlantic Monthly, and others, will be read, and discussion will be invited. These meetings will be strictly informal, and no fee will be charged. Members not only have an excellent opportunity to gain from these informative meetings, but they may bring their friends to share in the opportunity.

Social Science Club

The Social Science Club holds its first meeting of the season at the Hunnewell Clubhouse, Wednesday, November 5th. It is to be a business meeting with an address by Mayor Sinclair Weeks on "Our Own City." Mrs. Henry I. Harriman, the president, will preside.

State Federation

RADIO. Mrs. O. A. Blaisdell, chairman of Motion Picture Advisers, will broadcast from WBZA next Thursday morning at 11.30 o'clock November 6th, on the topic: "The Motion Picture Adviser"—a new office for the Federated Clubs. At 11.40 ' Jessie Fleming Vose, Pianist, is in charge of the musical interval. Mrs. Ralph H. Snow, director, will be on the air at 11.50 with a talk describing "Summertime Snap Shots of the First District", a history of interesting Cape Cod activities.

CLUB INSTITUTES. The Club Institutes will be held at the Y. W. C. A. Building, Stuart Street, Boston, on November 6th, at 10:30 a. m. Department chairman will meet their committees for discussion at 10.30, and in the afternoon the Executive Board will hold a meeting in the assembly hall at 2 o'clock. The subject of the Institutes is The Club in the Community.

Shakespeare Club

The next meeting of the Shakespeare Club will be held at the home of Mrs. W. M. Mick November 8th. The work of the Club will be in charge of Mrs. Helen H. Severance.

Newton Community Club

The next meeting of the Newton Community Club will be held in the evening at the Underwood School Hall, on November 13th, at 8 p. m. Mr. Tom Skeyhill, an Austrian soldier poet, will have as his subject, "With Mussolini and the Blackshirts." This is an open meeting and is being held in the evening so that the men of the community may also attend.

RECENT EVENTS

Auburndale Woman's Club

At the meeting of the Auburndale Woman's Club, on October 23rd, the example set long ago by Mahomet, was followed. The Boston Consolidated Gas Company, with its extensive assortment of gas appliances, could not conveniently came to the Club, so the Club went to the Auditorium of that concern at 250 Stuart street, Boston. The business meeting, held at 2.30 p. m., and conducted by the president, Mrs. C. Carter Willson, was made as brief as possible, only important announcements being made. Particular attention was called to the change in program for the coming meeting, at which time the Tapley Ensemble will be heard in place of the Tapley Trio, as announced in the Year Book. An opportunity to hear the Trio will come later in the year.

The program was conducted by one of the employees of the Gas Company, and she prepared and cooked several appetizing dishes, at the same time giving the recipes to her audience, as well as comparing the nutritive food values. Among the dishes was a Spanish frijholi, a planked steak, a fish and potato dish, prepared with cheese,

and a layer cake. Following this demonstration, tea and cake were enjoyed through the courtesy of the management.

Newtonville Woman's Club

A very attractive Bridge Party given by the Newtonville Woman's Club on Friday, October 24th, at Masonic Hall, was enjoyed by all those participating in the event. The inclement weather was not sufficient to keep away the very large number who assembled, and 42 tables were in play. During the afternoon, Janet Elliott, Betty Kobrock, and Madeline Merritt sold candy and nuts in containers representative of the Hallowe'en spirit. An artistic pottery bowl was given to the one having the highest score at each table.

This Bridge is given annually by the Education committee of the Newtonville Woman's Club and the proceeds are added to the scholarship fund. Mrs. Alexis Mahan is chairman of the committee this year. The arrangements for the Bridge were in charge of Mrs. George Edmands, and Mrs. Edmands and the members of the Education committee are to be complimented on their very successful and attractive party.

West Newton Junior Women's Educational Club

The first meeting of the West Newton Junior Educational Club was held at the home of Mrs. Fred M. Blanchard, their new director. The meeting was called to order by the new president, Jeanne Wholley. The topic of discussion was some definite philanthropic work for this year. Although many suggestions were made none were adopted as yet. If it is at all possible the Club has decided to give a spring style show. After the business meeting was adjourned, Mrs. Blanchard had a few words to say about the Juniors' work for the coming year. Mrs. Raymond Littlefield, president of the Senior Club, was present at this meeting. She spoke to the Club, and also asked if they would be willing to usher at a few of the Senior occasions this year.

There was no special entertainment but the girls had a pleasant time getting acquainted again after the summer months by singing and informal dancing. Delightful refreshments were served by Mrs. Blanchard.

Newton Community Club

On Thursday, October 23rd, the Newton Community Club held its meeting in Underwood School Hall. During the business session the attention of the members was called to the Anti-Steel Trap movement. It was explained that the same law which is being presented to the voters of Massachusetts is in effect in Georgia and South Carolina. The promoters of this bill do not wish to abolish trapping, they merely wish to substitute an humane trap which will kill instantly the trapped animal or will take it alive, for the inhumane trap which takes the animal alive and allows it to suffer in the jaws of a steel trap. The point was brought out that whereas there are many laws concerning domestic animals there are no laws for the protection of the furbearing animal.

The members of the Community Club and their guests, the foreign born women of Newton, were entertained by a most delightful pageant of shawls, entitled, "Romance of the Shawl" written by Katherine Parker Thore. With Mrs. George Owen at the piano, Mrs. Bruce Davis read the story of the shawl, and many members of the Club illustrated her reading, as the audience saw the shawl presented in ancient and oriental settings, then as worn in the British Isles and Spain. An amusing little sketch, entitled "Arabella Tucker's Sitting Room" was the final episode, given to acquaint the audience with the shawl as worn in 1870.

Folowing the entertainment, refreshments of ice cream and cake were served, with Mrs. Ralph C. Emery, Mrs. Harry L. Dexter, Jr., Mrs. Morris W. Dennison and Mrs. Edgar W. Hodgson, presiding at the tables.

The beauty of the brilliant or dainty shawls, the setting and background of harmonious color, the interest of seeing their own members act, made a most pleasurable afternoon. From the moment that Mrs. Fernald stepped from behind the back curtain, with an air of mystery enhanced by the veil of true Egyptian secrecy, which partially covered her face, and stood in clever pose of Egyptian statue, while sparkle of silver shawl and shimmering black held attention, through the homey scene of old New England hospitality, the audience watched in keen interest and appreciation the unfolding of periods. Mrs. Gerrity as the swarthy, autocratic Maharajah presenting patronizingly a pearl necklace to the dancer, Miss Natalie Ham, and accepting the services of her slave who wielded fan, made very real the oriental episode. Queen Victoria kindly giving shawls that met with her approval to her two stately ladies in waiting, Mrs. Flather and Mrs. Fitts,—whose dress with the amazingly trimmed yoke, made one wonder if ever such trimmed yokes were worn!—made interesting background for the excellent acting of Mrs. Maxim, dashing, swashbuckling pirate, who tossed aside in scorn the shawls the Queen disdained. Here, too, was a clever bit of acting on the part of Mrs. Wales who made a most typical presentation of the bent little Irish woman in drab shawl, weary and poor, and whose voice when she sang had just the correct "crack" at its peak. In the Spanish episode Carmena, the dancer, Miss Frances Crowley, had as foil the beautiful embroidered shawls and black lace mantillas and brilliant dresses.

Mrs. Bartlett, as the dreary apple woman, folowed by little seven-year-old Miss Jane Mansfield, who was adorable in the little dress that buttoned up the back, should have been able to stay a few moments upon the stage in some part written for them to give the audience a chance to appreciate them.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

"What do you hear about the election next Tuesday?"

My answer to that question, which seems to have been put to me fifty times a day, is "What don't I hear!" Just to enumerate briefly:

"Democrats are going to carry everything!"

"Republicans are sure of electing all their candidates".

"Allen is safe, but Butler's chances are not so good".

"Ely and Coolidge will win but the rest of the Democratic ticket has no chance".

"Butler's friends are going to vote for Ely".

"The Boston Democrats will knife Ely and vote for Coolidge".

"The Republicans are going to lose a lot of votes because of unemployment and their stand in favor of prohibition".

"The 'drys' are all going to vote the Republican ticket regardless of party".

I pause at this point, although I could go on for an indefinite period. You see, everybody seems to have a different idea. Of course, a number of people may share the same idea or part of it. It seems to be a jumble from which almost any kind of calamitous prediction may be had.

It may be that I am dropping into the class of those quoted above, but if the Republicans haven't made a distinct advance in the last days of the campaign I miss my guess. However, I am willing to acknowledge that much of it is guessing, but sometimes one guesses correctly. Certain it is that the howl against the Republican party has subsided immeasurably. Realizing that the election of a Democratic ticket will not mean prosperity and work for everybody the day after election a lot of voters have decided they don't want a change. Also the screech against the State's law for enforcement of prohibition has died down considerably. Many "wet" sympathizers have begun to see that nothing is to be gained and instead many complications will arise by repeal of this statute.

These things show that there is some thinking going on and thoughtful voters are the one hope of Massachusetts.

It was the source of much surprise to hear a Newton man declare that he guessed he would not vote next Tuesdal. He said he had his own ideas and opinions but from the "way things were going" he preferred to keep them to himself. He further amazed me by saying that it was his privilege to remain away from the polls if he saw fit. Instead of trying to argue I sailed into him and told him that such an attitude of mind as his was a positive menace to the community. And I insist that I am right.

As citizens it is a plain duty to go to the polls and more than that we should have convictions and not hesitate to express them. There is nothing more dangerous than permitting an opportunity to pass when questions are submitted to the voters for settlement. That is the whole purpose of the ballot. If we do not declare ourselves then we have no reason to complain. But we should take part in civic government even if our share is merely going into the voting booth and marking a ballot.

This same man told me that as regards the three important State-wide questions on the ballot are matters that the Legislature should settle and not require the voters to bother themselves with a "yes" or no." I wonder if he and others of his kind really know why these three questions are on the ballot. The first one is an amendment to our State constitution and must be submitted to the electorate. It has to do with the apportioning of Senatorial, Representative and Councillor districts and such apportioning is demanded. The Legislature went as far as it could but our form of representative government demands that the people also have a voice in this apportioning.

The second question of repealing the State liquor law and the third question, that of abolishing the practice of using steel traps to capture furbearing animals, come before the voters under the operation of the initiative and referendum petition to the State constitution. This latter amendment was put in the constitution by the Massachusetts Constitutional convenion in 1917-18 and requires that a Bill not favorably acted upon by the General Court shall be submitted to the voters for decision. It is too late to question the wisdom of this initiative and referendum amendment to the State constitution. It is part of our present form of Government and we must face it as we do any other civic problem.

A fourth question will confront the voters in Newton and other cities and towns served by the Boston Elevated. In this the voters act merely in an advisory capacity. They are asked to tell the Legislature, that it may be guided in its 1931 deliberations, whether in their opinion the road should be run as at present, returned to private ownership or operated under public ownership. The Legislature doesn't appear to me to be dodging—it's looking for suggestions.

It is a failing with many of us, myself included, to put off disagreeable tasks. The time comes when we must perform them. Those who dislike to vote, and I'm afraid there are quite a few such folks, must not expect other people to carry their burdens for them, assuming that the right of suffrage is a burden. Although I think it wrong to approach the ballot box as if one had been hounded into doing his duty it may be the feeling in some instances. Nevertheless, we should not miss an opportunity to vote if we wish to be known as true citizens of the United States.

If you are disposed to be critical of radio announcers, and some of us are, I would respectfully suggest that you obtain the privilege of observing first hand the presentation of a program or the directing of some important event that is broadcast. You will hesitate, after that experience, to knock the man responsible for what goes on before the microphone. In the first place he must have a technical knowledge of the apparatus, which is no small thing to possess. Secondly, he must have studied the psychology of the "great unseen audience" as we are often called. In short, a background is necessary, also a quick-working mind and a few other attainments.

Professional people, called upon to perform before the "mike" can be handled more easily than those who are not paid. A singer or actor who has made i his or her life work will be eager to accept any suggestion from a studio director for it is essential that all the "tricks" be employed to make the broadcast a success. In other words it is a business proposition with the professional.

Take the man not used to appearing before any kind of audience and see what he does. One of the first mistakes made is the tendency to shout. "Talk as you would over the telephone", is a bit of advice that I have heard given. Still, some people yell when doing that anyway, so the suggestion is not infrequently valueless.

The greatest difficulty encountered by beginners is to keep one's nerves in check. The studio director will caution a novice to be calm and will think he has soothed the speaker into a placid frame of mind. Almost invariably, I am told, the novice gets all excited and upset. The secret is—be natural, or as the slang phrase puts it, "Be yourself."

May I quote an expert broadcaster whom I asked to give Graphic readers his views: "The man who covers the inauguration of the Governor, the World's Series or some other important event is really not an announcer at all, although it is common practice, because of his general familiarity with the 'mike' and the reactions of his audience, to select one for the job. A man who undertakes to handle such an assignment should be primarily a good reporter. He must be able to take in all that is essential and colorful and put it into plain, understandable English. If he is a really good reporter he will have sense enough to study whatever data on the subject he is to 'cover' beforehand and, in most cases, provide himself with material it would be difficult to carry in one's head, with which to maintain the interest of the listener when there is a temporary lull in the action before him.

"I should say that the voice of the announcer-reporter is about the least important qualification, despite the common delusion that the 'voice with the smile' is the only one that has a chance of success. One of the best men at this kind of announcing I ever heard had a harsh, nasal raspy voice that would send the shivers up and down your back if you weren't too interested in listening to what he had to say. But the way he could paint a word picture of a championship prize fight was art itself. On the other hand I know of an announcer who actually knows very little about most of the events he is assigned to broadcast and covers up by smothering the listener with more words than Webster would know what to do with. He prides himself that his voice has 'good timbre', timbre being a favorite word with him, and maybe he's right. A lot of people think he is a wonder but he doesn't fool those who know their stuff.

"All other things being equal, there is one thing that anyone should avoid, whether he is speaking over the radio, or while he's got you by the coat lapels, and that is conceit. If there is anything that causes quicker expansion of the cranium than the consciousness of 'one's public' among radio announcers, I don't know what it is. And it gets over to the listener in no time. Dulcet tones and a sacheting manner may go with high pressure salesmanship, but they won't hold a radio audience if there is an ordinary human being announcing on the next station".

By silent argument alone have I been won to the ranks of those who believe we should have a new City Hall. The other day I made a trip to West Newton for the purpose of calling upon friends at City Hall and before I had been there any length of time I wondered how it was possible for these officials to conduct business in such small quarters. The story of my impressions is no different from yours. You know the several groups of stairs that one must mount and the many twists and turns you are forced to take to make your way to this or that office.

There seemed to be no room in any of the offices. Desks and files and other necessary equipment seemed jammed together. It is no harm to have every bit of available space occupied, but when conditions are plainly cramped that is quite another story. The same is true of our police headquarters and courtroom. Everything is so cut-up. Doors everywhere opening into the most unexpected places.

It is all very quaint but not business like. The modern method of conducting business in an office is to do away with closet-like rooms and arrange desks so that the head of the department may observe all that is going. Light is a big factor and Newton municipal buildings are dingy and dark. It may be that city affairs can be conducted efficiently in an ancient structure, for we have no right to complain in Newton, but the city is too large, has too much to do in the management of its affairs to be restricted as it is now. It isn't wholesome to remain so far behind the times. City business should not be transacted in a coop.

"It happened in Newton" that several men were comparing notes as to the account one should give of oneself when mounting the weighing scales at the gymnasium or at home. You perhaps have heard how men enjoy picking on one of their number, warning him gravely that he is overweight. I have been the victim and I know.

But this man did not mind it. Said he, "I know I'm overweight, but I can take it off".

"Fencing is a good way to take it off", one of the group advised.

"Yeah," replied our rotund hero, "and fencing is a good way to take yourself off".

CALE RADIATOR FURNITURE

BEAUTIFUL ECONOMY

No one ever admired the appearance of unsightly radiators. Everyone admires the beauty of CALE Radiator Enclosures. Made of fine furniture steel to prevent warping and cracking from the heat, and skilfully finished to resemble the finest of woods.

CALE Radiator Enclosures throw the heat out into the room — away from the wall. This keeps walls and draperies clean, thereby eliminating redecorating costs. Estimates cheerfully furnished.

Freshman Tie Worcester

The Harvard freshman team played a scoreless tie with Worcester Academy last Saturday prior to the Harvard-Dartmouth clash on Soldiers field. The yearlings carried to the Worcester 15-yard line in the second period but Pescosolido fumbled the slippery ball. Despite the fumble the ball-carrying of Pescosolido was one of the highlights of the game.

CHANCE TO TIE STILL REMAINS

Despite the loss of its Suburban league encounter to Somerville on Monday, Newton still has an almost even chance of ending the season in a tie for the championship. The league race has ironed itself out into a race between Somerville, 1929 titleholders, and Brookline with Newton still hanging on and Everett, Rindge and Cambridge Latin out of the running. At present Brookline and Somerville are tied for the lead, each having won two games in two starts. Brookline meets Cambridge Latin tomorrow and should have no difficulty in hanging up a third league victory and still maintain its hold on first place. Incidentally, Brookline is undefeated in five games and has had but one touchdown scored against them while running up a total of 84 points against its five opponents. The lone score against the Wealthy Towners was made by Revere.

The other Suburban league game scheduled for tomorrow is between Everett and Somerville. The Dickerman coach outfit needs a victory to keep in a top tie with Coach Fitzgerald's team. But Somerville may have its troubles. The Everett-Chelsea game scheduled for last Saturday was postponed until Nov. 6th as neither has games listed for the 8th, playing on Armistice Day instead. Thus the Gildea outfit will have had two weeks' rest since its defeat at Brookline's hands and will be ready to go. The Everett injured list will also be less of a handicap. Somerville without a question played a far better game against Newton than Everett did and unless the game on Monday took a lot out of them and the short five day stretch between the games a drawback Somerville should be victorious. The possibility of an Everett victory is not too far away to be lost sight of and that is one of two happenings that may help Newton to tie for the league title.

A week from tomorrow the Brookline-Somerville game will be a decided factor in the race. A victory for Brookline would insure them the bunting provided they tie or win from Newton on Thanksgiving Day. A Somerville victory would retain the championship for Dickerman's pupils unless they were upset by either Everett or Rindge in the final game on Thanksgiving Day. Regardless of past performances the Rindge-Somerville game is always an even game similar to that which prevails between Newton and Brookline. With two such teams as Brookline and Somerville as opponents the possibilities of a tie game are far greater.

Newton's chances of knotting the league flag are dependent on several happenings. Briefly if Somerville is upset by either Everett or Rindge and plays a tie with Brookline they will finish with three wins, one loss and one tie. If Brookline wins from Cambridge Latin, ties with Somerville and loses to Newton they will have the same rating. If Newton can win from Rindge and then knock off Brookline it will put all three teams on a par.

Going into the last month of football the Newton team has had its ups and downs, the up chiefly being at the expense of Everett. Tomorrow the orange and black travels to Fulton street field, Medford, to face the surprise victors over Salem, undefeated this season until Monday and undefeated in 27 regular scheduled games. That game was one of the biggest upsets of the year despite the fact that Salem is said to have looked far inferior than in any game this year. Medford has a strong defensive outfit but has showed but little on the offense making another close game in prospect for tomorrow.

Despite the recent tie with Quincy and the defeat by Somerville following Newton's first victory over Everett in nine years, Newton supporters are still confident that the eleven will find itself. There are several good ball carriers on the Newton backfield who have yet been unable to get beyond the scrimmage line except infrequently. Unless these backs have the interference to get them into the secondary defence they never will break loose. Improvement in this respect and a faster charge in the line would create more opportunities to score and would prevent opponents from penetrating into Newton territory as often as they have been doing.

SPORT NOTES

Tells Why Enterprise Won

Prof. George Owen of Newton and of the department of naval architecture of M. I. T. was the speaker at the first meeting of the Propeller Club in the Boston Yacht Club's rooms on Tuesday evening. Prof. Owen lectured on the recent international yacht races and with the aid of lantern slides explained the reasons why the Enterprise was the victor.

Clark Now Only Cripple

Leonard Clark is now the only cripple on the Dartmouth list of injured players. It is doubtful whether or not he will play against Yale tomorrow. The former Newton high back is said to have a "trick" knee similar to that which blasted the collegiate athletic career of Guy Holbrook, Newton high and Harvard athlete and if true Clark may see but little action the rest of the season. Henry Johnson is in shape again and will probably see more action against Yale than he did against Harvard. Captain Harold Andres of Newtonville is ready to go against the Blue and has hopes of leading the Green team in its first victory over old Eli.

Gulian Officiating

"Mike" Gulian, former Newton high star and All-American tackle at Brown, played a few games for the University A. A. of Cambridge early this season and when that club disbanded turned his attention to officiating. He has taken several schoolboy games among them the Brockton-New Bedford clash last Saturday. On Thanksgiving Day he will be one of the officials in the annual Attleboro-Abington contest.

Y. M. C. A.

The first meeting of the Fellowship Club will be on Monday, November 3. Instead of the usual speaker, the members of the club will consider plans for the new year and appoint committees.

A meeting of the Board of Directors of the Newton Y. M. C. A. will be held on Tuesday, November 4, in the Directors' Room.

A combined meeting of the Watertown, Newton and Wellesley Hi-Y's was held on Wednesday evening, in the Assembly Hall at the Newton Association. The speaker of the evening was Mr. H. W. Gibson, former State Secretary for Boys' Work of Massachusetts and Rhode Island.

Boys' Division

Last Saturday promptly at 12:30 the members of the Boys' Division gathered sixty-four strong in the dining room at the "Y" to partake of the first monthly Boys' Division Dinner. After an enjoyable meal the group was led in singing by Mr. Hess, Director of Boys' Work. Camp songs and Rounds met with good favor and for over half an hour the room rang with laughter and song.

Immediately following the song period the party was divided into two groups. The first group assembled in the Boys' Game Room for tournaments in Ping Pong, Ring-O-Lett, Cue Rogue and Pool, and the second group met in the men's lobby for a story period led by Andrew Kasper. At 3:15 P. M. these groups changed places and Mr. E. E. Gardiner took charge of the story group.

The results of the game tournaments were as follows: First Group—Ping Pong, J. Scofield; Ring-O-Lett, Douglas Colton; Cue Rogue, Marvin Perry; Pool, Paul Dusossoit. Second Group—Ping Pong, R. Gibson; Ring-O-Lett, E. Jackson; Cue Rogue, D. Ryan; Pool, E. Jackson. After the swim, which followed the game tournaments and story period, the finals of the Ring-O-Lett tournament was won by Douglas Colton, and the Cue Rogue championship by Donald Ryan.

On Thursday evening, following the Employed Boys' Swimming period, there will be a Hallowe'en Party for the older boys of the "Y," and on Friday at 7 P. M. there will be a Hallowe'en social for all of the younger boys.

Saturday, November 1, will mark the opening of Aeroplane Month in the Boys' Division. The members are invited to go to the East Boston Airport. They are to leave the "Y" at 10 A. M. and spend the day at the Airport. Through the courtesy of the Curtiss Wright Flying Service guides will point out the different types of planes to the boys.

Throughout the entire month, stress will be put on the building of model airplanes and at the end of the month a contest will be held to determine the championship of the Boys' Division. Pictures of different models will be on display in the Boys' Division rooms and a stock of kits will be on hand for those who wish to build models.

Baseball

The Junior and Senior Baseball teams of the Newton Y. M. C. A. held their first annual banquet Monday evening at the "Y," with twenty-one present. Following the dinner, Physical Director R. B. Simmons, who managed the Senior Team, gave a brief summary of the accomplishments of the Newton Team during the past summer and awarded the emblems. Associate Physical Director V. A. Anderson, who directed the Juniors, also told of what they had done and awarded the emblems to the team. "Jack" Barwise, who has assisted both teams during the summer, especially in coaching the Juniors, made a short speech. The following members of the teams received emblems—Seniors: Chester Surette, George Hokanson, John Nixon, Leo Cormier, Paul Hinchey, Timothy Finn, Charles Larkin, Stuart Bunnell, Edward Gallagher, Horace White, Eli Bunnell, John Joyce, and Harry Langdon. Juniors: William Lansed, Charles Gallagher, William Earle, William Gramzow, Lawrence Plenty, Anthony Lombardi, John Joyce, Leonard Cummings, Melvin Barker, and Raymond Clarke. At the close of the banquet, at a meeting of the Senior Team, Horace White, who has played center field for the "Y" for the last four years, was elected captain for the coming season.

During the past season, the Senior Team played twenty-seven games, winning thirteen, losing twelve, and tying two. The Juniors played twenty-three games, winning seventeen, losing five, and tying one.

One Senior representative team of the Newton Y. M. C. A. has already started to hold regular practice, and three others start during the coming week. The Wrestling Team, coached by Dr. Fred E. Simm, practices on Monday, Wednesday and Friday evenings. The other teams which are starting soon are the Gymnastic Team, captained by Gilbert Champagne, which starts Tuesday evening; the Basketball Team, starting on Thursday evening, and the Swimming Team, which will be coached by Physical Director V. A. Anderson and Mr. D. R. Williams, and captained by Arthur Kohler, starting Monday evening. Mr. Williams is a former member of the Yale Swimming Team, and swam especially on the Water Polo Team.

Junior Sports

The Junior Swimming and Basketball Teams met Monday and Wednesday evenings for practice. Clarence Patterson, a member of last year's Junior Basketball Team, came out for the first time. Patterson completes the list of five veterans who are eligible to compete as Juniors this year. The Junior Swimmers are working hard in preparation for the first meet with Lowell, December 13. Coach Williams is doing a good piece of work with the swimming.

The Midget Basketball Team held its first practice Saturday evening. Sixteen boys tried out for the different positions. The Midget Swimming team had their second practice Saturday afternoon. Edgar Davidson, a member of the Senior Swimming Team, is coaching the Midget Swimmers.

LYDIA PARTRIDGE WHITING CHAPTER, D. A. R.

On Tuesday, October 28, Mrs. Claude O. Bassett and Mrs. Charles E. Severance opened their home, 50 Hyde street, Newton Highlands, for the first fall meeting of Lydia Partridge Whiting Chapter, D. A. R., which proved to be a happy reunion after the summer vacation. As Miss Annie S. Head, chairman of the program committee, called the roll, each member responded by telling her experiences during the summer. Whether traveling in foreign lands or resting quietly in Newton, all agreed that it was a happy time, and many amusing incidents were recounted. Miss Head's account of her tour through Europe and her attendance at the Passion Play of Oberammergau was of deep interest and all too short.

At the business meeting which preceded this program, Mrs. Chester W. Tudbury, regent, presiding, it was voted to send $10 to Ellis Island instead of the box of sewing materials of former years. In memory of two members who have passed away since the last meeting, the chapter stood in silent tribute for two minutes.

Excellent reports of the state meeting held in Marblehead October 3 and 4 were given by Miss Marion H. Dorr and Miss Harriet M. Ward. Miss Dorr told of the opening session and gave a resume of the splendid address delivered by Dr. Henry H. Saunderson on Puritan Principles and American Ideals. Miss Ward reviewed the reports of the state chairmen, and described the pageant, Silver Ball, written by Mrs. Isabel C. Nason, depicting important events in Massachusetts history.

During the tea hour, Mrs. Charles E. Severance, Miss Marion H. Dorr and Mrs. William H. Chapple presided at the table. Other assisting hostesses were Mrs. Henry S. Arnold, Mrs. Fred D Bond, Miss Hannah Bond and Mrs. Wilmot H. Brown.

MEN'S CLUB HOLD DINNER

Members of the Men's Club of St. John's Parish, Newtonville, held its first meeting of the year last Wednesday evening. Over 35 members and guests assembled for the dinner, which was cooked and served by the ladies of the Parish. The rector, Rev. Raymond Lang spoke, welcoming the new members to the club: Mr. E. H. Temple, President of the club, outlined briefly his plans of work for the coming year. Mr. L. A. Bruce, Jr., led the singing, with Mr. J. H. Kent at the piano. After the dinner members of the club adjourned to the auditorium, where Major Maurice FitzGerald showed some of the pictures which he secured on the front during the World War, in which he served with the Royal Flying Squadron. The pictures were photographs of actual battle scenes, and showed vividly the horrors and devastation of war. He spoke of his experience in a most interesting way. During the evening members elected their officers for the coming year. Mr. E. H. Temple, was elected President; Mr. Palmer York, Vice President; and Mr. G. A. Land, Secretary-Treasurer. An Executive Committee was appointed, consisting of Mr. John Dewey, Mr. F. E. Metcalf, Mr. C. E. Rice, and Mr. F. W. Teele.

COAL COMPANY MERGER

Announcement has been made of the merger of the Brackett Coal Company of Newton with the Metropolitan Coal Company of Boston. Cordial greetings are extended to all present and former customers and with increased facilities they are in a position to guarantee delivery of the most carefully prepared and selected coals mined.

The company is the exclusive agent in Boston and its suburbs for the Pittston and Jeddo coals, economical fuel and complete satisfaction guaranteed.

The former employees of the Brackett Coal Company are now associated with the Metropolitan Coal Company and will give their personal attention to all orders. Albert N. Walker is the manager of the Brackett Division which remains at the former location at 405 Centre street, Newton.

NEWTON DRAMATIC CLUB

The Newton Dramatic Club at an opening gathering at the Playground House, Newton Centre, Oct. 22nd, launched the introduction to a season of great interest to Newton Centre and the neighboring Newtons. Two plays were given in which word play and surprise situations put the large audience present in mirthful mood. The excellent work of Harrison Crofford and Elizabeth Durkee in "The Boor" was acting of high order. After the plays, Dr. George West took the chair and graciously introduced the speakers of the evening. His Latin emphasis was "per aspera, ad astra" which all things considered is not inappropriate to a group which will rise through difficulties inevitable to organization to stars, if not stars of successful heights, then perhaps literally stars in theatric parlance.

Prof. Frederic Packard dwelt on the value of dramatic art, well done, in amateur groups. Mrs. Ellis Speare, Jr., spoke with strong conviction of the need of greater welding of village life in such a way as this movement promises to give. The President, Mr. Albert Speare, was introduced. Mrs. Everett W. Varney then gave the plans for the organization which briefly are these: Three plays will be given in the Newton Centre Woman's Club House. The first will be December 10 and will be "Mis' Nell of N'Orleans." The cast is selected from the best actors in greater Boston. Elizabeth Pooler Rice, who is well known professionally, will play the lead. Harrison Crofford, who has been with the Stillington Players and other well known groups will play opposite her. The second play will be "He Who Gets Slapped," on Jan. 28th and the third on March 11 is to be announced.

The subscribers, in addition to these three evenings of drama will also have the privilege to attend the various informal affairs which will be held at the Playground House on Tyler terrace. This has been made possible through the generosity of the city officials who wish to promote greater community interest and fellowship. There are many new people who have moved to Newton who will welcome this opportunity to meet informally representative Newton folk and those who are old residents will enjoy increasing the circle of worth while acquaintance through this communal club centre.

These Playground House affairs will be one act plays, or bridge or Sunday afternoon musicales.

CHEVROLET PURCHASES BODY PLANT

Purchase of the Martin-Parry Body Corp. Indianapolis plant by the Chevrolet Motor Company, for production of certain types of commercial bodies used by Chevrolet, was announced recently by W. S. Knudson, president and general manager of the Chevrolet Motor Company.

While the plant operated this year on curtailed schedules, the Chevrolet organization expects to put it into immediate full-time operation.

Included in the purchase are forty acres of land, 550,000 square feet of factory space, an additional 150,000 square feet of lumber storage space under roof, railway right-of-way, as well as 21 branches operated in various parts of the country.

J. A. Jamieson, now Comptroller of Chevrolet, will go to Indianapolis as general manager of the new development, to be known as the Chevrolet Commercial Body division of the Chevrolet Motor Company, while the remainder of the personnel in the organization will be taken over intact. Employment at capacity will total 600 men.

Despite the sale of its main production unit, the Martin-Parry Corporation will maintain its identity and continue to operate at York, Pa., and South Kearney, N. J., it was stated.

The plant purchase agreement takes effect October 15, and immediately thereafter Chevrolet will begin active operations, Mr. Knudsen said. The branches will be taken over November 1, and provisions are already being made to extend the number to more than 50 to assure adequate national facilities for exhibiting and distributing the new products of the company.

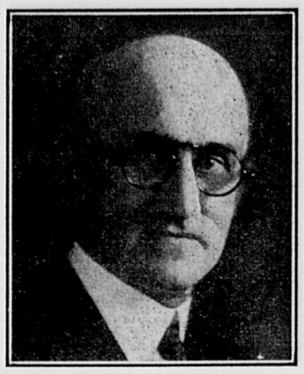
THE QUESTION OF HOME PROFIT

By EARL G. MANNING

This is the second in a series of articles dealing with the ever present problem which confronts every family man and woman.—

How can we run our home at a profit?

Mr. Manning will shortly address several of the local Women's Clubs under the auspices of the Newton Trust Company.



EARL G. MANNING

Europeans call us "dollar chasers," "mass productionists," "materialists" —that we subordinate art, science and the finer things of life to our great god, "Profit."

We are an energetic nation, no question about it, and we have learned from our very short experience—which some older nations yet seem but faintly to realize—that in order to serve the greatest number with the real, worth while things of life, they must be produced in large quantities, but distributed at a profit.

Right now some of our European neighbors are trying to fight off national bankruptcy by selling goods at a loss in order to get ready money to transact new operations, keep people busy and recoup their lost position in world marts—notably Russia.

This process of clearing the decks is often times necessary in business, but it obviously cannot be indulged in for any great length of time.

Sometimes in our own family lives principal must be eaten into, and sometimes, but rarely, living standards set up which require more outgo than the income can reasonably stand.

But if these processes are indulged in promiscuously by nations, businesses or by the unit families which compose our body politic, only one result is eventually possible.

My wife tells me that her father gave her an admonition early in her life which has always stayed by her.

Said he to her, "Pauline, remember this. When you marry, choose an American, a Republican—and always have some money in the Savings Bank."

Well, I must plead guilty to being an American, and I have voted the straight Republican ticket as far back as I can remember. As for having money in the Savings Bank, I know my wife has a small flock of bank books. I am not aware of the exact amount in each, but this much I do know; it affords her a great sense of security to know there is an emergency fund at hand for use when it is needed.

How much profit should a family show at the end of a year on any given income?

This isn't a very difficult question to answer if fundamentals are observed in attacking the question.

The average return on a safe, conservative investment is in the neighborhood of from 5 to 6%, which means that the business or industry which creates it for its investors must make this per cent., and a little more to be put into reserves, in order to exist.

Therefore, I think it is safe to assume that any family that does not save from 5 to 6% of its annual income, and more, is not well managed.

Now the amount which might be made and saved as profit above this minimum depends upon how clever the partnership in the family is in regulating expenses in proportion to income.

Of course, on the lower incomes of from $1500 to $4,000 it is more difficult to get above this minimum in savings because such a large proportion of the income has to be spent for the pressing everyday necessities of life—food, clothes, shelter and operating expenses.

Other factors, such as the nature of the husband's business, the number of children in the family, etc., have a decided bearing on "this question of Home Profit".

Social economists have been at work on this subject for many years, gathering data as to what people have done and getting it into such form as may be helpful to individual families when they decide to focus upon the problem.

Even I have been guilty of publishing the results of individual research, which the nature of my business has made possible. But in the last analysis any one of these average budget tables is useful, merely as a guide, on account of the fact that few families have the same impulses, desires and inhibitions.

However, it is a very valuable thing for the husband and wife to know where they stand occasionally.

Last year the Newton Trust Company published an excellent Home Budget book which I understand is being revised and re-edited. This will be ready for distribution at about the time of the first talk I am scheduled to give at the Waban Woman's Club at ten-thirty a. m. on November 13th at the Neighborhood Club in Waban.

Copies of this book will be available, no charge, to any one who wishes them.

The hardest thing for the family which has never kept a Home Budget is to know just how to begin. Here is a simple formula:

List on a sheet of paper all the charges which are fixed, such as—

Rent, or 'Interest on Mortgage Taxes.
Service.
Telephone.
Club Dues—and Charity Commitments.
Magazines, Books, Music, etc.
Tuition.
Automobile licenses, Insurance and Registration.
Installment Commitments, excluding Thrift.

Then list the variables like—

Food.
Clothes.
Fuel.
Ice, Gas, Electricity

and so on down the line, using some good Budget Book as a guide. Then record your expenses as they occur and keep this up for one year.

I'll guarantee this.—You'll be perplexed and amazed at some of the figures and rather pleased with some of the others. At any rate you will know approximately where your money has gone, and that information will be worth a great deal to you in the arranging of affairs for the succeeding year.

Next week I am going to give you a few suggestions obtained from a rather wide experience on the subject of Home Profit, and what to do with it.

(Copyright applied for, Earl G. Manning, 1930)

The family is the unit in our nation.

For our nation to prosper, the family must prosper.

For a family to prosper, it must show a profit in its operations at the end of each year.

WOMEN'S CLUBS

(Continued from Page 11)

The last episode, a play typical of the late '60's, taking place in an old fashioned sitting room, was especially appealing to the audience in its real old New England atmosphere, and was very naturally portrayed. Amusement of the scene was created by Mrs. Smith, who as Mr. Hersey entered with stove pipe hat and shawl, and who was cold and wanted tea, while his solicitous wife, Mrs. Mansfield, proferred cough drops, with anxious advice.

The cast and list of episodes which made up the pageant follows:

In the Prelude the Magic Carpet was shown in a tableau by an Oriental, Mrs. Albert Walker, and Pirate, Mrs. George Maxim.

Ancient Mantles were displayed: The Egyptian Woman, Mrs. Adelbert Fernald; Greek Woman, Mrs. O. F. Avantaggio; Roman Woman, Miss Beatrice Clegg; India Woman, Mrs. Richard Lee; and Assyrian Woman, Miss Doris Barton.

In the Oriental Episode were the Maharajah, Mrs. Joe Gerrity; Mustapha (Slave), Mr. Frank Gerrity; and Dancing Girl, Miss Natalie Ham.

In the British Isles Episode were Queen Victoria, Mrs. Webster of Everett, Mass.; Ladies in Waiting, Mrs. Ralph Flather and Mrs. Harry Fitts; Sailor, Miss Doris Barton; Irish Girl, Mrs. Wallace Wales; and Scotch Girl, Miss Dorothy Russell.

In the Spanish Episode were: Man, Mrs. Louis Huber; Girl, Mrs. Chase Kepner; Mercedes Mrs. Clarence Reiman; First Man, Mrs. Marguerite Tyler; Carmena, Miss Frances Crowley, and the Community Club Chorus.

In the American Episode were: Indians, Mrs. Ernest Foley and Mrs. George Flood; Child, Miss Jane Mansfield; and Apple Woman, Mrs. Ralph Bartlett.

In the Playlet which took place in "Arabella Tucker's Sitting Room," Time—1870, the cast was: Arabella Tucker, Mrs. Edward H. Keach; Fannie, Mrs. Richard Lee; Mr. Hersey, Mrs. Edwin Smith; Mrs. Hersey, Mrs. B. P. Mansfield; Mrs. Richardson, Mrs. Franklin Lowry; Lizzie Stoddard, Miss Margaret Ball; and A Model Dolman was shown by Mrs. Clarence Spike.

The committee in charge of this program included Mrs. William C. Ridge, chairman, Mrs. James J. Bosdan, Mrs. Wallace Wales, Miss Dorothy Simpson, and Mrs. Ralph Flather.

Shakespeare Club

The Shakespeare Club, despite the inclement weather Saturday, October 25th, motored to Norwell where their hostess and present president, Mrs. H. E. Durgin, served a most attractive and delicious luncheon. She was assisted by her daughter, Miss Dorothy Durgin.

Mrs. Durgin is a charter member of the Club since 1891 and has always retained her membership.

The work for the afternoon was Acts I and II of Coriolanus, in charge of Mrs. Virginia McLean, who brought out many interesting factors.

According to the style and meter, Coriolanus belongs to the period of Shakespeare's last half-dozen plays.

It is the last of the Tragedies, and is essentially the story of the failure and ruin of a soul which is, at least, greatly planned. The first two acts deal with the glorification of Coriolanus, the hero, and Mrs. McLean directed attention to his political environment, and his valor and magnanimity on the field of battle, and then the meeting with Aufidius and Volumnia who, later have the greatest influence on Coriolanus' fate.

State Federation

FALL MEETING. As the keynote of Fall Meeting of the Stae Federation held at Worcester on Tuesday, October 28th, was "Safety Always," report of the oustanding statements by the principal speakers is given here, and the many other interesting events of the day are not reported, in the thought that the great effort now being carried forward by the State and all agencies to create "safety-mindedness" on the part of all citizens may be aided as much as possible.

Lewis E. MacBrayne, general manager of Massachusetts Safety Council, in his talk entitled "Trailing An Accident To The Home," expressed appreciation of the fact that the Federation had given time for a discussion of the accident problem and how to meet it. The original purpose of the clubs, he said he assumed was to seek escape from the ever pressing problems of the home, and to look for recreation and information in the realm of literature, music and art. The eternal human quest is to escape for a time from realities that constantly pres and oppress. But after a time one learns that there is no escape and one must turn about and face them.

If one ever attempted to walk through two or three rooms in the darkness of night, one has had the experience of finding that half the furniture apparently had taken the trouble to change its position and move directly in one's pathway. However, after the lights are turned on nearly all the hazards disappear. This is a fair illustration of the accident hazard problem. The majority of people are still walking into their hazards in the darkness. The organized safety movement today is seeking to turn on the light and thereby disclose the fact that the human element is the greatest factor in any accident. A vehicle becomes dangerous when it passes an intersection at 40 miles an hour, or cuts out of traffic when approaching a curve. The car itself, however, is not to blame for this action. It roars down the highway, its yellow lights flash by in the night, and there is no hazard more constant or more regular in registering an accident—due entirely to the human factor.

These are the more frequent types of accidents, the irresponsibility of such groups as the hit and run driver, but there is another angle, that of "Trailing an Accident to the Home."

"During the present year the Massachusetts Safety Council, in co-operation with the Rockefeller Foundation, has made a study of 1,000 automobile accidents occurring in Boston to determine what effect they had on the home life of a family, months after the accident occurred.

"Does the average motorist, in driving through Worcester, or any other city, ever give consideration to the fact that one street may require more careful driving than another? Does he know that in a detour through a back tenement street his chances of hitting a pedestrian may be double that on the main highway he has just left?"

Trailing a few accidents directly into the home, he cited cases from card records. In the first two children coasted into the street and both were killed. The father, out of work, took to drink, and has been in the house of correction for three months; the Mother has been a border-line mental case. The wrecking of that family is about complete. It is not known whether the motorist was to blame, or whether the children had received no proper instruction in the home. But it is known that the injury to that family did not end with the two deaths. The second card record was that of a man of 65, run down while crossing the street. Several months have elapsed, and his wife, although in poor health, has been obliged to go to work to support him. There has been an economic upset in this family. The next card reported a home in which a woman of 45 was the organizer and co-ordinating spirit. She was killed while crossing the street; her loss again completely demoralizing a home."

Mr. MacBrayne further stated that computing the time lost by 800 people who were injured in motor vehicle accidents in the state last year, time lost from work, or school or household duties while they were recovering from accidents totaled 119 years and eight months. On this basis the time lost in all motor vehicle accidents in Massachusetts last year, if totaled and deducted from the calendar, would carry us back six thousand years. In football there is the familiar phrase of "Time out for injured players," but he questioned whether we have realized how much time we are deducting for automobile accidents in the game of life.

"Industrial accidents which 25 years ago figured so frequently in our courts are on the way to become under control. They numbered only an eighth of our total deaths from accidents in the state the past year.

Mr. MacBrayne suggested that if the Massachusetts State Federation of Women's Clubs desires to specialize in the study of a real problem for the coming year, let it undertake the education of the half a million homes in which an accident may occur because the hazards are not corrected. In Massachusetts this year the many agencies working upon the problem have been carrying on a most interesting experiment. At the present moment there are 9,000 school teachers teaching safety every month. For the first time there is an organized state-wide contest among commercial drivers to study the causes of their truck, bus and taxi-cab accidents, and improve their record, and the rate of accidents among these drivers has been decreasing since the first of the year. It should take in half a million drivers, including those on pleasure cars, if they could be induced to give the same attention to the problem of driving.

Summing up, he said: "If we trail an accident into the home, we shall find, when we talk with the injured person, that the human element was the factor in nine out of ten accidents. It is not important at this time to discuss whether the driver or the pedestrian is more often to blame. The point to remember is that if the individual will accept the responsibility, we can reduce highway accidents to the relatively small group of those that are unforeseen and unavoidable. If we cannot bring this about, then we must undertake a campaign of regulation, carried on by the registrar and the police, more radical than anything that has been yet attempted. We must remove permanently from the highways 32,000 motorists, and we must send into the courts thousands of pedestrians who refuse to obey regulations made for their protection."

Marian L. Telford, field secretary of National Safety Council, in discussing "Home Accidents" caught attention by this amusing—and true—statement.

"A modern girl is born in a hospital, educated in a boarding school, married from a church, established in an apartment, and buried from a mortuary chapel. The poor girl just doesn't have any home at all." So runs the patter of a popular humorist of the day, patter which according to the way of humorists is not entirely accurate. There are homes in America, many of them. Reminders of them are on every hand even, alas! in our accident statistics. According to a most recent report of the Statistics Section of the National Safety Council no less than 23,000 fatal accidents occurred in homes last year. In addition there were between four and one-half and five millions of non-fatal home injuries. It is sometimes difficult to realize that there are specific cities in which home accidents are the cause of more deaths than motor vehicle accidents.

There are four principal types of fatal home accidents—falls; burns, scalds, and explosions; asphyxiation and suffocation; and poisons. Falls are the most common causes of home accidents, accounting, usually for 40 per cent. of the deaths in any single year. Falls most frequently occur down stairs or over carpets and chairs. Older people are usually the victims. This type of accident is likely to occur at any time of the year.

The second largest number of home fatalities are caused by burns, scalds and explosions. This type of accident is unlike falls in two respects. It is most likely to occur in the winter. Children are most frequently the victims. In 1928 31 per cent. of the deaths and 13 per cent. of the injuries from burns were to children under ten years of age. Asphyxiation and suffocation, the third in importance as a cause of home deaths, have an even more marked seasonal trend than burns and scalds. Forty per cent. of the deaths from asphyxiation and suffocation result from shutting off of the air supply by the swallowing or inhaling of a foreign object, or the inhaling of a poisonous gas such as carbon monoxide. Poisons are the fourth important cause of home deaths. Sometimes these are due to food or animal poisons, more frequently to medicines, cleaning fluids, and similar materials stored within the reach of small children.

The home accident problem is peculiarly an individual problem. Its solution, therefore, is dependent upon the education, interest, and efforts of individual home-makers. To create an educated, safety consciousness, membership should be the first objective of Club safety activities, and to educate and influence non-club residents of various localities should be the second objective of the work.

Among the talks by presidents of the oldest Clubs now affiliated with the State Federation statements made by Mrs. Eva Whiting White, president of the Women's Educational and Industrial Union, were of special interest, in that they concerned so vitally the progress of women. It is well to quote these here, if only to leave a more pleasant thought than those aroused by the discussion of so painful a subject as accidents. The only excuse for recording the speeches on accidents is the hope that thereby the attention of Clubwomen and all citizens may be placed upon expedients for their cure and prevention.

In the early days of the Feminist movement, said Mrs. White, Dr. Harriet Crisby, a contemporary of Susan B. Anthony, decided that the real way to achieve emancipation of women was through providing them with economic independence. Accordingly in 1877, she founded the Women's Educational and Industrial Union having for its object "Increasing fellowship among women in order to promote the best practical methods for securing their educational and social advancement." The original function of the Union was to provide employment for women, and to market products made by them in their own homes. Gradually, however, its activities broadened, and committees were formed to meet current needs and work for reform measures. Inadequate ventilation and unhealthy working conditions in factories were among the evils remedied by these committees.

Free hospital clinics, the Legal Aid Society, and the State Commission for the Adult Blind now carry on work begun by the Union. When the United States Postal authorities took action against the epidemic of fraudulent advertising sweeping the country, they made use of a survey of the situation made by one of the committees.

The School of Salesmanship, which operated in conjunction with the leading department stores of Boston, and was later taken over by Simmons College, inaugurated a precedent which has since been followed by many institutions of learning all over the country. Women's Exchanges, an outgrowth of the Union's arrangement for selling home-made products, are now to be found in almost every city. Appointment bureaus, for vocational advice and placing trained women, are common enough today, but the first one was started by the Union. The School Lunch department which serves over 20,000 children daily at cost, is the envy of other states and it is not unlikely that similar systems will be evolved when satisfactory arrangements can be made elsewhere.

She cited many other worthwhile activities, but enough has been given to show that she and all the speakers before the Fall meeting gave the Clubwomen much of value to think about.
